REPUBLICAN **POSSIBILITIES**

Some of the Men Whom the Lightning May Strike.

It was generally conceded last evening that the Republican candidates on the Citizens' ileigst will be named by a mass meeting that will be called for some time this week by either W. Y. Missers or Captain S. C. Spencer. At this meeting, which will be in the nature of a caucus. candidates will be agreed on and they will afterwards be placed on the official ballot by petition of citizens. Among the candidates who have been

periously discussed are the following: County Clerk-Major J. P. Kennedy. inty Auditor-W. H. Pope. County Assessor-Captain Charles E

Coroner-Dr. E. H. Thornton or Dr.

City Treasurer-Ed Werlein or George

City Auditor-Thomas H. Devlin If the Republicans have been discussing candidates to go on the Citizens' Legis lative ticket, they have succeeded in keeping the fact a secret. They say they have plenty of available material and at the mass meeting there will be no dearth of good men to select from.

Getting Down to Cash Basis.

A new system of credits has been sued by the Association of Wholesale Grocers, and a more stringen maintenance of the rules will be made hereafter. In the future there will be no forward dating of bills. This has been especially condemned by the as-

ociation.
On all "net" goods the rule will be cash." with no discount. Sugar and produce are included as "net" goods. Payment on these must be made on the first of the month following pur-

On cars of sugar, bills are payable 10 days from date of invoice of San Francisco refineries. Less than car ots, 15 days are allowed for payment after receipt of invoice, after which interest will be charged.

All retailers paying their general grocery bills on or before the 15th of the month following purchase will be entitled to a discount, though not until all net bills have been paid.

All bills must be paid by the time

specified, even though a collecter for the house has not called upon the trade. The new regulations have been signed by Wadhams & Co., lang & Co., Mason, Ehrman & Co., Allen & Lewis, and Wadhams & Kerr Bros.

BIRD DIES FOR ITS MATE

A tragedy in bird life was enacted at the store of Moses Liverman, bird fancier, says the Denver Republican. A love bird, one of a pais that Mr. Liverman had confined in a cage awaiting prospertive transmission of a broken heart. Persons who witnessed the death scene say that it was unusually pathetic.

unusually pathetic.

The love birds are natives of Australia and South Africa. They are of unusually tender disposition and as soon as they are mated nestle close to each other and refuse to be separated. even when seed is thrown into their cage. Whenever a bird resembling a seen nestling close to another bird answering the same general description it may safely be assumed that the Australian love birds are on exhibi-

The tragedy in Mr. Liverman's establishment occurred about 10 o'clock yesterday morning. At that time one of the love birds showed symptoms of distress, crawled off to a corner of the cage, and in a few minutes was dead. The other bird showed the greatest solicitude concerning the welfare of its mate. It tended it carefully as it fluttered about, caressed it, and tried in every way to revive it.

The live bird walked anxiously

around its former companion and tried in every way to show its sorrow. In pentonime it showed that it was grieving. The watchers by the cage were surprised, however, when the surviving bird crawled up by the side of its dead companion, gave a con-vulsive shudder and fell down dead.

Naturalists have long commented upon this peculiarity of the love birds. or, Australian dwarf paroquets. The story that one would not live without its mate was verified yesterday morn

Save the Songbirds.

The people of Oregon should now take steps towards the protection of song birds from the wanton cruelty of small boys. Complaints have been received from Rainer regarding the wholesale slaughter of song birds by small boys there. This should be stopped. Fish and Game Warden Quimby can not be in every part of Oregon at the same time, to protect these birds, so every citizen should be so publicspirited as to consider it his duty to protect these as well as any other birds from wanton slaughter.

CAUSES OF LEPROSY.

Decayed Fish Belleved to Be the Origin of the Disease.

Dr. Jonathan Hutchinson, who recently returned to England after studying the causes of leprosy in South Africa, concludes that the primary cause of leprosy is the eating of badly cured salt fish which is sent in-land from the West and South coasts to the farmers and industrial centers. He does not believe that leprosy is in-fectious or contagious in the accepted sense of these words, but holds that it can be communicated by food con-

taminated by lepers' hands. He suggests as prophylaxis legislation control of the fish-curing establishments, the diffusion of information in regard to the danger of communication, and the establishment of isolation homes for lepers, during the stage of the disse involving risk of contracting it.-

American Medicine.

The shove theory has been borne out by investigations on the Hawalian Islands. The native Kanakas were eaters of fish and were not particular concerning its quality. It is believed that the dread disease, which has made Molokaj a pest island, first came from decayed fish food.

NORTH
IRVINGTON

A CROW RANCH.

A farmer in Pennsylvania has started a crow hatchery. He expects to make money from the birds he will raise by selling their heads to milliners for 50 cents each and their wings for 25 cents a pair. If he is successful perhaps somebody will try to cultivate the weevil or the grasshopper or some other farm pest for commeror some of cial purposes.

Couches, lounges made to order, 209 Fourth street.

NEW TODAY

CITIES BUILD DOWN STREAM

All great cities on navigable

streams start at the head of nav-

igation and build down stream.

This rule has no exception. The

railroad to St. Johns opens the

way for Portland to follow the

rule. There will soon be a solid

city to the point of the Peninsula,

and University Park will be the

center of wealth and culture of

all the city between the rivers.

Nobody will dispute this state-

ment- If you are a stranger here

step into any place of business

and ask, "What is the course of

the business growth of the city?"

The answer will be as above

stated. Now is the time to get

a few lots at University Park

while they are yet cheap. We

have Columbia University, Port-

land public schools and Bull Run
