# May Be Citizens' Nominee for Joint Representative.

(Journal Special Service.) OREGON CITY, April 17 .- The focal Democratic paper will have an editorial ment tomorrow on the supposed plan of Joint State Senator L. L. Porter to scure the nomination of Joint Represensative on the Citizens' ticket. Senator Porter is the proprietor of the Enterprise, the local Republican organ, and was a lidate for State Printer before the blican State Convention. The Demgrats of Clackamas County did not put a county ticket, but formed an alliance with the Independent Republicans, Populists and Socialists in nominating a sens' ticket. The Democrats sent gates to the state convention, and ckamas County was given the nomiation of a Joint Representative for nomah and Clackamas Counties. This candidate will be hamed as a meeting of the Democratic Central Committee to be held Tuesday. The story is given out that Senator Porter went to a promment Democratic leader four or five days ago and made overtures to the effect that te would like the nomination for Joint Representative.

In the event that it is possible for Mr. Porter to secure this nomination, it would Porter to secure this homination. It would place him in close affiliation with several Simon Republicans prominet in the Citizens' movement, among thes ex-State Senator J. T. Apperson, ex-Senator H. E. Cross and Charles F. Clarke. It was laimed by some of Senator Porter's friends that he was the favored Mitcheli candidate for State Printer, and recently newspaper attack on George A. Steel of this county, late chairman of the State Republican Central Committee and a clove friend of Capitain Apperson and H. E. Cross. It is not known wheth-ed the Multnomah Joint Senator is tired of the Mitchell crowd, or desires a legislative place.

### S. P. Improvements.

Southern Pacific Company will The begin extensive improvement around its East Side shops.

The contract for the erection of the additions to the blacksmith and boiler shops has been let and active work will soon be started for their erection. The buildings will be located at the end of East Twenty-first street. It is estimated that the cost of the improvement, including the cost of the machinery for the boller shop, will be about \$75,000.

The new buildings will be created west of the newly erected machine shop, which was completed about a year ago. "he boiler shop will be about 120x170 feet, and will be constructed of brick.

The company is also about to crect a new office building, which will be about two stories in height and will stand on the site of the present old wooden shack.

It has been decided by the company to replace all than wooden buildings around the East Side shops with new and up-to-date structures. he proposed new

Mr. Beals says that the crop conditions in Eastern Or-egon are very good, both the grain and fruit crops being very promising. If you have a little spare time on your tands and would like to see a little animated physical exercise, go out to the league baseball grounds any afternoon and see the Portlands line up against an amateur team or a picked nine. You will not miss the 10 cents car fare or the time you spend. Manager Vigneux has his men at work both morning and afternoon and anyone interested in the game cannot put in their time better than to go out to the grounds and "root."

All of the teams in the Pacific Northwest Baseball League are now asses with nearly all of the men on hand. Each team is going through the practice work preparatory to the opening of the season. Seattle, Tacoma, Portland and Spokane
