PORTLAND, OREGON, THURSDAY EVENING, JULY 31, 1902.

PRICE FIVE CENTS.

CITY UNDER MARTIAL LAW

Fierce Rioting Among the Striking Miners of Shenandoah, Pa., Police Worsted in Bloody Battles.

(Scripps-McRae News Association.)
SHENANDOAH, Pa., July 31.—Joseph Beddell, a leading hardware merchant of this city, was beaten to death and one policeman was fatally and many others dangerously shot in a fierce riot of miners here last night. The trouble was started about 6 o'clock last evening when two non-union workers attempted to pass through the strikers' lines under escort of a deputy sheriff. They were detected and one was nearly beaten to death. A small force of policemen then advanced to their rescue, firing a volley as they came. The mob retreated for a moment but immediately returned to the attack armed with revolvers, stones and shot-guns and the policemen were forced to flee for their lives. Two of them who were cut off from retreat were brutally beaten and one will die.

THE MOB'S LOSSES.
The losses suffered by the strikers were also severe. Over 40 are known to have been wounded and at least two are dead. All last night the tumults continued more than a thousand men and boys marching from place to place and carrying terror and destruction wherever they appeared. Governor Stone ordered out a force of 1500 of the National Guard last night. They arrived here early this morning and took control of the situation.

LABOR LEADERS SORRY.
The following statement was circulated around the city during the night:
"In view of the disturbances that have occurred in Shenandoah within the past 24 hours in utter disregard to the teachings and principles of the United Mineworkers as an organization and contrary to the explicitness of the leaders, we call upon all members of the United Mineworkers at once to do all in their power to suppress lawlessness, and to aid the officers in every way to maintain peace and good order."

"JOHN FAHEY,
"President District No. 2."

RIOTERS QUIETING DOWN.
(Scripps-McRae News Association.)
SHENANDOAH, July 31.—The presence of the state troops in the streets of the town this morning had a salutary effect upon the riotous strikers, and the alarmed citizens, after passing a restless night, repaired to rest, confident there would be no other serious outbreak while the soldiers are here. Brigadier-General Cobin is in command of the troops, which are composed of the Eighth Regiment from Harrisburg, and the Twelfth from Pottsville. They arrived here at 6:30 this morning.

MANY BADLY INJURED.
(Scripps-McRae News Association.)
SHENANDOAH, July 31.—How many were injured in last night's riot has not yet been ascertained but the physicians today report having treated at least 20 suffering from bullet wounds, bruises, cuts, broken heads and limbs. The three

A BIG VOTE

Will Be Provided at an Enormous Expense—The Elks' Excursion.

BOILER MAKERS

Of Chicago Strike for a Uniform Day and Better Pay for Labor.

CHICAGO, July 31.—Committees representing 2100 boiler makers of Chicago visited the 40 shops today and notified the men that a strike had been declared. Their demand is for a uniform day and an advance of from 20 to 40 per cent in wages. It is believed the strike will spread to other cities.

LIVES LOST

Texas Floods Growing More Serious.

TRAFFIC PARALYZED

Washouts Have Occurred on Every
Railway System in
the State.

(Scripps-McRae News Association.)
DALLAS, Tex., July 31.—The flood situation in Texas today is worse than heretofore. Losses of tracks and bridges are reported from nearly every system in the state. The Texas & Pacific railway fits ordered the sale of all tickets west of Abilene discontinued. Some loss of life is rumored from the vicinity of San Antonio. The Sabine River at Quinlan is two miles wide.

PATTEN WINS OUT

The Chicago Courts Can't Block His Giant Deal in Oats.

(Scripps-McRae News Association.)
CHICAGO, July 31.—Judge Chytraus this morning modified his injunction issued yesterday to prevent Patten and others from manipulating a "corner" in oats on the Board of Trade.

As changed, the order prevents the defendants from asking the Board of Trade or its President for \$100,000 of margin checks which the Patten crowd expected to receive today. An injunction restraining the Board of Trade from transferring the margin certificates was dissolved as the Board is not actively interested. The defendants are thus allowed to trade in oats ad lib. It was expected the court's action would cause a demoralization of the Board this morning, but the deal, so far as prices were concerned, went on as before. July oats went up from 63 to 65 cents.

CLARK IN A BAD FIX

Illegally Alters Another's Home- stead Application.

The case of the United States vs. J. D. Clark came on for hearing this morning before United States Commissioner Sladen, but was continued until next Tuesday morning at 10 o'clock. He was released on \$500 bail.

Clark is charged with having feloniously altered a homestead application at Grants Pass. This was made by William R. Evans to the register of the land office at Roseburg, Or. The application originally read:

"Homestead. Application No. —, Land Office at Roseburg, Oregon, July 17, 1902. I, Wm. B. Evans, of St. Johns, Oregon, do hereby apply to enter, under section 228, Revised Statutes of the United States, the northwest (4) quarter of section ten (10) in township 33 of range 4 west, containing 160 acres. William B. Evans."

Clark is charged with having drawn pen marks through certain words and figures so as to read: "Southeast (4) quarter of section twenty-six (26) in township thirty-five (35) of range three (3) east." This entirely changed the description of the land intended to be filed upon as a homestead, and was entirely without Evans' knowledge or consent.

POLICE COURT.

Walter Wilson had his preliminary hearing before Judge Hogue yesterday afternoon. He denied that he robbed Sigenthaler and will use for a defense the fact that he was not the only one who had a key to the room from which the clothing was stolen.

Dan McCauley, Robert McCauley, Charles Babcock, Cecil Lilly and Fred Gale were before Judge Hogue for smashing windows in Albina. The case was continued until Friday. Some of the boys are in jail in default of \$20 bail.

Fred L. Jones, a confirmed opium fiend, was fined \$50 for unlawfully having some of the drug in his possession. Jones was arrested sometime ago on suspicion of having been implicated in the robbery of a fruit store on Third street. Notice of appeal was given to the higher court. His bail was fixed at \$100.

The case of Louis Tary against J. H. Johnson for keeping a vicious dog was put over to Friday. Johnson claimed that his dog was harmless as a lamb, while Tary, who had been severely bitten by the brute, testified the dog was ferocious as a tiger.

Harry Jones, a recent arrival from Vancouver, B. C., was arrested near the station yesterday by Jailer Roberts. Jones is charged with passing a forged check for \$75 on Ballou & Wright, of 147 First street, obtaining thereon a bicycle and \$25 in cash.

PLATT DENIES

That He Said New York Was Solid for Roosevelt.

(Scripps-McRae News Association.)
NEW YORK, July 31.—Senator Platt this morning took occasion to deny the statement attributed to him that the President would have the solid backing of the New York delegation at the Republican National convention, and said that he had not told the President so at Cyster Bay. The Senator avers that not a word on the subject was said.

SEVERE SHOCKS

Earth Quakes Spreads Ruin and Dismay in California.

(Scripps-McRae News Association.)
SAN FRANCISCO, July 31.—A most severe shock of earthquake visited Los Alamos and the northern section of that county at 1:30 this morning. All brick and adobe buildings were destroyed, merchandise was thrown from the shelves, chimneys were cracked and the residents deserted their homes. Severe shocks were felt at Lempira, Santa Marta and other places, but no serious damage is reported. The brick walls of one building were badly cracked at Santa Barbara. The residents of Los Alamos were warned by the State University today to desert the locality temporarily as another shock is predicted.

OFF FOR OPEN SEA

King Edward Sails for a Cruise--Is Making Good Progress.

(Journal Special Service.)
LONDON, July 31.—The royal +bulletin issued today by the royal +physicians says the King has +made rapid progress since Mon- +day last, and that his general +condition leaves nothing to be de- +sired. The King went to sea to- +day.

MEDICAL OPINION.
LONDON, July 31.—The Lancet +today emphatically affirms that +King is progressing, and that +nothing unforeseen has occurred. +The British Medical Journal makes +a similar statement.

HUTCHINSON'S SIDE

"I most emphatically state that I am impartial to the Union Meat Company and to the Northwest Meat Company." Such were the words of Dr. E. N. Hutchinson to The Journal. Dr. Hutchinson was asked about the accusation of partiality made by certain butchers in whose shops diseased meat were recently seized by Health Officer Bersdorf.

"I am partial to these companies," continued Dr. Hutchinson, "and to certain other shops dealing most exclusively in kosher beef, because these are the only meat dealers subjected to regular and continued inspection, and 99 per cent of the families in Portland are partial in the same way."

"Inspected meat costs no more than un-inspected, although the very assurance carried by the stamps of the government inspection and the Jewish rabbi that the meat came from animals in a perfect state of health in the time of slaughter, makes it worth more than uninspected meat."

"Firms voluntarily submitting to an inspection which is recognized as an international standard are entitled to the partial consideration of every head of a family in Portland."

FELL DOWN STAIRS.

Mrs. William Hamilton, of St. Johns, sustained severe injuries recently by falling down a flight of stairs at the house of her son-in-law, Charles Cook. Her condition is, however, improving.

WHEAT MARKET.

SAN FRANCISCO, July 31.—Wheat, \$1.45 1/4 @ 1 1/4.

BIG MONEY

Oregon Short Line Needs More Locomotives.

FIFTEEN WANTED

Nearly a Million of New Rolling
Stock Ordered for Quick
Delivery.

(Scripps-McRae News Association.)
SALT LAKE, July 31.—The Oregon Short Line has placed an order for new equipment to cost \$200,000 including 15 locomotives and other rolling stock for immediate delivery. Most of it will be placed on the California line now building.

ROBBERS CONFESS

Men Arrested for Forgery Also Highwaymen.

Harry Jones and John Hall, arrested last night, one for passing a bogus check and the other for attempting to pass a bogus check, made a confession to Chief McLaughlin today. The men claimed that they were brothers and night before last held up Hillyard on the East Side, Jones holding the gun and Hall going through his pockets. The men are 23 and 25 years of age, are intelligent and well dressed. They stated they came of a good family and refused to give their names, place of residence or past history.

MERRILL'S BODY

Janes Thinks It Worth the \$1500 Reward.

A NEW TRACY HUNTER WRITES

To Governor Geer--He Has a Dead
Sure Scheme.

(Journal Special Service.)
SALEM, July 31.—The probability of Mrs. Waggoner's getting the \$1500 reward for the return of Merrill's body has been greatly increased. First Warden J. J. Janes, of the penitentiary, has stated that in his opinion she should get the money. No funds now being at the disposal of Governor Geer, the matter will finally rest with Secretary of State Dunbar.

Many and varied are the propositions made by correspondents of all kinds in writing to the Governor regarding the means to be adopted to capture Tracy, the notorious outlaw, and men who themselves offer to catch the bandit age not wanting. Yesterday the Governor received a letter from a man in Peoria, Ill., who proposes for a consideration to catch the escaped convict. He says:

"I have a proposition to make to you. For a consideration I will undertake to trap the bandit Tracy for you, and thus rid your section of the country of a public menace. I have my plans all made down to the minutest details, and though I will be undergoing great personal danger, I am willing to take the risk. Of course, I expect you to say absolutely nothing to anybody about this matter, as the knowledge of one person in this case would overthrow all my plans. Yours in secrecy."

CARDINAL IS BROAD MINDED

He Will Consult American Prelate on the Affairs of the Church in America.

(Scripps-McRae News Association.)
ROME, July 31.—Cardinal Gotti, the newly appointed prefect of propaganda of the Roman Catholic Church, has expressed his intention of calling the American prelates to help him in the settlement of church affairs regarding the United States.

OREGON EXHIBIT IN JAPAN.

Secretary Moore, of the Board of Trade, will again take up the fight for an Oregon exhibit at the Japanese Industrial Exhibition to be held at Osaka in 1903, by sending out letters to the members of the Columbia River Basin Board of Trade requesting subscriptions to a fund for this purpose.

RUSSIAN PRINCE

Arrives in San Francisco on a Tour of the World--Is Traveling in Private Capacity.

(Journal Special Service.)
SAN FRANCISCO, July 31.—Prince Boris Vladimir, Grand Duke of Russia and first cousin to the Czar, accompanied by his valet and suite, arrived here this morning on the steamer Doric from Japan via Honolulu on a tour of the world. He was met by the members of the local Russian consulate, whose guests the party will be. The tour of the prince is partly private and partly official. He will pay some attention to labor and manufacturing conditions in the United States, and will make a report to his government. He has visited Egypt, Ceylon, India, Siam, China and Japan. In Egypt his visit was official, visit being paid to the Khedive. Also an official call was made upon the King in Siam. In Japan he was a guest of the Mikado for five days. Here, on account of the attempt made upon the present Czar's life 11 years ago, special care was taken to shield him. He was surrounded by detectives, but created much excitement by giving them all the slip, secretly disappearing for a couple of days. The prince will spend about a month in the States, going from here to New York. As he does not travel in an official capacity, the Washington authorities will take no steps to recognize him formally.

The prince is a son of Grand Duke Vladimir, a brother of the late Czar, and the Grand Duchess of Mecklenburg. He is an athletic and handsome, with a blonde mustache and said to be an enthusiastic admirer of American women. He is first lieutenant of the Red Hussars, the cavalry which is the imperial guard of the Czar.

His suite is composed of the following: Lieut. A. Graves, Frederick and Strandman, Chevalier de Schenck and A. C. Greaves. All are Russians but speak English well. The prince is himself an English scholar.

FITZ IS INNOCENT

He Tells Mayor Schmitz of Frisco How It Happened.

(Journal Special Service.)
SAN FRANCISCO, July 31.—Fitzsimmons called upon Mayor Schmitz last night and assured the latter that he had not faked in the championship ship contest. He explained how his hands were crippled from punching Jeffries, and how the champion landed a blow over his heart that prevented the continuation of the battle. The Mayor stated the contest was the best he had ever seen, but reiterating that the ending didn't suit him.

After gazing upon Fitz's countenance the city chief executive said: "Mr. Fitzsimmons, your face is too honest for a man that would fake."

The Mayor now states that he has washed his hands of the affair, and has nothing more to say.

Mrs. Alfred Hill, the clairvoyant, whose prediction that Jeffries would win if the eighth round, was the basis of the Examiner's charges of fake, will call upon Mayor Schmitz today to vindicate Fitz.

KNOWS HOW TO KEEP VERY MUM

Captain Johnson Will Not Get His Foot Into His Mouth by Too Much Speaking.

Capt. F. O. Johnson, who is one of the officers who came in last night from San Francisco with Troops A, B, C, and D of the First Squadron of the Third United States Cavalry, is quite different from some of the officers who have recently returned from the Philippines. He knows how to keep mum, with a big M. When he was asked by The Journal this morning as to whether the war in the islands was really over, and as to resources and commercial prospects, he said:

"Now, really, you must excuse me for not desiring to talk on any questions of that sort. Recently a United States officer who returned from the Philippines, talked too much with his mouth to a San Francisco reporter. The matter was taken up at Washington, and he was called down very hard by the War Department. We cannot, while in the service, afford to have any opinions. This same man also got thoroughly roasted by the San Francisco papers afterwards, so under these circumstances, talk to newspapers is dangerous."

"I am not a commercial man, so can give no idea on the resources of the islands. There is plenty of gold, hemp, tobacco, as well as valuable timber there. One thing I know, and that is the islands may be a good place to go to, but I am not anxious to go back there."

Superintendent Fields of the Southern Pacific announced this morning that another train of seven cars of soldiers from San Francisco would arrive here tonight.

POOR RUN

Puget Sound Salmon Very Scarce.

PACKERS DISGUSTED

And the Prices of Canned Fish Are
Expected to Take a
Big Jump.

(Scripps-McRae News Association.)
TACOMA, July 31.—The salmon packers believe this year's pack on Puget Sound will not exceed half of last year's. The sockeye run is at its height, with many traps over half empty. The situation is made worse by an almost entire absence of humpbacks. The packers are much disappointed, having arranged to handle a catch equal to last year's. A marked advance of prices of canned salmon is expected.

SOUR GRAPES.

(Scripps-McRae News Association.)
BERLIN, July 31.—The Magerblatt, commenting on the Emperor's decorations to Americans, thinks the act will give rise to many petty jealousies.
