# ARE GRANTED

Railroad Magnates Agree With Eastern Washington Farmers to Cut Grain Rates.

(Scripps-McRae News Association.) DAVENPORT, Wash, Aug. 5 .- An important meeting was held here yesterday at which President James J. Hill, of the Great Northern: President Charles 3. Mellen, of the Northern Pacific, and President A. L. Mohler, of the O. R. & N. Co., were among those present. They, however, were by no means the only ones. The special of six cars brought in also James J. Hill's son, L. W. Hill; John F. Stevens, general manager, and F. S. Forest, superintendent of the Spokane Falls & Northern. With President Mellen were General manager Thomas Cooper, Second Vice-President J. M. Hannaford, and Chief Engineer W. L. Darling. With President Mohler, of the O. R. & N., were B. B. Miller, general freight agent; J. P. O'Brien, superintendent, and W. W. Cotton, general attorney, and B. Campbell, assistant traffic director of the Harriman lines.

The meeting was called at the request of the farmers of that section, who desired concessions in the matter of grain rates. There was a great deal of talk, but it was of the right kind, and on the whole, the farmers may be considered as having won their point.

The railroad presidents presented the question from the point of the transportation lines, and when the gathering broke up, tife magnates and their farmer patrons were brought more closely together than ever before. The decision was reached to reduce grain rates from Eastern Washington points. The exact amount has not been determined upon. but it is thought it will range from 1 to gents per bushel. It will go into effect in time to apply on the present year's

It has been decided to build a connection between the Central cashington branch of the Northern Pacific and the Great Northern, between the terminus of the Central Washington in the Grand 'oulee, to Adrian, on the Great Northern. This will cost \$350,000, will be 18 miles in length, and will be pushed to completion as rapidy as possibe. Suress will at once be made and contracts let, and it is possible that the new link may be completed for traffic by January
