

HERE'S A NEW AND CLEVER SWINDLE

Hotel Portland Defrauded Out of \$150 - The Man in Jail.

Last week a smooth individual registered at the Hotel Portland as Lawton H. Cogshall. Several days prior to his arrival the hotel management received a letter from Miller & Presbun, wholesale tailors of Everett, Wash. The letter stated that in a few days Lawton H. Cogshall, one of their traveling men, would arrive at the hotel, and that they had forwarded him by mail a check for \$150 for salary and expenses in Portland, to kindly see that he secured the money without any vexatious delay.

A story of custom house carelessness at Victoria is that told by Professor C. B. Fay, of Tufts College, Boston, and party of 14 women from Boston, accompanying him, who are now registered at the Portland. They will leave for Tacoma tomorrow morning.

NEW GRAIN RATES.

Representatives of the Northern Pacific, the Great Northern and the Harriman lines, more particularly the O. R. & N. Company, are busily engaged in work preliminary to the issuance of the new grain rates. These tariffs, it will be remembered, will embody a 10 per cent reduction on potatoes, onions, hay, grain and grain products on all points on the through line from Coeur d'Alene and Lewiston, Idaho, and points west, including Clearwater and Lapwai branches, to western terminals. The new tariff will be issued and take effect August 15.

STILL IN JAIL.

Frank Baldwin, one of the Baldwin trio arrested for causing the death of Frank Carlson, seems to have some difficulty in securing \$500 bonds to insure his appearance for trial. This is the third day since his arrest, and he is yet in jail.

It is not known how long they will remain in Seattle or to which place they will go from there.

INQUIRING ABOUT OREGON.

The Board of Trade is receiving letters requesting information about Oregon. This morning Secretary Moore was busy answering 12 which arrived by yesterday afternoon's mail. This shows that Oregon is deriving considerable benefit from the conventions held here as the delegates, when they return to their homes, cannot help but speak with enthusiasm of Oregon as a grand country and as the best place to live in.

The millinery store of Mrs. Kate Stevin, on Fourth and Morrison streets, was robbed of \$300 worth of goods early yesterday morning. The entrance was made by the use of a false key. The police are engaged on the case.

THE JOURNAL

Published daily, in the afternoon, in PORTLAND, OR. AN OREGON PAPER FOR OREGON PEOPLE A NEWSPAPER Eight to Sixteen Pages, at the following rates by MAIL

The Journal Newspaper.

The Journal property has been purchased and has passed under the control of the undersigned, and the paper will be conducted on lines of greatest benefit to Portland, to Oregon and to the great Northwest, and in many ways conducted differently, as to men, measures and methods, to those of its contemporaries which follow narrow grooves of newspaper habit.

The Journal in head and heart will stand for the people, be truly democratic and free from political entanglements and machinations, believing in the principles that promise the greatest good to the greatest number—to ALL MEN, regardless of race, creed or previous condition of servitude.

Ekuberant assurances are cheap and empty. I wish to make none. Performance is better than promise; action more fruitful than words. The columns of The Journal from day to day will better reflect the spirit behind the paper. It shall be a FAIR newspaper and not a dull and selfish sheet. In short, an honest, sincere attempt will be made to build up and maintain a newspaper property in Portland that will be a credit to "Where Hells the Oregon" country and the multitude of people who are interested in its development and advancement.

Portland capital largely is behind The Journal, and the fund is ample for all purposes. Coupled with energy and enthusiasm, the work of making a paper, devoted to Portland's varied interests, is begun. The support of the free-thinking, intelligent, generous people of Oregon is invited and will be duly appreciated by still greater and more noteworthy achievement on the part of The Journal, which hopes ever to become stronger in equipment, stronger in purpose, stronger in news resources, and stronger in good deeds.

BEAUTY.

HOW IT CAN BE OBTAINED

How to Make a Marvelously Perfect Complexion and Restore Youthful Looks.

HOW TO REMOVE PIMPLES, FRECKLES, MOTH, BROWN PATCHES, BLACKHEADS, OILINESS AND ALL DEFECTS FROM THE FACE, NECK AND ARMS.

There is nothing more beautiful than the human face with its vivacious countenance, its sparkling eye, its pleasant smile and perfect symmetry.

But the question is can such a complexion be attained? In this wonderful progress of age of art, literature and science, the mighty cannon, the electric motor, the wireless telegraph and the ponderous fabric-making machines; what is there that is impossible?

By a careful study of the nature and texture of the skin, and a thorough research in the realms of chemistry and compounding of ingredients, a remedy has been at last perfected that will accomplish these results.

WHAT FACE BLEACH IS.—Face Bleach is not a cosmetic to cover up, but it absolutely removes once and forever all the discolorations and blemishes to which the complexion is subjected. It can positively guarantee every woman it will do all I claim. Its action on the skin cannot fail to remove every defect. It is a well-known fact that the blood in order to cleanse itself is constantly throwing off its impurities through the pores of the skin; now if the pores are not kept open, the impurities of the blood cannot escape, but collect below the surface, and produce all manner of skin troubles, such as PIMPLES, FRECKLES, MOTH, BROWNNESS, ECZEMA, ACNE AND NUMEROUS OTHER SKIN DISEASES AND DISCOLORATIONS.

ACTION OF FACE BLEACH.—Now Face Bleach has this two-fold action; first, it has a magneical action, which attracts and draws to the surface the impurities which have collected under the skin; and, secondly, a chemical action which removes by scaling off (in the form of a fine dandruff) the surface of the outer, diseased or dead cuticle, leaving the under skin beautiful, youthful-looking and delicately tinted by nature—clear, smooth and perfect. This method is perfectly harmless to the most delicate skin, as it harmonizes with the laws of hygiene and nature, the two factors which we must adhere to and follow if we wish to permanently improve our personal appearance.

THOUSANDS BENEFITED.—Thousands of patrons, who were annoyed and vexed with most miserable complexions, have been delighted with the grand improvement Madame Ruppert's Face Bleach has produced in their skin. Many complexions, covered with pimples, freckles and eczematous eruptions (itching, burning and annoying) have been changed to bright, beautiful skin, and the improvements made in their looks were simply marvelous. There is scarcely a defect to which the complexion is heir which will not succumb to this wonderful remedy. Premature wrinkles and lines—those treacherous friends of beauty—are quickly effaced, and those muddy, disfiguring, sallow, jaundiced skins are quickly transformed into clear, wholesome ones by its use. Flabby skins—which also mark the ravages of time—become firm and smooth after a few applications. Skin troubles which have baffled the most skillful physicians have been removed and cured promptly, and many have expressed, personally and by letter, their heartfelt and profoundest thanks for this wonderful Face Bleach.

A positive guarantee is given if Face Bleach is used according to the new special directions which are furnished with each order, that it will remove every discoloration and impurity from your complexion.

All of Madame A. Ruppert's world renowned preparations are sold by us at reduced prices.
