## The State Democratic Convention

### IN SESSION TODAY

#### The Railroad Commission Will Be Generally Endorsed.

(Journal Special Service.)  
TACOMA, Sept. 16.—The State Democratic convention met this morning and effected a temporary organization by selecting H. W. Canfield, of Whitman County, as chairman, and Frederick R. Marvin, secretary. After appointing the usual committees the convention took a recess until 2 o'clock p. m. There will be a hard fight on the floor this afternoon on the railway commission question, but the result will be that an appointive commission will be endorsed.  
George F. Cottrell of Seattle will be nominated as one representative, but the other two candidates are in doubt. Cottrell has been prominent in Democratic politics for several years and his nomination will greatly strengthen the ticket in King County. On the reassembling of the convention this afternoon Senator Turner delivered an address that was received with great applause.

#### WANTS A REBATE.

Peter Broner has petitioned the city council to allow him to conduct his school on Hawthorne avenue without a license for a quarter owing to the fact that he has met with heavy losses by fire recently and that when burned out he had his license paid in advance.

#### AUTO RECORD.

CLEVELAND, Sept. 16.—Alex Winton broke the world's automobile record in a trial trip this morning, his time being 1:02. The previous record was 1:03-5.

# NEW BUILDING CONTEMPLATED

## Wells, Fargo & Co. Promise to Put Up a Substantial One.

Eugene Shelby, local agent of Wells, Fargo & Co., has petitioned the city council to exempt the property on the southeast corner of Fourth and Yamhill streets from the provisions of the ordinance providing for the laying of cement sidewalks in the near future.  
Mr. Shelby says that he is in receipt of a letter from Col. Dudley Evans, acting president of the express company, in which he states that it is the intention of the company to erect a substantial building on this quarter block in the near future, work to commence about June, 1903. This building will be an ornament to the city and as it will be necessary to excavate the lot clear to the edge of the street a cement walk put down at this time would be entirely ruined.  
It has been the intention of the company for some time to put up a good building where the unightly wooden structure now stands. At present the Wells Fargo bank is paying rent at Second and Washington streets, but with a building of its own, the bank and express offices will be housed under one roof.

## SENATORS ARRIVE.

### Discuss Important Questions With the President.

OYSTER BAY, Sept. 16.—Senators Hanna, Spooner, Allison, Aldrich and Lodge and Postmaster General Payne, arrived here this morning and went to Sagamore Hill, where a conference with President Roosevelt is being held this afternoon. It is learned that the tariff revision is the subject to be most extensively discussed.

#### BEES BURNED.

M. A. Bradford, express agent at Latourel, Or., was in the city today. He is a great bee fancier and has been engaged in that line of business for a number of years in connection with his other duties. A few weeks ago he says that he took 24 swarms of bees to the mountains a short distance from Latourel, and that all of them were burned, together with 600 pounds of honey, in the forest fires.

# TAKE NO ACTION

## Port of Portland Is Capable.

### BUSINESS GALORE

#### Chamber of Commerce Hold an Important Meeting This Morning.

The protest of the Federated Trades against the building of the drydock at Vancouver did not seem to hold water with the trustees of the Chamber of Commerce at their meeting this morning. The protest was read and placed on file as it was the opinion of the board that the Port of Portland, Commissioner, is competent to arrange its own affairs.  
An invitation was read from Secretary C. F. Vandewater, of the Walla Walla Fruit Fair, requesting the chamber to attend their fair on Commercial Day, Saturday, September 27, as the commercial organizations of Seattle, Tacoma and Spokane have promised to attend. This was referred to the entertainment committee with power to act.  
A letter was read from John Barrett, addressed from Shanghai, suggesting that the chamber invite General T. S. Sharretts, Tariff Commissioner of the United States, in China, who is in San Francisco at present, to address the chamber. General Sharretts is one of the general appraisers of the United States and is an expert on tariff on foreign trade.  
A communication from the National Board of Trade requesting the chamber to join their body was placed on file.  
The navigation committee reported that they had received a communication from Captain Langhull, U. S. Engineers, stating that he had received a letter from pilots and masters of toning vessels, requesting that an opening be made in the Swan Island dike 150 feet in width and 6 feet in depth at low water to allow the log crafts and other tugs to use the closed chute past Swan Island at lower stages than now possible and thus relieve the main channel. The navigation

committee recommended that it would be desirable to comply with the requests of the pilots and tow-boat men in this respect and to relieve the general navigation on the Willamette by taking part of the business from the channel on the East Side.  
This report was accepted and will be sent to Captain Langhull as the views of the board.  
As predicted in yesterday's Journal, the chamber will banquet the United States Board of Engineers at the Arlington Club and discuss the condition of the Columbia River bar at that time.  
There was considerable discussion about the forest reserve, the old committee was discharged at their own request, and Messrs. Williams, Ladd, Watson, Wolfe and Russell were appointed on this committee.  
D. H. Stearns was appointed a delegate to the National Irrigation Congress, to be held at Colorado Springs from October 6-8, with power to select his own companion.

# DEMOCRATS IN UTAH STATE

## They Adopt Scorching Resolutions In Convention at Provo.

PROVO, Utah, Sept. 16.—The Democratic State convention opened this morning with heavy delegations. After the preliminary organization this afternoon the platform claimed the attention. It was a lengthy document, creating considerable discussion, and embraces planks favoring arbitration, the election of United States Senators by a direct vote; a scorching arraignment of the Republican party in Utah in its action pending legislation regarding silver miners and beet growers; condemn the Republican party for hypocrisy in dealing with the people of Cuba and for seeking to all them at the expense of Utah and other sugar producing States. It is predicted that Major Willard Young and W. H. King will be nominated tonight on the first ballot for Supreme Court Judge and Congressman.

#### POLICE TRANSCRIPT TODAY.

On the police transcript today are the cases of Joe Coggins Mate Kaufman, Chas. Johnson, John Carey, J. K. Dryden, Emery Geisler, Robert Williams and James Welch for being drunk; Mabel Cooper and Edith Wallace for vagrancy; George Foster for begging and Alex. Starr for refusing to move on.

The Journal, a Free and Fair newspaper. It has no axe to grind.

#### FINISH ELECTION.

DES MOINES, Sept. 16.—The Odd Fellows election of Sovereign Grand Lodge officers is as follows: Grand Sire, John B. Goodwin, of Atlanta; deputy, Robert Wright, of Allentown, Pa.; grand secretary, Frank Funk, of Baltimore; treasurer, Richard Muckie, of Philadelphia; chaplain, J. W. Venable, of Hopkinsville, Ky.; marshal, John B. Cockum, of Indianapolis.

#### OBJECTS TO UNIFORMS.

A few of the boys employed by the Hasty Messenger Company found fault this morning with the uniforms with which they were supplied, and threatened to go on a strike. Four of the boys quit their positions and the trouble soon ended.

#### A REQUEST FROM LLOYDS.

Weather Bureau Official Beals has sent to the Chamber of Commerce a request from Lloyd's Marine Agency for permission to incorporate the Northhead Reporting Station at the mouth of the Columbia River, among the stations from which advices and reports regarding shipping can be obtained.  
Similar marine agencies in New York and Philadelphia object to this request, so the department at Washington wishes to know the opinion of the Pacific Coast Commercial organizations on this subject.

#### INSPECTION DRILL.

Announcement is made that on September 24 there will be an inspection and drill of the Oregon National Guard, followed by a dance at the Army. Colonel E. Everett will be the inspecting officer. It is probable that a regular army officer will also review the militia. Each guardsman will be allowed a certain number of invitations and no one will be admitted without presenting an invitation. This is the first inspection of the season and quite a crowd is expected.  
This inspection will give Colonel Everett an opportunity to investigate the condition of the clothing and accoutrements of the guardsmen and of their drilling. It is probable that there will be more inspections this winter than last, as Colonel Everett wishes to be in easy touch with his troops.

#### HORSE INJURED.

Hon. Mayor Williams and Common Council of the City of Portland, Gentlemen:  
While on my way to this city last Saturday night my horse fell through the bridge at Eastern Saw Mill. I applied to the police for assistance and they sent me to the city stable, which I found closed, but was directed to the fire department, who finally helped me out and I recovered the horse. He is totally disabled, however, and I am damaged in the sum of \$75. The horse can be seen at the Thomas boarding house, Grand avenue, by the saw mill. You will, I trust, grant me relief. Respectfully yours,  
HERMAN TERBROWD,  
Wood Hauler.

# A GLORIOUS CARNIVAL

## GLORIOUS WEATHER, GLORIOUS CROWDS, GLORIOUS PIANO SALES.

The "Sold" Cards Tell the Story—The Record—And These Are Not All—The Sale to Continue—A Hint at Present Prices and Special Inducements in the Way of Terms and Payments.

The Carnival just closed has witnessed the most remarkable piano sale that has ever been conducted in Portland.  
This Eilers Piano House sale has surely equaled all previous great records.  
It has been remarkable in that nearly all of the pianos sold have been the most costly styles manufactured by the best American makers.  
It has been remarkable also in that a large number of piano sales were effected in a shorter period of time than has ever before been done in the City of Portland.  
Each day as the sale progressed we have published names and addresses of purchasers, together with a brief description of the instrument secured.  
Every one of the instruments so advertised has been sold during the Carnival sale.  
The sales made by our Spokane, San Francisco and Sacramento branches have not been included in these lists.  
The reason for this remarkable record has been simply this:  
Eilers Piano House sells the most reliable pianos and organs.  
Eilers Piano House handles the very largest number of fine pianos at the very lowest possible expense.  
Eilers Piano House is in position to sell instruments on easier terms of payment than any other Western house.  
In view of this we believe that you will make a very serious mistake, if you fail to buy your piano or organ at Eilers Piano House.

#### THERE ARE THOUSANDS

Over five thousand residents of the great Northwest have purchased their pianos from Eilers Piano House.  
More than three hundred, or by far the greatest majority of the leading teachers and professional musicians of the West have purchased their pianos and organs here.  
Over four hundred colleges, schools, churches and societies, and practically all of the Western Theatres and places of public amusement and clubs have secured their pianos and organs of Eilers Piano House.  
This is a record the equal of which cannot be shown by any other wholesale or retail house in the United States during the same length of time.

#### THE SALE CONTINUES

The sale will continue during the coming week.  
You can get here now a very good, serviceable and fully warranted piano for \$150, for which same grade and quality you are expected to pay at least \$200 elsewhere. These pianos have been sold for even as much as \$225 before Eilers Piano House came into this field.  
The choicest creations of Chickering & Sons, of Boston, or the renowned factory of Weber, New York, and the very famous Kimball of Chicago, are here in this sale, and if your home is without a piano, you cannot afford to ignore the present money-saving opportunity.  
And besides the terms of payment have been made so easy that no one need hesitate now on that score. If you are not prepared to pay all cash we will arrange payments for you of little more than ordinary piano rent. You can never place \$5, \$6, \$10 or \$15 a month to better advantage than to supply your home with a good piano. Now is the time to get one, and the place is Eilers Piano House, 251 Washington street.

# A GLIMPSE OF THE HANDSOMEST CARNIVAL EXHIBIT AND A FEW OF ITS RESULTS

The image shows a large piano exhibit in a room. The piano has 'EILERS' and 'KIMBALL' written on it. Surrounding the piano are numerous 'SOLD' cards, each with a price and a name.
