

POLICE AND GAMBLERS

One Victim Says They Are Working Hand in Hand—The Mayor Is Very Wrathful.

Frank Hellen's Methods as They Are Pictured by One Who Claims to Have Been a Victim of the Vice.

"A young man came into my office just before noon and told me a tale of woe which I do not doubt is the truth," said Mayor Williams today.

"He gave the name of Porter and asked me if there was any way I could help him to get back to his home at Ogden, Utah, as he did not have a cent, and his tools were in pawn for \$11. A little questioning brought out his tale which is not at all surprising to me.

HELLEN BROKE HIM.

"He said that last Monday he was induced to visit the Portland Club by a newly-made friend and becoming fascinated with the play took a seat at a faro table. Frank Hellen was dealing. Porter says that when he went into the place he had \$200 on his person, but that it did not last long and soon he was broke.

"In the goodness of his heart Porter says that Hellen gave him \$15 and advised him to go up to the Gem Club, and see if he could not play even, or at least win money enough to carry him home. The poor fool instead of taking the money and redeeming his tools, so he might go to work, took Hellen's advice and went up to the other gambling house, where he again went broke. I could do nothing for the man, as I have no funds at my disposal with which to help stranded gamblers.

A POLICEMAN PRESENT.

One feature of Porter's story which greatly displeased me was that he had to say about the police being cognizant of the fact that gambling was going on right before their eyes.

"He informed me that while he was engaged at the faro table a policeman entered the room and nodded familiarly to

those present. After accepting a cigar from one of the gamblers the officer is said to have leisurely strolled out. He could not help but see that gambling was going on. If this is so, a bad state of affairs certainly exists."

THE LAW IS PLAIN.

After considerable research the Mayor has resurrected an act passed by the twentieth legislative assembly in 1898, amending the Portland city charter. Section 88 of this act, which upholds the Mayor in his every act regarding vice, reads, in part, as follows:

"Whenever the Mayor or any member of the Board of Police Commissioners receives satisfactory information that any room, house or premises within such city, or within four miles of the corporate limits thereof, is used as a common gaming house, or premises for playing within for wager of money at a game of chance, or if the same is kept or used for any lewd or obscene public amusement or the deposit or sale of lottery tickets or policies, it shall be lawful for the Mayor or such member of the Board of Police Commissioners to direct the Chief of Police or any officer of the force to enter such house or room and arrest all persons found therein offending against the law, and seize all implements of gaming, lottery tickets and lottery policies, and convey any person so arrested with the articles seized, before the police judge. . . .

"The Chief of Police shall cause such arrested persons to be vigorously prosecuted and such seized articles destroyed, and the Commissioners shall cause the owner of the premises or his agent or representative to cause the use of such unlawful purpose to cease."

ENLARGE DEPOSITS

Bonds at Market Instead of Bar Value.

SHAW WILL RETURN

Will Increase Government Money in National Banks to \$18,000,000.

WASHINGTON, Sept. 24.—It has been given out here today that Secretary Shaw has concluded to return to Washington with President Roosevelt. It is understood that one of the principal objects of his return is to increase the deposits of government money in the national banks. It has been stated on reliable authority that Secretary Shaw will on his return to

Washington, immediately take steps to increase the deposits of government money in the national banks to the market value of the bonds deposited, instead of the par value of the bonds, which are now averaging from 15- to 18 per cent above their face value.

This action will therefore increase the amount of government money on deposit in the national banks to about \$18,000,000. It is more than likely that an order will be issued by the Secretary tomorrow covering the matter.

WONT REDUCE BAIL

ST. LOUIS, Sept. 24.—The Court has declined to reduce the bail demanded for the release of the four hoodlum Aldermen, whom he held in fifteen thousand dollars each, and remanded to jail because they are unable to furnish it.

DISCUSS FOREST RESERVE.

A meeting of the forest reserve committee of the Chamber of Commerce will be held late this afternoon. The committee consists of Mayor Williams, J. F. Watson, Lewis Russell, Adolph Wolfe and C. E. Ladd. The question to be discussed is whether a forest reserve would benefit the people of Harney County and the state in general. The merchants of Burns have sent in a letter to the Chamber of Commerce, protesting against a forest reserve, as they claim it would cut them off from the rest of the state.

SOMETHING DOING

Politicians Will Hold Session With Speaker Henderson.

ATLANTIC CITY, Sept. 2.—An important conference is to be held here at Speaker Henderson's cottage within a day or two. Senators Hanna, Quay, Penrose and Dooliver will attend.

WASHINGTON'S VIEWS.

WASHINGTON, Sept. 24.—The proposed conference at Speaker Henderson's cottage in Atlantic City at which Senators Hanna, Quay, Penrose and Dooliver will be present, is looked upon here as especially significant. All of the Senators are commonly rated as being very much devoted to the interests of the highly protected industries, and, indeed, they are referred to generally as those upon whom the representatives may most surely depend to do nothing against the trusts.

Speculation is rife regarding the meaning of the meeting, and some believe that it will be a part of a plan looking to-

wards the embarrassment of the President. Speaker Henderson's recent spectacular act has certainly caused the President embarrassment. And the meeting of the men who are not very loyal Roosevelt men with the man who hurt Roosevelt more than any other man or set of men ever did, is thought to have some important bearing upon the coming political status.

At any rate there is some nervousness among the administration's followers and they do not know what to think of the coming conference.

There is an attempt by some Republicans to make it out as not important, and others claim that it is not significant of anything hostile to the President. In fact, there are all kinds of explanations handed around by the political wiremen, and general interest in the coming conference.

WAS IT YOUNG

Did He Kill Mrs. Feeley in 1889?

CRIMES ARE SIMILAR

Closely Resembles Man Wanted for Murder Committed Two Years Ago.

NEW YORK, Sept. 24.—It is more than likely that another murder will be attributed to Young, who is accused of killing Mrs. Pulitzer, in New York, last week. The police, who are doing everything possible to get at the bottom of the mys-

REPUBLICAN NOMINEE FOR GOVERNOR OF NEW YORK.

GOVERNOR ODELL, FROM A SNAP-SHOT TAKEN ON 23RD 1902

SARATOGA, N. Y., Sept. 24.—As was expected Governor Odell was unanimously renominated by the Republican State Convention here this morning.

Although the state prepared was not carried in its entirety the convention took action as predicted and gave Governor Odell its unanimous vote to be the choice of the Republican party as the candidate for the Governorship of the Empire State.

The platform strongly endorses President Roosevelt and pledges him the support of the delegates in the next Presidential campaign. This action was hardly expected in face of the fact that Roosevelt has assumed an attitude on the tariff question which has not been wholly satisfactory to many Republicans of the State. The platform also cordially approves the action of the Administration in regard to affairs in the Philippines and the consummation of the work in Cuba. Another feature of the platform is a plank advocating a protective tariff.

This was undoubtedly an Odell convention, as he secured practically everything he demanded. For a while there was a little excitement over the nomination of Lieutenant-Governor Sheldon, as the man advanced by Platt was not satisfactory to the Governor, who refused to accept the nomination should Sheldon's name be placed on the ticket. However, after some animated discussion, Sheldon's name was withdrawn, which resulted in State Senator Frank Higgins receiving the unanimous nomination of the convention to be the running mate of Governor Odell.

CROCKER'S IOWA BRIGADE.

MUSCATINE, Iowa, Sept. 24.—The eleventh biennial reunion of Crocker's Iowa Brigade, consisting of the Eleventh, Thirtieth, Fifteenth and Sixteenth regiments, began here today. At the opening business session reports from the officers showed the society to be in a very prosperous condition. The election of officers will take place tomorrow, and there will be a parade with more than 1,000 men in line.

With few exceptions all the surviving captains, colonels, and leaders of Crocker's famous brigade are here. Many have come hundreds of miles to this reunion and some have traveled half way across the continent to talk over the pleasant happenings of the army life and to join again in the songs so dear to the ears of the soldier.

DAUGHTERS OF REBEKAH.

PADUCAH, Ky., Sept. 24.—One of the best attended meetings in the history of the State Assembly of the Daughters of Rebekah is that which opened in this city today. More than 100 delegates and visitors, representing the various local branches of the order throughout the state, thronged the Masonic Hall when the gathering was formally called to order. Mayor Yester welcomed the visitors, for whom response was made by Sister Lou Knighton, Grand Warden, of Louisville. Officers' reports show the state assembly to be in excellent condition. The session will be continued and concluded tomorrow.

MACHINISTS RESTRAINED

Judge McPherson Issues Sweeping Injunction.

OMAHA, Sept. 24.—The Union Pacific Railroad, through its counsel, has obtained temporary injunction against striking machinists, in which the latter are restrained from in any way interfering with non-union men who took their places.

The order was taken out from United States District Court Judge McPherson at Omaha, and is very sweeping in its detail. Among other things it restrains the officers of the International Association of Machinists or others from doing anything towards agitating any feeling tending to cause violence. "Excitement over the injunction goes on among the strikers, who make threats freely. The hearing will take place tomorrow."

WHEAT MARKET.

CHICAGO, Sept. 24.—Wheat, 84

COURSE OF STUDY

Circular Issued by the State Board of Education.

(Journal Special Service.)

SALEM, Sept. 24.—The Department of Education is issuing a circular letter to the teachers of the public schools of Oregon, giving a complete list of the number of books, by years, and the contract price of each, which a pupil is required to purchase, provided he purchases every book and completes all the work below the High School prescribed in the revised course of study. The teachers are instructed to follow the circular letter, in using writing books and spelling blanks, and not to follow the course of study, and they are urged to keep the circular posted up where it can be readily consulted. The list of books is given as follows: First Year.—Whitely's Primer, 30c; Cyr's First Reader, 30c; Natural System Writing, No. 1, 50c; "Shorter Course Drawing, No. 1, or Book A, 10c."
Second Year.—"Shorter Course Drawing, No. 2, 10c; Cyr's Second Reader, 30c; Natural System Writing, No. 2, 50c; Natural Spelling Book, 50c."
Third Year.—Cyr's Third Reader, 40c; Fry's Elements of Geography, 50c; "Shorter Course Drawing, No. 3, 10c; Natural Spelling Book, 50c; Elementary

BEDDING WANTED

At Once for the Fire Sufferers.

THE FUND GROWING

Much Good Is Being Done by the Different Relief Committees.

At the executive committee meeting for fire relief work, this morning, the ladies having charge of the work of distributing clothes for the fire sufferers, expressed a desire for more mended and clean things. There is also a scarcity of bedding—sheeting, pillow cases, and blankets. Clean, white cotton rags will also be thankfully received, this being for the use of the sick people.

At this meeting routine work was gone over. Secretary Sabin reported that he had sent quite a little supplies to Woodland and La Camas yesterday. Andrew Kitzmiller, of Dover, reported some losses there, also the case of Miss Eselle Wolf, a girl of 19 years of age, who was badly burned in fighting the fire. The committee will give this case their immediate attention.

BENEFIT A SUCCESS.

Besides being a money-maker for the fire sufferers, the performances at the Marquam and Baker theaters, yesterday afternoon, kept a portion of the Portland people amused for four hours. The performances netted about \$2,500; the exact sum cannot be ascertained as yet as all the reports from the numerous ticket sellers have not been handed in.

Those participating in the performances did themselves credit as the plays were well acted. As soon as the Nell Stock Company finished their performance of "Nancy & Co." at the Marquam, they were taken to the Baker in carriages, and the James Nell Company, then went to the Marquam to perform the "Lottery of Love," as they had finished their performance of this play at the Baker. Much credit is due to the James Nell Company, the Nell Stock Company, Geo. Baker and Calvin Heilig for the success they have made of these performances.

FUND IS GROWING.

The fund for the relief of the fire sufferers is growing slow but sure, it having reached the \$2,500 mark already. The people of Portland must not forget the athletic exhibition to be given at the Exposition building Friday night. The finest boxers in the West will take part, as well as representatives from the various athletic clubs of Portland.

WEDSGERMANCOUNT

First Noteworthy International Wedding of the Season.

NEW YORK, Sept. 24.—The first noteworthy international wedding of the Autumn season was that of Miss Ethel Louise Wyman, daughter of Mr. and Mrs. John Eugene Wyman, and Count Hugo Lorenienfeld-Koerfering of Germany, which took place in this city today. The ceremony was performed at high noon in Lady Chapel, St. Patrick's Cathedral, Archbishop Farley officiating. The bride is a young woman of great beauty and varied accomplishments and met the Count while studying music in Berlin. The couple will make their future home in Germany.

BOOTH COMING.

Salvation Army Preparing Big Reception for General.

NEW YORK, Sept. 24.—At the American headquarters of the Salvation Army on Fourteenth street great preparations are being made in anticipation of the coming of General Booth, who is expected to arrive here within a day or two. This is the first visit General Booth has paid America in a number of years and in view of his age it will probably be his last. The General will be accompanied by General Lawley and Commissioner Nichol, editor-in-chief of the London, England, War Cry. After visiting the various posts of the army in New England and Eastern Canada, the party will go as far west as St. Paul, Minneapolis and Winnipeg.

CLARK CONTROLS.

He Completely Routs the Heinze Democrats.

BUTTE, Mont. Sept. 24.—The political fight between Senator Clark and F. A. Heinze for the control of the Democratic party in Montana has resulted in the defeat of Heinze. Clark absolutely controls the convention which today nominates a congressman and associate Justice of the Supreme Court.

MINERS DEFY THE SOLDIERS

Continuous Rioting in the Coal Region Causes Much Alarm—Authorities Have Lost Control.

Infuriated Men Attack Guards and Non-Unionists With Fatal Results—Military Seems to Be Almost Powerless.

TAMAQUA, Sept. 24.—The strike situation at New Philadelphia is serious. Troops which arrived this morning were openly defied by the strikers who are assembled in an immense crowd. Captain Ott has wired for reinforcements.

ATTACK FEARED.

SCRANTON, Sept. 24.—A company of troops was sent at 10:30 o'clock this morning to Priceburg, in response to an urgent demand, stating that the strikers were congregating and an attack was feared on the Johnson Colliery.

STONES, CLUBS AND GUNS.

At the Avondale and Bliss collieries large mobs attacked the men, stoning and firing on them and there is continuous rioting. Mobs have assembled at Malby, North Wilkesbarre, Ashley, Parsons and Mill Creek. In a conflict this forenoon, near Pittston, David Richards, a fire hose, was shot in the leg. David Harris, a policeman, was badly beaten and John Stroh, a deputy, severely clubbed. Thus, Burke, a deputy, was clubbed and calls for aid continue to be made to the Sheriff, but the men are exhausted, many of them having been on duty for thirty-six hours.

MOB ATTACKS GUARDS.

WILKESBARRE, Pa., Sept. 24.—Miners throughout the coal region are becoming restless and many riots are being reported. The latest dispatches state that mobs in the Wyoming valleys ruled all last night and this morning, and it is feared that many serious riots will develop before the close of the day. The men are becoming frenzied and the leaders are losing all control over them, and an outbreak is looked for at any minute. This morning guards and deputies had

a dozen or more clashes with the strikers, some of them resulting seriously. The Exeter colliery at Sturmesville was besieged during the night by an overwhelming mob and this morning when the guards attempted to escort the non-union men to work, they were attacked by the infuriated miners, who numbered over 200 strong. The mob used revolvers and clubs, fighting with all their might, showing a determination that no non-union men should go to work at that colliery if they had to commit murder to prevent it.

SHOT DOWN.

A deputy sheriff, one of the members of the guard's forces, was shot down by some one in the mob, and as he fell they jumped upon him and beat him with clubs while he lay on the ground, helpless, and before his friends could reach him he was almost clubbed to death. Finally his companions made a concerted move and charged on the assailants and after a short and fierce battle they managed to rescue the victim of the enraged strikers but their aid came too late, as he had already received wounds, from the effects of which he is dying.

A fireman was shot in the leg during the conflict. After standing their ground as long as possible and realizing that it was out of the question for them to successfully cope with the miners, the deputies gave up the struggle. The deputies were driven back inside the stockade while the non-union men who intended to work in the place of the strikers were driven back.

What the outcome of the situation will be is hard to conjecture but it is feared that much blood will be shed before the day is over. Additional assistance is being hurried to the scene of agitation.

EDITORS CONVENE

Newspaper Men in Session at Walla Walla.

WALLA WALLA, Sept. 24.—Walla Walla has thrown wide its doors to the newspaper men of the state, and the purveyors of news are gathered here in large numbers to attend the annual meeting of the State Editorial Association. A splendid reception was tendered the editors by the people of Walla Walla last night, during which an address of welcome was delivered by Mayor Hunt, who surrendered before the close of the day. The men are becoming frenzied and the leaders are losing all control over them, and an outbreak is looked for at any minute. This morning guards and deputies had

ST. LOUIS FAIR COMMISSIONERS

Senator McBride Goes to Their Meeting—Lewis and Clark Next.

Ex-United States Senator McBride and Mrs. McBride are at the Hotel Portland, having returned to the city last evening from their country home at St. Helena. Seen this morning by the Journal, the Senator said that they had had a delightful two months' rest, and were glad to be here again.

Senator McBride said that he was to depart for St. Louis tomorrow to attend a meeting of the Fair Commission, and on his return he would probably be able to tell the people something of interest on that fair, and in the direction of interest in the Lewis and Clark.

CIVIL SERVICE EXAMINATION

On November 22 examinations will be held for the position of clerk and carrier, postoffice department. For application blanks and further information, apply to Z. A. Leigh, Secretary Board of Examiners, Postoffice building.

PRESIDENT GAINS

The Inflammation in the Wound Has Subsided.

JOHNSTOWN, Pa., Sept. 24.—On the arrival of the President's special here this morning the report was given out that President Roosevelt passed a good night and slept till 8 o'clock this morning. The inflammation in the abscess has practically subsided and the wound is now giving him but little pain.

AT PITTSBURG.

PITTSBURG, Pa., Sept. 24.—The President's special passed through here at 7:30 this morning. On inquiry it was learned that there was nothing to be given out except that the President was asleep and resting easy. The journey to Washington was continued after a short stop. The train will run on a slow schedule, making about 30 miles an hour, and is due to arrive in Washington at 6:30 o'clock this evening. He will be taken

to 222 Jackson Place, where the temporary Executive offices are located. It was learned last night that the determination to abandon the trip was reached Monday, and notices to this effect were sent out from Detroit and yesterday from Indianapolis to those interested in the places the President was to visit. No inkling of this decision was made known to the members of the President's party on the train outside of his physicians and secretaries, until Secretary Cortelyou issued his announcement. The President did not speak to Mr. Lutz, his official physician, of the pain in his leg until a few days ago. The pain became so intense that it was decided to take no further risks by continuing the trip. The President regrets exceedingly that he has been compelled to abandon his trip. He has received a large number of telegrams of confidence.
