CITY BRIEFS.

THE JOURNAL MONK. The Monk's arrival in Sait Lake this morning caused the City of Saints to assume a regular gala day appearance. He was met at the depot by a brass band and a committee and escorted to the tabernacle, where an address of welcome was made, and he was given the freedom of the city. In the evening he was given a reception by the young girls,

and wires us that he will probably have to remain over one day, as he had not yet been introduced to all of them. The Woodruff and Taylor girls have requested him to call on them, but he excused himself on the ground that he couldn't stay all winter, and had business of other people to attend to rather than the pursuit of pleasure.

WEATHER FORECAST.

A storm of considerable energy is cen tral this morning over British Columbia, moving eastward. Light rain has occurred in Washington, eastern Montana, North Dakota, southeastern Idaho and northern Illinois.

It is warmer in Washington, and cooler in the Rocky Mountain States. Sharp frosts occurred this morning in eastern Oregon, southern Idaho and northern Ne-

High, southwest winds will prevail this afternoon and tonight along the Oregon and Washington coasts and over the Sounds and Strait.

Storm warnings have been sent to all seaports in this district. General rains will probably occur during the next 36 hours, in western and northern Oregon, Washington and Idaho.

Western Oregon: Tonight and Saturday, occasional rain; warmer in south portion tonight; brisk southerly winds becoming high southwesterly along the

Western Washington: Tonight and Saturday, occasional rain; brisk to high south to west winds.

Eastern Oregon: Tonight and Saturday, increasing cloudiness south, showers north portion; warmer tonight; brisk and possibly high southerty winds.

Eastern Washington and Northern Idarain; warmer tonight; brisk to high southerly winds.

Southern Idaho: Tonight, increasing cloudiness east, showers in west portion; warmer Saturday, showers.

Dr. S. S. Wise will speak on "The Life of Israel During the Past Year,' at Temple Beth Israel this evening. The committees of the Chamber of

Commerce and Board of Trade are arranging for an exhibit at the Osaka exposition will meet the early part of next The Ohio Society will meet in Judge

George's offices in the Court House tomorrow evening at 8 o'clock, for the purpose of arranging for the registering of Ohio people and for headquarters for the Lewis and Clark Fair.

Morrison street, east of the bridge, is in a very bad condition. Many planks in the street are worn through, making it a hazardous thing to drive in this street. At Union avenue there is a hole in the street about four feet square.

The wind caused lines to cross on the C. & S. Rallway last night about nine o'clock. A temporary tie-up was caused on nearly all lines. The delay, however, was but for a few minutes, and little or no inconvenience was experienced.

The city ordinances provide that bay windows may extend three feet out from the walls of houses providing they are 10 feet above the sidewalks. It thus appears that the complaints about a window on Thirteenth and Salmon streets are without foundation.

Five new mineral springs in Oregon! These have been discovered on the farm of T. Patterson, about two miles below Linnton on the line of the Northern Pacific. The waters of the five springs are different in composition, but all are highly charged with carbonic acid gas.

Portland Club, Fifth and Alder. Finest lunch in city. Portland Club. Fifth and Alder.

FOR ADOPTION.

If anyone wants to adopt a child let him apply to the Boys' and Girls' Aid Society. They have a number ranging in age from 3% to 13 years, which are very desirable to anyone who wish to brighten their home. They also have a beautiful boy aged 20 months, which would grace any home. There are any number of children to select from, many of them being of good parentage.

is very often used by many per-sons when first getting eye aged through wearing glasses that were too strong. It is the result of either buying bargain counter lenses or thework of an incompetent optician. After wearing such glasses for awhile the eyes grow worse and it is almost imposal-ble to get the sight back to normal vision. We charge only moderate prices for our lenses and frames and guarantee the work. It costs nothing to have your eyes tested.

NO ANNEXATION

Montavilla Is Divided As to Entering the City.

Does Montavilla want to be annexed to the City of Portland? The plan was talked of by one of the prominent members of the Board of

Trade through the Journal last week. Considerable discussion has been caused as a result and the residents of the suburb are divided on the proposition. Some say that if the place be annexed to the city that a great deal of benefit would be derived, while others say that no benefit of any kind would incru from the change. They say that the experience of other suburbs that have been taken into the city limits of Portland would deter them from tak-

One of the residents of Montavilla said yesterday: "This talk about annexing Montavilla to the City of Portand is all bosh. I don't really think that the residents of the Villa would think of taking such a step for a single minute.

ing the same sten.

"If the annexation advocates would come forward and show that benefits were to be derived from such a course would vote for the measure at any time. The principal people who are backing this annexation scheme have children which they would like to sent to the Portland High School and do not care to pay the entrance fee. If Montavilla was annexed they could send the children to the school without paying this extra sum. "This is the only thing that I can see

the annexation proposition, and as there are only a half dozen people in the suburb that have children ready to send to the High School I don't think that the measure will be passed.

POLICE PROTECTION A FARCE. "Some of the advecates may that if we were annexed that we would have the benefit of police protection. That's where I differ. Take along the Peninsula, for instance. The Peninsula is a part of the City of Portland, and yet no police officer has ever been seen along that way since that territory became a part of the city.

"Another advocate for the cause of annexation says that if we get inside the city limits that we will get Bull Run water. Again, take the Peninsula for reference. Since that place was taken into the city they have been promised Bull Run water, but up to date it has not appeared. The same place was Tonight and Saturday, occasional promised fire protection, but they received that in the same manner as the Bull Run water was received."

> "No, I do not think that we will receive any benefit from entering the city limits and having to pay the city taxes. We would be like the American colonies before the Revolutionary War, it would be a case of taxation without represen-

JUDGMENT TRANSCRIPT.

H. W. Corbett, John J. Fahil, and Mrs. Mark O'Neill have filed with the Auditor a transcript of judgment in their suit against the city. In which they are not only excused from paying the street assessment on the improvement on Pine street between First and Second streets. but are awarded \$65.40 costs. This is the case wherein Mr. Corbett fought so long against the street laid down by John Boys, which was not up to specifications. The transcript will be acted upon at the next meeting of the city

Let the word go out that Portland hustles, and better yet, let everybody hustle. You know what hustle maans, don't you? If you don't take The Journal, only 10 cents a week, by carrier; 34 a year, by mail.

Good Mantles Welsbach and Other Burners....

When buying a mantle for gas burners or gasoline lights, you can just as well have the best. The cost is only a few cents each, anyhow, and it is far better to purchase from a reliable established house where you get the best that is made. We are Pacific Coast agents for several brands of the better and stronger grades. If we sell you a mantle it is a sufficient guarantee of its quality.

ENGINEERS ADJOURN

Next Meeting Will Be In New York on October 18.

Both boards of government engineers met yesterday in the Worcester building. They were in session all day, discussing the condition of the Columbia River bar and Captain Hoit's canal project above The Dalles. The next meeting of the engineers will take place in New York on October 14.

It cannot be definitely said what the engineers decided, on as they refuse to express any opinions. It is probable that they will recommend to the War Department that a dredge be put at work in the bar, when the water is still.

IMPROVEMENT ESTIMATES.

The city engineer has prepared estimates and invitations for bids will be invited shortly for the improvement of Sixth street from Irving to Taylor, including artificial stone walks. Vancouver avenue from Wheeler to Russell street; full improvement of grav-

el, sidewalks, etc. Margeurite avenue from Division street to Hawthorn avenue; gravel, sidewalks,

East Main, from Thirty-third to Thirtyfourth; grading and sidewalks.

WOODMEN PLANS

Arrangements Made for Monster Log-Rolling Contest, Jan. 1.

A -- menster - meeting of - the combined camps of the Woodmen of the World of this city was held last evening. The ball of Albina Camp, corner Williams avenue and Russell street was crowded to the doors with the 600 members who attended

A number of prominent Woodmen were in attendance. George K. Rogers, head organizer of the district, was present and made a good talk about the increasing of the membership list. Heard Organizer Derrick, of California, came in for speech. . Mr. Derrick comes to Portland to assist in securing new recruits for the

The meeting was a union one and was called for the purpose of forming plans for a monster log rolling contest. No definite arrangements were made but several plans were quilined. It was decided that a meeting of the union forcast should be held at the hall of Keorge Washington Camp in the West Side. Tuesday evening, October 28, to complete the details. The date for holding the contest has been set for January 1, 1903 A paper was read by Dr. Morrow on the effect of tuberculosis in the orde Dr. Morgow pointed out the reasons why a more rigid examination of all appli cants for membership in the order should

The doctor was followed in his remarks by a number of the members, who discussed rthe disease in all its forms. Speeches were made by Head Organizers Rogers and Derrick, Judge Clarno, Mr. Ruddiman and J. P. Burkhardt.

IN FAVOR OF FOREST RESERVE

Minnville. He stayed but an hour, going | Special Committee From Chamber of Commerce Meets and So Decides.

> The proposed Blue Mountain Forest Reserve in Eastern Oregon will be beneficial to all concerned, is the decision reached by the special committee appointed by the Chamber of Commerce at their meeting late yesterday afternoon. Those who decided on this question were Mayor Williams, Charles E. Ladd, Adolph Wolfe. Lewis Russell and J. Frank Watson.

> The question was thoroughly discussed every member on the committee expressing his views, and the decision was reached after an hour's' hot debate. This decision is directly opposite to that expected by the people of Harney County. The people of Harney County claim that a forest reserve would cut them off from the rest of the state.

> A full report, giving the reasons for this decision, will be handed in to the Chamber at its next meeting.

OREGON APPLES

Largest Shipment Ever Made at One Time to Japan and China.

Among other cargo, the Indrapura, sailing for China and Japan, will have a carload of Oregon apples, consisting of 600 boxes. They are consigned to various merchants in New Chwang, Tien Tsin and Nagasaki. This is the largest shipment of apples ever shipped to the Orient from Portland

EXHIBIT FOR 1905 FAIR.

An exhibit for the Lewis and Clark Fair that will attract much attention will be that of the model of the first ship that went up the Columbia River. This ship was commanded by Captain Gray, E. M. Simpson, of Sa nFrancis-co, is the owner of the model, but has kindly offered to loan it to the Fair Company.

CIVIC LEAGUE ENDS SESSION

With Interesting Lectures on Municipal Government.

LOCAL ASSOCIATION'S WORK

Prominent Citizens Are Wanted to Identify Themselves.

The American League for Civic Improvement is now in session at St. Paul. President Roosevelt was slated to speak yesterday, but is unable to attend on account of being confined to his bed after his operation.

The Civic Improvement Association of this city is a branch of this body. The convention will close tonight with lectures on Municipal Government, by Citoton Rogers Woodruff, of Philadelphia, and Professor E. W. Bemis, of Cleve

The Executive Board of The American League of Civic Improvement consists of the following: Charles Zuebin, president University of Chicago: Edwin L. Shuey, first vice-president, Dayton, O., Mrs. Conde Hamlin, second vice-president, St. Paul; Henry Metcalfe, third vice-president, Cold Springs, N. Y. Frank Chapin Bray, treasurer, Chaptauqua Charles M. Robinson, recording secre tary, Rochester: Miss Jessie M. Good organizer, Springfield, O. E. G. Routzahn, corresponding secretary. Dayton O.; Albert Kelsey, Philadelphin; Charles M. Loring, Minneapolis, John L. Zim merman. Springfield, O.; Miss Myra Loyd Dock, Harrisburg; H. B. Beck, University of Texas; D. J. Thomas, Springfield, O., and W. H. Moulton, Cleveland.

THE LOCAL FORCES. The president of the local branch of the association states that "The sent! ment in favor of civic improvement is growing. It has practically grown away beyond those whose personal interests might make it necessary to protest against it. The fact that the Mayor and many prominent citizens are in heart; accord with it is a great aid,

"If the citizens would not only sympa bize but come forward and identit themselves with the movement therno question at all that in 1965 this would be one of the most beautiful and cleanest cities in the country. Even those who are opposing it at the present time would no doubt be pleased at the out

the hoppickers come in.

GREAT CENTRAL

"Not in the Land Business," Says Major Kinney.

The Roseburg Review of September 22nd gives an interesting letter by Major L. D. Klnney, chief engineer Great Central Railroad, relative to the workings and intentions of the road into the Coos Bay country.

In it he states that no definite orders to commence construction have as yet been received, with the exception of the short distance between Empire and Marshfield, which is now under construc-

The Major further says "We ask nothing, we promise nothing, but cheerfully say that the country from Roseburg to Coos Bay by the way of Myrtle Point is truly wonderful, "I may add that the Great Central

Railroad is not in the land business and therefore will not engage in land deals further than as land is required for actual use for right of way and for operation of the road,"

New Burglar Policy.

Clemens & O'Brien are now issuing a new and very liberal policy which protects against theft by employes as well as burglars. It covers private dwellings and costs but \$10 per year.

Subscriptions received for The Journal at any of B. B. Rich's cigar stores.
