DOINGS IN OREGON CITY

Clackamas County Items and Matters at the Big Falls.

(Journal Special Service.)

OREGON CITY, Sept. 29.—The fire fund now stands at \$122.75, and the total amount as it will read after all the subscriptions have been received, cannot yet be estimated for these are still several benefits to be given, and one or two more lists to be heard from. These figures are for the cash subscriptions only. It is believed that when all of the money has been received the grand total will reach the \$1000 mark, for such generosity has been exhibited by all alike, is a thing of which Oregon City can feel justly proud. Owing to the fact that several members of company A, who sold tickets have not been able to report, the exact amount to be added to the fire fund has not as yet been determined, but it is known that at least \$40 will be netted.

—The subscription list which was passed among the men and owners of the Willamette mills was closed Saturday evening after these names and amounts had been added: R. Spencer, \$1; J. Caruthers, \$1; J. W. Moffat, \$1; O. F. Hodgada, \$2.50; D. Wilkinson, \$5; E. A. Mohler, \$5; A. Burrus, \$5; E. Bailey, \$1; W. Chapman, \$1; A. Thomas, \$5; J. Alldrich, \$5; H. G. Allen, \$5; C. R. Chase, \$1; and J. Miller, \$1. The total sum from this one mill is \$440.50.

The next entertainment to be given for the benefit of the fire sufferers, is the one managed by the Federal Labor Union tomorrow evening is the date and J. T. Morgan, of Portland, will be there to deliver his lecture on "Justice." This will be at the Armory.

SCORES AT TARGET PRACTICE.

Yesterday was a blue day for those members of company A, O. N. G., who shot on the rifle range. The condition of the weather was unfavorable, the powder was poor and the rifles, one after another, refused to work. It was one of those off days, which are sometimes heard of, but all this did not stop some of the boys from making fairly good scores. Private C. W. Bryan made the best average on the 200-yard range, 58 out of a possible 75 points. Private Evans came next with 59 out of a possible 75 points, while Corporal N. McKilligan was third with 56 out of 75 points. On the 500 yard-range the score stood: Private Graham 39 points, Corporal McKilligan 27 points, and Private Boylan 27 points. This, the third practice, was in charge of Sergeant Kuehl.

OPENING OF PHEASANT SEASON.

Sportsmen of this city were busy yesterday preparing their guns, ammunition, etc., to be ready at the first streak of dawn on Wednesday morning to commence the pheasant shooting season. The date, specified by law for the commencement of the open season, when upland birds can be shot, is a month later this year than it was last year. Besides giving the birds a longer lease on life, it has tended to make the hunting fever so much worse that it is doubtful whether any birds would be left if it were not for the fact that the game men who extended the closed season also inserted a clause which says that only 10 China pheasants are to be shot during one day this year. Men with their dogs began leaving for up river points this morning in order that they might be on hand a day before the first to look over the ground and exercise their dogs, so they say.

ANOTHER TEACHER NEEDED.

A meeting of the school board will be held this evening to consider the advisability of securing a new teacher for the fifth grade. If this is done it means that a new room must be added to one of the buildings or one rented near them. These changes are made necessary by the increased attendance this year and will not only relieve the fifth grade but will also furnish more room for the other grades.

SCARCITY OF FLAT CARS.

Work on the big fill in under the electric trestle has been suspended for the present owing to the scarcity of flat and motor cars which were needed on another part of the line to haul rails and ties for an extension. As more cars have been secured by the company, the work will be resumed about October 15th.

PERSONAL AND OTHERWISE.

Photographer Snodgrass has sold his gallery to Miss A. Wisner, who will conduct the business in the future. Mr. Snodgrass will locate in a larger city in order to secure better musical advantages.

Chas. W. Barlow, of Barlow, was in town today.

J. Martin and wife have returned to this city, from Astoria, with the intention of making their future home here.

Mrs. Chas. Wright and her son Carl

will leave today for a two-weeks' visit with friends at Kerby, Oregon.

Marriage licenses have been issued to Elizabeth E. Moody and John W. Trullinger; Augusta Zinslering and W. E. Boerner; and John Newsome and Anna M. Weber. The last couple were married by Justice of the Peace Stupp.

Louis Farr, Will Henis, and Harry Myers left this morning for Sheeds on an extended hunting trip.

Dr. Pickens and Chas. Wright are on their way to Brownsville where they will hunt China pheasants during the next two weeks.

NEWS OF THE STATE CAPITAL

Matters of Interest of and to Salem and Marion County.

(Journal Special Service.)

SALEM, Sept. 29.—The Salem public schools opened their year's work this morning with a good attendance. City Superintendent L. R. Traver has the work for the new year well organized and has placed the teachers so as to secure the best results. Under the new rules, adopted by the School Board at the request of Professor Traver, teachers are required to present themselves in the schoolrooms at 8:30 a. m., to look after their charges during the half hour preceding the opening of school. The Principals of the several schools are: East School, W. J. Crawford; Lincoln School, L. H. Baker; North School, J. S. Graham; New Park School, W. M. Smith; Central School, Mrs. Alice H. Dodd.

PROFESSOR GILLAN WILL LEAVE.

Professor S. Y. Gillan of Milwaukee, Wis., editor of the Western Teacher, who made an excellent record as an instructor in teachers' institutes in this state last year, has again been secured to do similar work this year. He will have a prominent place on the program of the Eastern Oregon division of the State Teachers' Association this year, and will lecture before the following county institutes: Jackson, October 22 to 24; Yamhill, October 29 to 31; Marion, November 5 to 7; Polk, November 12 to 14; Linn, November 19 to 21.

TAKEN UNDER ADVISEMENT.

Late Saturday evening the taking of testimony in the matter of the claim of Attorneys Brown & Wrightman, in the Gilbert Bros. Bank case was concluded, and Circuit Judge Boise took the matter under advisement. The claim was for \$5000 for attorneys' fees, and the testimony of several attorneys, introduced on Saturday, was to the effect that the charges for the work performed were too high, that other attorneys did not charge such fees. One of the witnesses, a former Circuit Judge, estimated the value of the claimants' services at less than \$500.

TAX MONKEY TURNED OVER.

Sheriff F. E. Colbath on Saturday evening transferred to the County Treasurer \$1071.29 funds collected on account of the 1901 tax roll. When Sheriff Colbath took charge of the office in July there were about \$23,000 uncollected, and about half that amount has since that time been paid. The books will close Monday, October 6, and the Sheriff thinks that about \$6000 will be paid in between now and that date, leaving less than \$10,000 on the delinquent roll, the smallest delinquent tax roll in the history of Marion County since pioneer days.

THE DALLES.

(Journal Special Service.)

THE DALLES, Sept. 29.—Thursday evening, as James Tryon, who is employed at Dan Baker's saloon, was returning home, he was set upon by two foot-pads, who commanded him to throw up his hands. He did not obey and a tussle ensued, during which one of the men pulled a knife, but only succeeded in cutting his coat-sleeve. In the meantime the other fellow had put his hand into Tryon's pocket and secured his purse containing \$25, then, having accomplished their purpose, they made a hasty departure. Tryon is unable to give any description of the men, as the darkness was so intense that he could not distinguish their features.

The carnival committee is jubilant over the prospects this year and say that the show will be the best held here for several years. The races will be an exceptionally fine feature this year, as there are a number of very good horses entered, and racing men are more than pleased with the present outlook.

Mr. Walter Markelle has returned from Collins Landing and is very much improved. His family will follow him in a few days.

Timothy Brownhill has returned from his claim on the Agency Claims, and says that everything is prosperous out in that vicinity.

Miss Ione Ruch has returned from a week's stay in Portland.

As indicative of the unprecedented excitement over timber lands throughout the Pacific Northwest at the present time it has been stated that more business has been done at The Dalles land office in one year just passed than in 20 years. During 20 years about 100 applications of settlers were filed in The Dalles district, as shown by the records, while in a little over one year something over 700 filings have been made there.

PENDLETON.

(Journal Special Service.)

PENDLETON, Sept. 29.—Advices from Milton state that the citizens are much worked up over the disappearance of Frank Sterling, who has not been seen or heard of since last Monday. Several days ago he sold a cow to a neighbor and the animal could not be found Monday morning. He left town, saying that he would go in search for the missing cow. He left home about 4 a. m. and stopped with a harvesting crew a few miles southeast of Milton, where he ate dinner. That is the last heard of him.

IMMIGRANTS FROM IOWA.

Between the 7th and 10th of October two cars of immigrants will arrive in Pendleton and stop to allow an inspection of Umatilla County. These people will come from Iowa and are coming as a direct result of the effort of the Immigration agents of the O. R. & N. Company.

TO ADVERTISE PENDLETON.

A great deal is being said about advertising Eastern Oregon and especially in the matter being agitated in Pendleton. The O. R. & N. Company is doing all in its power to get the people of Pendleton to have some printed matter gotten out for circulation by their immigration agents through the East and Middle States. The matter will be taken up at once by the Commercial Association.

NOTES.

For the reason that proper precautions were not entertained regarding water used in harvest work, five of John McIntyre's crew, including Mr. McIntyre himself, are down with typhoid and malarial fever.

Billie Hughes was examined Saturday afternoon at the courthouse for insanity and ordered taken to the insane asylum. The 4-year-old son of Mr. and Mrs. Charles Maple was severely injured Friday evening near Yakum station by falling from a moving wagon. The flesh was almost all torn from the under jaw.

has just been completed at Forest Grove, was dedicated Sunday, the Rev. A. Beers, of Seattle, preaching the sermon.

A Woodburn hop grower has contracted to furnish T. A. Lively & Company, of Salem, 20,000 pounds of hops each year for the next five years at 9 1/2 cents per pound.

While out riding near Dallas a few days ago, Orin Castle's horse ran away with him and threw him against a tree, breaking the young man's leg in two places between the knee and ankle.

Fruit growers in Polk County say that the prune crop will not only be light this year, but that brown rot has attacked the Italian prunes in some sections, and that this will further decrease the yield.

A. A. Watts, who is in the county jail at Oregon City, and is held to appear in the Circuit Court at the November term to answer to a charge of passing a bogus draft on A. Knapp, of Wasco in Clinton, Ia., to answer to a charge of larceny.

Work on the grade of the Dallas and Falls City railroad is progressing at a satisfactory rate, considering the difficulty encountered in securing men and teams at this busy season of the year. The grading crew is now at work on the Gilliam farm, about half way between the two towns.

OREGON BRIEFS.

A woman named Mrs. Dewey, who escaped from the Oregon insane asylum some time ago, was found Saturday wandering the streets of Eugene.

(Journal Special Service.)

GRANTS PASS, Sept. 29.—A verdict of acquittal was brought in by the jury late Saturday afternoon, in the case of Calvin Griffin for the killing of Edwin Johnson. The jury were out three hours. Five ballots were necessary to reach an agreement. The verdict seems to have given entire satisfaction to the general public here.

WORK OF THE CONFERENCE.

The Methodist conference which has been in session here for the past week is drawing to a close, and by this evening all work of the session will be completed and the appointments for the various districts known. A number of the delegates returned home today, the remaining ones will leave tonight and tomorrow. Yesterday the pulpits of the several churches of the city were filled by visiting ministers.

INSPECTING PLACER MINES.

Robert Pringle, of Chicago, president of the Old Channel Mining Company, which owns the Old Channel hydraulic mines of Galice, and F. H. Minard, of Denver, a prominent stockholder in the company, are here making an inspection of their extensive Josephine placer mines. The gentlemen are well pleased with Southern Oregon in general, as well as with their own properties.

PERSONAL NOTES.

C. W. Ament, president of the Golden Drift Mining Company, Mrs. C. W. Ament, and their daughter-in-law, Mrs. M. C. Ament, have gone to Chicago for a visit.

C. E. Wickstrom, owner of a rich placer mine in western Josephine County, and Mrs. Wickstrom, have just returned from a trip to Portland and Yamhill County.

I. G. Davidson, of Davidson, Ward & Company, who have extensive mining and irrigation interests in Southern Oregon, is here on a business visit.

CRIMPERS BALKED

Courts Protect Sailors Brought From San Francisco.

ASTORIA, Sept. 29.—The seat of hostilities in the anti-crimping crusade was transferred to the O. R. & N. wharf here Saturday night, when the steamship Elder arrived from San Francisco with 12 men for the German ship Peter Rickmers. Seventeen sailors were supposed to have left San Francisco, but six were "lost" somewhere on the trip or before the Elder departed.

In order to prevent loss of any of the men after the arrival here of the Elder the shipowners' representatives had secured an injunction in Judge Bellinger's court that was very sweeping in its terms. It was directed to all the members of the sailor boarding-house combination, as well as their attorneys and other employees, and restrained them from in any manner interfering with or talking to the incoming sailors. It was the most sweeping injunction ever served in this city and was likened by the runners to the old blue laws.

According to the advices received from San Francisco, the Elder was to stop in the lower harbor and there transfer the men to the Rickmers, which lay at anchor there. The plan was abandoned, however, and the men brought to the wharf. Here they were met by Captain Walsen, Attorney Hume, Deputy United States Marshal Wilson, and a large delegation of boarding-house people. John Grant was present and stated before the arrival of the steamer that he would interview the men and see whether or not there were any American citizens among them who might not wish to ship. The injunction forbade this, however, and Mr. Grant changed his mind.

The sailors were at once approached by the owners' agents and taken aboard the launch Swan, which was ready to proceed with them to the lower harbor. The runners watched the men pass through the dock, but not a word passed between them.

Mr. Grant said he had all along been led to believe Walsen would secure his crew from the Portland or Astoria boarding-house, and that he accepted the captain's statement until he received word from San Francisco that 17 men had been engaged there. The runners seemed well satisfied that six of the men were missing, and made no effort to induce the others to leave the ship.

OVER THE WIRES.

The statement was given out in London yesterday that Lord Lipton had expressed his intention of making a trip across the Channel in a flying machine.

A dispatch from New York says that petitions are being circulated throughout the country by various Catholic societies asking President Roosevelt to use his good offices to end the coal strike.

Considerable comment is being made by the Press newspapers regarding the part the United States is taking in the affairs of the Isthmus of Panama, some of them endorsing its action and some of them criticizing it.

The different Jewish congregations throughout Chicago yesterday adopted resolutions thanking President Roosevelt and Secretary Hay for Mr. Hay's note protesting against the treatment of the Roumanian Jews.

The Fram arrived at Christiania, Norway, yesterday and was given a royal welcome. Captain Sverdrup's Arctic expedition on the Fram was escorted into the harbor by many steamers and saluted by the guns of the forts.

WALLA WALLA FAIR

Exhibits a Success, but Attendance Was Small.

(Journal Special Service.)

WALLA WALLA, Sept. 29.—Tomorrow evening the sixth annual Fruit Fair will come to a close in this city. The exhibits will at once be removed and the pavilion torn down. In every way the Fair has been a success. Awards have been made of hundreds of premiums, and the business of the association will be closed up with a neat sum to be carried over to next year. At the opening of this season the treasurer held \$100 which was left over from the show last year.

The attendance has not been as large as that of the show a year ago, for which there are several reasons. Last year a number of excursions brought hundreds of people to the city, and the attendance from the country round about was very good. This year the excursions failed to bring the crowds, and locally other attractions deterred many from attending several days as was the custom last year.

A free show, given by doctors has been giving performances each afternoon and night, and hundreds of people are kept from the show by the excellent music and the funny program given at each performance. The attendance last year was over 20,000, and with all the difficulties encountered at this show, the record will be broken by several thousand admissions.

A number of fine timber claims have been purchased recently by the Santiam, it is said \$6 in all, at greatly increased prices, as high as \$2500 being paid. Some are holding at even above this price.

NORTHWEST NEWS.

Owners of eight buildings in Seattle, the hallways of which have been constructed with wooden laths, have been notified by Building Inspector Place to substitute metal laths.

In trying to save a passenger train from a wreck, William Johnson, a Northern Pacific section foreman, was killed Sunday afternoon at Tuscior, Idaho. He saved the train, but died of his injuries.

Shoshone County Socialists met at Wallace Saturday and nominated a full County and Legislative ticket. This is their first appearance in county politics and makes four tickets in the field.

Heavy rainstorms washed out the long bridge at the Great Northern at Index, Wash., Sunday night. Train No. 3, inbound, passed over the bridge safely but a few hours before the bridge went down.

The halibut fishermen are making money in big chunks now. Schooner Mary, Captain Strong, arrived at Seattle Sunday with a cargo of 20,000 fish, which was sold for 2 1/2 cents per pound, amounting to \$750.

The elegant excursion steamship Spokane, Captain Lloyd, is now carrying more fish than men. She arrived at Tacoma from Skagway Sunday morning

BEAUTY.

HOW IT CAN BE OBTAINED

How to Make a Marvelously Perfect Complexion and Restore Youthful Looks.

HOW TO REMOVE PIMPLES, FRECKLES, MOTH, BROWN PATCHES, BLACKHEADS, OILINESS AND ALL DEFECTS FROM THE FACE, NECK AND ARMS.

There is nothing more beautiful than the human face with its vivid countenance, its sparkling eye, its pleasant smile and perfect symmetry. But the wonderful glory of the face is a radiant complexion with its lively glow, its youthful tinge, and its fine, smooth texture.

But the question is, can such a complexion be attained? In this wonderfully progressive age of art, literature and science; of the steam engine, the mighty cannon, the electric motor, the wireless telegraph and the ponderous fabric-making machines; what is there that is impossible?

By a careful study of the nature and texture of the skin, and a thorough research in the realms of chemistry and compounding of ingredients, a remedy has been at last perfected that will accomplish these results.

WHAT FACE BLEACH IS.—Face Bleach is not a cosmetic to cover up, but it absolutely removes once and forever all the discolorations and blemishes to which the complexion is subject. I can positively guarantee every woman it will do all I claim. Its action on the skin cannot fail to remove every defect. It's a well-known fact that the blood in order to cleanse itself is constantly throwing off its impurities through the pores of the skin; now if the pores are not kept open, the impurities of the blood cannot escape, but collect below the surface, and produce all manner of skin troubles, such as PIMPLES, FRECKLES, MOTH, SALLOWNESS, BLEMES, ACNE AND NUMEROUS OTHER SKIN DISEASES AND DISCOLORATIONS.

ACTION OF FACE BLEACH.—Now Face Bleach has this two-fold action; first, it has a mechanical action, which attracts and draws to the surface the impurities which have collected under the skin; and, secondly, a chemical action which removes by scaling off (in the form of a fine dandruff) the surface of the skin, diseased or dead cuticle, leaving the under skin—beautiful, youthful-looking and delicately tinted by nature—clear, smooth and perfect. This method is perfectly harmless to the most delicate skin, as it harmonizes with the laws of hygiene and nature, the two factors which we must adhere to and follow if we wish to permanently improve our personal appearance.

THOUSANDS BENEFITED.—Thousands of patrons, who were annoyed and vexed with most miserable complexions, have been delighted with the grand improvement Madame Ruppert's Face Bleach has produced in their skins. Many complexions, covered with pimples, blemishes and excruciating eruptions (itching, burning and annoying) have been changed to bright, beautiful skins, and the improvements made in their looks were simply marvelous. There is scarcely a defect to which the complexion is heir which will not succumb to this wonderful remedy. Premature wrinkles and lines—those intruders of beauty—are quickly effaced, and those muddy, disfiguring, yellow, jaundiced skins are quickly transformed into clear, wholesome ones by its use. Flabby skins—which also mark the ravages of time—become firm and smooth after a few applications. Skin troubles which have baffled the most skillful physicians have been removed and cured promptly, and many have expressed, personally and by letter, their heartfelt and profound thanks for this wonderful Face Bleach.

A positive guarantee is given if Face Bleach is used according to the new special directions which are furnished with each order, that it will remove every discoloration and impurity from your complexion.

All of Mrs. A. Ruppert's world renowned preparations are sold by us at reduced prices.
