

TIME HAS EXPIRED

New Rector for the Catholic University.

CONATY TO RETIRE

It May Be Possible That Bishop Spaulding, of Peoria, Will Be His Successor.

WASHINGTON, D. C., Oct. 11.—The term of office in the rectorship of the Catholic University having been limited by the episcopate to six years, and the present incumbent, Bishop Conaty, finishing his year of service this fall, considerable speculation is rife as to what selection the board of bishops will make at their annual meeting this month. They have the power to nominate three qualified candidates and to submit their names to Rome. The final selection must be made by papal authority.

A FAST BOAT.

NEW YORK, Oct. 11.—It has been announced that at the builder's trial held on Long Island Sound the torpedo boat destroyer Stewart, made between 27 and 29 knots an hour between Fort Schuyler and Greenwich, Conn. The Stewart's triple expansion engines are capable of developing 8000 horsepower.

SCHOOL CENSUS.

F. S. Ivanhoe, a prominent attorney and chairman of the Board of Directors of La Grande school district, seen by a Journal reporter today, says in regard to the work of the coming Legislature: "I think the first thing the Legislature should do this winter is to change the time of making the school census enumeration. At present the law requires the census to be taken in June, just the time when fully one-fourth of the laboring people are out of town, in the inland districts. The La Grande public school lost fully \$1000 this year by the action of this law. So many of our people move out of town in spring, yet claim residence in this district, that we have fully one-fifth more enrollment than we have enumeration. These children were not enumerated in the country districts, and at the time of taking the census were not in La Grande, so their proportion of the public fund is lost to the schools of the county. By all means the enumeration should be taken in February, when the children are in school and can be enumerated where they belong."

"I would like to see the Legislature pass a broad, equitable, fellow-servant law, also. It is one of the most important issues before the people, yet they don't give it much thought."

Plumbing Class Starts—Some Sunday Afternoon Talks.

The plumbing class at the Y. M. C. A. will commence work this evening. G. M. Traynor has been secured as teacher of the class. The shop in the association building has been completely equipped with benches and lockers and all the tools necessary for practical work.

TWO ENTERTAINMENTS.

Arrangements have been made with Miss Frances C. Fulton, dramatic reader, to give two entertainments for members. The first is for boys this afternoon. The first is for boys this afternoon. The first is for boys this afternoon.

A GENEROUS OFFER.

News has been received from Salt Lake City, where Oscar L. Cox, of the local association, has just taken up the work as general secretary. Mr. George Foeter Peabody has offered to give a building site worth \$5,000 to the Y. M. C. A., provided \$50,000 is raised for a building. The Salt Lake City association is not occupying rented rooms, but is carrying on a good educational and physical work. This offer makes it likely that they will before long possess a building of their own.

AFTERNOON TALKS.

Tomorrow afternoon will be the second of the pleasant Sunday afternoon under the new schedule. Rev. E. L. House, the new pastor of the First Congregational church, speaks to men at 3:30 on the subject, "Lion hunting on a snowy day." Following the meeting will be held the large Bible class led by Mr. Stone, and then at 5:30 the fellowship lunch will be served to members and their friends. The new boys' club called the "Bees" will hold their first meeting tomorrow afternoon at 3:45.

STOLE MAIL BAG

SAN FRANCISCO, Oct. 11.—Edward Jackson, a horseman in the employ of J. B. Haggin, the noted turfman and owner, was arrested today on the charge of stealing a mail pouch at Big Springs, Neb., while en route to California, while in charge of a car of horses. He found the pouch at the side of the track, awaiting an eastbound train, emptied it of the mail and threw it back in its place. An accomplice will also be arrested.

GETS AN OVATION.

CLEVELAND, O., Oct. 11.—During the Silver Jubilee of the First Bohemian Roman Catholic Mutual Benefit Association, Mayor Johnson was given a most remarkable ovation when he entered the hall where the meeting was being held. Everybody present rose to their feet and applauded his arrival and it was several minutes before quiet was restored. During the exercises Mayor Johnson delivered an address which was cheered to the echo. The Mayor was very hoarse from so much speaking during the week and consequently his address was comparatively short.

JURY DISAGREED.

After being out all night, the jury in the case of the state vs. Tom Driscoll, charged with stabbing a fellow workman named E. Hanson, was called into the criminal department of the Circuit Court this morning. As they were unable to agree they were discharged.

THE STAR WITNESS BEGINS TO LABOR

Fair Directors Hold a Live Meeting.

500,000 IS WANTED

A Director General Will Soon Be Named—Feeling Throughout the State.

At their meeting yesterday afternoon the Lewis and Clark directors began their work in earnest. Sixty new members were in attendance and 18 of the 25 members were present. They were:

J. C. Cooper of Multnomah, B. Van Dusen of Astoria, George W. Riddle of Ridge and P. L. Willis of Astoria, Samuel Gough of Astoria, Walter Leo Friede, Paul Wessinger, A. H. Devers, Rufus Mallory, John F. O'Shea, Charles E. Ladd, G. W. Bates, I. N. Fleischer, W. D. Wheelwright, W. D. Fenton and President H. W. Corbett.

RECOMMENDS PROCEEDINGS.

The meeting opened with the reading of the notice of election of 19 new directors.

The ways and means committee submitted a report giving a comparative statement of assessed valuation and tax levies in the state since 1875, and recommending a state appropriation of \$500,000. The committee also advised that the board confer with the Multnomah delegates to the Legislature as to what legislation should be asked of the state to assist the Fair.

It was thought that one-half of the money desired could be raised by the tax levy of 1903 and the other half in 1904. The highest possible levy would be 1.75 mills, but owing to the great increase in assessable property it is thought that the actual levy will be much lower than that.

DIRECTOR-GENERAL DESIRED.

The report of the committee being adopted, a motion was then carried instructing the committee at the next regular meeting of the board to recommend some person for director-general. Mr. Wessinger, in explaining this action, said: "My idea is simply to centralize the efforts of the various committees. I propose that some person be recommended for director-general. It would not be necessary for him to enter upon his official duties at once. He could simply keep in touch with the plans of the committees until such time as would be deemed proper for him to assume actively into the functions of the office."

PROPOSED AMENDMENTS.

Mr. Wheelwright proposed an amendment to the bylaws of the corporation for the consolidation of a number of committees and a union of their duties, thus reducing the number of standing committees from 24 to 13. The motion was tabled and was voted a special order of business for October 31.

Mr. Wessinger, chairman of the site committee, announced that the contracts for the grounds at Williams Heights would be completed next week.

REPORT OF FINANCES.

Secretary Reed submitted a report of the finances of the company. It was as follows:

Total receipts \$32,145.90
Total expenditures 2,760.82

Balance on hand \$79,396.09
On motion of Mr. Fenton the board voted to make eight members a quorum, instead of 11, as now required by the bylaws.

ALL COUNTIES INTERESTED.

The new directors are enthusiastic over the prospects of the Fair and declare that the people of the state are all ready to stand by the Fair.

Mr. Van Dusen reported that the people of Clatsop County were strongly in favor of the Fair and would advocate a large appropriation. Concerning the feeling in Yamhill County, Mr. Cooper said: "The tax will hardly be felt. You will not find Yamhill stingy. They don't want anything flimsy or shabby. They want the Fair to be a grand one."

O. L. Miller of Baker City gave just as strong assurances of the support of his part of the state toward making the Fair a success.

BAKER AND LA GRANDE.

O. L. Miller of Baker City, on account of the delayed trains, was unable to attend the Fair directors' meeting yesterday.

To a reporter of The Journal he said: "Baker will be here with the best mineral exhibit of the Northwest, and will do all in its power to make the Fair a success."

J. M. Church, the new director appointed from La Grande, in writing to Henry E. Reed, said:

"I assure you of my appreciation of the honor conferred upon me by the stockholders of the association and will be pleased at all times to assist by doing what I can to make the Exposition a success, and in nearly every case was successful to the entire Northwest."

HOOD RIVER FAIR

Weather Perfect and Big Crowd in Attendance.

HOOD RIVER, Oct. 11.—The fair now being held in this place is a success in every particular. It is conceded by all to be the greatest fruit fair ever held in the state, and those who are in the habit of attending such exhibitions are surprised at the beauty and extent of the display of the products of the orchards of this section. The display of apples is exceptionally fine, and in the raising of this fruit Hood River undoubtedly leads the world. The weather has been perfect and the attendance larger than ever before. Yesterday afternoon a baby show was held for babies over 1 year of age and under 2, which created lively interest. Idona Fern Sherrill, the 13-month-old daughter of Mr. and Mrs. W. E. Sherrill, won first prize, and Martin Taylor, the 22-month-old daughter of Mr. and Mrs. J. W. Taylor, won second. Miss Avery of Hartford, Conn.; Mrs. Sherwood and Mrs. Eggert of Portland were the judges.

Portland Unions Are Going to Their Rescue.

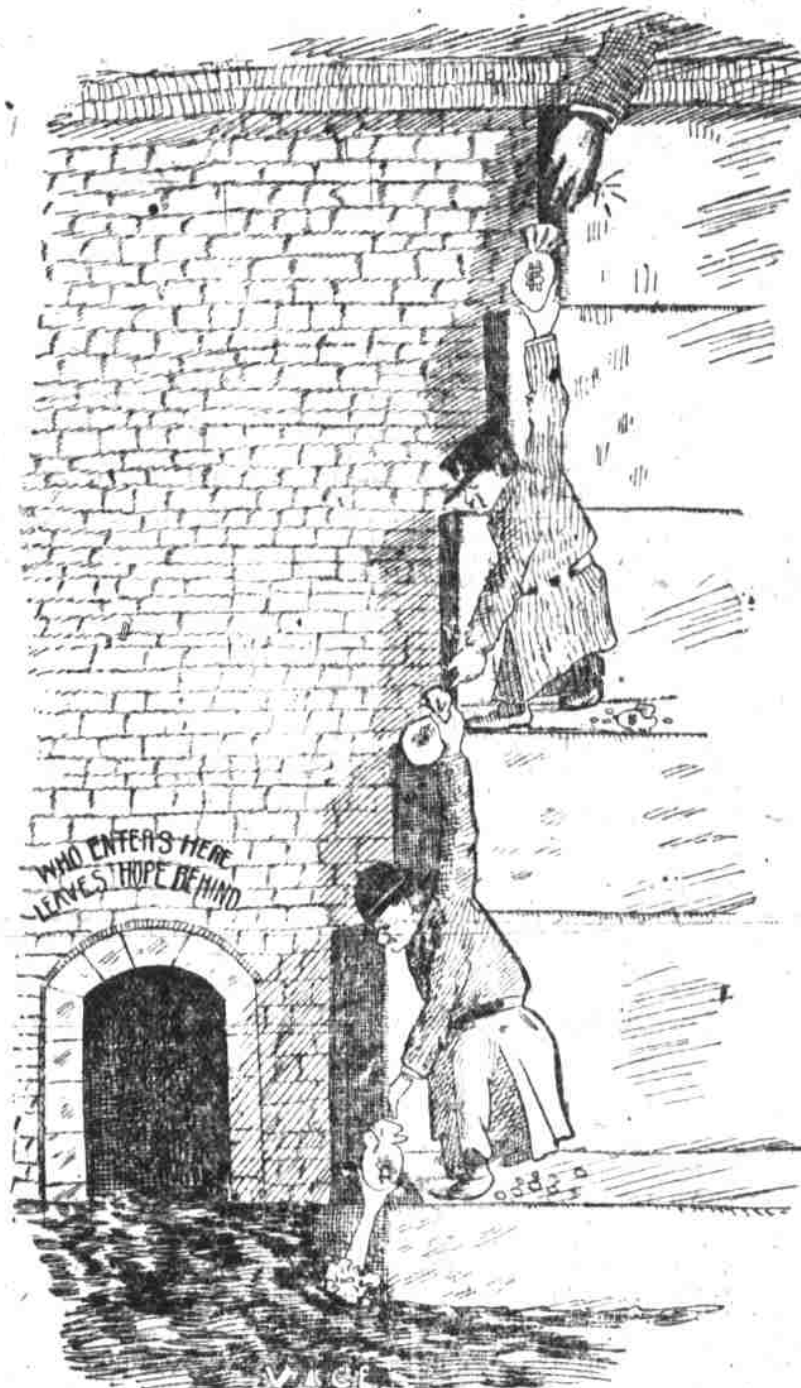

PRINTERS' RINGING APPEAL

In a Short Time a Sum of \$10,000 Will Be Subscribed.

The Multnomah Typographical Union has sent the following notice to each president of the local unions, asking them to attend a meeting to be held at the Auditorium Hall Sunday afternoon for the purpose of raising money for the striking miners in Pennsylvania:

"For 22 weeks the coal operators have been trying to degrade the standard of American labor and life to that of the lowest foreign laborers who can be induced to come into the country. The

of unusual merit, which was highly appreciated. The club was accompanied by 200 excursionists from The Dalles, who fully enjoyed the beautiful moonlight ride on the Columbia. In addition to their visit to the fair, a ball was given in the K. of P. Hall after the concert.

PIONEER PASSES AWAY.

Another of the pioneers of Oregon has passed to his last reward. William Hiernbothen, of Columbus, Wash., died at St. Vincent's hospital yesterday. He was brought to the hospital some time ago, but his illness baffled the skill of the physicians and an operation was performed two weeks ago, from which he never rallied.

THEIR SECOND FIRE.

Terry Kimzey, one of the United States grand jurors now in session in Portland, received a telegram from his home in Frairie City yesterday stating that fire had destroyed a drug store, blacksmith shop, two dwellings and three barns in that town.

"This is the second visitation," he said, "our little town has had from fire within the past six months. Last May one side of the principal business street was destroyed, besides a large number of dwellings. The burned district is being rapidly built up with more substantial structures and I have no doubt the ones just burned will soon be replaced with better ones."

FILTHY BARBER SHOPS.

The State Board of Barber Examiners has threatened to close up several barbershops at the North End if they do not comply more closely with the rules of cleanliness. At several of the shops the price of a shave is 5 cents and the places are next to be in filthy condition.

Next Monday the Board will conduct an examination at 266 Alder street, and many applicants for certificates are expected to be present. The test will be on hair-cutting, shaving, antiseptics and sanitation.

'LICENSE RECEIPTS.

The total sum realized from city licenses, when they became delinquent last night, was \$37,780 for the quarter. There was over \$50,000 paid in last quarter, but a large portion came from delinquents, who had not paid in two years. About \$8000 more is expected from this quarter, making about \$65,000 altogether. Three brokerages will pay about \$1200 alone.

AFTER ALL

Genuine worth and merit is what really counts in this world. Flimsy frauds have their day, to be sure, but it is always a short and feverish one that comes to an abrupt and calamitous close. Cheap pianos have their day, but the memory of them is not pleasant.

The piano with real, enduring merit is the only one worth having in your house. It may cost a little more, but you will never grudge the extra when you realize how much more satisfactory it is.

Good pianos are the only kind we carry. Every one we sell we guarantee, and owing to our superb advantages in handling them, and the immense quantities we handle for four large busy stores we can sell you a piano, first class in every respect, more cheaply than any other house in the Northwest.

We are exclusive agents in the Northwest for the three leading pianos made, Kimball of Chicago the Weber of New York and the Chickering of Boston. They are superb in every respect. Call and see them.
