

# WILL SUE POLICE

## Ung Leong to Bring Damage Action.

# HELD AS A WITNESS

## Will Claim Redress for False Imprisonment From Chief McLaughlin.

Ung Leong was released on habeas corpus proceedings this morning from imprisonment at the city jail, where he has been held for the past six days as a witness in a murder case. Attorney Lord, who represents Ung Leong, stated: "About a week ago my client was taken to the city jail without due process of law and was being held as a witness in a Chinese murder case. The man knows absolutely nothing about the matter and the Police Department had no legal right to deprive him of his liberty. The man has a cause for an action for damages against the Chief of Police and I will institute proceedings on the issue. I have no personal feeling in the matter, but think the practice of taking people and holding them without any other force than the iron bars of the jail should be stopped. This Chinaman in question has not friends or money and unless I had interfered in his behalf the police would have held him until they saw fit to dismiss him. These things are not right and should be stopped."

# IN THE COUNTY COURT.

Final settlement was made in the estate of S. F. Ranney, deceased, and administrator discharged. C. C. Fairbanks, G. M. Brown and C. M. Scott were appointed to appraise the estate of Mrs. J. Hawkins, deceased. Joseph L. Cahen was appointed administrator of the estate of William H. Smith, deceased, vice Lowell Smith, resigned. H. H. Bier, a young man of about 30 years of age, laboring under the hallucination that he was about to be killed by electricity, was adjudged insane yesterday and sent to the asylum at Salem.

# PROMINENT VISITORS

## Delegates to Good Roads Convention Entertained at Vancouver.

VANCOUVER, Oct. 15.—A party of prominent people who have been attending the Good Roads Convention at Portland, were in the city today. They were a jolly crowd, and made the most of the limited time at their disposal, by viewing the principal points of interest in the city. Those who were in the party are as follows: Hon. Martin Dodge, director Public Road Inquiries; James W. Abbott, commissioner of the Rocky Mountain and Coast States; Col. R. W. Richardson, commissioner for the Mississippi Valley; G. Russell Taggart, C. Thorpe, A. S. Powers, Mrs. Edith Tozier-Weathered, Miss Agnes Lane, Mrs. Inez Fellows, Miss Raymond, Miss Nellie McMullen, and Albert Tozier.

# Pleasant Surprise Party.

A surprise party was tendered Miss Fanny Stanton last evening at the home of her parents on Ninth and G streets, by a number of her school friends, in honor of her 19th birthday. The evening was pleasantly passed with music and games, until 9 o'clock, when a beautiful supply of "goodies," so dear to the hearts of children, was served. The little hostess was the recipient of numerous pretty presents. Those present were: Viola Burgoyne, Edna Erdmann, Beale Baker, Frances Covert, Margaret McEnaney, Nellie Preble, Beale McCarty, Agnes Brady, Willie Boyer, Elmer Webber, Herman Erdman, Alfred Shilt, George Wall, Frances Stanton, Maud Shaw, Walter Stanton, Robert Brady, Gus Dreher, Chas. Stanton.

# Farewell to Ira M. Swartz.

Vancouver Commandry, No. 10, Knight Templars, gave a banquet last night at the Columbia Hotel in honor of Ira M. Swartz, chief clerk of the Quartermaster's Department, who leaves next week to take a similar position at St. Louis. Mr. Swartz has occupied the position of chief clerk for 30 years, and has been at Vancouver Barracks for the past 12 years, and will take with him the best wishes of a host of friends.

# Woodmen at Banquet.

Vancouver Camp, No. 85, Woodmen of the World, met last night at Woodman hall, with the usual large attendance.

# PERMANENT EXHIBIT

## Many New Additions Made to It in the Last Few Weeks.

The Permanent Exhibit at 246 Washington street is becoming more attractive every day. Many additions are being made to it daily, the latest ones being a fine painting of scenery along the Columbia which has been put up on the wall by the White Collar Line. Owing to the munificence of some of Portland's mining men the mining display has been increased and may now be seen replying in glass showcases and other display cases. The exhibit is being visited every day by visitors to Portland and is proving to be of great value to the state. The display of fruits is excellent and is attracting much attention. The register which is kept at the exhibit shows the names of persons of all the states of the Union and frequently those of foreign countries.

# MONEY WAS STOLEN

## Ten Dollar Bills in Moyer's Window Disappear.

The Moyer Clothing Company is out twenty crisp new ten-dollar bills. The firm intended to give the money away, but had laid plans of their own in regard to the manner in which it was to be distributed. They believe in fairness, and giving all of their customers an equal show to get the benefit of the gifts. Therefore they were very angry when they found that someone had entered the store and got away with the \$200 in a bunch without even buying a suit. The money was pinned on some clothes in the show window and a ten-dollar bill was to be given to every tenth purchaser of a suit. The bills evidently proved a temptation to some one who needed the money. The method of securing it was by placing an empty dry goods box under a window, which opens into a room where tailors work, on the outside wall. The window was left open with a jimmy and the rest was easy.

# INTERESTING COUNTRY FAIR

A country fair that promises to make previous efforts in this line seem meager, crude and ill-advised, was opened this afternoon at Parson's Hall by the young women who compose the Portland Fruit and Flower Mission. This altogether laudable charity which carries sunshine in floral and verbal form to the sick of the city hospitals and homes, has this year put an entertainment before the public which merits a hearty support on account of the intrinsic merits of the affair as well as the admirable object to which the receipts are to be devoted. The patronesses are: Mesdames E. T. C. Stevens, H. K. McArthur, Richard Koehler, George C. Cressey, Ralph W. Wilbur, and Miss Virginia Wilson. Among the features of the fair are the older press, the housekeepers' fruit, candy, fern and refreshment booths. This evening a dance will be held in the ballroom, with a full orchestra in attendance.

# MARKLEY GUILTY

## Jury Returns Verdict of Murder in the Second Degree.

(Journal Special Service.) SALEM, Oct. 15.—John F. Markley was last evening found guilty of murder in the second degree by a jury of his peers. This was the result of the three days' trial of Mr. Markley for the killing of his former business associate, J. D. Fair, at Chamboog, on June 25 last. The verdict was found by the jury after deliberating for four hours, and the early return into court, by the jurors, with a verdict was a surprise to many, as the feeling was prevalent that the contest in the jury room would be long, and if a verdict was agreed upon at all it would not be until this morning. The closing arguments were made yesterday morning by John M. Gearin, of Portland, for the defense, and by Deputy District Attorney John W. McNary for the state, the entire forenoon being consumed in the argument. Both of these gentlemen made eloquent pleas, and the courtroom was crowded to the very doors to hear them. At 1:15 p. m. Judge George H. Burnett delivered his charge to the jury, and at 1:40 o'clock the jurors retired to deliberate upon a verdict. It was nearly 8 o'clock before they re-entered the courtroom, with the verdict finding the defendant guilty of murder in the second degree. When the verdict had been read in open court, and the defendant was taken back to the county jail, he discussed the matter with Sheriff B. B. Colbath, and he rather expressed surprise that the verdict was not for murder in the first degree, or acquittal. The defendant himself appears to have looked for no agreement on a middle ground. There is a strong probability that an appeal will be taken, and if so, one of the grounds for an appeal will be the refusal of Judge Burnett to allow the shotgun of the defendant, the cape taken off the gun and the wads extracted from the firearm, to be taken into the jury room.

# NEW CORPORATION.

The Retalac Mining Company, the name of a new corporation which filed articles of incorporation with the County Clerk yesterday, its object being to engage in the mining, milling and smelting business. It is capitalized at \$500,000, and the incorporators are J. M. Retalac, E. L. Deputy and N. M. Singleton. K. S. Ervin, James A. Beckett and R. W. Wilbur are the names of the incorporators of the Aquasurg Company (limited) with a capital stock of \$600,000. Its object is to carry on a wholesale and retail business in general merchandise. The Portland Dividend Company, capital stock, \$100,000, incorporators, L. M. Davis, N. M. Davis, and M. J. Baker. The object of the corporation is to loan and borrow money on personal security.

# FIGHTING FOR HIS FEES.

A jury in Judge Beaser's Court this morning is hearing the case of W. T. Hume vs. C. E. Robinson. Plaintiff alleges that defendant guaranteed the payment of his fees for defending George Bassett in a murder trial a few years ago, which he claims defendant has since refused to pay. Hence, the suit to recover.

# MOON'S TOTAL ECLIPSE.

The only eclipse of the moon visible this year in the United States will occur tonight at 8 minutes after 8 o'clock, and no one should miss this opportunity of seeing the wonders of Nature. The total eclipse will take place at 8:09 p. m., lasting until 10:06 p. m. The total eclipse will be over by 10:28, and by 11:40 the moon will be itself again.

# TO HELP MINERS

## Work of Sending Aid Still Continues.

# NEWS OF UNIONS

## Retail Clerks Ambitious to Become Strongest Union in Portland.

Liberal donations to the Pennsylvania miners are still being made by the local unions, regardless of the peace negotiations now under way for the speedy settlement of the long-drawn-out fight. Nearly every union in the city is contributing to the fund by either making cash donations or assessing its members, which is equivalent to cash, as the collections are made and forwarded in a very short time after such action is taken. Last night the carpenters met and took from their treasury \$1500 which will be sent East today. The tailors pledged themselves to \$600. The electricians last night made an assessment of its members for the same purpose and did also the retail clerks. A sum considerably in excess of \$3000 has now been raised.

# MINERS IN NEED.

Union men argue that if the miners should return to work at once that it would not be the means of preventing organized labor here from carrying out their plans of assisting them as originally outlined. They state that the miners and their families are in destitute circumstances and distressed, and that a little financial assistance, now will be a God-send to them. "It will be fully a month," said a prominent local leader, "before they will be able to support themselves, even if they should return to work immediately." The benefit to be given at the Baker Theater next week will be given as was decided upon several days ago. Six thousand tickets have been printed for the occasion and are in the hands of various union officials, who will place them on sale.

# GEORGE SMITH NOW ON TRIAL

A jury was sequestered this morning in Judge George's court for the trial of George Smith, colored, charged with shooting and killing his white wife in his room on August 20—the jurors chosen are: S. M. Lacy, W. M. Taylor, John Winters, Owen Carraber, John Landigan, Hans Larsen, James Shanessy, Norman Dashing, William M. Coke, Jr., Chauncey Ball, F. M. Sulford and A. M. Cummings.

# THE FIRST WITNESS.

Carl A. Duall was the first witness sworn. He testified that he saw Smith on the night of the murder at the Delmonico saloon, corner of First and Burnside streets. He was talking loudly and had a revolver in his hands. He said he was going to shoot some white person before long. He next saw Smith come to the side entrance of the saloon in a hurry, and had his hand in his hip pocket and run down Couch street to First street. Two officers came up and he told them the course Smith had taken. One of the officers ran down First street and the other in the opposite direction. While sitting in an employment agency he heard a shot and a woman scream. Frank Olcese was called to the stand, when court adjourned for lunch.

# COMPANY IMPROVES

The Oregon Water Power & Railway Company is engaged in making extensive improvements on the East Side. The company is completing the construction of a large wharf, 700 feet long and 200 feet wide, at the foot of Hawthorne avenue. The dock will be made large enough so that the largest vessels entering the river can be moored. The channel in front of the property will be dredged for this purpose. Connected with the dock will be three car tracks. They will extend along the harbor line 1000 feet to the Inman & Poulson sawmill, and eventually along the river bank to Milwaukie.

# To Build Large Addit on.

The success of the Odd Fellows' Home near Kenilworth has been recognized since its opening less than a year ago. Already the home is too small for the occupants. The board of management have decided to build a large addition to the home early next spring, and an architect has been engaged to draw the plans. The proposed addition will be in rooms and an enlarged heating plant. The structure will cost when completed about \$400.

# Building Bricks.

Builders are busily engaged in laying the foundation for Dr. D. Surman's brick structures on Hawthorne avenue. One of the structures will be located at the corner of Hawthorne avenue and East Water street. It will be 6x10 feet and two stories in height and will be used as a hotel. The other building will be a three-story warehouse, 75x75 feet. Both of the buildings will be constructed entirely of brick with a concrete foundation.

# Laid Away for Repairs.

All the bathing suits and other apparel attached to the Public Baths have been stored in the Holman storerooms. The directors of the institution have appointed a man to look after the baths during the winter months. They will not be taken apart, as was at first suggested, it being found that they were in a safer condition as a whole.

# THE ENGINEERS ARE ON TRIAL

## O. R. & N. Co. Brought Charges Against Them for Quitting.

The reasons for the three assistant engineers resigning their positions from the steamship Columbia are being investigated today before Inspectors Edwards and Fuller, as reported yesterday, the O. R. & N. Co. having preferred charges against them. John Diebhorn is attorney for the defendants, while Attorneys Miner and Conner are looking out for the interests of the O. R. & N. Co. Deputy District Attorney Mayes is representing the Government, and making note of the testimony. Captain Conway, superintendent of the O. R. & N. water lines, was the first witness, and in substance testified practically the same as he did in the Elder case, contending that they did not have right to resign without proper cause. The defense is endeavoring to prove that the engineers have the privilege of quitting at any time they choose to do so. The trial will last all day, and a verdict will probably not be reached before tomorrow some time.

# CADETSHIP FOR OREGON

The vacancy in the cadetship from Oregon at the Naval Academy at Annapolis, resulting from the failure of a former appointee to pass the physical and educational examination, was filled yesterday by the nomination by United States Senator Simon, of Harvey S. Craig, of Marion County, as principal. The young man is 18 years old, is a son of Hon. David Craig, of Waldo Hills and is a native of that place. Senator Simon also named Rudolph E. Hughes of Portland as first alternate, and Edward L. Metcahan, of Portland, as second alternate. Young Hughes is a son of Ed Hughes, formerly a dealer in farming implements at Portland and Fred Metcahan is a son of Hon. Phil Metcahan, formerly State Treasurer and now of the Imperial Hotel.

The three young men are all practically of an age. They are well developed physically, and have each received an excellent education in the schools of this state. They are earnest, ambitious young men and each expresses confidence in being able to pass the critical mental and physical examination to which they will be subjected. The examination takes place at Washington, D. C., on November 12.

# NARROW ESCAPE

GLASGOW, Oct. 15.—Lord Lipton's new challenger narrowly escaped being carried away by a hurricane at Dunbarton today.

During a severe hurricane last night the shed in Denny's shipbuilding yards at Dunbarton, in which Lord Lipton's new challenger was being built, was swept from its moorings and wrecked. At first it was feared that the challenger was demolished, but upon investigation it proved to have been only slightly damaged. The storm raged for several hours and considerable damage was done to the small boats in the vicinity. The Denny yards, in which the challenger is being built, suffered considerable loss and it was almost a miracle that the boat which is to compete for the great prize was not totally destroyed.

# BURNED TO DEATH

## Sad Fate of Mrs. Wm. Marshman Near Roseburg.

(Journal Special Service.) ROSEBURG, Oct. 15.—Mrs. William Marshman was burned to death at Wadston in this county yesterday. The unfortunate woman had been for a long time subject to spasms, and was closely watched by the family. Yesterday, however, while the members of the family were momentarily absent, she was attacked with a spasm and fell into an open fireplace. Before help arrived she had received burns which resulted in her death. Mrs. Marshman leaves a husband and four children.

# GREAT LOSS OF COAL.

CATLETTSBURG, Ky., Oct. 15.—The towboat Glenner, the flagship of a great fleet of coal barges southward bound, struck a submerged dyke in the river at this place this morning. Twenty-two coal barges sunk and 150,000 bushels of coal were lost.

# UNG LEONG RELEASED.

Ung Leong, the Chinaman who has been held in the county jail for some time as a witness in a Chinese murder case, was released this morning on Judge Sears' order.

# To Rebuild Spans.

The work of reconstructing the burned spans of the Madison street bridge will begin in a few days. It has finally been decided by the County Commissioners to build the two spans as per the original plans. The spans are each 190 feet in length.

# Taking Up Small Main.

The water commission has a force of men at work on East First street removing the small 6-inch main from that thoroughfare. The place of the small main has been taken by the laying of the large 14-inch pipe through that district. At 1 o'clock on Tuesdays, Thursdays and Saturdays there is a free clinic for treatment of the poor at St. Vincent's Hospital.

# BENEFIT OREGON

## A New Organization Formed Today.

# FAVORS IRRIGATION

## Will Get a Slice of the National Irrigation Fund for Oregon.

Another epoch in the history of Oregon opened this morning with the formation of the Oregon Irrigation Association by Congressman-elect J. N. Williamson, A. H. Devers, J. Hutchinson, J. C. Moreland, Henry E. Reed, C. M. McIsaac and James M. Moore, the latter three gentlemen representing the commercial organizations of this city. Officers were elected and the question of irrigation was thoroughly discussed. Resolutions were offered and referred to a committee and a plan of organization adopted.

# BUSINESS TRANSACTED.

The meeting was opened with the election of A. H. Devers and James M. Moore as temporary president and secretary, respectively. By motion, before adjourning, the temporary officers were declared to be permanent. Congressman Williamson pointed out that many parts of Oregon need to be irrigated; that the government has expressed itself as willing to send engineers here to survey and take soundings of rivers in Oregon, if a concerted effort be made here to request them. He explained that Chief Hydrographer Newell was here some time ago, but could do nothing, as some promoters who are doing irrigation work on their own hook in certain sections, discouraged him in his endeavors. Mr. Williamson emphasized the fact that Oregon must get her share of the appropriation made by the last Congress for irrigation work. The application for this work is \$2,000,000, of which \$900,000 was paid in by Oregon. This fund is taken from the money realized by the sale of public lands and \$900,000 worth of public lands were sold in Oregon.

If this state will just clear the way for it, men will be sent here by the government to do this work, he said. Thirty engineers were sent to California last week, and the same number would be sent here if a concerted effort be made to get them. Mr. McIsaac explained to those present that the Manufacturers' Association took this matter up two years ago and that it recommended to the government that the streams of Oregon be surveyed and that the reclamation service has followed these recommendations in mapping out the survey.

# PLAN OF ORGANIZATION.

After more discussion the following plan of organization as presented by Mr. Reed was adopted: The names shall be the Oregon Irrigation Association, that its purposes should be to advance the general welfare of the state by promoting irrigation, especially irrigation enterprises conducted under the auspices of the United States government. The annual meetings shall be held in the state of Oregon on the first Monday in October at 10 a. m., and that the officers of the organization shall consist of a president, vice-president, secretary and treasurer.

# OBJECT OF ORGANIZATION.

Resolutions were also offered by Mr. Reed showing the productive capacity of Eastern Oregon and that it could be increased 10 fold if that country would be irrigated and that the state take advantage without delay of the irrigation law in order that it may make use of the \$900,000 now available for irrigation work within its borders. The resolutions conclude by stating that "the president and secretary of said association be instructed to telegraph F. H. Newell, Chief Hydrographer of the United States Geological Survey, requesting him to begin work on reclamation projects under the present irrigation law at such point or points in Eastern Oregon as in his judgment offer the best assurance of success and benefit, and that the co-operation of the Governor, the Secretary and the State Land Board, and that the aid of the Portland Chamber of Commerce, the Portland Board of Trade, and the Manufacturers' Association is respectfully requested in this movement for the advancement of the general welfare of Oregon."

# ONE MAN KILLED.

(Journal Special Service.) SAN FRANCISCO, Oct. 15.—Through the carelessness of some street railway employes while switching this morning a coalcar got away and rushed down Jackson street a distance of 13 blocks. At Fourth street, near the center of the city a big telephone pole, breaking it into three pieces. A lump of coal flew from the car and struck William Fry, formerly employed as a cook in this city, killing him instantly.

# VERY POPULAR MEN.

For the most wanted railroad conductor the pool stands: Samuel Veatch, S. P. R. R., 107; W. R. Glendenning, O. R. & N., 101; S. W. Duxton, N. P. R. R., 123. The contestants for the gift of a dollar are: Louis Kelly, Ben Gravelle, Julia Hyland, Delphine Flenny, Mary Lawler, Gertrude O'Hanlon, and Edith Venator. The attendance at the fair continues very good.

# TESTIMONIALS

Now that Weber pianos have again received highest honors from the musical world, and will be used by the three leading musical organizations of the season of '02-3—the Grau Opera Company, Mascagni on this his initial American tour and also by the Kocian Concert Company, it may be interesting to know what some of the celebrated artists have to say regarding them:

NEW YORK, 4th June, 1902.

GENTLEMEN: It is my wish, and that of the Opera Company, that the Weber piano shall be used at the opera house next season as heretofore. The magnificent Concert Grande which you have sent us for the Sunday night concert has more than confirmed the impression that in tone quality, power, and carrying capacity the Weber has no superior in the world. The leading artists of the company have privately expressed to me their delight in the instruments (both Grande and Uprights) furnished for their private use, and it is the unanimous verdict that for concert work, as well as for accompanying, the voice in singing, the Weber piano is unequalled. With regards and best wishes for your continued prosperity, believe me Very truly yours, MAURICE GRAU.

"Among all the instruments of the renowned makers, here and abroad, I today prefer the Weber, because of its sympathetic tone quality."
