

COAL OIL ADVANCES

Quotations Go Up One-Half Cent Today.

MEATS PLENTIFUL

The Supply of Fresh Stock Is Now Greater Than the Demand.

The special feature of the local markets this morning was the advance of one half cent a gallon on coal oil. All grades are affected.

Packed meats are quiet at current quotations. There was a slight advance yesterday in Chicago on ribs and a decline on lard. The variations were so slight that they are not noted in the local markets.

MEATS PLENTIFUL.

The local meat market is receiving about all the fresh meats that can be handled at this season of the year. The demand is so limited that it doesn't take much of a supply to overstock the market and quotations. Although there was no change in meat quotations today, dealers are not keeping strictly to the list, but are selling whenever a buyer presents himself, no matter at what price.

LOTS OF CHICKENS.

Chickens are in about the same shape as fresh meats. Receipts have been quite large the past few weeks and there is an unexpected stock to be noticed in present quotations. One dealer remarked this morning that there was no regular quotations on poultry.

EGG SITUATION.

The egg situation remains about the same as yesterday, although the receipts of fresh Oregon stock was somewhat better. There was not enough difference, however, to make any change in quotations. "Some of the dealers are mixing their fresh Oregon and cold storage eggs," said a retailer today. "I have purchased several cases lately that were supposed to be strictly Oregon fresh, but a number of them were brought back by customers."

FRUITS ARE SCARCE.

Fruits are getting scarce with the approach of the winter season. The last of the season's crop of oranges are now in the market and are bringing fair prices, although not of excellent quality. The new crop will not arrive before the first part of December.

CHESTNUTS AND MUSHROOMS.

This year's crop of chestnuts are beginning to arrive from Ohio. They are being quoted at 15 and 16 cents a pound. A very good supply of mushrooms are being received from the vicinity of the city. They are of excellent quality but are only bringing 7 and 8 cents a pound, wholesale.
