RELIABLE MACHINERY

THERE is always one right answer to every question—one right solution to every problem.
Have you a machinery problem to solve—a machinery question to settle?
Are you putting up new works, or does your present machinery need changes?
We have large facilities and we are full of ideas and resources, so that it is very likely we can solve in just the only right way any machinery difficulty you may bring to us.

WILLAMETTE IRON & STEEL WORKS

NAVIGATION COMMITTEE
Of Chamber of Commerce on Lloyds' Proposition.

The navigation committee of the Chamber of Commerce has met to decide on the petition of Lloyds' Marine Agency for the privilege of directly obtaining shipping intelligence from the weather stations of Tatoosh Island and North Head. The committee, all the members of which were present, is composed of George Taylor, W. S. Silson, A. Tucker, W. D. Wheelright and E. T. Williams.
After due deliberation and much discussion it was decided that it would be best for Lloyds' to receive their marine intelligence from the regular channels.

COMING ATTRACTIONS.
Yon Yonson at Cordray's for Week Commencing Sunday Matinee, Nov. 9.
"Yon Yonson" has started out on his eleventh tour of the United States of America, and the trip of the popular Swede in some respects resembles the triumphal procession of a Roman emperor returning from victory. As has been the case before "Yon Yonson" is everywhere greeted with heartfelt enthusiasm and deservedly so, as he has never proven a disappointment to those who came to visit him at Cordray's Theatre.

Last Saturday WE Gave Away \$50.00!

To our customers who purchased SUITS or OVERCOATS at our store.

We expect to GIVE AWAY as much more tomorrow.

Don't you think you might as well have a present of a FIVE or TEN DOLLAR BILL with your purchase? Come in and see how it is done.

THIS IS HOW IT IS DONE

With every TEN men's SUITS or OVERCOATS we sell, we GIVE AWAY a TEN DOLLAR GREENBACK.

With every TEN boys' SUITS or OVERCOATS we GIVE AWAY a FIVE DOLLAR GREENBACK.

When you see it in our ad. it's so.

MOYER CLOTHING CO.
THIRD AND OAK STREETS

TO GIVE A MEDAL MANY NOTABLE MEN

John Fritz, the Inventor, Is to Feast Today.

Captains of Industry and Invention to Celebrate at Birthday Party Tonight.

NEW YORK, Oct. 31.—The Waldorf-Astoria banquet hall will be the scene tonight of the most notable banquet that has taken place in this city since the affair in honor of Prince Henry. Captains of inventions and industry, the central figures of finance allied with the iron trade and the leading members of the engineering profession in this country and Europe will gather about the board to celebrate the 80th birthday of John Fritz, ironmaster and inventor, of Bethlehem, Pa. The banquet will also signalize the successful founding of the John Fritz gold medal for achievement in the industrial sciences, the medal to be awarded annually by a committee of the American Society of Civil Engineers, the American Society of Mechanical Engineers, the American Institute of Mining Engineers and the American Institute of Electrical Engineers.
At the banquet the speakers selected will respond not only for each branch of the engineering and mechanical arts, but for the army and naval and allied interests.

A NOTED MAN.
John Fritz is the Nestor of the iron trade in this country. He began life as a blacksmith in 1818, and in his long career has been identified with almost every important step in the process of making iron and steel, which has resulted in an increase in the American product of a million tons in 1885 to 16,000,000 in 1901. The crowning effort of his life was the conception, the designing and erection of the great forge and armor plate plant of the Bethlehem Steel company, of which he was the chief engineer and superintendent from 1869 to 1892.
Mr. Fritz, physically vigorous and active of mind, still continues his investigations in his little office in Bethlehem, where he can be found daily with his assistants. He works early and late, and is even as industrious as in his early life. When he spent from 18 to 20 hours a day among the forges of the Bethlehem works. He is a striking example of the typical American, born by poor parents, who were solid, substantial and God-fearing. With only a district school education, gained in the midst of the stimulus and opportunity that American citizenship gives, and attained a position in the steel industry that is recognized by the whole world.
He is generally the only man living of the small group that introduced into the United States the Bessemer steel process. A great economical revolution was thereby effected, from which has flowed the tremendous development seen today in steel manufacture in the United States. The leading men in the industry today are the pupils of John Fritz.
In 1895 the British Iron and Steel Institute gave Mr. Fritz the Bessemer gold medal, which is about the highest distinction a steel-maker can receive. Charles Hewitt, who laid his career at the Trenton Iron Works, and made a vast fortune for himself and his brother, Abram S. Hewitt, is the only other American who has been so honored.

OUR BIG Trade ON Dr. Jaeger's Sanitary Health Underwear IS WELL MERITED.

Natural that a dealer should consider his wares the best; but we are a minority—backed up by a majority—most of the buying public think as we do.
Select the best and then stick to that—you will save money and be better satisfied.
DR. JAEGER'S comes first in fitness and finish.

TO FIGHT THE TRUSTS

Another Organization Started—Two Conventions to Be Held.

Two national conventions to be held in Chicago shortly will mark the next moves in the anti-trust war waged on the American Tobacco Company and its wing, the United Cigar Stores Company, by the independent dealer and manufacturer. Announcements of both gatherings were already made.
Over 100 cities will be represented in the first convention, which will give national scope to the Cigar Dealers' Association America, of which Thaddeus Howe, of Chicago, is president.

SECOND CONVENTION.
Independent manufacturers of cigars, tobacco and cigarettes will compose the second national anti-trust convention. The call for this gathering has been sent out by E. W. Galbraith, secretary and treasurer of the Universal Tobacco Company, prominent in the anti-trust war.
The headquarters of the Cigar Dealers' Association were opened several days ago in the Atlantic Hotel, Chicago. A force will begin systematic work to spread the membership in Chicago and abroad.

100,000 LAND BUYERS COMING

Chicago Financier Talks of Home-seekers Coming Here.

T. P. Keaton, a prominent Chicago financier, on being asked what he thought in regard to the immigration problem to the Pacific Northwest, said:
"The big crops and the desire to buy now before prices go higher, will cause the biggest rush of land buyers, home-seekers and investors this fall the Pacific Northwest has ever known. The great year of 1901 will be far surpassed. The estimates of the railroads doing business in the west, are that at least 100,000 land buyers will come into this section of the United States this fall. These figures are based on actual inquiries made to ticket agents by men in Chicago who are interested."

CHICAGO-ST. LOUIS.
CHICAGO, Oct. 31.—There is every indication that the Rock Island Railroad will have a line from Chicago to St. Louis before the opening of the Louisiana Purchase Exposition. No important cities are to be touched, except Bloomington, Litchfield, Springfield and Alton are missed.

MEDICOS AND U. OF O.

Indians and Multnomah to Kick.

THE LONG SHOT WON

Latest Turf, Diamond, Gridiron, Bowling, Boxing, Hounds and Sport Notes.

The young doctors will play at Eugene tomorrow with the University of Oregon eleven. The medicos are in fine form and expect to make a good showing against the down valley team. They have the advantage of weight but are not so thoroughly organized and coached as their opponents. Coach Dolph has been busy lining up the University forces for the fray and will only put the talent in the field necessary to hold down the visitors. The best men will be saved for the more strenuous contests which are slated for later in the season.

PORTLAND AND ALBANY.
The Portland Academy team will play at Albany tomorrow with the strong Albany College eleven. This should prove an exciting contest, with Albany a probable victor by a small margin. The team which is scoring team and Albany will find them dangerous opponents at all stages of the game. Chalmers, at fullback for the Academy, is proving himself a very strong man with the ball. Should Albany win the contest they will likely meet Multnomah soon after the Thanksgiving game in this city.

CHEMAWA VS. MULTNOMAH.
The Chemawa Indian school football team will meet the Multnomah eleven tomorrow afternoon on Multnomah field. The Chemawa boys have a strong team. The men are in first-class physical condition and can be depended upon to play as strong and fast ball at the end of the game as at the start. This is the third consecutive year the fall team has been together. They have a good coach this season, and the team work of the eleven is the best in the history of the school. They have always put up a stubborn contest, and this will be the case today. Multnomah winning by a score of 21 to 0 and Chemawa winning by 33 to 0.

OFFICIALS FOR BIG GAME.
At a meeting of the representatives of the University of Oregon and the Multnomah Club last evening the names of Reno Hutchinson, ex-University of California, and Ralph Fisher, formerly a student at Eugene but lately of Stanford University, where he played half-back and captured the team last year, were suggested by the U. of O. for officers in the big game on Thanksgiving Day.

INDOOR BASEBALL.
From present indications a four team indoor baseball league will be formed this fall, including the Multnomah Club, Armory, Y. M. C. A. and Portland Academy. Each of the above have always had a good team, except Portland Academy, but now that they have a good gymnasium there is no reason why they should not have one.

LONG SHOT WINS.
NEW YORK, Oct. 31.—May J., a horse that has been a tailender all season, yesterday by showing an unusual burst of speed won the five furlong race. She cut into the lead at 160 yards. Her success created great excitement.

WILL SPEED FAST HORSES.
MEMPHIS, Oct. 31.—The races of the Memphis Trotting Association close yesterday. The meeting has been highly successful and resulted in the lowering of a number of world records. Today the stars in the turf world will be sent out to go against him. Croesus will try to beat the trotting record, and Dan Patch and the Sea will attempt to lower the pacing time.

RUNNING HORSE NURSERY.
NASHVILLE, Tenn., Oct. 31.—The Belle Mead stock farm, which has been the birthplace of some of the finest animals of Chicago, has been sold to a party who sold to C. J. Jackson, who will continue in the breeding business. At an auction sale horses were sold to the extent of \$172,000 from this farm.

NEW CUP DEFENDER.
NEW YORK, Oct. 31.—The New York Yacht Club has announced through Secretary McCormick that the contract has been let to Hershoff for the construction of a new cup defender. Some new features in the design and material will be introduced. She will be sailed in the contest by Captain Barr. The syndicate is composed of E. H. Gary, Clement Griscom, J. H. Hill, William B. Ledder, Norman B. Moran, William Rockefeller, Cornelius Vanderbilt, Henry Walters and P. A. B. Widener.

HOUNDS SHIPPED EAST.
SAN FRANCISCO, Oct. 31.—Some of the swiftest hounds in California are being shipped to St. Louis to contest in the American Waterloo cup stakes, to be held there on November 8 and 9.

ALL-AMERICAN BOWLERS WIN.
BUTTE, Oct. 31.—The All-American bowling trio, which is making a tour of the West, opened a series of games here yesterday. They won five straight games, making an average of 617 points for each and a total of 3,985.

BASEBALL IN THE SOUTH.
AT SAN FRANCISCO—San Francisco, 6; Los Angeles, 5.
AT SACRAMENTO—Sacramento, 8; Oakland, 6.

AMONG THE BOXERS.
A promising pugilistic contest in the featherweight division is scheduled for the Transport Athletic Club tonight. The prospective contestants are "Kid" Broad, the Cleveland fighter, and "Bucky" Ryan of Chicago. Ryan will be the slight advantage in the matter of weight, but this will be counterbalanced by Broad's superior cleverness. The bout will be a six-round affair.
Joe Bernstein, who has been doing more fighting recently than any other man in his class, is slated for another tonight when he will face Joe Tipman, the local fighter. The affair will be for 20 rounds and will be pulled off under the auspices of the Trans Athletic Club.
There is some talk of a fight in Seattle

Lyman Wolfe & Co.

MAHER AND O'BRIEN.
PHILADELPHIA, Oct. 31.—Peter Maher and Jack O'Brien fought a six-round draw here last night. The battle was fierce. In the second round it looked like Maher's fight, his landing O'Brien to the floor with a vicious jaw swing. Both men were badly punished.

THE TERRIBLE TERRY AGAIN.
PHILADELPHIA, Oct. 31.—Terry McGovern has been matched to meet Sammy Smith of this city in a six-round contest here on November 7.

VIOLATION OF GAME LAWS

Hunters Must Stop Killing Fowl Contrary to Law.

The people of Arlington and other up Columbia River points are greatly incensed over the wholesale destruction of geese on the sandbars and islands of that locality. Complaint has been made to State Game Warden Quimby to bring some of the violators of the game laws to justice.

Hunters from Portland and other points have been in the habit of dropping into that section on hunting expeditions, burning much powder and bagging many water fowl. Most every day the atmosphere is filled with the din of the bombardment of the sportsman in the willows and marshes along the Columbia.

The killing of the geese along the river on islands and sandbars, where they feed and roost, has had the effect of driving the fowl from the section to more remote parts and thinning them out.

Page 220 of the Session Laws of 1901 says: "It shall be unlawful at any time to shoot at or take or kill, or attempt to kill, injure or destroy by any means any wild geese on any island or sandbar in or along the Columbia River and within this state east of the Cascade Mountains, on which wild geese habitually rest or roost.

BURLEY BACK FROM NORTH.
SEATTLE, Oct. 31.—Nick Burley has returned from Dawson. While there he had a go with Frank Blavin, also a number of other hard fighters. Nick has received a letter from George Siler of Chicago, offering him inducements to go to the Windy City, where there is plenty doing in the fighting line. Burley will leave at once.

JORDAN AFTER M'GOVERN.
San Francisco, Oct. 31.—If everything goes well with Terry McGovern he will be in California not later than November 15. That he expects to fight Young Corbett here this winter there can be no question, notwithstanding that bids for their fight, which has gained so much notoriety through the action of the courts, have not been opened yet. The offer of a club in Philadelphia to pull off a six-round bout is not looked upon seriously here. San Francisco is the logical place for Corbett and McGovern to meet, and this will be the place if they meet at all.

A San Francisco newspaper man who returned from the East last night met McGovern in Chicago, on his way West, and had a long talk with the ex-champion. "Terry asked me to tell his friends here that he would visit them not later than November 15," said he this morning. "When I saw him he was appearing at shows and meeting all comers, but he intended to return to New York to let the matters to come to California. I think he will have a couple of scraps before he arrives. I am under the impression that he is to box Young Mowatt six rounds at Chicago on November 1, and I believe that he is matched to fight Benny Tanager. I

YOUTHFUL LAW-BREAKERS.
Martin Toomey, Robert McElwain and E. Allison, who were indicted by a grand jury September 23 for setting fire to a store building belonging to the Oregon Railroad & Navigation Company, August 22, were arraigned before Judge Sears yesterday.
The boys are only about 15 years old and owing to their youth, the Court had them remanded to consider what is best to do with them.

SMALLPOX SCARE.
A birthday party given by Miss Elsie Hutton at the home of her parents at 591 East Morrison street last Sunday evening may be followed by serious results. The young lady had been indisposed for a few days, but was able to entertain her friends. City Physician Zan has since learned that the young lady was afflicted with smallpox, and has had her removed to the isolated hospital. The Hutton residence is next door to the First United Brethren Kindergarten, and as soon as the smallpox flag appeared the school was promptly closed. The young lady's home has been thoroughly fumigated and it is believed the children in the school will escape the disease. Those who attended the party are being vaccinated as fast as possible and it is hoped that a spread of the disease will be prevented.

ANOTHER MERGER.
HELENA, Mont., Oct. 31.—The absorption of the Great Falls & Canada road by the Great Northern will be consummated at midnight tonight, when the transfer of the property will be made. The officials of the Great Northern have recently completed a tour of inspection of the Great Falls & Canada. The property is reported in good condition, though it is understood a number of improvements will be made in the near future.
