HARD ON THE FATHER.

A little girl 3 years old who is very fond of music has a father who cannot distinguish one tune from another. However, she is always urging him to sing. He was trying his best to please her with a hymn one day and flattered himself that he was doing very well. Suddenly the little tyrant turned upon him and demanded: "Why don't you sing, daddy? You're only making a noise."—New York Press.

ACROSS THE RIVER

ROUTE A MYSTERY

Steamer Arrow a Flyer---Speed of 22 Miles an Hour.

Speculation is rife concerning the route upon which the steamer Arrow, now building at the yard of Joseph Paquet, foot of East Oak street, will be used.

The Arrow will be one of the most beautiful as well as speedy boats ever built on this coast. The vessel is 165 feet in length, 22 feet in breadth and has a 7-foot draught. She will have six lifeboats and is being built exclusively for passenger service.

The boat will be equipped with two Taylor pipe boilers and triple expansion engines. It is expected with this machinery that a speed of over 22 miles an hour can easily be secured.

VERY HANDSOME LINES

Mariners say that the vessel has the most handsome lines of any boat they have ever seen, and predict wonderful speed on her trial trip. The cabins will be elegantly furnished and will have chair seats similar to those used in the Pullman cars.

No freight of any kind will be handled, the only room on the boat being a very small one for passengers baggage. It is expected that when the vessel is completed her engines will be able to develop 1,200 horsepower. According to Mr. Paquet, the builder, coal will be used for fuel.

MYSTERY ABOUT VESSEL.

Mystery is attached to every part of the vessel. Even the company that is building the boat is kept a secret from the contractor. Capt. James Cochran, an old veteran steamboat man of the river, has charge of construction.

For some time rumor had it that the Arrow would be used as a through boat on the Astoria route, then again the route to The Dalles was selected. Now a very competent authority says that there is no doubt that she will be put on the Seattle-Tacoma route in opposition to the steamer Flyer of the Columbia River & Puget Sound Navigation Company.

TO RUN ON SOUND.

"The vessel is built on such lines that it would be impossible to run on the Astoria or The Dalles routes and make money for its owners. It is built for Sound travel," said a river man, "and is designed to stand harder seas than seen on this river.

"You will probably remember that the new interurban electric line has been finished and is running between Seattle and Tacoma. Since the completion of the road, travel on the boats has fallen off considerably. The steamboat people, therefore, had to build a vessel swift enough to compete with the railroad if they wanted to secure their share of the traffic.

"With the Arrow on the route her owners will be able to make faster time than the electric line and also give cheaper rates. Another thing that makes me quite certain that the boat will be put on the Sound run is that the builders of the Arrow are now figuring on building two more of the same class of boats. An hourly service can be given with three boats." The vessel when completed will cost about $---.

MORE POLICE

Wanted by East Side Residents---Too Many Robberies.

More police officers are demanded by East Side residents.

The demand is caused partially by the long list of robberies that have been committed in that section of the city lately. Not one of the criminals have yet been captured by the officers, and none are looked for while the force is so small.

"The police are not blamed for their inability to be in about five square miles of territory at one time. During the evening there are four police assigned for duty on the East Side.

One of them has a beat covering all that portion south of East Morrison street to the city limits. Between East Morrison street, East Burnside street, the river and Sunnyside, one officer has to look after lawbreakers. The territory from Sullivan's Gulch on the South, Russell street on the North, the Willamette River on the West and the city limits on the East, is looked after by one man. The fourth man on the East Side beat has to patrol all that district lying from Russell street and the Peninsula, a distance of about four miles, and then from the river to the city limits on the East.

"It's no wonder," said a well-known East Side property owner today, "that there is so much crime going on in our section of the city. The police are doing the best they can, but there is not enough of them to patrol one quarter of the territory."

MINISTER RESIGNS

Rev. J. J. Dalton of First Cumberland Presbyterian Quits.

Another East Side minister has resigned his position, the third one within a week.

The latest resignation is that of Rev. J. J. Dalton, D. D., pastor of the First Cumberland Presbyterian Church, East Twelfth and East Taylor streets. Rev. Dalton handed in his resignation a few days ago, to take effect about February 15. He has been pastor of the church for over a year and was formerly stationed at Henderson, Ky. Mr. Dalton's wife died some time ago and since that time his health has been failing. He thinks that a rest would do him good.

ASSAULT CHARGED

Former License Collector to Have a Hearing in Justice Court.

The assault and battery case brought by Otto Burkhard, deputy County Auditor, against Ab Tichner, a former license collector, which was to come up in the East Side Justice Court this morning, has been continued until tomorrow morning. Burkhard alleges that Tichner came into the auditor's office on November 11 and demanded 10 cents additional on some warrants that he held. A dispute arose over the legality of the payment, and in a moment of anger Tichner struck the deputy a hard blow in the face.

East Side Briefs.

An East Ankeny street car yesterday ran over and instantly killed a valuable pointer dog belonging to Capt. A. M. Cox, former East Side constable. The dog was valued at about $50.

Mrs. W. J. Sally, residing at 415 East Ankeny street, fell on the sidewalk yesterday and inflicted several fractures on her left arm.

Wedding Anniversary Surprise.

A. A. Kadderly, the well-known East Side grocer, and his wife were agreeably surprised Tuesday evening by a large number of their friends, the occasion being the 22nd anniversary of their wedding. The evening was spent in merrymaking. Refreshments were served.

Sued on Note.

G. G. Hancock has filed a suit in the East Side Justice Court against A. J. F. Bowman for the sum of $5, alleged to be due on a note. The plaintiff also asks for $15 attorney's fees and costs of the suit.

INSTINCT OF THE MUDFISH.

The remarkable instinct of the mudfish to roll himself in a ball of mud when the dry season approaches is a wonderful provision of Nature intended solely, it would seem, to prevent the extinction of the species. The most interesting fact about this fish is that it breathes by means of its gills when in its native element and by means of lungs during its voluntary imprisonment in the mud cocoon.—St. Louis Chronicle.
