THE COMMERCIAL WORLD

F66S ARE STILL VERY SCARCE

Dealers Try to Bear the Market But Fail.

The Hop and Potato Line Is Dull With Nothing Doing-Pork Comes Fast.

Locally there were no changes in quo-fations today. Business was fair, but re-celpts were rather heavy.

strary to the reports of some of the local jobbers, the egg market is still short of the fresh Oregon stock. Quota-tions on that line of goods are holding stiff at between 323/2025 cents a dozen. At this price the demand for the home goods is not so strong as formerly, as the Eastern fresh is just as good a quality and is selling at lower quotations. Some few sales are being made of the cold stor-age variety. Quotations are the same.

CHICKEN MARKET OPENS WELL With a great deal of the accumulated wild game out of the way, the chicken market shows up much stronger today and quite a number of sales were made at sigures sightly over the printed quota

Pork was in liberal receipt today, but the demand was good, and no surplus stock is on hand. Receipts of beef were rather small, but were still too much for the limited demand. Quotations on veal

There is absolutely nothing doing in the hop market. Dealers say that they have no orders on hand at present, and are anwilling to pay the market price for the product. Growers seem to be in no hurry to sell, and no change is expected this month in the situation.

Today's quotations as revised are as Grain, Flour and Feed.

Wheat—Walla Walla, 72c; bluestern, 79c; Valley, 75c. Harley—Feec, \$22.00; rolled, \$23.00@ 24.00.

NOW MAGNATE

H. M. Flagler of Standard Oil Had Poor Beginning.

BELLEVUE, Dec. 4.-Henry M. Flagler, Standard Oil magnate and "King of Florida," began his career as a dry goods clerk and wool buyer in Bellevue. | Now his wealth ranges in the neighborhood of \$50,000,600. In the old days he used to carry his lunch to the loft over Peter Brady's stove store, and, occasionally, Peter favored him with a loan that enabled him to pay for a consignment of

The building which served as Brady's store and Flagler's wool emporium still stands. Henry Cook conducts a restaurant on the ground floor, and the second story has been divided into living apart-

Flagler's father was a Presbyterian minister. In 1849 Flagler became a clerk in Harkness & Chapman's dry goods store. He served a dozen years in that capacity, and, meantime, wedded Mary, daughter of Dr. Lamon Harkness. Th latter "staked" Flagler, and the young man went to Saginaw, Mich., where he engaged in the salt business. He lost his investment in about three years and returned to Bellevue. Harkness came to the front again, with the resulf that Flagier was enabled to enter into the dry goods business, with John Berger, and to deal in wool. D. M. Harkness, his brother-in-law, also gave him some as-sistance. His business success was not ensational, and with Barney York he urificed to Cheveland. That was shortly after the war. They engaged in the com-mission business with George W. Gardner. Then the members of the Harkness family and Flagfer became interested with John D. Rockefeller, a rising young business man, in the refining of oil. The enterprise developed into the Standard Oil Company. Flagler became one of the

richest men in the country.
Flagler is spoken of in a kindly way by the old men who were in his set before the war. He was one of a crowd, they say, who used to walk over the table and break dishes after their spreads in the Tremont house, but they paid for the wreck. Flagler is described as a lively, though generous, youth, and, in his later years, as a useful and progressive citi-

NOT YET ENDED

Caastro Does Not Have Things Easy at Home.

WASHINGTON, Dec. 4.-Reports reach here from Venezuela that lead to the belief that the war between President Castro and those who oppose him in his own country is far from ended. Although the nationalist forces won re-cent victories, the threatened trouble with England and Germany has resulted in renewed hope to the rebels, and Gen. Matos, the leader of the opposition to Castro, will lead another expedition into the recently won territory. He hopes that the custom houses will be seized by the foreign powers, and thus robbed of all revenues, Castro will be forced to give up the fight.

WORK ON GOULD ROAD.

MEMPHIS. Tenn., Dec. 4.—Work on the Gould line down the western bank of the Mississippi between Memphis and New Orleans, known as the Memphis, Helena & Louisiana Railroad, is making phenomenal progress, and it is said that it will be in operation between Tripp Junction, near Arkansas City, Ark., and Concordia, La. straight down the river by February of next year. At Concordia a connection is made with the new northern extension of the Texas & Pacilic, while at Tripp Junction the Iron Mountain line from Little Rock, to Ar-kansas City is tapped. After the opening of the portion of the line indicated, Little Rock and contiguous territory will have a through short line to New Orleans along a water level over the Gould roads. It is not expected that the direct connection into this city will be com-pleted short of eighteen months.

CONGRESS OF MOTHERS.

COLUMBUS. O., Dec. 4 .- Drawn together by their common desire to develop better parenthood, childhood and home life, representative men and women have gathered in Columbus from many parts of the state to take part in the proceedings of the first Ohio Congress of Mothers. The congress began its sessions today and will continue through tomorrow. Prominent among the participants are Dr. Starr Cadwalader of Cleveland, Dr. Washington Gladden of Columbus, and President Thompson of Ohlo State Uni-

HALIBUT MARKET.

BOSTON, Mass., Dec. 4 .- The Atlantic Halibut Company of Gloucester, which is interested in the halibut fisheries of the Pacific, has decided to increase its West-ern business, with an idea of controlling the trade in Western fish in the Eastern markets. The International Fish Com-pany has been organised for this purpose. The plans provide for the building of many additional steamers to fish for hall-

Harris-Gates Crowd Still Hang On.

A Heavy Continental Demand for Tierces Keeps Up the Prices Still.

Furnished from special wires to Bolton te Ruyter & Co., 102 Third street.

CHICAGO, Dec. 4.-The Record-Herald says; There were deliveries of about 300,-000 bushels of standard oats by Harris-Gates yesterday afternoon. There has been a line of about one million bushels of cash oats held in this office ever singe September. The holder is supposed to be a rich local operator. Yesterday's deliveries were not indicative of any change of faith by this owner. The oats put out yesterday were those in the less desirable houses, where the inspection was particularly lax during that period when the elevators were making standard oats with such a rush out of November white. The bulk of cash oats are still held by Harris-Gates. There has been little business in standard at preference over the December with track buyers, but this demand has been small. Most of the elevators are hard to reach with the teams, and it is cheaper to pay a high price or the track than to take the same oats out of store.

Every day there is support given the December corn here by a group of houses acting for the St. Louis interest, which so far controls the December here, at St. Louis and Kansas City. It does not take much of a line here to cover the total contract corn. It was supposed that Cleage, manager of St. Louis blind pool operators, has liquidated in the December here, but of late there has been signs that there was still a holding here. There was a cargo of 100,000 bushels No. loaded here yesterday for this St. Leuis account. Just at the close each day there is a beginning for December by a group of commercial people who have relations with St. Louis. Some of these get from Tyson, who is the representative of the Cleage party. The December buying yesterday was by McCleary, Bryant, Baxter and Phillips. The De cember at Kansas City and St. Louis was held firm here on a very unimportant rade. There was little shading of Tues-

day corn at the closing. Sifippers are paying 10 Cents over December for loose yards up to December 15 equal to about 50 cents over December for the lard tierced. The best information from the continent is that the buyers there will take all the lard they have contracted and not resell here, although

OF SWAMP-ROOT

To Prove What the Great Kidney Remedy, Swamp-Root Will Do

W. F. Lohnes, a prominent business man of Springfield. Ohio, writes the fol-

Springfield, Ohio, February 21, 1991.

W. F. LOHNES, 4314 West High Street.

loging strong indorsement of the great kidney remedy, Swamp-Root, to the editor of the Springfield, Ohio, Republic:

"Having heard that you could procure a sample bottle of Swamp-Root, free by mail, I wrote to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle and it was promptly sent. I was so pleased after trying the sample bottle that I

sent to the drug store and procured a supply. I have used Swamp-Root regularly for some time, and consider it unsurpassed as a remedy for torpid liver, loss of appetite and general derangement of the digestive functions. I think my trouble was due to colors confinement in my business due to colors confinement.

appetres and general derangement of the digestive functions. I think my trouble was due to too close confinement in my business. I can recommend it highly for all liver and kidney complaints. I am not in the habit of indorsing any medicine, but in this case I cannot speak too much in praise of what Swamp-Root has

The mild and extraordinary effect of the world-famous kidney and bladder remedy, Dr. Kilmer's Swamp-Root, is soon realized. It stands the highest for its

wonderful cures of the most distressing cases.

wonderful cures of the most distressing cases.

EDITORIAL NOTE.—If you are sick or "feel badly," begin taking the wonderful discovery, Dr. Klimer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

You may have a sample bottle of this wonderful remedy, Swamp-Root, sent absolutely free by mail, also a book telling all about Swamp-Root, and containing many of the thousands upon thousands of testimonial letters received from menand women who owe their good health, in fact their very lives to the great curature of Swamp-Root. In writing to Dr. Klimer & Co. Einsteamton N.

and women who we their good heaten, in lact their very lives to the great curative properties of Swamp-Root. In writing to Dr. Klimer & Co., Binghamton, N. Y., be sure to say that you read this generous offer in The Oregon Daily Journal.

If you are already convinced that Swamp-Root is what you need you can pur-

chase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Rroot, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

For YOU, Every Reader of The Oregon Daily Journal May

leading lard operator at Hamburg, to Pidan, has been here this week, says foreigners having held out of He says foreigners having held out of the market during the summer and early fall because of extraordinary high prices are now compelled to take all the cash lard they can set. As he puts it, the Humburg buyers will take their cash lard, no matter what the price on this side, and accept the profit or loss which awaits them when they get the product of Hamburg. He also adds a shortage of hogs at home has something to do with the extraordinary continental de-mand.

There was a sudden closing up of De-cember wheat discount yesterday, barely 2 3-8 at close, instead of 3 3-8 as on Tuesday. Cash people represented a good de-mand for the better grades of wheat and were of opinion this spot situation ac-counted for the relative decrease in

A Tame Market. NEW YORK, Dec. (-The Sun says: The security market today shivered under the cold bath received yesterday in the shape of higher rates for call money. The general tendency was toward weakness, but at times call money rates declined and the market in turn rallied, though rather faint-heartedly, so that many of the active stocks showed small advances for the day. It is a tame and dispirited affair at best, having no marked feature and calling for little comment. Sterling exchange in Paris gap between anticipation and fact in the matter of gold exports to Paris is now quite wide, More hopeful views' were also entertained regarding a possibly unfavorable change in the Bank of England rate of discount. It is said the bank has the London situation well in hand and its directors are not desirous of complicating the situation on this side. An announcement was made of another shipment of \$500,000 to South America. The banks again lost to Sub-Treasury on customs and international revenue trans-

New York Summary. NEW YORK, Dec. 4.-American stocks are at about parity. Congress declines to remove the duty on anthracite coal. Real estate speculation in the Northwest is creating a demand for currency on West ern banks and preventing returns to this The Northwest people say no deal with the great Western is con-templated. The chances for reciprocity with Cuba are considered in Washington as not so good. R. I. October figures show 13.6 per cent, earned on new common stock. It is understood that the beef packing combination was only deferred until Morgan could get clear of the ship ping company. Fifty-three roads for the third week in November show a gross increase of 11.9 per cent. St. Paul directors formally deny the sale of stock in the open market. Stocks are plenty in the loan crowd. The Bank of England rate is unchanged. Hocking Valley earnings for the fourth week in November amount to \$5,296.

Cattle and Hogs. over yesterday; receipts one year ago, 34,000. Mixeh and butchers' \$5,90@6.55; good heavy, \$6,35@6.55; rough heavy, \$6,85@6.30; light, \$5,85@6.30.

First Train Leaves This Morning at 7:30.

Portland Capital Exclusively Used in Building Road--Prominent Citizens Interested.

The first train on the Columbia River Northern Railroad left this morning at 7:30 o'clock for Lyle. It consisted of one engine and two passenger coaches and was in charge of Conductor W. H. Fowler, of Pendleton, and Brakeman Adams

The train went over the O. R. & N. track as far as Rowena, 30 miles east and opposite Lyle, where it was transferred by barges across the Columbia River to Lyle. At this point the cars were placed on tracks owned by the Co-lumbia River & Northern Company, where they will be followed by the ba equipment, consisting of about 75 flat and box cars and another engine, which are at present at the Northern Pacific Terminal yards.

TWO MILES TRACK COMPLETED.

The first two miles of track are already completed and further track laying will be continued and completed as fast as money and men can bring it about. This road is being built between Lyle and Goldendale, a distance of 45 miles, extending through the heart of the Klickitat Valley. The cars have modern appliances in the shape of automatic and brake engines equipped with air sanders, air bell ringers and air train pipes. The passenger cars are equipped with steam from locomotives or in the regular steam heater fashion.

LOCOMOTIVES TO BURN OIL. The locomotives are built fo burn crude oil, and appliances are now being placed on the road for that purpose. This is the first road in Washington to burn oil. The road is being built on Portland capital, among the prominent stockhold-ers being Rufus Mallory, H. L. Pittock, H. C. Campbell, Milton W. Smith, H. W. Corbett, J. B. Ayer, Charles Coggswell and C. F. Swigert.

As has been previously state in The Journal, the Columbia River & Northern Company will be completed by

NEWS OF AND FOR MARINERS

The Goings and Comings of Those Who Plough the Mighty Deep.

The British bark Duncarn is expected to reach Sitka, Alaska, soon with a cargo of 25,000 tons of coal from Wales. The owners of the vessel are expecting to get a return cargo at Sitka, but are evidently not familiar with the resources of that section. Placer gravel is the leading commodity, but it will make fine ballast for the ship.

The British ship Isle of Arran, which was libeled on complaint of sailors, was released yesterday by the Federal Court on \$1,500 bonds.

The new schooner Virginia, which arrived in port a few days ago, is at the San Francisco.

The schooner Fred J. Wood entered yesterday with 1,040 tons of sulphur from Hakodate. She is at the Greenwich dock, where she will discharge half of Hakodate. the cargo. The remainder will be taken to Victoria, B. C.

ONCE FAMOUS

Now Warship Is Rotting and Almost Forgotten.

LONDON, Dec. 4.-An American ship of war, once the most famous in the United States Navy, lies rotting at the West India docks. The ship is the President, which was captured from the Americans in September, 1814. The ship was one of the country's naval main-stays during the War of 1812, and proved so dangerous to British commerce that a special fleet was sent out to capture her. She was finally forced to yield after a hard fight with a superior force. She was taken to Bermuda and later to Portsmouth, where she was for many years a model for other frigates. In the sixtles she did duty as a drill ship Chatham. She is useless and is rotting away. It is said that a move will be made in America to have the old hulk returned to that country.

7979 MEN WANTED

of any disease we take.

It is experience and memory which enables a man in any line ness or profession to agree to do a certain thing for a stated amount in a stipulated time and not lose money on the contract. With 25 years' agreeing to Cure Diseases in certain time, Dr. Kessier has cured hundreds of cases in the time he said, and below he gives the usual time required to cure a few diseases named. First, we would say to regain the great natural power of inheritance physical and mental perfection is the one unceasing desire of the man who has lost his greatest desires of life through the ravages of disease. He often imagines himself incurable simply because he has been treated without beneficial results. If this has been your experience, my afflicted fellow-man, (whether young or old, I ask you to honestly and freely consult old Dr. Kessler's treatment of diseases and weaknesses peculiar to the male. Of the legions of men who have recently been treated by him, not a single failure nor an unpleasant result has been reported. What he has done for others he can do for you. He is reliable in all his dealings. Has been running the old St. Louis Dispensary for 25 years.

He Cures Varicocele in 10 Days.

Under his treatment this insidious disease rapidly disappears. Pain cesses almost instantly. The pools of stagmant blood are driven from the dilated veins and all soreness and swelling quickly subside. Every indication of Varioccele soon vanishes, and in its stead come the pride, the power and the pleasure of perfect health and restored vitality.

He Cures Stricture in 27 Days.

His cure dissolves the stricture completely and removes every obstruction from the urinary passages, aliavs all inflammation, stops every unnatural loss, reduces the prostate gland, cleanses and heals the bladder and kidneys, invigorates the organs and restores health and soundness to every part of the body affected by the disease.

He Cures Rupture in 34 Days.

It will be to the interest of every one who is ruptured to come and see him before throwing any more money away on trusses. His method of treatment will contract the dilated rupture-opening and restore it to the normal condition. There is no operation which will produce the same satisfactory result, nor does the treatment interfere with your usual occupation. Perfect protection from the very first day of treatment. It matters not how long you may have been ruptured, his treatment will cure you, and cure you permanently. He has many patients in New York and vicinity who can certify as to the efficacy of this treatment, and after years of suffering from this condition are more than giad to be able to tell others of the relief obtained.

He Cures Syphalis or Blood Poison in 97 Days.

His special form of treatment for this disease is practically the result of his life work, and is indorsed bythe best physicians in this and foreign countries. It contains no dangerous drugs and forces out every particle of impurity. Soon every sign and symptom disappear completely and forever. The blood, the tissues, the flesh, the bones and the whole system are cleansed, purified and restored to perfect health and the patient prepared anew for the duties and pleasures of life.

Nervous Diseases Cured in 64 Days.

His cure for feeble men stops every loss of vigor and builds up the muscular and nervous system, purifies and enriches the blood, cleanses and heals the bladder and kidneys, invigorates the liver, revives the spirits, brightens the intellect, and, above and beyond all, restores wasted power.

Reflex Diseases Cured in 72 Days.

Reflex is on you caught from other diseases. For instance, vital weakness netimes comes from Varicocele or Stricture, innumerable blood and bone seases often result from contagious blood taints in the system, or physical d mental decline frequently follows impotency. In treating diseases of y kind, he always removes the origin—he cures the case. Cured in from to 73 days. Neuralisia, Rheumatism and old Sores, Ulcers or Cancer, Hydrocele, Varicocele, Pimples, Biotches, Ecema, Itch, Piles. Tape Worm removed in 4½ hours. When in our office, ask to see some Tape Worms from 10 to 35 feet

Correspondence.

One personal visit is always preferred, but if you cannot call at his office, write to him stating your case fully. Hundreds treated at their homes. Medicines are securely packed. No one can find out your trouble. Hours—8 A. M. to 8 P. M.; Sundays, 11 to 12 A. M. Address, enclosing 10 2-cent stamps,
