## CHRISTMAS

1902

Take my word for it

*Bissell's "Eyes" Bearing Carpet Sweeper makes an impression, appropriately and useful Christmas gift for mother, wife, sister, or friend Santa Claus*

ALWAYS IN THE LEAD.

BISSELL'S

### Carpet Sweeper

Makes an Ideal Christmas Present.

It makes a gift that is appreciated by every woman and it is a source of pleasure and satisfaction to possess a sweeper that can be relied upon as being the best. If you use the Bissell Sweeper you never injure your fine carpets and never become fatigued yourself. It makes no noise, raises no dust, requires no oiling or adjusting, and has an easier rotation of the brush than any other carpet sweeper. This is because it is "Cyclo" Bearing. The Bissell makes sweeping day a pleasant anticipation and its reliability of service makes it practical. It is what we call a sensible present. Then, too, it is not expensive and its a lasting and pleasant reminder of the donor.

Prices \$2.50 up to \$4.50

What shall the Christmas gift be? Something useful as well as beautiful--something that all the members of the household may enjoy--in other words, something for the home? What could be more appropriate, what more acceptable? More pleasure and more benefit are derived from money invested in furniture than from almost anything else. And then, good, stylish, well-made furniture stands for centuries and, passing from generation to generation, becomes an heirloom, priceless in value because of the associations that cling about it.

Gifts of a more expensive and elaborate nature may be suggested in the line of furniture for the dining room, the bed chamber, the parlor. Side tables, buffets, sideboards, china closets, chairs--we display a beautiful line, large in variety and consequent range of prices.

In chamber furniture--bedroom suits to match, odd chiffoniers, dressing tables, dressers, chairs, etc.--the seeker after the good and the beautiful is sure to find something to attract the fancy and to satisfy the purse. It is easy to select gifts in this department alone. In closing, just a few suggestions for the purchase of furniture, whether it be for the holidays or at other times:

Select the styles which please you; don't take pieces just because the salesman recommends them as representative of certain periods, unless they appeal to your own taste. Consider quality as well as price.

The best furniture is veneered. This is to correct an impression among many usually well-informed people that veneered is less liable to warp or crack. Veneered is far more beautiful, and being arranged to be better and more to be desired.

Morris chairs and rockers are never likely to suffer in popularity as Christmas gifts, nor are china closets, music cabinets, curio tables and bookcases of all kinds, even to the "elastic" kind--and our stock of them is very large indeed.

Odd and artistic things--things for the den, the cozy corner, the library, the hall, the reception room--all the "new things," the "art in furniture" concepts that you read about in the fashion magazines--we have them in countless array, and they make so exceptionally acceptable holiday presents. Only by a visit to our store can one begin to comprehend the big range of styles and kinds and prices.
