

ST. JOHN'S LINE FORMAL OPENING

City & Suburban Will Celebrate Affair.

Excursion Planned for Next Saturday—Everything Will Be Free.

The City & Suburban has decided to celebrate the formal opening of its new St. John's electric line by an excursion next Saturday from 10 a. m. to 2 p. m.

For this occasion the company will issue a special souvenir ticket which can be obtained either at the general office of the company, corner Third and Yamhill streets, the waiting room, corner Third and Gisan streets; Hartman, Thompson & Swartz, Chamber of Commerce Building, of J. E. Thompson, president of the Central Albina Board of Trade, 264 Stark street. No charge will be made for the tickets.

It is the railway company's intention in giving this excursion to show the difference between the steam motor and the electric line as a mode of transportation. The company has just inaugurated a special excursion instead of the hourly one formerly in vogue. On the date of the excursion the company will put on a number of additional cars.

Those who care can make an inspection of St. John's various manufacturing establishments, and also her beautiful harbor. The company will also serve a lunch in the pavilion in Cedar Park. This will also be free to all comers. For this purpose, a car will be run between St. John and the Park every few minutes. Everything will be free.

ELINORE HESS HAS VANISHED

Pretty Stenographer Disappears in a Haze of Mystery.

Miss Elinore M. Hess, a deputy in the office of County Clerk Fields, has suddenly disappeared, having been absent from her post of duty for five days, with no word from her to explain why she remains away.

Miss Hess has been in the employ of the county for three years, and has proved herself to be a most competent stenographer and copyist.

Miss Hess last appeared at the Court House Monday, when she worked all day as usual. Since then she has not been heard of by Clerk Fields or any one else so far as can be ascertained. She recently removed from the Vendome. She told her chief that she would be at 408 Main street in the future, but she never went near the place mentioned, according to a deputy who was making an inquiry.

In the past whenever Miss Hess was ill or desired a day off, she has always promptly informed Clerk Fields.

CLERK FIELDS TROUBLED. "I cannot think of any thing that could prevent Miss Hess from informing me of her condition if she was sick or in trouble," said County Clerk Fields this morning, "and I do not know why she has done all that she has done. I have done all that I can to locate her, but I guess I will have to await developments."

Miss Hess is a very pretty young woman of the blonde type. She has a host of friends in Portland and especially in the Court House, where all the employes speak of her in friendly terms. Her mother was a widow until several years ago, when she married a man who was a Portland man. They now live on the East Side. There is said to have been trouble between Miss Hess and her mother, this being the reason she rooms away from home.

BEN D'OR, FAMOUS RACER, DROPS DEAD

LONDON, Jan. 10.—The world famous race-horse, Ben d'Or, the winner of the derby in 1889, dropped dead this morning.

Ben d'Or, the property of the late Duke of Westminster, was bred at Eton Hall, Chester, and was trained by Robert Peck. In 1889 the horse won the derby in a sensational finish, with the noted jockey, Fred Archer, up. Robert the Devil, was the favorite but was ridden by a green jockey. In the following year Ben d'Or won the City and Suburban, beating Ford and a field of good handicap horses. In the same year he won the Epsom gold cup. At the close of his four-year career Ben d'Or was retired to the stud. He was the sire of the celebrated Ormonde.

RAILROAD CHANGES HANDS.

GREAT FALLS, Mont., Jan. 10.—To-morrow the Great Falls and Canadian Pacific will be officially turned over to the Great Northern Railway Company. The name of the line will be changed to the Great Northern and Montana. Through the acquisition of this route the president of the Great Northern will acquire a field of good coal deposits in the Crow's Nest fields and secure fuel for the lines of the Northern Securities Company.

MAY BOLT CAUCUS.

BOISE, Jan. 10.—It is reported on good authority that 21 Republican members of the Legislature have agreed to bolt the caucus for the nomination of Hayburn. Borah's friends and supporters are expected to go into a caucus already "fixed" and that Standrod, Shoup and Heyburn had agreed to a combine to beat Borah before the caucus was signed. The Legislature consists of 50 Republicans and 11 Democrats.

MAY QUASH THE BUSINESS.

(Journal Special Service.) SPRINGFIELD, Jan. 10.—An entirely new method of reaching the coal combine has been discovered and may result in the dissolution of the charters of the Washburn, Burlington and Northwestern for coal mining or for coal business. They can mine for their own use only. The Attorney-General's office is today making investigation.

WILL THEIR HEADS GO OFF?

Members of Port of Portland Commission Anxious to Know.

The members of the Port of Portland Commission are wondering what the State Legislature will do in their case—whether they will be reappointed or not. In fact, it is "up to the Legislature," whether the official heads of the Port of Portland will remain on the shoulders another term. By all means, the Legislature will confirm the election of C. F. Adams, C. F. Swigert and B. Tucker. These gentlemen were elected by the commission to fill the vacancies caused by the resignation of Theodore Wilcox and C. E. Ladd, and the death of Bernard Rethly.

Messrs. Swigert, Adams and Tucker are now at work on the commission's report to the Legislature, in which mention of the above will be made. The report is expected to be completed by the early part of next week, when a special meeting of the commission will be held to hear the report of the committee.

It is understood that the "labor" delegates to the Legislature will work for the removal of the present commission and the appointment of an entirely different one. The labor men claim that the present members of the commission are not capable. George M. Orton will probably lead the fight for their removal.

It is the opinion of some members of the commission that whether or not they are reappointed, the Legislature should do something in the case of Ellis G. Hughes. The commissioners claim that Mr. Hughes has not attended the meetings or done any active work on the commission for the past year or so. The commission would be acceptable—one who will work and take some interest in the commission.

CALEDONIANS MEET TONIGHT

Newly Elected Officers Will Precede for First Time.

This evening the Caledonian Club will hold its regular business meeting in the quarters of the club in the Allsky Building. This will be the first meeting at which the new officers will preside, and a large turnout of members is expected. The Portland Caledonian Club is in a very prosperous condition, and some pleasant sessions are held.

Business meetings will be held hereafter on the second and fourth Saturdays of every month.

The new officers are: George J. Cameron, chief; A. E. Smith, first chief; A. R. Woods, second chief; Robert King, third chief; George C. Graham, secretary. The society has made arrangements to bring a Klite's band to Portland and that society will appear at the Exposition Building February 13 and 14, under the auspices of the Caledonians.

TWO LIVES LOST AND MANY HURT

(Journal Special Service.) PHILADELPHIA, Jan. 10.—The House of Correction at Holmesburg was partly wrecked by an explosion of dynamite at 6 o'clock this morning. There was a wild panic among the inmates. The explosion was caused in some unknown way by some Italian laborers, who were blasting for a filtration plant, adjoining the institution. Two of the Italians were killed and nine were injured. The explosion was caused by the dynamite which was used in an attempt by the Italians to throw out 50 pounds of dynamite. The portion of the House of Correction which was damaged was occupied by women prisoners. They were at breakfast at the time, and though practically the whole wall was blown away, none of them made any effort to escape.

ROOSEVELT IS DENYING

WASHINGTON, Jan. 10.—Roosevelt told several friends today that he was considerably surprised to read reports of his interference in Utah politics. He assured them he would not interfere directly or indirectly in the selection of a Senator, as he believed it beyond the province of the President to take a hand in state elections. Although in personal, private conversation he said he believed the election of an apostle of the Mormon Church to be a Senator a piece of doubtful policy, if not a mistake, he never for a moment intended the conversation to be ever made public or used to convey the impression that he would use his influence to effect defeat of any candidate selected by the people of Utah.

KNOX ROASTED.

CHICAGO, Jan. 10.—The special committee appointed at Detroit to get a copy of the Roosevelt letter to the Senate, turned over two sensational speeches. One was by Senator Mason, who said Knox was to blame for not enforcing the anti-trust laws, and that he needs waking up. The other speech was by Detroit City Attorney Tarnsey, who scored Roosevelt, Root and Knox for what he called their inaction. He says Knox is a trust attorney, and that Roosevelt has depended on him because he knows nothing of law himself.

NASHVILLE FIRE.

NASHVILLE, Jan. 10.—A fire this afternoon in the wholesale district destroyed the Lytleback Building, the loss being \$150,000.

ORPHANAGE FIRE.

ASHEVILLE, N. C., Jan. 10.—At the Beale Whalton orphanage fire this morning 30 little children were rescued with difficulty. The loss was \$50,000.

LABOR RIOTS IN VIENNA.

VIENNA, Jan. 10.—Twenty arrests have been made, as the result of the riots by the unemployed which occurred yesterday at the Municipal Labor Exchange.

Terrible plagues, those itching, peevish diseases of the skin. Put an end to misery. Don's Gitchment cure. At any drug store.

COAL BARONS' TURN HAS COME

They Offer Evidence to Commission.

Opened Their Case in Philadelphia Today—Charge Miners With Lack of Faith.

PHILADELPHIA, Jan. 10.—The non-union men closed their side of the anthracite arbitration case this morning and the coal barons opened and began the presentation of evidence. Attorney Torrey, representing the Delaware & Hudson Company made the opening address. He said he would show that mining was not arduous and was more than ordinarily healthful. No complaint has ever been made to the company direct regarding the weighing system. He accused miners unions of creating dissatisfaction and said it was not the companies' fault that so few hours were worked. The miners themselves were responsible. He said he would prove the organization has no control over the men, or if so, Mitchell declined to use it.

BIG SAW WORKS FOR PORTLAND

Pennsylvania Company Will Come to City.

Large Number of Skilled Workmen Will Be Employed by the Firm.

Articles of incorporation of "The Andrews Saw Manufacturing Company" have been filed by Thomas K. Muir, John T. Grayson and George W. Hazen with a capital of \$150,000. The famous Saw Works of E. S. Andrews & Sons, of Williamsport, Pa., will be removed to this city. A fine site has been secured and within four months the company expect to be manufacturing saws of all kinds.

This industry will add much to the prosperity of Portland and will bring a large number of skilled workmen from Pennsylvania, men who will make large wages and all intelligent mechanics and good citizens.

Nearly all of the best saws used by saw mills and carpenters are made from English and German steel. The steel plates can be brought to Portland cheaper than to Williamsport, Pa., and it is certain the Pacific Coast will have more saw mills than any other portion of the United States. The investment will be a profitable one for the stockholders and should add considerably to the wealth of Portland.

It may not be generally known that William Andrews, the founder of the Andrews Saw Works, brought the first saw for making saws to this country from England in the year 1819 and it has been used and owned by the Andrews people for over 83 years.

Over \$65,000 worth of machinery and tools will be brought from Williamsport to Portland and the factory will be one of the largest and best equipped in the United States.

WANT MORE PAY.

A petition is being circulated today among employes of the City & Suburban Street Railway Company, asking that their pay be increased from 25 cents to 25 cents per hour. While a number of signatures are being obtained there is said to be stubborn resistance to the plan among certain of the laborers who believe the movement to be premature. Travel is light at this season, they say, and it is not fair to make demands at a time when the employer is not getting the best results out of his property. Last April the present scale of 22 1/2 cents per hour went into effect.

CRAMPS GET CONTRACT.

WASHINGTON, Jan. 10.—The navy Board of Construction this morning recommended to the secretary of the navy that the contract of building the armored cruisers Tennessee and Washington be awarded to Cramps, one in 36 and the other in 39 months. The cost is to be \$1,900,000. The secretary of the navy will undoubtedly approve the recommendations.

FIRST WIRELESS MESSAGE

WASHINGTON, Jan. 10.—Direct wireless communication between Great Britain and the United States is to be established on January 18. President Roosevelt this morning promised Marconi's representative to send the first message, which will be addressed to the King of England.

CABINET ON FRUSTS.

WASHINGTON, D. C., Jan. 10.—The Senate committee on judiciary met this morning to discuss anti-trust legislation, particularly the Hear bill and the Attorney-General's letter making recommendations that a course of procedure for the presentation of the Senate be mapped out.

BOSTON DEFAULTER.

BOSTON, Jan. 10.—Banker Dunning, head of the Dunning Company, was arrested this morning for stealing \$20,000 from estates entrusted to his bank. The charge created a sensation in financial circles.

ODELL FOR PLATT.

NEW YORK, Jan. 10.—Odell gave out a formal statement this afternoon which unreservedly declares himself as favoring Platt's re-election to the Senate.

A QUESTION OF SPEX.

DO YOUR EYES TIRE EASILY? IF SO, YOU NEED GLASSES. DO YOUR EYES BURN? IF SO, YOU NEED GLASSES. DOES THE PRINT BECOME BLURRED IN READING? IF SO, YOU NEED GLASSES. DO YOU SUFFER FROM FRONTAL HEADACHES? IF SO, GLASSES WILL HELP YOU. DO YOU KNOW IF YOU HAVE PERFECT EYESIGHT? IF NOT, WE CAN INFORM YOU. One Charge for Examination, Glasses and Frame.

DALLAS OPTICAL PARLORS

218-219 Falling blg., cor. Third and Wash. Take elevator.

NO CAUCUS ON SENATORSHIP

(Continued from Page One.) tentative list today as to the Senators who would vote for that gentleman for the Senate presidency. The list is wrong, claim the Brownell men, and should be revised very radically. Hence, it went through various changes with the original list in this form, after the Brownell people had marked question marks before the names of those whom they allege not to be for Smith:

- Squire Farrar, of Marion. E. M. Croston, of Marion. E. W. Hobson, of Marion and Linn. E. V. Carter, of Jackson. John D. Daly, of Benton. B. E. Mulkey, of Polk. W. A. Howe, of Yamhill. Herbert Holman, of Multnomah. James E. Hunt, of Multnomah. George T. Myers, of Multnomah. F. P. Smith, of Multnomah. A. W. Stitzer, of Gilliam. Grant, Sherman, Wasco and Wheeler. J. John L. Rand, of Baker.

The Brownell people, therefore, claim that of this list, seven are for them and not for Smith. The list, however, has seven are not for Smith, else he would have 14 votes, enough for a caucus nomination. But, on the other hand, the Smith leader, Senator Daly, of Benton, declares that there are still other men not named upon that list, who will vote for Smith. He believes Smith will be elected president of the Senate.

Lyle, Wash. The men refused to pass coal into the hold, claiming that all such work should be performed by a separate gang employed for the purpose.

The boat is operated by the Regulator Line, and the company informed the strikers that they would either have to pass coal or quit, and the walkout occurred. New deckhands were secured and the steamer left her dock on schedule time. The company evidently had been apprised of what was going to transpire, and was prepared for the emergency.

Lythe was the question had nothing to do with the difficulty, as all the river transportation lines recently entered into an agreement to pay the same rate of remuneration to the greentooth employes working in similar capacities. There is no likelihood of the strike extending.

DECKHANDS GO OUT ON STRIKE

Refused to Pass Coal and Supplanted by New Men.

There was a walkout last evening of the deckhands employed on the steamer Hercules, which plies between here and Lyle, Wash. The men refused to pass coal into the hold, claiming that all such work should be performed by a separate gang employed for the purpose.

The boat is operated by the Regulator Line, and the company informed the strikers that they would either have to pass coal or quit, and the walkout occurred. New deckhands were secured and the steamer left her dock on schedule time. The company evidently had been apprised of what was going to transpire, and was prepared for the emergency.

THE PAST WEEK IN REAL ESTATE CIRCLES

REAL ESTATE TRANSFERS. Monday \$14,122.00 Tuesday 15,127.00 Wednesday 98,378.00 Thursday 11,878.00 Friday 11,878.00 Saturday 23,762.15 Total \$168,890.15 The week just passed has been very encouraging to real estate dealers and they report an increased amount of business. With most of the firms the volume of business for the week has been in excess of the same week in January, 1902. A number of big transactions will most likely be heard of in the course of another week, as some deals that have been pending for some time are being closed up as rapidly as possible.

NEW STEAMSHIP LINE.

BOSTON, Mass., Jan. 10.—The new steamship service between Boston and Manchester, England, was inaugurated today with the sailing from this city of the steamship Caledonia. The new line is under the control of the Morgan syndicate, of the international Mercantile Marine, which has completed plans also for the establishment of a new steamship service between this city and Antwerp.

Tickets, \$40, on sale January 8, 9, and 10, with stop-over privileges on return. Call up city ticket office, Third and Washington and learn particulars.

SENSATIONAL LETTER FROM PRINEVILLE.

Contains Statements of Many Alleged Unlawful Acts by Palmer.

A resident of Portland has received a letter from J. A. Boggs, which relates to A. C. Palmer, the man who was arrested at Prineville, Or., on the charge of having falsely personated a United States Commissioner and of having collected illegal fees. Palmer was arrested on complaint of United States District Attorney Hall. The full text of the case has already appeared in The Journal. The letter in question is, in part, as follows:

"PRINEVILLE, Or., Jan. 6, 1903.—My Dear — When my arrest occurred at Portland, The Journal had a note of it in the paper and that publicity perhaps caused me a loss of thousands of dollars, besides the stigma that follows an arrest. I took my medicine and lay for my enemy, A. C. Palmer, the man who swore out the warrant for me, was a United States Commissioner here, and his acts were always doubted by those who knew him, but in various ways he escaped punishment. I have had him under surveillance for some time, and now have this to relate of my own knowledge:

"His commission as United States Commissioner expired on the 4th day of October last, but that was a small thing for him as long as he could pull on the coin. He has, since that time, taken many timber profits, perhaps 100, besides many homestead filings and timber filings, every one of which are void. This falls very heavy on the poor claimants; many of whom came from Wisconsin, Minnesota and the Dakotas, to make proof since October 4.

"He has been taking filings and proofs at Prineville, Bend and Sisters, and has taken filings way down in Klamath County, and also in his home county, and establishing it under any tree the most convenient. His conduct has done more to put this district in disrepute than all else combined. He has his brother in his office here and any person desiring to have any commissioner's work done could go to his brother and he would swear the parties and sign A. C.'s name and represent that he was a Commissioner in this way. A. C. could run all over the county and leave his brother here.

"I have kept close watch on all things and we now have him. He left here this morning for Portland, where he expects to 'fix' things with Mr. Hall, the United States District Attorney.

"I now ask that the same publicity be given to his experience as was given to mine. He (Palmer) has not a friend in this county. Oh, how the leu land sharks are jumping! They will conclude that some one else knows something. Yours has been a hard day's work."

A. C. Palmer, the man who was arrested, was brought to Portland and gave bail in the sum of \$1,000 for his future appearance.

M'MINVILLE NOTES.

McMINVILLE, Jan. 10.—A game of basket ball was played here last night between the girls' team of the High School and the Rickreall team, which resulted in a victory for Rickreall by a score of 9 to 5. The game was very exciting from start to finish, many fine plays being made by the players of both teams, but the superior skill of the Rickreall team was soon apparent, which finally gave them the game.

C. GEE WO THE GREAT CHINESE DOCTOR

Can it be wondered that he is called great, when his wonderful remedies cure all diseases of men, women and children. This famous doctor knows the action of over 600 different remedies that he has successfully used in different diseases. He guarantees to cure cataract, asthma, lung troubles, rheumatism, nervousness, stomach, liver, kidney, female troubles, lost manhood and all private diseases. Charges moderate. Call and see him. Consultation free. Patients out of the city write for blank and circular. Enclose stamp. Address The C. Gee Wo Chinese Medicine Company, 121 1/2 Third street, Portland, Or. Mention this paper.
