There are many kinds of love, as many kinds of light,
And every kind of love makes a glory in the night.
There is love that stirs the heart and love that gives it rest,
But the love that leads life upward is the noblest and the best.
—Henry Van Dyke.

SENATOR CHAS. W. FULTON.

Mr. Charles W. Fulton succeeds Mr. Joseph Simon as United States Senator from Oregon, by act of the Legislature.
The Journal greets and congratulates Senator Fulton, feeling that the confidence imposed in the gentleman is deserved, and that he will represent the people of Oregon, irrespective of section and political faith.

A WORD FOR THE CLERKS.

It is refreshing to note that most of the large stores of Portland show great consideration for their employees, but it is unfortunate that in a few isolated cases, abuses of women clerks and underpaid men are most flagrant.
This is a very strange condition when one takes into consideration the effect of the masses as purchasers upon the average store. The plain people are those who keep alive many a gorgeously appointed establishment, and were their support once withdrawn, down would fall the fortunes invested in goods that plain people buy.

CHIEF JOSEPH'S MISSION.

Joseph, Chief of the Nez Perces, is in Washington, asking the government to return him and his people to their ancestral hunting grounds in the Wallowa Valley. His prayer will not be granted. The white settlers in the Wallowa Valley will never be disturbed to permit the thing that Joseph asks.

THE IRONY OF HUNT.

It is bitter irony for Senator Hunt of Multnomah County to offer Senate Joint Resolution No. 27, asking the Congress to submit an amendment to the national constitution providing for election of Senators by popular vote. There is also unconscious sarcasm in the mere mention of the fact, when mention is made by a member of the dominant party of this state.

AND WHY NOT?

Chief Joseph's mission to Washington, in so far as it relates to the restoration of the lands in the Wallowa Valley to his people, is hopeless. The time has gone by when white people can be dispossessed of their homes by Indians. This fact was made clear to Joseph on his last visit to Washington; hence it is probably only an ostensible object of his present visit, the real motive being his human desire to be made much of in the official and social circles of the nation. This is a perfectly legitimate desire, since it has human nature for its basis and the rulers of the earth are its exponents.

THE PRIZE ESSAY.

The Oregon Society of Sons of the Revolution offered a \$25 prize for the best essay on a subject pertaining to the American Revolution, and Miss Hazel Mae Brown, of this city, a student at the Clark School, was the winner. The young lady's clever work is herewith reproduced.

NAVAL ACADEMY SLANG.

Slang among college men, slang among street gamblers and slang in society have been referred to and the terms quoted in public print, but there are slang terms at the Naval Academy at Annapolis which have not yet, and probably never will, become common property.

SOME TIMELY SUGGESTIONS.

Editor Oregon Daily Journal: Day after day I read the suggestions of our "leading citizens" as to "What the People Will Do For Us." I most heartily concur in all that has been said. All are as a unit in declaring that "People will visit our Coast who will be attracted by our vast undeveloped resources, thereby greatly increasing our population and wealth."

THE THIRTEENTH HOLD-UP.

"All ready! All ready! Stage for Sugar Pine!" had arrived on the train at the terminus of the new railroad at 2 o'clock.

The importance of being earnest.
The young patriots delivered Andre over to Colonel Jameson. The papers Jameson forwarded to Frederick the Great, it is suggested, that an appropriate bronze figure of President Monroe—Philadelphia North American.
