# FLOUR IS DOWN

Cut of Ten Cents Made in Quotations.

Weakness of Wheat in East the Cause---Eastern Lard Down an Eighth.

The prices on the various brands of hard wheat flour of local manufacture declined about 10 cents today.

On account of the weakness of the tern wheat market, the price of hard theat flour dropped 10 cents a barrel price today. Straights are also quoted slightly lower. Valley brands nchanged, and the market shows added

Eastern Lard Down Again. Manager Conway of the Hammond Packing Company announces a drop of one eighth cent today in the prices of the various grades of lard of Eastern manufacture. Local lard is unchanged.

Packed Meats Are Firm.

Packed meats of both the local and astern brands are quoted quite strong today, and the market shows a tendency o make slight advances. This condition is due to the high prices now prevailing for pork.

Eggs Still Tumbling.

Egg prices still continue to tumble, nd a 20-cent market is predicted within he next four days, if the present weaer continues. According to Turner & Co., receipts have been much too liberal the past week, and there was plenty of stock still remaining at the close of iness today.

Plenty of Poultry. There is plenty of poultry in the local markets to supply all demands, and

prices are quoted weaker. Receipts durthe week have been extra liberal and demand somewhat slacker. It is not expected, however, that the market will show any slump in prices at this time. Beef in Plenty, Says Toft. "There is plenty of beef in the local markets," said John Toft, of Toft, Hine

& Co., "and a weakness will be throughout the market. Veal and mutare in receipt up to the demand. Pork receipts during the week were comparatively small, and demand was quite heavy. Some changes will be noted in the fresh meat prices today."

Drummers Selling Futures. Grocery drummers are busy selling med futures at this time and other lines of the market are being neglected. Business has been quiet this week. may Wadhams & Kerr Bros., "on account

of the canned goods. A better tone is expected next week."

Most of the jobbers have already oversold their orders for canned corn futures, and few new orders are being accepted. Tomato futures are seiling well with prices open.

The Fish Situation. Malarkey & Co. report the receipts of steelhead salmon to be more liberal to-Chinook salmon is in more moderate supply. Both grades are quoted

easier at current quotations. Halibut is scarce and higher. Several cars of California cabbage and cauliflower arrived last evening, and were distributed on the street this morn-

Hops, Potatoes and Onions Dull. The hop, potato and onton markets

are in a weak condition and no change is expected within the coming week. The hep market in the East is reported dull with no actual quotations being made. Butter May Drop.

Butter prices may drop within the next week on account of the larger re-Glafke & Co. report the market to be considerably weaker than was ten days ago. A drop of 21/2 cents

Homer Darling Is Fatally Injured by Falling Timber.

Homer Darling, a well known East Side resident, is dead at this home, 68 East Seventh street, north, as the result of being crushed by a heavy timber Darling had the contract for the removal of the old wood from the elevated roadway on East Oak atreet and was engaged in removing some of the heavy timbers yesterday afternoon by means of a derrick, when something went wrong with the machine and a large sized timber fell and struck him across the back. Darling was felled to the ground and some workmen seeing his condition he was at one removed to the Riverside Hotel, a short distance away. An ambulance was called and the young man taken to his home. Dr. A. H. Johnson was called but found the injuries so serious that no hope was intertained for the recovery of the wounded man. On examination it was found that the spine was very badly injured and the left side of the pelvis rushed. The injured man only recovered consciousness for a short time after the accident and died while in a omatose condition.

Mr. Darling was rather unfortunate. e being nearly killed in the wreck of an excursion train on the Astoria road a few years ago. He was 34 years of age and leaves a young wife and a son 12 years of age to mourn his lass. He was a member of Fidelity Lodge A. O. ALL THE LAND WONDERS AT THE RE-MARKABLE CURES EFFECTED BY PROFESSOR ADKIN.

Ministers, Doctors and Professional Men Tell How Re Has Cured the Blind, the Lame, the Paralytic and Many on the Very Brink of Death.

FREE HELP FOR THE SICK

Professor Adkin Offers to Help All Suf-ferers From Any Disease Absolutely Free of Charge—Professional Men Investigate His Powers.

PROF. THOMAS F. ADKIN President of the Institute of Physicians

and Surgeons. In all parts of the country men and

In all parts of the country men and women, doctors and surgeons, clergymen and educators, are wondering at the remarkable cures made by Professor Thomas F. Adkin, discoverer of the Adkin Vitaopathic treatment.

Prof. Adkin heals not by drugs, nor by Christian Science, nor by Osteoupathy, nor by Hypnotism, nor by Divine Healing, but by a subtle psychic force of nature in combination with certain vitail magnetic remedies which contain the nature in combination with certain vital magnetic remedies which contain the very elements of life and health.

A reporter recently talked with Prof. Adkin and was asked to invite all readers of this paper who are sick or who are worried by the ills of those deat to them, to write to him for assistance. "Some people have declared," said Prof. Adkin, that my powers are of God, they call me a Divine Healer, a man of mysterious powers. This is not so, I cure because I understand nature, because I use the subtle force of nature, to brild because I understand nature, because I use the subtle force of nature, to build up the system and restore health. But at the same time I believe that the Creator would not have given me the opportunity to make the discoveries I have made or the ability to develop them if He had not intended that I should use them for the good of humanity. I therefore feel that it is my duty to give the benefit of the science I practice to all who are suffering. I want you to tell your readers that they can write to me in the strictest confidence if they are troubled with any kind of disease, and I will thoroughly diagnose their cases absolutely free of charge and explain by a simple guaranteed home treatment how a complete cure should be effected. ment how a complete cure should be ef-fected. I care not how serious their cases, nor how hopeless they may seem, I want them to write to me and let me make them well. I feel that this is my

make them well. I feel that this is my life work."

So great is the sensation wrought in the medical world by the wonderful cures performed by Prof. Adkin, that several professional gentlemen were asked to investigate the cures. Among these gentlemen were Dr. L. B. Hawley and Dr. L. G. Doane, both famous physicians and surgeons. After a thorough and painstaking investigation these eminent physicians were so astounded at the far-reaching powers of Prof. Adkin, and the wonderful efficacy of Viraopathy that they volunteered to forsake all other ties in life and all other kinds of treatment and devote themselves to assisting Prof. Adkin in his great work for humanity. With the discovery of the Adkin Vitaopathic treatment eminent physicians are generally agreed that the treatment of disease has at last been reduced to an exact science.

been reduced to an exact science.

In all some 8,000 men and women have been cured by the powers of Prof. Adkin. Some were blind, some were least some were paralytics. scarcely able to move so great was their infirmity. Others were afflicted with infirmity. Others were afflicted with Bright's disease, heart disease, consump-tion, and other so-called incurable diseases. Some were sufferers from kidne trouble, dyspepsia, nervous debility, in-somnia, neuralgia, constipation, rheuma-tism, female troubles, and other similar ills. Some were men and women ad dicted to drunkenness morphine an other evil habits. In all cases. Prodicted other evil habits. In all cases Prof. Adkin treats he guarantees a cure. Even those on the brink of the grave, with all lope of recovery gone and despaired of by doctors and friends alike, have been restored to prefect health by the force of Vitaopathy and Prof. Adkin's marvelous skill. And, remarkable as it may seem, distance has made no difference. Those living for away have been cured in the privacy of their own homes, as well at those who have been treated as well at those who have been treated in person. Prof. Adkin asserts that he can cure any one at any distance as well as though he stood before them. Not long ago John Adams, of Blakes-bury. In. who had been lame for twenty years, was permanently cured by Prof. Adkin without an operation of any kind. About the same time the City of Roches-About the same time the City of Rochester. N. Y. was startled by the cure of one of its oldest residents. Mr. P. A. Wright, who had been partly blind for a long period. John E. Neff, of Millersburgh. Pa., who had suffered for years from a cataract over his left eye, was speedly restored to perfect sight, without an operation. From Logansport. Ind., comes the news of the recovery of Mrs. Mary Elcher, who had been practically deaf for a year while in Warren. Pa. Mr. G. W. Savage, a noted photographer and artist, who was not only partially blind and deaf, but at death's door from a complication of diseases, was restored to perfect health and strength by Prof. Adkin.

Vitaopathy cures not one disease alone.

Vitaopathy cures not one disease alone but it cures all diseases when used in combination with the proper remedies. If you are sick, no matter what your disease, nor who says you cannot be cured, write to Prof. Adkin today; tell cured, write to Prof. Adkin today; tell him the leading symptoms of your complaint, how long you have been suffering, and he will at once diagnose your case, tell you the exact disease from which you are suffering and prescribe the treatment that will positively cure you. This costs you absolutely nothing. Prof. Adkin will also send you a copy of his marvelous new book entitled "How to he Cured and How to Cure Others." of his marvelous new book entitled "How to be Cured and How to Cure Others." This book tells you exactly how Prof. Adkin will cure you. It fully and completely describes the nature of his wonderful treatment. It also explains to you how you yourself possess this great healing power and cure the sick around you.

Professor Adkin does not ask one cent Professor Adkin does not ask one cent for his services in this connection. They will be given to you absolutely free. He has made a wonderful discovery, and he wishes to place it in the hands of every sick person in this country, that he may be restored to perfect health and strength. Option Secured on 400 Acres of Land.

Famous Smith Farm Located on Columbia Slough Selected as the Site for It.

An option has been secured on about 40 acres of land near St. Johns and a purchase of the property is expected within a few days.

The parties in the deal have kept their names a secret but it has finally leaked out that the newly organized Columbia Packing Company is the one concerned. The Columbia Packing Company was organized in this city about two weeks ago, with C. M. Ward, David S. Kraemer and Edward B. Wilson as incorporators. The company is composed of leading stockmen of the country and intends to do a general meat packing business. The capital stock of the concern was placed at \$50,0000

The projectors of the new enterprise have been looking around in the vicinity of the city for a site for some time and it is now said that the famous Mary J. Smith farm located north of St. Johns and running east to the Columbia Slough, has been secured.

Smith Property Secured.

The Smith property is an ideal site for the establishment of a large packing house and the prime movers in the concern are said to be ready to deposit the purchase price-flu an acre-as soon as Mrs. Smith, the owner, returns from a short visit to the East.

The proposed plant will employ nearly 1,000 men when in full operation. It will be built of the most modern type with all the latest improvements. It will be electric lighted and as sanitary as it will be possible to make it.

The incorporators of the company are all practical business men and have had a thorough experience in the cattle busiess. C. M. Ward is a well known capitalist and cattleman of Cheyenne, Wyo., and David S. Kreamer, his associate, is from the same city. Mr. Kreamer is a quite wealthy stockman of that section. Edward B. Wilson, the third of the incorporators, is a practical packing house man with a varied experience in arge Eastern packing plants. Work will be begun toward erecting the buildings and stock pens as soon as the deed to the property is signed. The company intends also to compete in the fresh meat business.

"GET OUT, OR GO TO JAIL"

"Get out or go to jail," yelled Municipal Judge Hogue yesterday afternoon, after he had ined V. A. Fordick \$10 for assaulting William T. Forde. Fosdick was not satisfied with his fine, and kept muttering in an ugly manner. He took out his pocketbook and slapped a coin down on the clerk's des's with a bang that could be heard a block.

Judge Hogue paid no heed. Fosdick next expressed himself aloud. 'It's a fine way to treat a man who tries to collect borrowed money," he

said. "Shut your mouth, and get out of this courtmoom, or I'll send you to jail," yelled Judge Hogue.

And Fosdick shut up and went. Fosdick was a big, strapping fellow, while Forde is very small in stature. Fosdick claimed Forde owed him \$2 and wouldn't pay it.

"K'LTIE" WILL LIVE HERE

Ferguson, the famous dancer and iper of "The Kilties Band," will make Portland his home after his engagement expires in April. Judge Cameron re-ceived a letter from him the other day. stating that if possible he would like to come to Portland and follow his trade of ar-builder. A position has been seured, and the famous bandsman will beome a citizen of this city.

Ferguson has a fine record behind him. He went to South Africa with the second contingent sent from Canada, and was n the pursuit of Dewet.

East Side Warehousemen Kick.

Closeness to Standard Oil Company's Storage Tanks Cause of Large Advance.

Notice has been served on the various warehouse owners in the East Side disrict by the Board of Fire Underwriters of the Pacific Coast that their insurance rates will be readjusted on March 15. The new rates show a startling inrease in the amount of premium to be paid and there is a general complaint being made. No reason is given for the change in rates, though it is believed that the underwriters have decided not to accept business from those firms in close proximity to the Standard Oil Com-

The claim is made that the risk is too great to make any profit by writing insurance at the present rates. All the warehouses in the district are constructed on piles and the chances of a general conflagration is great if one of the

large houses should happen to catch Large Insurance Increase. The old and new rates for the principal warehouses in the district are:

Studebaker Bros.' Co., East Second, Fast Morrison and Belmont streets. Old rate, \$2.50; new rate, \$4.90. Buffalo Pitts Co., East First and East Yambill. Old rate, \$2.75; new rate, \$3.40.
