

YOU DON'T

Have to travel or leave home to get your eyes correctly fitted and your glasses made. We can do both as well as any place in the world. You will make no mistake if you come to us for your optical work. Remember, we fill oculists' prescriptions.

A. & C. Feldenheimer. Third and Washington, Portland, Ore. Opticians and Jewelers.

FAMILY WASHING

Let us be your "wash woman." There's not that uncertainty with us that you experience with them. It will be as cheap, too. Maybe cheaper when you count what they eat and waste.

UNION LAUNDRY

Both Phones Main 206. S. W. COR. SECOND AND COLUMBIA.

SOON TO ELECT NEW OFFICERS

News of the Mechanics' Investment Company.

Unions Expect to Close a Deal for Timber Property Next Week.

The stockholders in the Mechanics' Investment Company will meet early next week to elect officers and draft a set of by-laws. This is the company that was recently organized and incorporated by the union labor men of the city.

Immediately following the election of officers the first payment of the stock subscribed will be due. Then a deal for the land on which an option is held will be closed. The preliminary work in connection with the matter has proceeded very satisfactorily so far.

"It is strange," says C. Bomberger, treasurer of the Carpenters' Union and one of the incorporators of the co-operative company, "that the working classes are so content to remain in the ranks of the employed. Hundreds of them apparently in this city never dream of taking steps to better their condition. They sit idly by and permit the rarest of opportunities to pass them by without making the least effort to grasp them."

One Dollar Apiece. "But this is the idea I wish to convey: There are fully 10,000 union men in Portland. Now suppose that each one of those men would begin this spring and contribute into a common fund the sum of \$1 every month for a year. At the end of 12 months they would have \$120,000 to their credit, a sum large enough to engage in almost any kind of an enterprise. The monthly contribution of \$1 would be so trifling that it would never be missed. Very few companies in Portland are incorporated with a capital stock amounting to that much. Why the unions do not adopt a plan of this kind is more than I can understand.

"I am an enthusiastic believer in the practicability of co-operation. By using a little judgment it is possible for the working people to improve their condition very materially. I intend to try to get the unions to take this matter up. I am going to urge them to change their tactics, everyone of them would save a dollar every month with the purpose in view of combining their savings at the end of the year to engage in business they would soon be independent. Strikes and lockouts would no longer possess any terror for them."

NOW AT WORK.

E. A. Austin, who was sent to Salem by the Federated Trades Council to work in the interest of desirable labor legislation, is at home again, and has gone to work at his trade, which is that of a painter. Mr. Austin feels highly gratified at the manner in which organized labor was recognized by the state lawmakers, and believes that by the time the next legislative assembly meets the working classes will be in a position to demand still further concessions. The labor representatives generally speak very highly of Mr. Austin, stating that he is entitled to great credit for the active part he took in the political drama which recently drew to a close at the Capital City.

THE CARPENTERS.

The Carpenters say that the public need not be alarmed for fear that a strike will ensue if the demands asked by them and the Patrons are not granted. Building operations will not be tied up, they state, but will go right ahead as though nothing happened. "We are going to take contracts ourselves," they explain, "and for this reason the public can rest assured that building is going to proceed right along on the same old lines. If the contractors belonging to the association are unable to complete their jobs we will do them for them. The owners will permit us. Portland is going to boom this summer, and we are going to contribute our share to her prosperity. We will not stand in the way, but will assist in bringing the city to the front."

MARINE NOTES.

The Baroda is being towed from San Francisco to Victoria by the steamer Tullahoma. Upon her arrival at the British Columbia port she will be converted into a coal carrying hulk. The British ship Toxeth has arrived at Port Townsend, 33 days out from San Diego. She has general cargo from Antwerp. The F. S. Redfield arrived at Rainier yesterday from San Francisco. She will load lumber for the Bay City. The German steamer Como, now at San Francisco, has been chartered to load wheat on Puget Sound for Newcastle, N. S. W. The rate paid is 19s 9d.

CHAMBER OF COMMERCE MEETS

Wants Riparia and Snake Rivers Improved by Government.

A meeting of the trustees of the Chamber of Commerce was held this morning and a gist of business disposed of, among which was the adoption of a resolution calling on the Oregon delegation at Washington to co-operate with the delegations of Washington and Idaho in the support of a bill providing an appropriation of \$200,000 for improvement work in the Snake and Riparia rivers.

Those present at this meeting were: R. L. Livingston, W. J. Burns, W. H. Corbett, A. F. Biles and A. Tucker. A letter from the Board of Trade requesting that the Chamber appoint a committee of two to confer with a like committee from the Board of Trade regarding action to be taken to get railroad communication with the Upper Deschutes Valley was referred to the transportation committee.

President Livingston reported that complying with the request of A. H. Devera, he had written to the Oregon delegation recommending that C. Toohy of San Francisco be appointed Bureau Chief of the Department of Agriculture. It is understood that Mr. Toohy is endorsed by the whole business force of the Pacific Coast.

Will Hustle for Fifteen. It was decided that the chamber of Commerce co-operate with the Commercial Club in making the reception to Senator Fulton tomorrow night a great success. As there is no time for printed invitations to be sent the members of the Chamber of Commerce requesting them to attend, the Chamber decided to request its members through the newspapers.

A communication from the secretary of the Grangers of Oregon was read stating that the Grangers would meet in Portland March 10-11, and that a reception would be given Hon. Aaron Jones, the exalted ruler. The Chamber is requested to appoint a committee to take part in this reception. On motion it was decided to refer this matter to the entertainment committee.

In accordance with a request from the Board of Trade it was decided to write to Washington requesting that Portland be made the direct port from which the Seventh Infantry be sent to the Philippines. Owing to the inconvenience it causes some of the members it was decided to change the hour of meeting from 1:30 a. m. to 2 p. m.

JACK DALTON WILL GO NORTH

He is Here Making Ready to Return to Alaska Mines.

Jack Dalton, the well-known Alaska pioneer, came up from San Francisco this morning, to settle up a few business matters before returning to Alaska. Mr. Dalton has been in Washington, D. C. for a couple of weeks. He is interested in a claim against the government for a road that was taken away from a company of Americans by the new Canadian survey. The road runs northwest from Pyramid Harbor; about 20 miles of it was cut off by the survey. Mr. Dalton had several interviews with President Roosevelt and Secretary Hay about the matter, and expects that the claim will be allowed.

Mr. Dalton expects to leave for Alaska about March 5. He will be accompanied by his sister, Miss Jennie Dalton, who is now visiting in the East. "We are in a good mining country," said Dalton, "and there is no room for a rush. People are too eager to rush North whenever they hear of a good find. This makes it hard for everyone. Our country won't stand an army of miners. I have been away since October, visiting in Old Mexico, California and Eastern States. He leaves this evening for Seattle.

ALSTERNIXIE FLOATED.

The German bark Alsternixie was successfully floated yesterday at high tide, and is now an anchor in the lower harbor. It is believed that the vessel sustained no damage by her experience further than losing a number of the bottom rivets which causes her to leak slightly. A survey will be held on her at once to determine the extent of the damages.

HOW TO BE

Cured of Piles Without Pain. First: Change from sedentary occupation to wisely chosen, more active work. Second: From indoor to outdoor life. Third: From wrong to right clothing. Fourth: From unhealthy, rich living, to a mild hygienic diet. Fifth, sixth and last, use Pyramid Pile Cure regularly, and according to directions, for it is the right cure for the trouble, and will cure you as it has hundreds of others.

Don't wait until you are a helpless invalid, for a seemingly simple case of hemorrhoids or piles may, if neglected, rapidly lead to worse. The unnatural formations become tumorous and permanent, and the inflammation grows until abscesses form; the disease burrows into the tissues, forming tubular growths, which discharge pus; cancerous conditions, and general gangrenous degeneration appear.

What is needed at the start, or at any stage, is something to soothe this inflammation, reduce the swelling and distension, and at the same time restores the diseased parts to normal conditions. These three things are accomplished perfectly by the Pyramid Pile Cure. It checks all progress of the disease, and rapidly returns the affected parts to health, besides relieving at once the pain and fearful irritation. "I began using Pyramid Pile Cure, and in order to make sure of a cure bought five packages; for the past six weeks I have not been troubled in the least, and I feel as well as I have for thirty-five years, and had spent more than fifty dollars for different remedies; this is the first permanent help I have had, and no one could feel more grateful that I do." L. M. Williams, Connaut, Ohio. Pyramid Pile Cure is sold by druggists generally for fifty cents a package, and we urge all sufferers to write Pyramid Drug Co., Marshall, Mich., for their valuable little book describing the cause and cure of piles.

L. Shanahan. 144-146 Third Street. THREE "GENUINE" BARGAINS FOR MEN. Slightly Damaged Shirts 17c Each. These shirts went through a fire but were not touched by fire or water. Some of them are slightly smoked, others are not smoked at all. None are so badly damaged that a washing will not put them right. However, the Insurance Companies' loss is your gain. Values are from 50c to \$1.50. The price is, each 17c. Work Shirts at Half Price. One of the leading shirt makers sold up his sample line of work shirts at 50c on the dollar. We've cut the retail prices in half, affording you an opportunity to secure two shirts for the price of one. The lot includes chevots, drills, chambrays, satens and light and heavy fancy shirtings. The sizes and colors are well assorted. The regular prices range from 50c to \$2.25. They'll cost you from 25c to \$1.25. Undershirts at Half Price. A drummer offered us his samples at half price. We took them and they are now on sale at one-half the regular retail price. Among them are light and heavy cotton and wool, ribbed and flat. There are colors to suit everybody and sizes to fit everybody. As the regular prices range from 50c to \$2.00 per garment, we are selling them at from 25c to \$1.00 Each.

GOT PAY FOR BEING SCOTCH

Long Drum Major a Wisconsin Logger.

His Father and Mother Were Dutch--A Tragedy of the Canadian Kitties.

Donald MacCormack, alias Donald Cameron, alleged Scotchman, who strode at the head of the Canadian Kitties straight into the hearts of the people of Portland, is not a Scotchman at all; neither is his name Donald MacCormack, nor Donald anything else. His parents were German, and his boyhood's home was at Menominee, Wis.

And the joke is on a prominent Portland railroad man who boasts his Scotch ancestry, and who wined and dined the long drum major under the impression that they were distant relatives. The railroad man has an uncle in Glasgow, named MacCormack. This was the cause of his downfall.

But there lives in this city a young woman, the sister-in-law of another prominent railroad man, whose former home was next door to that of the pseudo Scotchman, and who used to go to school with his sister, whose name is Johanna Willig--nothing Scotch about that!

Admitted His Identity.

While in Portland the seven-foot drum major of the Kitties was accosted by one who knew him, and made no effort to conceal his identity. "I get good pay for being Scotch," he said. "What do I care what they call me? This is a good vacation."

When at home in Wisconsin this splendid specimen of manhood, whose real name is William Willig, and who goes by the nickname of "Little Willie," works in the logging woods, where his great strength enables him to heave about tree trunks that no ordinary mortal could budge.

Just now there is much mirth in railroad circles at the expense of the first mentioned railroad man. He is employed in a down-town office, and when the Kitties came he took the list of names and went carefully over it in search of relatives. "Donald MacCormack" seemed the most likely, and when he approached that worthy he was received with open arms. Refreshments were the order after that, and the railroad official did the ordering.

MacCormack Recognized.

But when the Kitties paraded the sister-in-law of the other railroad man stood upon the curb and, as the band passed, she turned to her brother-in-law and said:

"Why, there is Willie Willig! See him! That tall fellow with the club!"

"When the two railroad men met the day following, one said to the other:

"I see you were out with a Scotch friend."

"Yes," said the one addressed, "I have been entertaining a relative from the old country."

"Did he drink many hot-Scotchies?" was asked.

"No. He told me he did not drink at all."

"Did he eat any sauer kraut?"

"Not that I know anything about. Why?"

"Did you notice his brogue?"

"No. He did not have any. He came to this country while he was a little boy and speaks without accent. But why do you ask?"

"Because he is Dutch," came the startling reply. "He was born in the logging camps of Wisconsin, and his father and mother are Dutch, pure and simple."

The Scotch railroad man was greatly shocked and it was until proof beyond question had been offered, that he was willing to alter his opinion and consider his efforts at entertaining wasted. Then he searched back into his memory for something that might have betrayed to him, had his suspicions not been lulled completely to rest, that the other was not all claimed for him on the bills. At last he said:

"Well, I thought it dummed queer the man had no more hair on his knees. A true Scot always has hair on his knees."

It was then that William Willig was approached and accosted in his own name.

"Sheeh!" he said. "Don't give me away. I draw a good salary for being Scotch!"

COLLECTING THE NEW STATUTES

Secretary of State Dunbar Starts the Work.

(Journal Special Service.) SALEM, Feb. 24.—Secretary of State F. I. Dunbar has already commenced compiling the laws enacted by the late Legislature, and Attorney A. O. Condit of this city is in charge of the work. The committees appointed by the two houses of the Legislature to revise and correct the journals and prepare them for the printer are also at work and will finish their labors in about 15 or 20 days.

Good Showing By Y. M. C. A.

SALEM, Feb. 24.—The local Y. M. C. A. has issued a financial statement for the two years ending January 1, 1903, showing the institution to be in a most prosperous condition. The receipts from all sources during the two years covered by the statement aggregated \$10,519.62, of which amount \$10,497.56 was expended, leaving a balance in the treasury on January 1, 1903, of \$12.06. The membership of the association is as follows: Seniors, 201; Juniors, 29. The religious meetings have been well attended and the educational classes have been liberally patronized. Nine branches were taught in the latter department; 305 class sessions were held and the attendance aggregated 1,011. In the gymnasium the total attendance was 4,372; and the attendance in the rooms of the association for the two years aggregated 22,518, a daily average of 62.

Collecting Taxes.

SALEM, Feb. 24.—Yesterday Sheriff B. B. Colbath began the collection of taxes on account of the 1902 assessment, the rolls having been finally delivered to him, and by 5 o'clock last evening over \$10,000 had been received, many taxpayers having anxiously awaited the opening of the rolls for collection of taxes. The total taxes to be collected this year foot up \$225,604.69, an increase over last year of about \$12,000. Of this amount \$44,883.50 is for state purposes, \$41,997.96 for county purposes and \$228,284.66 for Salem city and road. There are 2,666 persons in the county eligible to the payment of poll tax who have not paid the assessment.

HAS FRAUD BEEN PERPETRATED

Henderson of Boise Has a Kick Against Portland.

Has fraud been perpetrated on a citizen of the State of Idaho? A. J. Henderson of Boise has written to Mayor Williams "in the cause of justice." Mr. Henderson seems to have been swindled by a fake mining company. His letter of complaint has been referred to Secretary Shillock of the Board of Trade, who joins in the chorus of justice. Mr. Henderson's letter is as follows: "I wrote you some time ago requesting you to let me know if there is a company in Portland by the name of the Thunder Mountain and Deadwood Mining and Milling Company. I make this request in a case of justice. I wish to find this out on account of a fraud that has been perpetrated."

PAYS PENALTY ON SCAFFOLD

(Journal Special Service.) STROUDSBURG, Pa., Feb. 24.—The first execution in Monroe County in many years took place today, the victim being Charles Grether, the burglar who shot and killed Constable Adam Funk. Grether was considered one of the most desperate criminals with which the county authorities ever had to deal. Twice, after his conviction, he escaped from jail.

HEBREW INTERPRETER WANTED

WASHINGTON, Feb. 24.—Uncle Sam greatly needs the services of some language students. A Hebrew interpreter, in particular, is wanted, and examinations for this position are to be held today in the chief cities of the country. The candidate selected will be assigned to the place of interpreter with the Government Immigration Bureau at Montreal with a salary of \$1,300.

EILERS PIANO HOUSE. Headquarters for the best pianos made, for the Pianos, the Angelus, Reed Organs and the great Kimball Pipe Organ. Our instruments lead in quality and reputation—our prices are the lowest made anywhere—our terms are the most reasonable and our reputation for square dealing and progressive methods long established. Our leading pianos, the Chickering, the oldest in America and Boston's best; the Weber, of New York, and by many odds the finest instrument made there, and the Kimball, of Chicago, America's most modern and progressive up-to-date piano made. EILERS PIANO HOUSE. Washington St., Corner Park. Large Flourishing Houses, San Francisco, Spokane and Sacramento.

HEADS OF S. P. ENGINEERS HERE

To Consult Wishes of Brother Members.

S. M. Carter and G. McCoy Making Annual Tour of Inspection of Their Territory.

On their annual tour of inspection and to promote the interests of the great labor union of which they are representative members, S. M. Carter and G. McCoy, both with headquarters at San Francisco, are today in this city. Mr. Carter is chairman of the Brotherhood of Locomotive Engineers for the Southern Pacific and Mr. McCoy is secretary for the same division. The home of the latter is at Dunsmuir, while the former resides in the California metropolis.

In their suite of rooms at the Hotel Perkins this morning these gentlemen were in conference with local officials of the Brotherhood, talking over "the good of the order."

"The visit of Mr. Carter and Mr. McCoy has nothing to do with any possible strike is stoutly averred. "We are just visiting the various points where Southern Pacific engineers are to be found in considerable numbers, consulting their wishes and looking after their best interests," they say.

It is a matter of record that the Brotherhood of Engineers has participated in fewer strikes during the period of its existence than almost any other labor organization.

At the present time the Brotherhood of Engineers has members in every state almost every county in the United States and is such a powerful union that its representatives are consulted in almost every railroad change or movement of importance. Other unions of railroad men when not satisfied with their treatment, ascertain the position of the Southern Pacific division of the union, of which they are the heads, before they act. The order has never affiliated with that of wider scope known as the American Railway Union.

Messrs. Carter and McCoy will remain some time in this city and will listen to whatever is to be said by members of the Southern Pacific division of the union, of which they are the heads. Even should there be complaint made against the company, decisive action will not be taken at this time.

Strong Organization.

Gates Was Not In. The Bellboy at the hypothetical hotel came through the corridor with a card in his hand and passed into the men's restaurant, calling out the name of the guest he was seeking. Habitual visitors paid no attention to the boy, for most of them knew by sight the bearer of the card. He was calling. As he continued the main group and back again to the restaurant behind him. In the that was trailing the sound of the name had restaurant the sound of the name had the same effect. It was the luncheon hour, and the room was crowded. Strangers looked up and watched the progress of the messenger. The boy returned to the dining room started after him again. They followed down the main hall, through the parlors and back again to the main dining room. As he continued the main group and back again to the restaurant behind him. In the that was trailing the sound of the name had restaurant the sound of the name had the same effect. It was the luncheon hour, and the room was crowded. In the that was trailing the sound of the name had restaurant the sound of the name had the same effect. It was the luncheon hour, and the room was crowded. Strangers looked up and watched the progress of the messenger. The boy returned to the dining room started after him again. They followed down the main hall, through the parlors and back again to the main dining room. As he continued the main group and back again to the restaurant behind him. In the that was trailing the sound of the name had restaurant the sound of the name had the same effect. It was the luncheon hour, and the room was crowded. Strangers looked up and watched the progress of the messenger. The boy returned to the dining room started after him again. They followed down the main hall, through the parlors and back again to the main dining room. As he continued the main group and back again to the restaurant behind him.
