

SALE OF THE SITE BLOCKED

Port of Portland Saved From a Bad Move.

Mock's Bottom Rejected and a New Location for the Dock Sought.

A JOB THAT FAILED.

The Mock's Bottom job is dead. The glare of publicity thrown by The Journal upon this attempted disposition upon the taxpayers has proved too much for those concerned in it, and the offer of the tract was yesterday withdrawn.

The proposition to locate the new drydock at Mock's Bottom fell into disfavor before the Port of Portland Commission yesterday.

Was Doing Well. Captain Gray seemed to be doing very well and steered among the shoals of the narrow channel of Mock's Bend with the adeptness of an old mariner.

After much hesitation Captain Gray decided to put the matter to a vote of the members of the commission, who were not altogether favorable to the Victoria dock property to the commission at \$75,000.

At this juncture Captain E. W. Spencer was asked if he would like to discuss the subject of drydock sites. He replied that he did not care to criticize the proposed location, although he had objections to offer.

CONSUMPTION

DEATH IS NEAR. oftentimes nearer than you can possibly imagine. Only last week a strong, robust young man, in the prime of life, who lived in White Plains and did business in New York City, had a slight cough. It was so slight that he paid no attention to it, and in a spirit of bravado continued his office work. In four days it went to his lungs, and he died from pneumonia within a week. Many such cases are happening every day, and every one of them can easily be cured by

relieved. It is a SURE CURE. It will cure any cough in 24 hours if the patient will use it as directed.

CURED WEAK LUNGS

Dear Sirs: Having suffered with weak lungs, severe cough and loss of appetite I tried nearly all medicines, but without benefit. A few weeks ago, on advice, I commenced the use of your Pure Malt Whiskey. My appetite improved almost immediately, my cough stopped and my lungs are as strong as ever, my strength has returned, and I shall continue its use. Respectfully,

FLORENCE WHITING, No. 1106 C St., N. W. Washington, Jan. 4, 1902.

STOPPED HEMORRHAGES

Gentlemen—My lung trouble is two years old. Had about eight or ten hemorrhages, which broke me down in weight and strength. The last, in February, was the worst of all, so that I thought and believed myself that I could not see another summer. When I commenced to take Duffy's Pure Malt Whiskey my weight was 117 pounds, my weight today is 129 pounds, made a good improvement in every respect. I feel stronger from day to day; no hemorrhage since I used the Whiskey.—GOTTFRIED RBER.

IT IS ABSOLUTELY PURE.

Duffy's Pure Malt Whiskey cures coughs, colds, consumption, grip, bronchitis and pneumonia. It stimulates the blood, aids digestion, builds up the nerve tissue, tones up the heart and fortifies the system against disease germs. It prolongs life, keeps the old young and the young strong. It contains no harmful or injurious ingredients and is the only whiskey recognized by the Government as a medicine. This is a guarantee.

CAUTION

When you ask for Duffy's Pure Malt Whiskey be sure you get the genuine. Unscrupulous dealers, in a desire for the excellence of this preparation, have substituted cheap imitations and so-called "health-giving" substitutes, which are put on the market for profit only, and which, far from relieving the sick, are positively harmful. Demand "Duffy's" and be sure you get it. It is the only absolutely pure malt whiskey which has the health-giving qualities. Look for the trade-mark, "The Old Chemist," on the label.

The genuine Duffy's Pure Malt Whiskey is sold by all druggists and grocers, or direct at \$1.00 a bottle. Write for free medical booklet containing symptoms and treatment of each ailment, and convincing testimonials, to the Duffy Malt Whiskey Company, Rochester, N. Y.

BOUND OVER FOR KIDNAPING

See Ah Deung, charged with kidnaping Ling Ti, a Chinese girl aged 12 years, was bound over to appear before the grand jury this morning by Municipal Judge Hogue. His bonds were fixed at \$2,500, in default of which he was remanded to the county jail. Ling Ti, the girl, will be held as a witness.

Wing Lee, father of the little Chinese girl, was the first witness this morning. He stated that See Ah Deung took Ling Ti without his knowledge or consent. It was about 10 days ago. He swore to the age of his daughter.

Ling Ti herself took the witness stand and being able to talk very good English gave her testimony quickly. She said that See Ah Deung, who had been helping about her father's store for a while, had told her he would take her to China, where she could be with her mother. She took him at his word and fled, without saying anything to her father.

Didn't Tell Father. "It was going to tell my father," said Ling Ti, but that Chinaman (pointing toward See Ah Deung) said that if I did my father would kill him. So I didn't tell father, but went with that Chinaman."

Ling Ti also stated that See Ah Deung took all of her money, which she used to purchase tickets for the trip to San Francisco.

District Attorney Manning appeared for the state and A. Walter Wolfe represented See Ah Deung, the defendant.

FATHER FAILED HER.

Through some misunderstanding, Peter McDowell, in Portland, and but for the kind help of the police, would have experienced suffering, perhaps. She was en route from Missoula, Mont. to Whitaker, Cal., and was to have met her father at the train. She alighted fully expecting him to be there. But he was not, and after waiting for over an hour, she asked an officer for advice. She was taken to the police station, and Chief Hunt had her sent to the Boys' and Girls' Aid Society until her father arrives.

JEWES ARE CELEBRATING

Services Held in the Synagogs in Honor of Feast of Purim.

The Abnath Sholom and the Neval Zedek Talmud Torah Synagogs were crowded last night with worshippers who assembled to celebrate the Feast of Purim. The feature of the evening's services is the reading of the religious book of the Hebrew. This is written on parchment rolled as ancient manuscripts were wont to be. A curious custom which still prevails is the stamping of feet when the name of Haman, the enemy of the Jews, is mentioned in the reading of the religious book of the Temple Beth Israel will celebrate this night.

MOTHERS VISIT PUBLIC SCHOOL

The assembly hall of the Williams Avenue School was beautifully decorated yesterday in honor of the Mothers' Meeting, which was held in the afternoon.

There was a large attendance of the parents of the pupils of the school, and during the afternoon a number of addresses were delivered by prominent educators.

Superintendent of Schools Rigler was the first speaker and he delivered an able address on the methods now employed in teaching pupils the proper way to spell and write the English language.

Miss Lizzie Hoben rendered a very pleasing vocal solo at the conclusion of Mr. Rigler's remarks, after which Mrs. C. A. Coburn delivered an address. Mrs. Coburn thought that the idea of holding Mothers' Meetings was excellent, but she also thought that the fathers of the pupils should not be discriminated against in the work of trying to build up better and more efficient schools.

This meeting is a part of the regular work planned by the National Municipal Improvement League, of which the Portland organization is a member. The exact date of the meeting has not yet been determined upon.

THROUGH WIRE TO PORTLAND

The announcement that the Union Pacific Railroad Company and the Postal Telegraph Company have reached an agreement whereby the latter will be allowed the use of the former's right of way for stringing through wires to the coast, is taken in this city to mean that facilities of the Postal Company will shortly be very materially increased. Portland is the favorite in the race for the Western terminus of this wire, San Francisco and Seattle also being possibilities.

It was announced at the local offices of the Postal Company today that the probability was very strong that the through wire to the East would be brought to Portland, material increase in the force employed here being a result. Postal business is routed East from Portland either through San Francisco or by the Northern lines now, and the new wire would cause all this to be changed, making of this city a depot for the entire Northwest, business being assembled here and flashed direct from the Portland office to Omaha.
