HANDBALL MEN READY FOR CONTEST

National Championship to Start at Jersey City Tonight.

(Journal Special Service.)
 NEW YORK, March 21.—Devotees of the game of handball will turn their eyes tonight toward Jersey City, where a series of matches will begin that will determine the national championship. The contestants are "Mike" Egan, the world's champion, and Louis Keogan of Chicago, who claims the Western championship. The contest is for \$200 a side, besides the championship title, and the articles of agreement call for seven games on the Jersey City courts and eight games to be played in Chicago.

Egan has been playing in excellent form all through the season, and was never in better form than at the present time. Very little regarding Keogan's ability has been heard in the East of late, but those who have seen him in practice since his arrival in Jersey City assert that he is in prime shape for the contest and that Egan will find in him a dangerous opponent.

SPRING MEETING

Washington Jockey Club Opens on Monday at Benning Track.

(Journal Special Service.)
 WASHINGTON, D. C., March 21.—All the indications are that the spring meeting of the Washington Jockey Club, which opens at Benning race course Monday, will be the largest meet in the history of that popular track. There are over 400 well-known horses now stabled at the track. The city is rapidly filling up with the "sporty boys," who follow the ponies, and the stewards are counting on the meeting of the club has ever experienced.

Racing interest throughout the country is centered on the Benning meet, because many of the horses are fresh from a winter's rest, and this will be the first opportunity they will have to show their form for the coming season. For the past week the owners, trainers and the "tipsters" have been busy at the track signing up the sprinters in the practice work. The track is in splendid condition and some of the flyers have been working over the course in exceedingly fast time.

The stables now at the track include that of W. P. Burch, who has the lot of F. H. Hitchcock among them Grey Friar, Sergeant and Castillon. William Garth has a stable of fifteen, including Imperialist, Black Dick, Concertina and Dusky Secret. The Columbia stable has a half-dozen fast ones, of which "Toscan, Gloriosa and Red Dan are the best. Gwyn Tompkins has Dour, Flanagan, Gwyn Tompkins, Orion, Walter Cleary and a number of others. J. J. Mackessey has Courtney and All Souls. Charles Ray has Auto, Miss Lobster and Hackensack. Art Bates has the horses of G. W. Cook, including Contina, Merriment, Jerry and Mango. Trainer Sykes has Tom Galgait, the great steeplechaser, and Trainer Baldwin has Circuit, the Montgomery Handicap winner of 1902.

SPRING ATHLETICS

The beginning of spring in the Pacific Northwest notes a general movement in all lines of athletic sports. It is well first on the card. In every city and town in Oregon teams are being organized to play the great national game. From the professionals who earn their living by it, to the lad of six just on his way to his first lesson at primary school, the interest manifested speaks volumes for the outdoor activity of younger Americans. It is a healthful sign and means so much for the future development of our boys. In the colleges, at this season of the year, the cracks of every branch of athletic endeavor are in training for the spring and summer meets. And while the boys are having such a glorious time on the grid, field and track, we should not in our haste of enjoyment overlook the girls, who relish a game of "one old cat" just as much as their brothers. In these days school children take more interest in games of basketball, cricket and tennis, than they do in dancing, "ring around the posies," marching to the tune of "London Bridge is Falling Down," or "Eye Spy." Give our girls a chance.

Oarsmen's Regatta.

(Journal Special Service.)
 NEW YORK, March 21.—The executive committee of the National Association of Amateur Oarsmen in session at the Fifth Avenue Hotel today has a difficult task in selecting a place for holding the national regatta this year. The invited bidding and the liberal offers of both Worcester, Mass., where the regatta was held last year, and Philadelphia, which has two regattas scheduled for July and wants to add a third, makes it a difficult matter to choose between them. A delegation representing the Southwestern Amateur Rowing Association is on hand with an invitation to hold next year's regatta at St. Louis during the World's Fair. Sentiment among the members of the committee appears to be in favor of accepting the invitation, in which event the Mound City will witness the greatest amateur rowing event ever held in that section of the country.

Waverly Golf Club.

The Waverly Golf Club will complete its "knock out competition" on the club's links this afternoon. The weather attracted a large crowd of enthusiasts and an excellent time was had. The next event in gold circles will be the annual tournament of the Pacific Northwest Golf Association, which will be held in this city during the week beginning April 22. Large delegations of golfers from the entire Northwest will attend.

Barry and Lewis.

(Journal Special Service.)
 WARDNER, Idaho, March 21.—Ed Barry of Butte and Jim Lewis of Denver, heavyweight, are to meet in a 20-round contest here April 1. Negotiations are pending as to "Kid" Madden of New York meeting either Dick Lewis (colored) or Harry Jones in a 20-round contest here at 135 pounds at the ringside about the middle of April.

STANFORD DROPS TWO ATHLETES

Crawford and Turpin Did Not Maintain Requisite Ethical Status.

(Journal Special Service.)
 STANFORD UNIVERSITY, March 21.—The mid-semester reports of the faculty committee on scholarship are out and as a result Stanford is minus seven students, two of whom are considered the best athletes in their separate lines that ever entered Stanford.

Shortstop Crawford of the Varsity baseball team and Lloyd Turpin, the crack freshman sprinter from Lowell High School, are dropped.

Crawford was beyond a doubt the strongest man on the Varsity team. Coach Swindells says that the Stanford shortstop is the greatest player of his position that he has ever seen among amateurs. Added to his work on the infield, Crawford is one of the team's heaviest strikers, standing third on batting average.

The shortstop position will be filled by Williams, the promising freshman from Multnomah Club.

Turpin, who was relied on by Stanford to take either first or second places in the 100-yard dash of the intercollegiate meet, has covered his distance in a shade under 19 1/2 seconds this year. Now that Turpin is gone no man is left in this event who may be considered in the same class with Abadie of the University of California.

A great deal of indignation was expressed today by the students when it was found that Crawford's professors had interceded with the scholarship committee on his behalf but that body had sternly refused to allow the shortstop a chance to take re-examination on the work in which he was deficient.

Thirty-five were warned to brace up in their work. Of those dropped one was from the geology department, three, one civil engineering, one chemistry and one economics.

HARLEM HANDICAP

Horses and Weights for the National Event in Chicago June 6.

(Journal Special Service.)
 CHICAGO, March 21.—The weights for the \$10,000 Harlem National Handicap to be run Saturday, June 6, at 1:30 miles were announced by the Harlem Jockey Club as follows:

Ballantyne, Barca, The Picket, Gypseno, Ahola, Lacy Crawford, Watkins Overton, 86; Dick Furber, King Daly, Bernays, The Dog, Mandora, 85; Lendon, Lem Reed, Pericles, Afr Tigh, 84; Shiner Simon, Orefo, Orafena, 87; Paterday, Palma, Canyon, Julie, Judge Himes, Standard Beaver, 82; Tracy 82, Governor, Manrus, 80; Halcondale 87, Gold Brode, Beau Guard, Discharged, 85.

Co-Eds in Athletics.

(Journal Special Service.)
 ANN ARBOR, Mich., March 21.—The first annual intercollegiate athletic contest by co-eds of the University of Michigan takes place this evening and the announcement that no man's eye will be permitted to view the struggles has attracted no little attention. The events scheduled include a 20-yard dash, hurdles, high jumping, broad jumping, apparatus work, club swinging, ball throwing, fancy steps, potato race, three-legged race and relay race. It is contemplated to have an annual event of the kind, and Michigan co-ed athletes hope to become as famous in time as those of Wellesley and other women's colleges.

SWIGERT AFTER PROPER FENDER

He Will Campaign in the Country Where They Are Made.

General Manager C. F. Swigert of the City & Suburban Company, will leave for Chicago and the East on April 1, and it is expected that before he returns to Portland he will have selected the fender that is to guard life and limb on the C. & S. line. Mr. Swigert does not know how long he will remain away from this city, but will visit many Eastern points and transact much business before taking the back track.

"I will try and find a fender that will in reality do some good," said Mr. Swigert to a reporter for The Journal. "But am not at all certain I shall be successful in my search. As has been said by several others, there are many kinds of fenders, but none that is wholly successful. It is not the intention of the City & Suburban to wait until January 1, 1904, to install the fender, but it will be put on the cars as soon as it is discovered. It is as much to the interest of the company as it can be to the city or state to guard against accident, as the company is the one that must be responsible for damages.

"I want a good fender and I am going to hunt for it where fenders are made. We must have something—why not the best?"

SEEK MADE A CHANGE.

A Charleston Mother Did so With Advantage to Herself and Children.

A mother living in Charleston, Mass., the happy possessor of four children, writes: "Every fall and winter I have laid in a stock of cough remedies, croup mixtures and throat medicines for my children, for somehow or other they never seem to be free from colds, coughs or sore throats."

"If I made a change in the usual program, I had myself been cured of an obstinate catarrh, from which I had suffered for years, by Stuart's Catarrh Tablets, and as they were pleasant to take I determined to try them with my children. Our family physician told me he knew them to be perfectly safe and nothing better could be used for catarrh, coughs and colds."

"So I gave them to the children and have continued to do so ever since, whenever there is the least sign of croup or sore throat, and I no longer dread the approach of cold weather as I once did."

"Stuart's Catarrh Tablets not only cured me of chronic nasal and throat catarrh, but they have saved me many an anxious night with my little ones. The children like the taste of them, and it is really wonderful how quickly they will break up a croupy cold or an obstinate, deep-seated cough."

People who have used sprays, inhalers, salves or washes for croup and have found how useless they are, will be agreeably surprised at the results following the use of a pleasant, convenient, internal remedy in tablet form. Drug-gists everywhere admit that Stuart's Catarrh Tablets, which sell for 50 cents full-sized package, is the safest, most effective and popular of catarrh medicines.

OLD MISSOURI IS GENEROUS

Appropriates \$10,000 for the Lewis and Clark Fair.

(Journal Special Service.)
 ST. LOUIS, Mo., March 20.—Missouri will give \$10,000 to send an exhibit to the Lewis and Clark Fair to be held in Portland in 1905. This is equal to about \$100,000, as it will enable nearly the whole of the state exhibit at the St. Louis Exposition to be transported to Portland. It will be one of the best exhibits at the Fair.

 "Chairman Appropriation Committee."

CELEBRATED SILVER WEDDING

The silver wedding of Mr. and Mrs. L. F. Clark of St. Johns was celebrated last evening in Artisans' Temple, at Portsmouth, in the presence of about 70 invited guests. The hall was decorated very daintily with an abundance of Oregon grapes and the guests enjoyed themselves with card-playing and dancing. A bountiful supper was afterward spread in the banquet hall. Mrs. Clark is post-mistress of St. Johns.

GOVERNMENT AGENTS.

Messrs. Link and Smith, special government agents, who have been in the city for the past few days, left last evening for Astoria to check up the receipts in the Custom House at that place. They were accompanied by David M. Dunne, Collector of Internal Revenue, and I. L. Patterson, Collector of Customs.

PNEUMONIA

follows a cold, but never follows the use of

FOLEY'S HONEY AND TAR

It stops the cough and heals the lungs and prevents a cold from settling on your lungs and resulting in Pneumonia, Pleurisy, or Consumption.

You are in no danger of serious results if FOLEY'S HONEY AND TAR is taken, as it soothes and heals the inflamed air passages and the cough disappears.

Be sure and get FOLEY'S HONEY AND TAR, as preparations containing opiates stop the cough temporarily by paralyzing the nerves in the throat and leave the germs of serious lung trouble and you get one cold on another because the first one was not cured perfectly.

Saved Her Life From Pneumonia.
 "My wife had a severe attack of Pneumonia which followed a severe attack of La Grippe and I believe that FOLEY'S HONEY AND TAR saved her life," writes James Coffee, of Raymond, Missouri.

Dr. C. J. Bishop, Agnew, Mich., writes: "I have used FOLEY'S HONEY AND TAR in three very severe cases of Pneumonia with good results in every case."

Cured When Very Low With Pneumonia.
 J. W. Bryan, of Lowder, Ill., writes: "My little boy was very low with Pneumonia. Unknown to the doctor we gave him FOLEY'S HONEY AND TAR. The result was magical and puzzled the doctor, as it immediately stopped the racking cough and he quickly recovered."

Three Sizes, 25c, 50c and \$1.00

The 50-cent size contains 2 1-2 times as much as the small size, and the \$1.00 size almost 6 times as much.
