FOR NEW SCALE **FOR CARPENTERS**

Grants Pass Mechanics Adopt a Change.

(Journal Special Service.) CRANTS PASS, Ore., April 15,-Following the pave set by the labor organizations of other towns and cities and increase of prices of necessities, the carpenfers and builders of Grants Pass. through the Corporates' Union of this assets Jan. 3, '03, \$2,742,380.49, city, will soon inaugurate a nine-hour with a wage scale based on a 13 a day wage for journeymen, master me chanles and contractors to receive com-

y the day or hour.
The building season which is now or in Grants Pass will be greater this year by far than for any one season in the history of the town. An evidence of the amount of lumber that will be used here is shown by the large number of sawmills that will be operated in the county. There will be fifteen mills at work in the fir and pine timber Josephine this summer cutting timber for commercial purposes, and nearly as ber for mines. Twice as much lumber will be cut in Josephine this summer as ever before. A great per cent of this will be sugar pine, as this lumber is in the greater demand and brings the highest market price.
