> You've had a cold; so has everybody Did it ever settle in your back? In the "small." just over the hips? Stay there, with a steady ache? Makes life miserable? That's a "Kidney Cold."

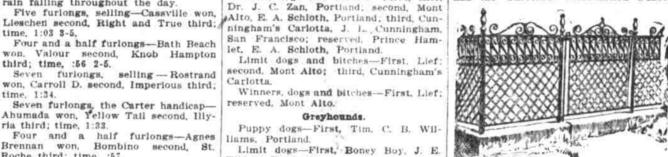

You can stop it. A Portland man shows the way.

G. K. Parrish, the well-known mustian, who lives at 33 1/2 Grand avenue, says: "My first attack of kidney com-plaint consisted principally of dull achng pains across the loins. I paid little attention to it at first, and it gradually grew worse. When I did anything which required exertion, or if I caught cold, was sure to have backache in an acute form. I was feeling quite miserable some time ago, and one evening while looking over the paper I noticed a convincing advertisement relating to Doan's Kidney Pills, which persuaded me to purchase a box at the store of the Laue-Davis Drug Company, at Yamhill and Third streets. CONTRACTED DISORDERS.

Every contracted disease is attended by grave dangers that nothing less than a thorough and absolute cure can remove. To take even the slightest chance in such cases is to invite lifelong misery. Men do not realize this as they should. A partial cure is followed by a chronic stage, with all its horrors, the same as though the disease had not been treated at all. We positively will not dismiss a patient until every possibility of relapse is removed. By our system of treatment every patient is soundly cured, and made as free from disease taint as he was before the aliment was contracted.

Standing of the Clubs.

Portland's loss was Spokane's gain and the score was 4 to 1. in comparison with the splendid game of the day before yesterday's exhibi-tion at the Portland National Park, was like ice cream as a chaser for a hot tamale.

The contest itself was neither good nor bad. It attained and was perpetu-ated in that insipid medium between "fair" and "poor," which alike repels the audience and the players. It is true occusional streaks of fast playing were brought to light, but they did not long endure and soon went back to the ob livion from whence they came.

Obviously unfair and partial scoring cut down Portland's error column by half, and made Spokane play errorless ball, when Zalusky dropped a foul from the bat of "Slats" Davis, after which event that gentleman laced out for two bags. Wilson, in right field for Portland, also juggled a ground ball long enough to allow an extra base, while Hanley, in center for the Greens, allowed two flies to slip through his fingers that should have been gathered in by any outfielder not afraid of being fined for moving faster than a walk.

Scoring that is so palpably biased will not serve the purpose for which it is intended or make the Pacific National League appear to play faster ball than in reality it does, for even the small boy on the bleachers knows enough about manipulating the error column to chalk up a black mark after a catcher has dropped a foul fly and the batter gets

Deisel continued his splendid work at the third corner, and is one of the prime favorites, while Anderson's manner and method of operating back of the platter won him carloads of praise. Klopf and Elsey were the life and soul of the Spokane aggregation. Both teams were probably suffering from soreness of muscles, because of the 14 innings of

No one beleved that the Browns' third baseman would "hop." Nichols of Spokane made monkeys out of Grim's stickers. Klopf and Kane distinguished them-

selves in the field. Nordyke and Elsey batted like flends. Umpire Mahaffey did much better yesterday than in the opening game.

Wilson ran too long in one place and Elsey stretched it into a two-bagger, scoring later. The Spokane team executed three cleverly performed double plays, in which Pitcher Nichols was at the business end

of all three, The Grim outfield is outclassed completely, man for man, by Spokane. The Browns bumped up against Umpire McDonald yesterday and as a result lost the game.
