

## LIEUT. WALKER WAS MURDERED

Fanatics in Cebu Killed  
Two Prisoners After  
the Battle.

(Journal Special Service.)  
MANILA, May 20.—Lieut. Walker of the Constabulary, who was yesterday reported as missing after the recent fighting in Cebu, was killed by a large band of fanatics, which surrounded the lieutenant's party. Two privates of the Constabulary were killed and three captured, two of them being later murdered. One made his escape. The situation in some of the districts of Cebu is regarded as serious. It is reported that the total of the lands of insurgents in the field exceeds 1,500. Col. Taylor of the Constabulary reports the enemy's forces dispersing and says the Constabulary is capable of suppressing the disorders and predicts an improvement in the situation. It is believed here that the adoption of energetic measures will be necessary to suppress the disturbances.

## FIREMEN LABOR AMONG BULLETS

Cartridges Explode in an  
Armory Fire.

First Regiment Headquarters in Phila-  
delphia Give the Department a  
Dangerous Battle to Fight.

(Journal Special Service.)  
PHILADELPHIA, May 20.—Regard-  
less of flying bullets coming from the  
ammunition store room in the First  
Regiment Armory here this morning, the  
fire department succeeded in saving the  
handsome building from total destruction  
and through individual bravery of pipe  
men kept a fire from working into the  
ammunition room of the Artillery Corps  
and exploding the heavy cartridges  
stored there.

Shortly before 6 o'clock this morning  
an alarm of fire was turned in from  
Broad and Callowhill, and by the time  
the department responded rifle cartridges  
which were stored in the infantry am-  
munition room of the First Regiment  
Armory had been reached by the flames  
and were exploding rapidly. Streams  
were soon at work among the flying bul-  
lets and the roaring blaze within. Many  
narrow escapes were had, but luckily  
no one was injured.

In the ammunition room of the Artil-  
lery there was sufficient explosives  
stored to have sent the building sky-  
ward had a spark once entered there.  
It was a miracle that an explosion did  
not occur, as the inside of the building  
was practically destroyed.

It is supposed the fire started from  
a cigar stub dropped in the club room  
during the night and as there was no  
watchman on duty the fire had gained  
considerable headway before it was dis-  
covered. The loss to the regiment will  
be quite heavy, as they had many tro-  
phies which had been won during the  
past 40 years.

## BELIEVE THAT GIRL IS GUILTY

The Police Say They Have  
Strong Evidence to  
Convict.

(Journal Special Service.)  
MEMPHIS, Tenn., May 20.—Requisi-  
tion papers for Elizabeth McCormack,  
the alleged poisoner, have not been  
honored by Governor Frazier, who says  
that legal obstacles prevent, as the  
young woman is not a fugitive from  
Ohio.

Cincinnati officers admit that they  
have about relinquished hope of getting  
the girl into Ohio for the purpose of  
trying her there. Intriguing evi-  
dence, however, is being slowly gather-  
ed. The police have discovered where  
she secured the box in which the  
poisoned whiskey was shipped and also  
claim to have found a duplicate bottle  
in Pell's saloon.

## STOP AT WOODBURN FOR TWO MINUTES

(Journal Special Service.)  
WOODBURN, May 20.—Mayor Corby  
received word last night from Secre-  
tary Leeb that the President's train  
would stop here for two minutes on  
Thursday evening at 12:22 p. m. This  
will afford many who will be unable to  
go to Salem or Portland a chance to see  
the President.

and take no other kind. Twenty-five cts. a bottle.

## HAMILL OFFER IS WITHDRAWN

Company Does Not Desire  
City as a Purchaser  
for Boat.

(Continued from First Page.)  
The steam tug Hamill will not be  
purchased by Portland for a fire boat,  
and in order that no further discussion  
may arise over its merits or demerits,  
the receivers for the company that  
owns the boat have withdrawn their offer.

In taking the boat off the Portland  
fire boat market, the receivers gave an  
explanation of their action, except to  
state that, "we do not desire the City of  
Portland as a purchaser of the boat  
Hamill, as there are now other pur-  
chasers in view."

In withdrawing their offer, the re-  
ceivers also took back such pictures  
reports, letters, telegrams and other  
correspondence as had passed on the  
subject and now the fire committee is  
relieved of all further responsibility in  
this particular matter.

Members of the fire boat committee  
today stated that a decision would be  
announced by them in the near future  
and also intimated that their general  
opinion favored the construction of a  
fireboat in the city, the boat to be a  
stern wheel, steel craft. Such a recom-  
mendation will probably be made by the  
fire boat committee, though nothing  
official can be announced until another  
meeting of the committee is held.

The stern wheel craft St. Louis has  
been offered the committee for \$20,000  
and this offer has not yet been passed  
on. As the boat is resting in the far-off  
Alaskan waters and the committee can  
hardly see what manner of craft they  
are buying, it is not believed by the  
members of the committee that such a  
purchase would be advisable. The  
voice of the fire department is also  
loudly heard against the purchase of any  
boat and their recommendation, if made  
officially, would be that a boat be built  
in Portland for the city's use.

## A NEW RAILROAD IN CENTRAL OREGON

President Mohler and T. B. Wilcox Will  
Investigate Conditions There.

(Journal Special Service.)  
The transportation committee of the  
Chamber of Commerce met yesterday  
afternoon to receive the report of T.  
B. Wilcox upon his visit with E. H.  
Harriman at San Francisco several  
weeks ago. Mr. Wilcox, in company  
with President Mohler of the O. R. &  
N., visited the great railroad magnate  
and talked with him regarding the con-  
struction of a railroad through Central  
Oregon. Mr. Harriman seemed to be  
skeptical as to whether the central part  
of this state could support a railroad.  
He asked President Mohler to investi-  
gate conditions there and report him.  
President Mohler and T. B. Wilcox  
will, within the next few days, look  
over the country through which the  
proposed road is to be built. It is  
thought they will be accompanied by a  
third committee member to be selected  
by them.

At the committee meeting yesterday  
Mr. Wilcox was given a vote of thanks  
for his work and he was assured of the  
heartily support of each member of the  
Chamber of Commerce in his work for  
the new road.

## HELPED CONDUCTORS LAND CONVENTION

The railroad men of this city are re-  
joicing today over the news that the  
next biennial convention of the Order  
of Railway Conductors will be held here  
in 1935. The Portland delegation to the  
recent Pittsburg convention had many  
hard-working rivals, but the  
stories of the city beautiful and the  
regal scenery in the land "Where rolls  
the Oregon" won the victory. As stated  
in yesterday's Journal, this city had the  
support of the Western delegations and  
half of the "down Easters," so some  
of the local conductors are said to have  
celebrated the victory last evening.

While the credit for securing the con-  
vention for Portland belongs largely to  
the delegation from the Mount Hood  
division, No. 91, of the O. R. & N., still  
much of the glory is due to the press  
and publicity committee of the Lewis  
and Clark Fair. As soon as the matter  
of Portland entering the race for the  
1935 assembling of conductors was  
brought before this committee the mem-  
bers of it began at once to plan a cam-  
paign that would land the prize.

**Press Committee Very Busy.**  
A delegation of local conductors, com-  
posed of J. W. Crocker, J. J. Fitzgerald  
and E. A. Clem, waited upon the Lewis  
and Clark men about two months ago.  
A design for a special button was got-  
ten up, and several thousand of them  
were made. The conductors were  
furnished with the Oregon, Portland  
and Fair literature that they wanted.  
In addition to this a small bank account  
was placed at the disposal of the men  
who were to make the fight at Pittsburg.  
The Fair press committee, I. N.  
Fischer, chairman, Pacific Northwest  
and Leo Friede, then began to cor-  
respond with folk throughout the coun-  
try whom they thought might help the  
city of Roses win. Thus, by hard work  
upon the part of the Fair committee  
as well as the conductors, Portland was  
selected as the next meeting place of  
the conductors.

## LAWYER SHOTS TWO OF HIS ASSAILANTS

Young Attorney Fires After Being  
Seriously Beaten in His Office.

(Journal Special Service.)  
SONORA, Cal., May 20.—Frank Price,  
a brother of former Sheriff Price, was  
killed, and J. M. Watkins, a bartender,  
was seriously wounded by J. C. Webster,  
a young attorney, as the result of an  
attack the two men made upon the  
lawyer in his office. Price was shot  
through the heart. Watkins was wound-  
ed in the head. Webster shot only after  
he had struggled valiantly against odds  
and we feared his life would be  
taken. The lawyer secured a divorce  
for Watkins' wife a month ago, and  
that is given as the reason for the at-  
tack.

## LAND SHARKS CAUSE A SEVERE SETBACK

Because of Wholesale Frauds the General Land  
Office Orders That There Shall Be No Further  
Surveys of Public Lands This Year.

(Continued from First Page.)  
desired to go upon the lands and make  
homes.

Inquiry from authoritative sources in  
Washington elicits the following an-  
swer, regarding A. R. Green's special  
report last year to the department,  
based upon which is most of the recent  
shaking up in the land affairs of the  
government.

If A. R. Green's report may safely  
be published, why do not the Hermann  
people bring it to light? Were they to  
evince a desire to have the confidential  
report printed, to "vindicate" Mr. Her-  
mann, it would be forthcoming, beyond  
doubt.

A. R. Green's report directly bears  
upon the case. Its retention from the  
public is accounted as prima facie evi-  
dence that it would be disastrous to  
Mr. Hermann, were it published to the  
world.

**Word from Washington.**  
The statement that comes from  
Washington concerning the order stop-  
ping further surveys of lands in Ore-  
gon is:

WASHINGTON, D. C., May 15.—The  
Commissioner of the General Land Of-  
fice has decided that there shall be no  
further surveys of public lands in Ore-  
gon this year.

The fraudulent taking of lands by al-  
leged settlers for the benefit of corpora-  
tions and syndicates is the cause.

This decision of the General Land  
Office grows out of the frauds prac-  
ticed and exposed during the Hermann  
administration of the land affairs and  
which brought about Hermann's re-  
moval.

It is regretted at the department  
here that the innocent are compelled to  
suffer with the guilty, for many persons  
in good faith have gone upon 160 acres  
of unsurveyed lands intending to make  
bona fide homes and fulfill the provi-  
sions of the law.

But, owing to the course pursued by  
the former land commissioner, and the  
necessity of going to the bottom of the  
matter, it is found to be necessary to  
cease work in surveying the lands,  
which will be deferred to a time so dis-  
tant that great hardship will be wrought  
upon the working people who have gone  
into Oregon and begun to build homes.

**Green's Report Inaccessible.**  
The special report of A. R. Green,  
appointed to examine into the facts, is  
on file with the department as a confi-  
dential document. It is the custom of  
the department, in cases wherein these  
reports are necessary, to keep them offi-  
cially, and to retain them from the pub-  
lic. This has been done with Green's  
report, and only through the consent of  
the Hermann people could it be re-  
leased for publication.

Efforts have been made to secure it,  
but they have failed. A request from  
the Hermann people of Oregon would  
operate to remove the ban of secrecy,  
so it is believed here, indeed, a hint was  
thrown out in a manner to indicate that  
such a request would end all difficulty  
in getting at a report that seems to be  
largely the crux of the whole question.

**Extent of Distress.**  
ROSEBURG, Or., May 20.—The cause  
of the suspension of surveys of public  
lands in Oregon this year is under-  
stood here where is located the United  
States land office, to be largely the re-  
port of Special Agent A. R. Green, of  
the Interior Department, last year,  
which aroused alarm on the part of the  
government here at the wholesale ac-  
quiring of timber lands in Oregon by  
lumber syndicates, who have used the  
alleged settlers as go-betweens in ac-  
quiring title.

Surveys are now suspended in the  
interior regions of Lane, Douglas, Joseph  
phine, Coos, Curry Counties, in West-

## BINGER'S BAD LUCK AT M'INNIVILLE

(Journal Special Service.)  
M'INNIVILLE, Ore., May 20.—Binger  
Hermann spoke here last night to an  
audience of not to exceed fifty per-  
sons, a number of whom were women.  
There was an entire absence of  
enthusiasm. Referring to his relations  
with the general land office, he said  
that it was a Washington matter, and  
had nothing to do with his running for  
Congress in Oregon. During the after-  
noon he made a hand-haking tour around  
the town and made his usual breaks in  
claiming to know fathers of young men,  
and even the young men themselves,  
whom he had never seen before. In the  
afternoon he also spoke at Dayton,  
where the crowd was less satisfactory  
than here, if possible.

**Orders No. 2.**  
I. So much of paragraph No. 5, Gen-  
eral Orders for the Parade in honor of  
the visit of the President to Portland  
as relates to the human flag will be  
deleted from the Uniform Rank, W. O.  
W., and the Southern Pacific Band,  
and the cadets of the Hill Military  
Academy. The following instructions  
in this connection will be observed:  
Upon the arrival at Yamhill street, on  
Sixth, of the cadets, Hill Military  
Academy, it and all of the main column  
in its rear will halt, and the human flag  
will take up its march on one, and  
changing direction to the right, will as-  
sume position in the general column  
between the main column and the main  
column as they have been previously  
will resume the march and proper dis-  
tances will at once be taken and main-  
tained.

II. The Boys' Brigade, under the  
command of Major W. H. Hembree, will  
take position in the general column in  
the rear of the company of American-  
born Chinese, and will rendezvous with  
this position on Gilman street, facing  
east, in the rear of the company of  
American-born Chinese.

III. After the review on West Park  
street, between Main and Madison  
streets, the Boys' Brigade and all  
accompanying carriages, preceded by  
the Eighth Battery, U. S. A., with the  
mounted police squad, will leave their  
position, will proceed to the City Park,  
over the route heretofore prescribed by  
the following details:

The line of carriages will halt upon  
the arrival of the President's carriage,  
opposite the steps leading to the sum-  
mit of the monument, and will remain  
there until the President's carriage  
leaves, and will then proceed on foot,  
accompanying the President to the plat-  
form, whereon the exercises will be  
performed. The line of carriages will  
remain in the position of the monu-  
ment will take place.

The Eighth Battery, upon arriving at  
this point, will form line with its cen-  
ter opposite the President's carriage,  
and with the mounted police escort on  
the right will remain in the position  
during the exercises at the monument.  
Upon the termination of these exercises  
occupants of carriages will again re-  
sume their positions in the same carriages,  
when the President and his party and

"As far as I have observed Peruna  
is the finest tonic any man or woman  
can use who is weak from the after-  
effects of any serious illness.

"I have seen it used in a number of  
convalescent cases, and have seen sev-

accompanying carriages, preceded by  
the Eighth Battery, with the mounted  
police squad in advance, will return to  
the Portland hotel, over the route here-  
tofore prescribed by the committee on  
details of program.

The column will proceed down Morris-  
son street to Sixth, and on Sixth to  
Yamhill, west on Yamhill to the Yam-  
hill-street entrance of the hotel, at  
which point the President and party  
will leave their carriages and enter the  
hotel.

The Eighth Battery, upon arriving at  
the point, will form in line on the  
south side of Yamhill street, with its  
center opposite the President's carriage,  
and remain in this position until the  
President has entered the hotel. After  
the President has entered the hotel, the  
Eighth Battery and the mounted police  
squad will be dismissed.

IV. The utmost dignity will be ob-  
served along the line of march by all  
participants in the parade, and it is es-  
pecially requested by the committee on  
occupants of carriages refrain from  
smoking during its continuance.

By order of the Committee on Details  
of Program, CHARLES F. BEEBE,  
Marshal.

## POLICE ARE READY FOR THEIR PART

All arrangements for the police partici-  
pation in the Presidential visit have  
been completed. There will be a large  
number of extra officers, both in plain  
clothes and uniform, on duty both days.  
It has been so handled that the entire  
city will be patrolled, as on every day,  
thus protecting the city from the  
criminals.

Chief of Police Hunt this morning  
issued the following order for Thurs-  
day and Friday:

**Police Headquarters.**  
Portland, Or., May 20, 1933.  
The entire police force, with the ex-  
ception of those officers who are doing  
duty on their districts, will report at  
Police Headquarters at 12 o'clock on  
May 21, 1933. They will be divided  
into the following detail for service:

**Detail for Thursday.**  
Specials Mott, Warner, Byers, O.  
Smith, Nash, Childers and Andrews  
will be duty in full uniform at the  
Portland Hotel.

The mounted police will consist of  
14 officers with L. G. Carpenter in com-  
mand. Officers J. Roberts, Mallett,  
Thompson and Vaughn will act as  
specials of the mounted police.

Officers Venable and Fitchner will be  
detailed as out-riders. A platoon of  
mounted police, which will proceed the  
procession, will consist of Circle,  
Shane, Hill, Gabriel, Lee, Carpenter,  
Hirsch and West.

The following men will be detailed as  
cordon, six on each side of the Presi-  
dent's carriage, next the curb: Of-  
ficers Anderson, Burke, Carr, Maloney,  
McInnis, Vendorf, Isakson, Nelson,  
Televin, Fones, Smart and Oleson.

A detail under the command of Of-  
ficer Austin will perform duty at the  
stand erected for the school children  
on the Park blocks consisting of Of-  
ficers Robson, Kay, Stitt, Roberts,  
Eames, Ewing, Quintan and Hart.

A large number of detectives, officers  
in plain clothes, will be distributed  
throughout different parts of the city.

**Friday's Detail.**  
On the morning of the 22nd inst. the  
entire day force and the first relief of  
the night patrol will report at Police  
Headquarters in full uniform at 7  
o'clock a. m. The platoon with clubs  
and belts; the mounted police mounted  
with full equipment. The second re-  
lief of the night force will leave their  
beats so as to be at the depot at 7:40  
to report to Capt. Moore. Upon the  
departure of the President the day  
patrol will go from the depot to their  
respective beats; the night men will  
report to the Police Station.

CHARLES H. HUNT,  
Chief of Police.

## CHICAGO RESTAURANT EMPLOYEES TO STRIKE

Fourteen Thousand Persons Demand Twenty Per  
Cent. Increase--Bartenders Also Included  
--- West Virginia Troubles.

(Journal Special Service.)  
CHICAGO, May 20.—Two thousand  
members of the Waiters' Union today  
demanded an increase of pay and shorter  
hours. The demand is practically a  
20 per cent advance of wages to all em-  
ployees of restaurants, including kitchen  
employees. They ask an answer within  
five days.

The Restaurant Owners' Association  
has appointed a committee to confer  
with the unions.

The bartenders, who are allied with  
the Waiters' Union, handed in their de-  
mand for higher wages this morning to  
Organizer Fitzpatrick, who said: "Bar-  
tenders are not to blame for being  
forced to work at their business, but I  
wish they would strike to destroy every  
saloon and brewery in this country.  
Liquor is labor's curse. Let him who  
thinks whiskey strengthens him, buy  
beer and steak, and from that he will  
actually get strength while all he gets  
from whiskey is weakness and tem-  
porary insanity. If he drinks for pleas-  
ure, he had better buy books and read  
them. If he drinks to forget his con-  
dition, he had better educate himself so  
he can improve it. Instead of making  
him forget his bad condition, whiskey

and beer puts him in a worse one.  
Every city should have arising four-  
tains so that a thirsty workman would  
not be forced into a saloon to quench  
his thirst with something that makes  
him a fool and destroys his health."

If the strike is ordered, it will tie up  
practically every hotel and restaurant in  
the city and many saloons.

longest and bitterest strikes in which  
his union has ever engaged. The pecu-  
liar part of the situation is that it is  
next to impossible to get into the stock-  
ade at Loup Creek and New River to  
notify the miners employed there that a  
strike has been ordered. It is believed  
at union headquarters that habeas cor-  
pus proceedings have been brought in  
order to get word to the men. The edi-  
tor of the Miner's Journal today said  
some of the wood money with which  
miners in that district are paid. They  
are paid in wood money because if they  
escape from the stockade it would be  
worthless, so the miners' officials say.
