Articles of incorporation of the United States Laundry company have been filed in the office of the County Clerk. The incorporators are James M. Finley, D. M. Donough and J. Daniels. The capital stock is \$20,000 divided into 2,000 shares of the par value of \$10

Polmatier Sisters' Orchestra and String Quintette, of New York, who are at the Winter Garden of Portland.

ELECT OFFICERS FOR COMING YEAR

Grand Lodge Conference Nearly Ended.

Rebekahs Adjourned at Noon—Convention a Success—Next Meeting at Astoria.

The 17th annual Rebekah Assembly wound up its affairs at noon today and adjourned. Special effort was made to dispose of all pending business in order that permanent adjournment could be taken. It is possible that a brief meeting will be held tomorrow morning.

The Grand Lodge of the Odd Fellows opened the third day's session of the convention in Arioli Hall this morning. Announcement had been made yesterday that the annual election of officers would occur early this morning, but it was nearly noon before the balloting began.

The following officers were elected for the coming year: Grand master, Joseph Micelli, Roseburg; deputy grand master, J. A. Mills, Salem; grand secretary, E. E. Sharon; grand warden, Dr. Byron F. Miller, Portland; grand representative, Robert Andrews, Portland.

A report was presented by the trustees of the Odd Fellows' Home showing that the present building is inadequate to the needs of the order, and recommending that an addition be built at once. The matter was referred to a committee and no formal action was taken.

Rebekahs Elect.
Late yesterday afternoon the following grand officers were elected by the Rebekahs: President, Mrs. Lizzie Howells, Oregon City; vice-president, Mrs. Nora Burnett, Athena; grand warden, Mrs. Ella Frazer, Eugene; grand secretary, Mrs. Ora Cooper, Dallas; grand treasurer, Mrs. Emma Harding La Grande.

The only contest of importance was for the office of grand warden, there being five candidates. Several ballots resulted in the election of Mrs. Frazer.

Tomorrow evening the visiting Rebekahs and delegates to the Grand Lodge of Odd Fellows will meet at the Temple and take care for a tour of the city, visiting the I. O. O. F. Home for Needy Members on Holgate street.

The next annual meeting of the grand encampment and Grand Lodge of Rebekahs will be held in Astoria.

There will be a meeting tomorrow morning and possibly a brief meeting will be held during the afternoon for the closing up of routine business.

Members of the Grand Lodge and of local lodges met at the Temple this noon in full regalia and marched to the depot to meet and greet the President. There were about 1,100 in line.

each. The West Coast Sash and Door Company has been incorporated with a capital stock of \$75,000, divided into 750 shares of the par value of \$100 each. The incorporators are E. B. McFarland, A. C. Emmons and J. A. Martin.

Three stone laid by President Roosevelt today in the City Park was wrought out and dressed up by Hon. Otto Schumann, who has the contract to build the Lewis and Clark memorial. Mr. Schumann has put up a great number of the splendid monuments that so beautify the cemeteries of this city. He has the contract for the Soldiers' Monument in Lone Fir Cemetery, and has that work well in hand.

The following have been issued licenses to marry by the County Clerk: Edward F. Sorley over 21 years of age, of King County, Wash., and Mrs. Katie Palmer, over 18 years of age, of Multnomah County; Carl F. Harris, aged 27 and Minnie Osmund, aged 28, both of Multnomah County; William Edward Prudhomme, aged 40 and Maud Ann Woodin, aged 26, both of Multnomah County; James F. Moyers, aged 25 and Hattie May Coalbert, aged 22, both of Multnomah County.

Owners of pet domestic animals have been gladened by Dr. T. J. Lloyd, who has opened a hospital for the treatment of diseases and afflictions of their treasures. He has a house full of cats and dogs at this time, and his success in the treatment of these animals has been phenomenal. Dr. Lloyd is a veterinary surgeon and specialist of wide renown, and there is not a disease to which the horse is heir to that he does not thoroughly understand. His stable and hospital is located at 106 North Sixth street, near Glisan. His phone number is Main 2286.

A car hold-up is different from our style of doing business. We never hold up anything but the quality of our splendid sewing machines which we buy for cash at jobbers' discounts, and retail at wholesale prices. We have some machines, taken in exchange, that really only needed a little repairing to make them as good as new, which we sell at prices so small that it seems like we are giving them away. It is worth while for prospective buyers to look these over, anyway. We sell Wolff-American bicycles the same as sewing machines—retail at wholesale rates. Sigel & Smith, 315 Morrison street, Marquam Building.

CURES CATARRH

Hyomel, the Most Wonderful Cure for Catarrh Ever Discovered.

Says F. L. Ward.

Do not try to cure catarrh by taking drugs into the stomach; it cannot be cured in that manner. The only way in which this too common disease can be cured is through a direct application that will kill the bacilli of catarrh and prevent their growth.

Hyomel is the only known method of treatment that accomplishes this. It is the simplest, most pleasant and the only absolute cure for catarrh that has ever been discovered.

Thousands of unsolicited testimonials have been received from the most prominent men and women in the country, who have been cured by this remarkable remedy. Ministers, bankers, lawyers, even eminent physicians, have sent strong testimonials as to the remarkable powers of Hyomel to cure catarrh.

Former Mayor Emory M. Ward of Trenton, N. J., writes: "You have my permission to say that I believe 'Hyomel' to be one of the most wonderful cures for catarrh and throat trouble that has ever been discovered. In my case the effect has been marvelous. I enclose money in order for two outfits for friends of mine to whom I have recommended 'Hyomel,' and who I am anxious shall share the benefit of this remarkable panacea."

The leading druggists of this city have so much confidence in the power of Hyomel to cure catarrh that they will sell it under the absolute guarantee or refund the money.

GRANDSON OF THE EXPLORER IS HERE

Grandson of one of the great explorers who first "crossed the plains" and discovered the fertile fields of Oregon where only barren wastes were popularly supposed to exist, Major William Hancock Clark is in Portland and today will occupy a prominent position upon the platform during the ceremonies attending the laying of the corner stone of the monument to Lewis and Clark.

Major Clark is a resident of New York and arrived in this city last evening accompanied by his wife. He is the grandson of Captain William Clark, the Northwest explorer, and his oldest living direct descendant. Major and Mrs. Clark will remain at the Hotel Portland for one week, guests of the Lewis and Clark Fair Commission.

At the end of that time they will visit Mrs. Eva Emory Dye, authoress of "The Conquest" at her home in Oregon City. The Clarks will, before their return to the East, spend some time with Mrs. Edyth Tozier Weathered at Hood River, and Gen. John M. Bacon at Vancouver, Wash.

Though 63 years of age, Major Clark is as erect in carriage and as graceful as a boy. He has seen much military service and was secretary to Admiral Radford, U. S. N., during the explorations

"THE DIFFERENT STORE."

OLD'S, WORTMAN & KING

FIFTH AND WASHINGTON

Fifth Grand Friday Economy Bargain Sale!

Bigger and Grander Than Ever! This Store Does Not Mislead

DO NOT WANT A STERN WHEELER

Masters and Pilots Are in Favor of Twin Screw Fireboat.

The advocates of the theory that the proposed fireboat for the Port of Portland should be a stern wheeler are meeting with decided opposition. Last Tuesday evening Willamette Harbor, No. 23, American Association of Masters and Pilots of Steam Vessels, held a meeting in this city, at which the subject of the fireboat was under discussion. The association comprises nearly all the masters and pilots of steam craft on the Columbia and Willamette rivers. About 40 members were present at the meeting and it was the unanimous opinion that the fireboat should be a twin screw boat and not a stern wheeler. A communication embodying this view was addressed to the Mayor and the Executive Board. The plans of the "Hamill" were submitted and carefully discussed by those present at this meeting, and it was the general opinion that with the changes that have been suggested she would prove a satisfactory fireboat for this city.

The communication addressed to the Mayor and Executive Board was as follows:

"Gentlemen—At a meeting of the Masters and Pilots of Willamette Harbor, No. 23, the merits of the different types of fireboats, suitable for this city were discussed, and the undersigned was instructed to communicate to you the following resolution, unanimously adopted:

"Inasmuch as opinions of all sorts have been advanced in regard to stern wheel, single and twin screw steamers, and as these opinions have mostly emanated from men who do not make handling steamers a profession, and as these opinions may result in creating doubt in your selector type of steamer suitable type to adopt, we, as practical and professional masters and pilots, having had the experience in handling steamers of all classes in this harbor, resolved, That we strongly recommend the twin screw type of steamer for our fireboat; and that such steamer should be built of steel. Respectfully yours,

"W. N. POPE, Captain."

In publishing yesterday the news that the offer to sell the Hamill to the city had been withdrawn, The Journal gave what purported to be a quotation from the letter of withdrawal which has since proved to be erroneous, and which might give a mistaken impression. The supposed quotation was obtained from a city official, and was to the effect that the receivers "do not desire the City of Portland as a purchaser of the boat Hamill, as there are now other purchasers in view."

No such statement was contained in the letter, which was as follows:

"As a considerable time has elapsed since the offer was made and no answer has been received, we have been directed by the receivers to withdraw the offer heretofore made in regard to the sale of the above named steamer."

There was no statement that the receivers do not wish to sell the Hamill to the city, and the withdrawal was apparently for the reason that they do not wish to leave their offer open for an indefinite period, as they might thereby lose the opportunity to negotiate a sale to some other purchaser.

AT THE SIGN OF THE PADLOCK

Portland Riding Club.

The best medical authorities are unanimous in recommending horseback riding for nervous, lung and kindred complaints. Particularly is this mode of exercise beneficial on this West Coast, where the patient can enjoy the pure open air, inhale Nature's ozone and the refreshing fragrance of pine, fir, cedar and hemlock. It is safe to say that there is no country on earth where horseback riding is more healthful than in Oregon.

PROF. WILDER WILL PLAY BAPTIST ORGAN

He Has Consented to Occupy the Loft on Next Sunday.

When the congregation of the First Baptist Church of Portland assembles for worship next Sunday morning it will be greeted by music from the immense pipe organ played by Prof. W. M. Wilder. The man who for more than 14 years has been the organist of the Baptist Church will again be in his accustomed place, after an absence of one week. At least for the time being the effort to cause his removal has fallen flat.

The decision to retain Prof. Wilder as organist at the Baptist church was reached at a meeting of the music committee held last night. Prof. Wilder's resignation, which had been tendered as soon as he became aware his services were not satisfactory, was not accepted and the committee this morning sent him an invitation to continue his services. This he has consented to do.

"As long as my resignation has not been accepted I am the Baptist organist," Prof. Wilder said today. "I have consented, upon request from the committee, to occupy the organ loft next Sunday morning and evening."

Mrs. C. A. Dolph, chairman of the Baptist music committee, said:

"Prof. Wilder has consented to furnish us with music. No definite action has been taken regarding his resignation. I sincerely hope, however, that the matter is settled for all time and that Prof. Wilder will continue to act"
