Eagles Will Proceed Against Their Secretary Unless He Makes Good His Shortage at Meeting Tonight.

Experting of the Books Shows Him to be Deficient in the Sum of \$760, Which Must Be Paid at Once.

Delinquency May Be the Cause of Increasing the Bond of the Office of Secretary-Streeter's Change.

. Upless Thomas B. McDevitt, Jr., appears before Portland Aerle, Fraternal Order of Eagles, at the meeting this evening, and either makes good a shortag of \$780 or satisfactorily explains his reasons for defaulting, he will be proceeded against according to law. McDevitt, who has been for more

than a year secretary of the local lodge of Eagles, is known to be in Portland, but it is hardly expected that he will present himself at this evening's meeting, as he has afready been given one opportunity to explain, of which he totally failed to avail him-

Prominent Eagles today said that if McDevitt did not "make good" at the meeting tonight, information would be filed against him and he would not only be expelled from the lodge, but would be made to answer for his alleged crime before the State authori-

Streeter Has Changed.

Careful investigation of the books and accounts of McDevitt, since his election to the office of secretary in the Eagles' lodge, has made known the fact that he is \$760 delinquent, that sum having been turned over to him by members and never delivered to the treasurer.

Further complications have and it is possible that others beside the secretary will be brought under suspicion of the lodge. It has been the custom of the Eagles to examine their books and have accounts experted every quarter and the claim is made that George Streeter, who up until a few days ago has been considered a personal friend of McDevitt. passed upon the secretary's book January 1, and prenounced them to be corination came around there was a con-aiderable shortage.

It is also claimed that Streeter, who eppeared before the lodge in Mc Seritt's favor at the last meeting, one week ago tonight, has since that time experienced a violent change of heart and that he is now talking against the r whom he a short time ago preended to befriend.

May Increase Bond.

Another matter that may come bethe Eagles at their meeting tonight is increasing the bond of the The Royal Insurance Company is niedged in the sum of \$500 to recompense the lodge for any de-ficiency caused through the fault of McDevitt, but the fact that the sum for which the insurance company is renatble, is \$260 short of the total osses the lodge seems likely to suffer. has caused agitation of the idea of increasing the bond for the office of Just what change will be made is not known, but \$3,000 has been mentioned and \$5,000 is favored
