

HERMANN A GOOD BOO

Very Unsatisfactory Is the New Congressman to the Party Which Elected Him—Latest Election Returns.

(Journal Special Service.)
BOZEMAN, Or., June 3.—There is a remarkable absence of any satisfaction with the election of Hermann to the party of Republicans here, so far as is learned. It is said that many who voted for him did so only because they were loath to support a Democrat, but hoped Reames would win all the time. Already Republican politicians talk of other nomination, and they realize that by supporting Hermann in this campaign, they have placed themselves in an embarrassing situation. Their utterances this year since Hermann's nomination and during his campaign make it difficult to oppose Hermann in next year's campaign.

In some quarters a sullen feeling exists that the party elected a Congressman who rests under a cloud, and who dared not ask an investigation, and now that the election is over, Republican leaders are beginning to indicate a storm that will break over the head of Hermann when he offers himself as a candidate for re-nomination.

Returns Come Slowly.

Election returns are yet very incomplete. None have yet been received from Curry County, which is estimated at 150 for Hermann. Several counties are only partially estimated. Such corrections in yesterday's tables as can be made today apparently show a gain for Hermann of 166, thereby increasing yesterday's plurality from 1,930 to 2,096. Benton County increases Hermann's plurality from 70 to 97. Jackson decreases Reames from 200 to 160. Marion increases Hermann's count from 125 to 187. Lane decreases Hermann on the incomplete count from 350 to 300; Link decreases Hermann from 125 to 85. Washington increases Hermann from 350 to 385; Douglas may slightly increase the estimated 450 for Hermann. Lake County reports 150 for Hermann. Klamath is yet doubtful, although Democratic advisers say the county will go 70 for Reames, but the Republicans say it will go 97 for Hermann. There are two precincts yet to hear from.

The best table returns possible to make today, owing to slowness of some counties, is as follows, counting Klamath 70 for Reames:

An Incomplete Count.

Hermann Counties—Benton, 67; Coos, 400; Curry, 150; Douglas, 450; Lake, 170; Lane, 300; Linn, 85; Lincoln, 200; Marion, 187; Tillamook, 350; Washington, 385; Yamhill, 50; Total, 2,525.
Reames Counties—Clackamas, 259; Jackson, 160; Polk, 50; Josephine, 200; Klamath, 70; Total, 729.

(Journal Special Service.)
DALLAS, Or., June 3.—Polk County has always been a surprise to the politicians. At each election it has been claimed by both parties and very seldom goes to the same party two times in succession. This recent congressional election was no exception. The Republican camp claimed the county by a plurality of 150. The Democrats made no claims, but considered the county doubtful. The result was a boomerang for the Republican camp. Polk came to the front with a plurality for Reames, and had it not been for the stay-at-home Democrats the Reames vote would have been much larger than it now is. At the last election Polk gave George H. Reames the handsome plurality. In this city the Hermann men were organized and in this way he received a good vote. But in the other large county precincts majorities were given Mr. Reames.

During Mr. Hermann's present trip through the valley, and just prior to his going to Salem to meet the President, he stopped in this city. Now it was Mr. Hermann's intention to make a speech here, but for some reason or other he failed to do so. Mr. Hermann and Mr. Hermann left the town without giving the people a chance to hear him speak. It was said at that time by the Republican managers that their candidates do not intend to speak but simply spent an hour with the good brethren. It was not until recently that the truth of the matter leaked out, and no doubt Mr. Hermann will not soon forget how frosty his greeting was at Dallas.

(Journal Special Service.)
OREGON CITY, Or., June 3.—The vote in every precinct of the county has been received and all the ballot boxes have been returned except one, which will be brought in today. Clerk Sleight will make the official count in a day or so, when the last figures will be given, but at present the complete unofficial count gives Reames 1,231 votes and Hermann 1,022, leaving a plurality for Reames of 209 votes. The Socialists polled about 290 votes, while the Prohibition candidate received about 90 votes. In going Democratic it would appear that the many Republicans who do not like Hermann remained true to their party by not voting for any other candidate. Voting in both parties was light. Reames received only 86 more votes than did Weatherford in this county. The vote given to Reames and Hermann does not equal that given to Tongue. While it is true that both parties were minus many votes, the Democrats polled a much larger proportion than did the Republicans.

SAN FRANCISCO, June 3.—L. D. Cole, a personal friend of Senator Simon, says that in his opinion Hermann would have been defeated if President Roosevelt had not made him one of his excursion party.

Marion County Report.

(Journal Special Service.)
SALISBURY, Or., June 3.—Marion County has given Binger Hermann a plurality over his Democratic opponent of only about 160 votes. Reports from all the precincts in the county, except three small ones in the mountains, gave Hermann a lead of only 158 votes, and this may be reduced somewhat when the official count is made. TOOK CARBOLIC ACID THEN DISAPPEARED

With an ounce or more of carbolic acid eating at his vitals and tortured by the memory of a life mispent, a young man lay all night in a room of the Abbott Lodging House, 228 1/2 Washington street and, although it seems little short of a miracle, was able to leave his bed in the morning and wander out to an unknown fate.

The identity of the lodger has not been established, and it is not known whether he abandoned his intention of suicide or pursued it by drowning himself in the river or by other means. It is feared that, not content with his first and unsuccessful attempt he has since ended his life.

WHAT SEATTLE SAYS OF BINGER HERMANN

Harold Preston, Republican, and late candidate for United States Senator from Washington—I am not wholly in touch with Oregon politics and criticism by me would be out of place. I may say, however, that in my opinion it is always ill-advised for the party to put forward a man for public office who has by his past acts, innocently or knowingly, incurred the enmity or ill-will of the people at large.

There are plenty of men in the Republican party who are known to be upright and honest and who have the confidence of the people regardless of their political affiliations. Such men as these should be made the party leaders and not those who are known to be at butts with the administration. As I said before, I am not wholly in touch with the political situation in Oregon, but I do know in a general way that Mr. Binger Hermann has been the cause, either innocently or because of his official acts, of considerable dissension in the ranks of the party in that State. While I will not pretend to pass judgment on his record as a Republican and an office-holder, I will say in a general way that there is never any party benefit to be derived from forcing a man forward as a candidate who has the ill-will of any considerable number of people in the community in which he lives.

I am glad that a Republican was elected, but I deplore the fact that the election was had at the cost of so much factional strife.

John W. Goodwin, Democrat, and one of the party leaders in Western Washington—I was more than sorry to learn that Reames was defeated—sorry for the reason that he is a good man and

over the advisability of removing the tax rebate allowed for the prompt payment of taxes under the present system. About \$2,600 was returned this year more than enough to pay all expenses caused by the hiring of extra clerks, advertising, etc. The officials in general are against the continuance of this ruling as an unnecessary expense to the county that should be done away with.

Special Term of Circuit Court.

At the special term of the Circuit Court convened yesterday by Judge McBride only a few cases came up and nothing of any great importance was accomplished. In the case of E. F. Riley against Hiram E. Strickland, an order for the plaintiff was made. An order for dismissal was given in the case of William Klunetsch vs. Lulu M. Rue et al. Charles E. Rusyan was appointed to take the evidence in the case of Charles Hill against Elizabeth Hill.

MEANS BUSY TIMES

Immense Business Follows Announcement of Gilbert Brothers' Bankrupt Stock Sale at Eilers Piano House.

A few more days of sales such as witnessed at Eilers Piano House yesterday will come pretty nearly bringing out the entire Gilbert Bros. stock advertised in yesterday's Journal. It is certain that by the end of the allotted ten days there will be mighty little left in the way of selection. From the time the doors opened yesterday until late into the night, everybody about the great store was constantly on the move, waiting on customers. They came from every direction, in town and out of town, for the purpose of buying up the things were found as advertised. That customers were suited, is shown by yesterday's big sales record. The following is a partial list of instruments disposed of yesterday, namely:

- To Mr. Edward Evans, a fine mahogany Brinkerhoff.
- Mr. E. S. Davis, one of the beautiful Hobart M. Cable pianos.
- Mr. H. E. Hall, New England piano.
- Mr. R. B. May, Bentley organ.
- Mr. F. S. Blaghter, Kranich & Bach upright.
- Mr. W. R. Kemery, the elegant Weber Orchestral upright.
- Miss Mary E. Meyer, a choice little Chickering baby grand.
- Miss L. Drayton, in Vernonia Grange, Tillamook County, Bentley organ.
- Mr. F. Clements, a superb fancy oak Victor.
- Mr. P. A. Hull, a fine little Bradbury.
- Mr. J. C. Henry, one of the new Pacific Queen organs.
- Mrs. C. E. Schram, Everett upright.
- Miss Libbie Richardson, fancy mahogany Kimball.
- Capt. F. H. Sargeant, walnut Schaefer upright.
- Mr. A. L. McCully, a beautiful Colonial Jacob Dorr upright, in fleisch oak.
- Mrs. R. B. Belt, a fine Hobart M. Cable baby grand, of which was secured by Mr. E. A. Riggs.
- Mr. A. H. Straw, fancy walnut Kimball.
- Mr. J. A. Baker, mottled walnut Leibel.

In addition to these, three pianolas from the Eilers store, and six or seven pianos were rented to customers in town and for the seashore.

The bargains which this Gilbert Bros. bankrupt sale offers in new and used pianos, are in parlor and chapel organs, are simply immense. The stock is to be disposed of all once, and the astonishingly low prices are securing the business.

In order to accommodate a large number of customers who are unable to call in the daytime, the store will be open every evening this week.

where there is an overwhelming political majority he will win out.

Hermann's victory was a political victory. He owes his election to the fact that he was the nominee of the Republican party in his district, and not because he deserved the office or that he may be expected to grace it.

George U. Piper, Republican, and leader of the railroad forces in Western Washington politics—I guess Hermann is all right (?). The Southern Pacific is behind him and a lot of the other moneyed interests of the country. They certainly would not have supported him if he was not a good man.

When a man gets the most votes you may lay it down as a rule that he is the best man (?). If he suits the people of Oregon and the men who are behind him there is nothing more to say, is there?

Jacob Farth, Republican, multi-millionaire, and probable candidate for United States Senator in 1904—I am pleased to learn of Mr. Hermann's election. The fact that he was the choice of certain corporations should not prejudice people against him.

There are courses there has been some nasty talk as to his acts in the past as well as about the matter of his standing with the present administration. The truth or falsity of what has been said does not concern me. Mr. Hermann is a Republican and, presume, an able man and the people of the district in which he lives would not have supported him.

SUFFERED 25 YEARS With Catarrh of the Stomach— Pe-ru-na Cured.

Congressman Botkin of Winfield, Kan.

In a recent letter to Dr. Hartman, Congressman Botkin says: "My Dear Doctor—It gives me pleasure to certify to the excellent curative qualities of your medicines—Peruna and Manalin. I have been afflicted more or less for a quarter of a century with catarrh of the stomach and constipation. A residence in Washington has increased these troubles. A few bottles of your medicine have given me almost complete relief, and I am sure that a continuation of them will effect a permanent cure."—J. D. Botkin.

Mr. L. F. Verdery, a prominent real estate agent, of Augusta, Ga., writes: "I have been a great sufferer from catarrhal dyspepsia. I tried many physicians, visited a good many springs, but I believe Peruna has done more for me than all of the above put together. I feel like a new person."—L. F. Verdery.

The most common form of summer catarrh is catarrh of the stomach. This is generally known as dyspepsia. Peruna cures these cases like magic.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

morning coming from the direction of the bridge.

Loss of Property.
The loss of property in Kansas City alone is tremendous, some of the largest manufacturing houses and plants having been swept away. Among these are the following:

Water-works flow line, Chicago Great Western Railway bridge, Kansas Milwaukee & St. Paul bridge, building occupied by Seavy & Slarsham, merchandise brokers, T. L. Casse's refrigerator factory, several piers of the "L" road viaduct, 1,000 buildings in Armourdale, 500 buildings in Argentine, 600 buildings in the East bottoms, 200 buildings in Sheffield, 100 buildings in the West bottoms.

The approaches to the Burlington and Milwaukee bridges across the Missouri and the Missouri Pacific bridge across the river are wrecked.

Chicago Great Western freight depot, old Southern bridge, Union Terminal railway bridge, Twelfth-street steel bridge, Fifth-street steel bridge, Kansas City Belt Line Railway bridge, Kansas avenue steel bridge, Metropolitan Street Railway bridge, Rock Island Railway bridge, stockyards bridge, Union Pacific steel bridge, elevator railway bridge at Central avenue, Union Terminal bridge, James-street wagon bridge, Metropolitan and Ann-avenue bridge, Kansas City, Mo.

A late steamer last night brought in 67 passengers from a point near the Milwaukee bridge, five miles below this city. The majority of them were from the Burlington passenger train which has been missing since Sunday, and for which a search was made yesterday.

Government Aid.

A dispatch from Washington received today states the following: Col. Miner, commanding Fort Lawrence, sent the following to Adjutant General Corbin last night:

JACKSON SOLDIERS AGAIN CALLED ON

Many Shots Fired Around Jail in Which Jett and White are Confined.

(Journal Special Service.)
JACKSON, Ky., June 3.—The situation in the Jett-White case is becoming more serious every hour. Another demonstration was made in front of the jail last night in which many shots were fired, it being necessary to turn out the soldiers.

Upon the issuance of this order, the prisoners, who have been in charge of the militia, were turned over to the sheriff, who shook hands with them and greeted them very friendly.

The anti-Hargis element displays a very bitter feeling this morning and it is feared a clash will occur before the day is over.

Guards are still on duty at the homes of local witnesses and no one is allowed to approach them without an order from the court.

Journal friends and readers when traveling on trains to and from Portland should ask news agents for "The Journal" and insist upon being supplied with this paper, reporting all failures in obtaining it to the office of publication, addressing The Journal, Portland, Ore.
