Verdict is Significant and is Considered a Death Blow to Outside Stockmen—Company to Prosecute.

CANYON CITY, June 8.—At the recent term of the Circuit Court held in this city the case of the Pacific Livestock Company vs. Kenneth Murray was tried by a jury and the company was awarded \$255 damages. A motion for a new trial was filed.

This verdict possibly means much to the grazing interests. However, it is understood that a number of the jury were in favor of larger damages, not for damages actually done, but more as a fine for trespassing upon the deeded lands of others.

This verdict is significant, since it means that a willful trespasser must atone to the offended law, and in a death blow to outside stockmen, since it takes a large territory from the heretofore public grazing lands and lessens their chance for summer range for their bands.

To the local stockmen it means that they must be more careful in the future, and avoid infringing upon the right of others.

It is learned that it is the intention of the Pacific Livestock Company to vigorously prosecute all who trespass on their lands, whether fenced or unfenced.

MME. HADING IN LONDON

LONDON, June 8.—The most prominent figure on the dramatic horizon at present is Madame Jane Harding, the great French tragedienne, who begins her London engagement tonight at the corner Theatre. She will play for a month and her repertoire is to include "Plus que le monde" and her latest Parisian triumph, "Le Chatelaine, in which she is to be associated with M. Guitry.

Everybody's liable to itching piles. Rich and poor, old and young—terrible the torture they suffer. Only one sure cure; Doan's Ointment. Absolutely safe; can't fail.

Late Sporting.

GOOD SCORES MADE BY ROD AND GUN CLUB

Multnomah Men Hold Regular Shoot at Irvington Park.

The Multnomah Rod and Gun Club held their regular weekly shoot yesterday at Irvington Park. A. J. Winter won the Inman diamond medal by a score of 45 out of a possible 50. A strong wind was blowing at the time.

Next Sunday the club will have two large swans and porch around their new clubhouse, so shooters and visitors will be in the shade. Next Sunday the club will give a one-day tournament, with \$100 cash added, open to all shooters, and everybody is invited to attend. The score follows:

Club	Score	P.C.
Ellis	100	88
Howe	100	87
Caldwell	100	84
Abraham	100	81
Storey	100	80
Powe	100	80

WORLD'S W. C. T. U.

(Journal Special Service.)

GENEVA, Switzerland, June 8.—American women, English women, French women and women of many other nationalities who have devoted their lives and best energies to the temperance cause have gathered on the shores of Lake Lemano to take part in the sixth biennial convention of the World's Women's Christian Temperance Union. The gathering will be formally opened here tomorrow and the sessions will continue for several days.

The large number and representative character of the delegates constitute a refutation of the report that has gained some currency to the effect that with the passing away or retirement of the founders and pioneer workers of the organization the W. C. T. U. has been losing ground. From all appearances the present convention will be by far a larger and more notable gathering than the convention held two years ago at Edinburgh. The United States and Canada have sent a number of prominent workers, while the representation of England, the Scandinavian countries and Australia equals that at previous conventions of the organization.

With the present convention Lady Somerset is to retire from active participation in the affairs of the W. C. T. U. In future she will devote her time and attention exclusively to the management of the home for inebriates, which she has founded in England, and to the numerous other charities in which she is interested. Considerable interest attaches to the choice of her successor in the presidency of the World's W. C. T. U.

BROKE WORLD'S RECORD

(Journal Special Service.)

SALT LAKE, June 8.—Orlando Stevens broke the world's record here for a quarter of a mile on an eight-lap track record, covering the distance from a standing start in 29.45 seconds.

WANT A GAME

The employees of the Commercial clubhouse organized a baseball team, and under the direction of Captain Pilsen they are practicing every day. All challenges sent to Manager H. J. Lally will be given consideration.

CLASS DAY AT PRINCETON

(Journal Special Service.)

PRINCETON, N. J., June 8.—The class day exercises at Princeton were held today, beginning at eleven o'clock this morning in Alexander Hall. There was a considerable company of auditors present, comfortably filling the large auditorium. Many of them were from distant parts of the country, friends and relatives of the members of the academic class. The exercises consisted of the singing of college songs, interspersed with reading of personal humorous histories of the members of the class. The reading of the histories was followed by the planting of the class tree. This afternoon the historic cannon exercises were held around the old cannon on the campus.

FOR A NATIONAL BODY

(Journal Special Service.)

ST. LOUIS, Mo., June 8.—The truckmen, although one of the most numerous among the industrial occupations in America, heretofore have had no national organization. They are about to fall in line with the other crafts and trades, however, and it is expected that from a conference begun in St. Louis today there will materialize a strong national union. Delegates are in attendance from various cities and the new organization will begin its career with a large membership embracing the local unions of truckmen in Boston, Chicago, Philadelphia and numerous other cities.

SPRINKLING BEGINS

O. W. P. & R. Company Has a Contract to Settle the Dust Along Its Lines.

The City of Portland has entered into a contract with the O. W. P. & R. Company, through its president, W. H. Hurlbert, covering the sprinkling of the streets covered by the company's lines, and the work has already commenced, and is being performed in a thorough manner with satisfaction and comfort to a large number of people.

The reduced home-seekers' rates, effective February 15, apply via the Denver & Rio Grande. Have your friends come through Salt Lake City, over the scenic line of the world.

MINNESOTA FEDERATION

(Journal Special Service.)

LITTLE FALLS, Minn., June 8.—Men of brains and brawn, upwards of 300 in number, filled the Courthouse today when the 21st convention of the Minnesota State Federation of Labor was called to order by President M. E. Neary of Minneapolis. The roll called developed the fact that the convention is the largest in the history of the organization. Not only Minneapolis, St. Paul and Duluth, but many of the smaller cities of Minnesota are represented.

The opening session was occupied with preliminary business, including the appointment of the necessary committees. The annual report of Secretary W. E. McEwen shows that the union labor movement has made great strides in the state during the past 12 months and that the situation generally is satisfactory.

There are a number of matters of importance to be considered by the convention during the three days it will be in session that made the gathering of more than ordinary interest to the labor world. If the desire of a large and influential element is acceded to questions of Socialism will receive less attention than has been the case at former conventions of the organization. Most interest attaches to the election of officers of the federation. President Neary and Secretary McEwen, it is said, are anxious to be re-elected, but for both officers there are a number of other strong aspirants and the contest promises to be exceedingly lively before it is ended.

THREE-CENT FARES

Mayor Johnson of Cleveland Takes Fight for a Cheaper Street Car Rate to the Courts.

(Journal Special Service.)

CLEVELAND, O., June 8.—The real fight for Mayor Johnson's 3-cent fare line began in the Common Pleas Court with the filing of an application for an injunction to restrain the Little Consolidated Company from extending its tracks along Joanne street in the Village of Glenville, a suburb of Cleveland. Mayor Johnson wants this street for his proposed line, and will make a strong fight to wrest it from the Little Consolidated Company. A temporary injunction was granted by Judge Babcock pending a complete hearing of the case.

MONTANA GOLD RECEIPTS

(Journal Special Service.)

HELENA, Mont., June 9.—The receipts of gold and silver at the United States assay office in this city show a material increase for May, compared with those of the preceding year. The receipts this year were \$184,958 gold and \$370 silver, against \$152,298 gold and \$1,105 silver last year. Of this amount, Montana mines contributed \$162,462. Fergus County shows the most notable increase, owing to the rapid development of the cyanide process.

DROWNED NEAR SALEM

A Young Boy Goes Down in the Willamette in Presence of His Comrades.

(Journal Special Service.)

SALEM, June 8.—A sad case of drowning occurred here at 3 o'clock yesterday afternoon when Morris Walker, a son of Mrs. Mattie E. Walker, lost his life in one of the sloughs of the Willamette River. Just below this city the lad, who was but 14 years old, went in bathing with three smaller boys. He ventured further from shore than the others, and suddenly found himself beyond his depth, and as he could not swim he sank in about 15 feet of water. His companions, panic-stricken, called for help, while one of them seized a long pole lying on the bank and extended it to the drowning boy. The lad, rising to the surface, made an attempt to reach the pole but failed and sank again before aid could reach him. The cries of his companions brought neighbors to the rescue, but all that could be done was to bring up the lifeless body of the unfortunate boy.

The lad's mother is a widow and at the time of the drowning was at Dallas visiting relatives. A telephone message brought her home. Funeral arrangements were at 9 o'clock made. The Coroner deciding that an inquest was unnecessary, and the funeral services were held at the home at 9 o'clock this morning and the remains were taken to Lebanon, where the funeral will be held on the arrival of the train this evening.

TEACHERS' SALARIES

SALEM, June 8.—The school board of the Salem district met on Saturday night and fixed the salaries of teachers for the next year. The principals of the several schools under the new schedule will receive \$80 per month; grade teachers, formerly receiving \$50 will receive \$56; and teachers serving their first terms will have \$44; an increase of \$5 over salaries paid in the past.
