COOKS AND WAITERS STRIKE IS SETTLED

Chicago Hotel and Restaurant Keepers Believed to Have Won Best of Battle.

(Journal Special Service.)
CHICAGO, June 20.—The great strike of the Cooks' and Waiters' Union was practically settled last night when, after a long conference, an agreement was reached whereby both sides are to have freedom so far as recognition of the union is concerned.

It is agreed that the employers may hire any help they desire, irrespective of the union, and that the employers may also refuse to join the Employers' Union if they so desire. The agreement also stipulated that all the old help will be reinstated and no questions asked.

The question of wages was left open for settlement and if satisfactory arrangements are not made by July 6, then the subject will be placed before a board of arbitration. Seventy-five per cent of the strikers returned to work this morning, and it is believed that the remainder will take their places before night.

ROB RAILWAY SAFE

Five Men Arrested On Suspicion of Having Committed That Deed and Another.

(Journal Special Service.)
STRUTHERS, O., June 20.—The safe in the Pennsylvania railway station at this place was robbed early this morning of a large sum of money. Five men have been arrested as suspects. An attempt was also made to rob the Bank of Poland, and it is supposed the same gang did the work.

Five strangers who have been hanging about town for three or four days were placed in jail this morning.

DEWEY IN SOME DANGER

(Journal Special Service.)
TOPEKA, Kan., June 20.—Gov. Bailey will not insist that Dewey and his cowboys, accused of murder, shall be placed in the penitentiary pending their trial. He recognizes that the Sheriff has supreme authority in the matter and that while the prisoners are believed to be in danger at the Goodland jail, they will remain there and the troops guarding them will be recalled today. The Sheriff of the county states that he can protect his prisoners.

TOO MANY HOURS, SAY PATROLMEN

Day Shift Complain of Unfair Treatment at the Hands of Chief Hunt Under the Present Conditions.

Claim Ten and One-half Hours and Special Duty Is Too Much—May Appeal to the Mayor and Commissioners.

Why Chief of Police Hunt should compel the day patrolmen to work ten and one-half hours daily, and the men of the first and second reliefs but seven and one-half hours, is a question every officer of the day patrol would like to have answered.

For three months this mode of handling the patrol forces has been in vogue under Chief Hunt, and as he never shifts his men from one relief to the other, that they may have an even break, the day patrolmen are loudly complaining. Unless the Chief sees fit soon to alter the present system, the matter will probably be carried to the Mayor and the Police Commissioners.

The city charter is violated by the present method, as it plainly states that 8 hours shall constitute a day's work for any employee of the municipality. The day patrol works from 8 a. m. to 6:30 p. m., or two and one-half hours longer than required by the charter.

Compels Special Duty.
In addition to the long hours of toil imposed upon them by Chief Hunt, the day men are always selected by him for any special duty, such as a prize fight or similar occasion. During the recent visit of the President, they worked their regular shifts, then did duty wherever detailed by the Chief for numerous hours.

The special work is not particularly objectionable to the patrolmen, but many of them have stated to The Journal that they think they are being treated unfairly by the Chief, when they are forced to work the long day hours and do special duty also.

Chief Hunt does not allow the patrolmen on the first and second reliefs to leave their beats for lunch, the idea being to keep them on the streets at all hours of their shifts to keep a lookout for burglars and highwaymen. But the highwaymen look out for them.

BOOMING YAQUINA BAY

The Southern Pacific is preparing for a season of heavy summer travel to Yaquina Bay and Newport. In conjunction with the Corvallis & Eastern special rates have gone into effect which will be continued until the early fall. To accommodate those who can make but a hurried trip, a round rate of \$2 has been made, good for return in three days.

The company has issued what is considered in railroad circles as the most finished specimen of advertising ever distributed in Oregon. The covers are lithographed in seven colors, the descriptive matter is printed in brown ink and 14 beautiful half-tones are shown in brilliant green.

The Southern Pacific is making special effort to induce travel over its scenic short-distance lines. Yaquina Bay is regarded as one of the beauty spots of Western Oregon.

For Weak and Nervous People.
We have a cure for nervous and unsteady people, weak, fleshless people, and pimply, pale or sallow people; people who are troubled with loss of ambition, failing memory, depression of spirits, lack of confidence, nervous headache and wakefulness; all these and symptoms are produced by weakened nerves, brought on by the watery condition of the blood. Make strong, rich, red blood and furnish food for the nerves is the way to stop the source of the disease, and the cure then is only a question of days. The best flesh and blood builder is Dr. Gunn's Blood and Nerve Tonic, in tablet form, to take at meal time. Sells at 75c a box, or 3 boxes for \$2, at all drug stores, or sent postpaid on receipt of price. People gain from 1 to 3 lbs. of solid, healthy flesh per week, by the use of this medicine, that is an indication that it is doing good. Address, Dr. Bosanko Co., Philadelphia, Pa.

Going to St. Louis?
If so, learn about the new tourist service inaugurated by the O. R. & N. via Denver and Kansas City. City ticket office, Third and Washington.
