The report of the Board of Health for the month of June, issued today, shows a remarkable change for the better in the prevalence of contagious diseases. During May there was 201 cases and in Jane there were only 138 cases reported. The report indicates an unusual decrease in the prevalence of measies, for in May the inspector was notified of 118 cases and during the past month there were but 59 cases. Scarlet fever reports show a corresponding reduction.
