AT THE VATICAN OF ROME IT IS ANNOUNCED THAT PONTIFF MAY NOT LIVE LONGER THAN MIDNIGHT

EVERY EFFORT TO SAVE HIS HOLINESS IS MADE

NEWS OF HIS DEATH IS LIKELY TO BE WITHHELD

Second Operation Found Necessary to Relieve Immediate Danger, but a Third May Yet Have to Be Made.

The Holy Father Says He Longs for the Rest of Heaven as He Is Tired of It All—His End Expected.

(Journal Special Service.)
ROME, July 10.—Cardinals from all over the world are hastening toward Rome to be present at the expected conclave of election which will soon follow the death of the Pontiff.

At 9 o'clock tonight personages vested with power from the European governments which they represent, are counted by the scores in Rome. Many calls have been made at the Vatican by persons who have been sent by higher authorities.

At this hour a bulletin was issued stating that his holiness is sleeping restfully and that his strength is fast diminishing. At 10 o'clock he called for the cardinals who were waiting without the sick chamber. Their presence was denied by the physicians.

It is believed that the death of the Pope will be withheld from the public until official announcements have been made to the governments of the earth.

Second Operation.

ROME, July 10.—The first official bulletin was issued at 9 o'clock and announces that a second operation on the Pope has just been completed. It reads: "The Pope's condition during the first part of the night was peaceful, but his breathing was uneasy and he had a feeling of oppression. His pulse was weak and it was decided to extract the blood serum and 1,000 grams were taken away. The patient stood the second operation very well. His breathing became easier and his heart action also improved."

(Signed) "ROSSINI, LAPONNI, MAZZONI."

Dr. Rossini, after the operation, declared that the prelate's mind is so clear and keen that the most experienced physician might easily be misled as to the gravity of the patient's condition. He believes, however, there is no hope of recovery.

The relief afforded by the second operation is expected to prolong the Pope's life at least 24 hours. At the end of that time a second operation will probably be necessary and doubts are expressed as to whether he will be able to stand another puncture. Optimism now exists among but few. The Pope is but a shadow and has been physically weakened by the operation. This can be understood when it is considered that 1,000 grams of serum weighs two pounds.

The operation on the Pope was made this morning by Massoni, while Rossini watched the patient's pulse. One good symptom appears this afternoon, which is that cyanosis on the hands and feet has almost entirely disappeared.

Desires Heavenly Rest.

ROME, July 10.—Before the operation when the physician failed to reassure him, the Pope said, "My greatest desire is for heavenly rest; I am so tired."

The Pope's nephews, the ambassadors from Austria and Spain, and 14 cardinals were in the adjoining room. As soon as the operation was over the Pope wanted to see the cardinals, but the physicians refused.

PARIS, July 10.—Cardinal Rampolla this afternoon telephoned the Nuncio at Paris to have hopes, although the condition of the Pope continues serious. He urged all to pray earnestly.

May Live Until Midnight.

ROME, July 10.—A late dispatch from Rome quotes Massoni as declaring at 4 o'clock this afternoon that the crisis of the Pope's condition was approaching. He said that the pleural cavity was filling with startling rapidity, and that he did not believe the Pope could live beyond midnight.

News of Death May Be Held.

WASHINGTON, July 10.—It is said at the Papal legation here that the news of the death of the Pope is likely to be held up at Rome for several hours, or until official notification of the fact can be made to heads of the governments throughout the world, and not until after these are sent. It is stated, will formal announcement be made to the public.

Volponi's Funeral.

ROME, July 10.—Volponi's funeral was quietly held here today. The Pope is still ignorant of his death.

From All Parts of the World the Cardinals of the Church Are Hastening to the Eternal City.

From All Parts of the World Messages Pour Into the Vatican Expressive of Condolence and Grief.

ROME, July 10.—This evening about all hope is abandoned for the recovery of his holiness, Pope Leo XIII. Weary and tired of the efforts of the last week the aged sufferer longs for the rest of Heaven and is waiting for the hour to strike.

Bravely undergoing the ordeals of the second operation he emerges weak and physically oppressed. His brightness of mind, however, leads many to believe that even yet there is hope for his recovery.

Without the sick chamber tonight there are assembled 16 cardinals and other officers of the household, who wait anxiously for the news that comes every half hour or so from the bedside of Leo.

It is announced tonight through a private interview given to the press by a physician in attendance at the Vatican, that it is not expected that the Pope will last longer than a few hours at the most. "Yesterday at this time it was believed that his holiness would recover," were the words of the physician.

HELD UP TODAY IN 'FRISCO

The Driver of a Bakery Wagon Is Relieved of \$4 in Cash at an Early Hour by Streetcar Men.

Two Individuals Are Arrested and Admit Stopping the Wagon, but Deny Taking Any Cash from the Man.

Police Believe They Have Captured the Thugs Who Have Been Cause of All the Recent Robberies.

SAN FRANCISCO, July 10.—W. F. Tripler, the driver of a bakery wagon, claims that Philip Phillips and George M. Carroll, employees of the Geary street car line, held him up at 2 o'clock this morning and took \$4 from him. He says the railroad men were in uniform and were pretty well intoxicated. The car men admit stopping the wagon out in the Richmond district, but deny taking any cash.

The case has gained widespread attention, for the reason that several petty hold-ups have been reported in which two street car men are alleged to have been concerned, but the identity of the men could never be ascertained.

It was reported three nights ago that two women were held up and robbed by two men attired in uniforms of street car men. One of the women who was robbed stated at the time she was sure one of the men was colored.

It is believed that there are two men who have in some way obtained carmen's uniforms and pass off as such in their robbing escapades.

CHILD ASSAULTED; OFFENDER CAPTURED

SAN JOSE, July 10.—J. S. Tennant, claiming to be a resident of San Francisco, is under arrest here charged with criminally assaulting the 5-year-old daughter of Eugene Cooper. The girl was stopped a block from home and entered into a stairway.

The police say Tennant has confessed. Although he says he is from San Francisco the prisoner has papers and business letters showing him to have recently been in Victoria, B. C. He appears to be an Englishman, and is evidently mentally deranged.

GRAND DUKE MICHAEL

Grand Duke Michael, brother of the Czar of Russia, has expressed himself as being the friend of the Hebrews of his brother's domain. He promises to do all in his power to ameliorate their unfortunate condition. At the same time, however, he points out that the Russian government will not brook interference regarding internal policy from any outside power, and he warns Americans not to press the matter.

CZAR MAY DEMAND NEGRO IMMUNITY

Attention of Russian Government Has Been Called to Burning of Colored People at Stake in the United States.

LONDON, July 10.—A movement looked upon as having a tendency to offset the demand of the United States that the Russian government suppress outrages upon the Jews has had its origin here and is being rapidly followed up.

The Catholic Herald, a religious paper published in London, has requested the Russian Ambassador at this port to forward to St. Petersburg a statement drawing attention to what is characterized as the constantly increasing number of outrages upon negroes in the United States. These, it is stated, are multiplying with alarming rapidity and being committed in the most brutal manner possible.

It is the wish of the Herald that the Russian government make representa-

tions to the United States to have this great evil suppressed.

The Russian Ambassador has declined to transmit this request to his government, declaring such action to be outside of his purview, but it is announced that the communication will be sent direct to St. Petersburg.

The appalling brutality of negro outrages committed in the United States will be brought to the attention of the Czar, and those fanning the movement feel certain it will be fraught with results.

The protest likely to be presented by America against the massacre of negroes in the United States is only probable to be affected by the attitude assumed by Russia after receiving the appeal from the Catholic Herald here.
