MRS. EMMA JACKSON PROCLAIMED QUEEN

MRS. EMMA JACKSON
Portland's Choice for Queen of the Carnival.

Wife of Multnomah County Jailor Won Contest and Will Rule Over Woodmen's Carnival—Elsie Morgan Second.

The voting for queen of the Woodmen's carnival has come to a close and Mrs. Emma Jackson, wife of the Multnomah County Jailor, has been proclaimed the victor.

The voting was exciting from the opening of the polls and became more so as the day for the closing drew in sight. On Saturday night when the ballots were ready to be counted a large number of the friends of the various contestants were present to see the outcome.

During the counting of the votes Saturday night Miss Elsie C. Morgan gained rapidly on Mrs. Jackson, her nearest competitor, and it was not until the last vote had been counted that Miss Morgan was judged defeated. On the very last envelope Mrs. Jackson snatched victory out of defeat by suddenly gaining enough to lead by several thousand votes. The entire vote registered amounted to 28,683 and netted the carnival funds \$1,932.15. The result of the vote was as follows:

Mrs. Emma Jackson	18,383
Miss Elsie C. Morgan	13,861

Miss Eula Bennett..... 2,141
Miss Helen Sauterman..... 1,331
Miss Anna Phillips..... 1,043
Miss Vera Steinmeyer..... 882
Miss Bertha Williams..... 634
Miss Martha Leutschinger..... 410

According to Director-General Jennings the success of the contest for queen is due especially to the energetic work of George L. Hutchin and L. W. Baird.

Preparing for the Opening.
When the doors of the carnival swing open for the first time tomorrow night everything will be in place and unlike former shows of this character the persons who attend during the opening night will see as much for their money as those who attend on the last night.

Inside the grounds all is bustle and roar and new paint is seen in every direction. The animals are looking at their best and every attraction will be on its own merits.

The Queen will occupy a magnificent throne located in the northern section of the grounds, the entire structure to be gallily illuminated with electric lights.

COUNTY FAIRS TO FURNISH EXHIBITS

State Board Appoint Heads of St. Louis Agricultural and Mine Displays.

That the best products of the State of Oregon should be on exhibition at the coming St. Louis Fair, in order to advertise this commonwealth in a way most fitting, was the opinion expressed by the members of the State Board and Clark Commission at their meeting last Saturday afternoon. And in order that this may be done, the commission passed the following resolution, appropriating funds for the collection of this exhibit:

Resolved, That there is hereby appropriated the sum of \$2,000, or so much of that amount as may be necessary, for the purchase of such exhibits as may be deemed worthy and useful for the exhibit at the St. Louis Fair, from any county or district fairs held within the State of Oregon during the year 1903; and that such purchases shall be made by the chairman of the standing committee on exhibits, the chairman of the standing committee on agriculture, the chairman of the standing committee on manufacturing, and the general superintendent of this commission, with such recommendations to them as any other standing committee may desire.

Besides the selection of Senator W. H. Wehrung as general superintendent for the Oregon exhibit at the St. Louis Exposition, the commission appointed A. F. Miller of Sellwood to be especially employed during next month in the selection of agricultural and horticultural exhibits for the World's Fair at the Missouri city. J. H. Fisk of Portland was made superintendent of the mines and mining exhibit at next year's exposition. The latter appointment is also only for one month, but President Jefferson Myers stated this morning he thought that the two appointments would be made permanent at the next regular meeting of the commission.

Prof. F. G. Young, a member of the commission, was granted leave of absence in order that he may visit California to study methods of irrigation used in that state. During his absence, Prof. Young will visit St. Louis and select space for the Oregon educational exhibit at the 1904 Fair. He will also attend the national convention of the Civic Improvement League, to be held in the Missouri Fair city.

THIRD AND OAK STREETS

RICHMOND CUT-OFF ALMOST COMPLETED

Within Two Weeks City Will Have in Operation 10-Minute Service to Prominent East Side Suburb Will Straighten Road.

Within two weeks City & Suburban cars will be giving residents of Richmond and vicinity a 10-minute service to the business portion of Portland. A crew of about 50 men is at work laying track in Clinton street and as soon as the overhead wires are strung the new line will be ready for travel.

The City & Suburban has a car line to Richmond, but much time is lost by a tortuous twist beginning at East Twenty-fifth street and it is the straightening of this line that is now in progress. The old tracks now turn south at Twenty-fifth street to Kern, thence east to Kern to Thirty-seventh, then north to Division and on east to Richmond.

The new line, which will be double-tracked, does away with the turn to Kern street and extends the road on to Clinton to Thirty-seventh. The cut-off will be a saving of over seven blocks.

Richmond residents having offices in Portland declare the cut-off will prove a great help to them, as it will mean a saving in time in reaching the city. No change will be made in the line to Woodstock that joins the Richmond tracks at Clinton and Twenty-fifth, and the Richmond cut-off will not shorten the Woodstock line.

BODY OF MURDERED MAN IS RECOVERED

Town of Auburn, Wash., Excited Over Finding of Corpse in Brush Near Railroad.

TACOMA, July 12.—The little town of Auburn, on the Northern Pacific, between Tacoma and Seattle, is excited over the discovery of the body of a murdered man, name unknown, lying in the brush near the railroad track about four miles from Auburn.

Two section men discovered the body, first finding blood on the ties and rails. Marks on the ground showed where the body had been dragged off into the brush, where it was found with a bullet hole just back of the left ear.

Robbery was evidently the purpose of the murder, and the desperate thug must have been close to his victim when he fired the fatal shot. A small satchel was found near the body, opened and fitted of its contents. Nothing was left with which to identify the man, except a photograph of four men taken by a photographer in Monroe, Skagit County. The man was dressed in a suit of black cloth bearing the name of an Ellensburg firm. The sum of \$3.05 was found in a shirt pocket where the murderous robber had evidently overlooked it.

It is thought the deed was committed only a few hours before the corpse was found, as the body was scarcely cold. The dead man is described as being about five feet six or seven inches tall, light complexion, with a light mustache and a bald spot on top of the head. He was about 35 years of age and of medium build. The remains are being held for identification and the officers are working hard upon the case.

APPROPRIATED HIS COMPANION'S MONEY

Ed Nelson Arrested in Portland for Embezzling \$166 from Napavine Man.

Ed Wilson was arrested at the Union Depot by Detective Sam Simmons yesterday as he was about to take a train for San Francisco after he had changed his name to Ellis. Sheriff H. W. Urquhart later took the prisoner to Chehalis, Wash., where he will be tried for embezzlement.

Wilson is accused of appropriating \$166, which had been entrusted to his care by Lewis Ratkowski, employed in a lumber mill at Napavine. Wilson had the check cashed at Chehalis and then came to Portland where he proceeded to have a good time. He claims that he started in to drink and soon forgot his troubles. He asserts that he did not know where he was going at the time he was arrested.

After being taken into custody Wilson had \$130 on his person. He exclaims that he is very penitent and returned to Washington without requisition papers, the Sheriff coming to Portland as soon as he received word of the arrest from the local department.

REDUCED RATES TO THE SEASONS.
Go to Newport on Yaquina Bay—an ideal beach. It is becoming very popular with the Portland people. The low rate of \$2.00 has been made by the Southern Pacific Company in connection with the Corvallis & Eastern Railroad for the Sunday round trip from Portland, tickets good going Saturday, returning Sunday.
A delightful ride through the beautiful Willamette Valley, with privilege of going up one side of the Willamette River, returning the other.
Ask any Southern Pacific Company or Corvallis & Eastern Railroad agent for a beautifully illustrated booklet describing the seaside resorts at Yaquina.
