HAMS QUOTED A TRIFLE HIGHER

Both Local and Eastern Brands Are Affected—Lard Prices Fail to Break Their Downward Flight.

Many Sales of Hops Are Made at Varying Figures—First Car of Watermelons Arrives and Sells Lower.

Change in Packed Meats.

During the first three days of the business week the quotations on packed meats have shown some material advances while those on lard have gone lower. Both the local and the Eastern products are affected.

FRONT STREET, July 13.—The many changes in the quotations on packed meats during the first three days of the week have been the sole attractions in the local markets. Ham prices have shown some wonderful advances when the fact of hogs being so weak in the East is taken into consideration. Today both the Union Meat Company and the Cudahy Packing Company gave notification of another advance on both the light and heavier sizes of hams.

Lard Going Down Again.

The present prospects of the lard market are not very bright and during the fore part of the week quotations on both the local and the Eastern products have shown some decline nearly every day. Today the Union Meat Company announces a decline of ⅝ cent on kettle leaf and ¼ cent on steam-rendered lard. The Cudahy concern drops the quotations on kettle leaf ½ cent and steam-rendered the same amount.

Fresh Meats Are Lively.

With the possible exception of beef, which is a too large supply and quotations are dropping, the fresh meat market during the first three days of the week was somewhat improved over the same period a week ago. Hogs especially show a stimulated tone and all the product received was sold at the top quotation and the very choicest stock brought a trifle higher prices. Veal receipts although very large were not too heavy for the demand now prevailing and top quotations are still ruling for all arrivals. Mutton demand is still off with receipts about the same.

First Car of Melons.

The first car of watermelons arrived early today and this morning the fruit was distributed among several of the dealers. Prices have dropped from $5 to $3.25 and $3.50 a dozen. All fresh fruits are in large supply with the demand not as active as had been expected. Tomato supplies are growing constantly larger and some declines in quotations may be expected within the next few days.

Activity in Hop Market.

The hop market shows improvement as far as sales are concerned, many fair deals being reported within the half week. On Saturday Horst, Lackmund & Co. purchased the Hall lot at Woodburn and the Crosby stocks at Gervais, aggregating about 78 bales of choice, at 16 cents a pound. The J. M. Russell Company during the week cleaned up the entire Sherwood district of about 114 bales at 15 cents on consignment. Mrs. Gallagher of North Yamhill, together with Miller of Gaston, sold their stocks, consisting of about 108 bales, to H. Klaver & Co.

Feed Not so Strong.

All grades of mill feed are quoted lower on account of the lighter demand now prevailing. Shorts has dropped 50 cents and other declines are looked for daily. Flour is quoted firm with the stronger tone of the wheat market and the market now shows every tendency for an early advance.

Poultry and Egg Market.

The poultry and egg markets on the street have fared well during the fore part of the week, quotations on both lines being held very firm. Poultry receipts were not quite so liberal as they should have been under present circumstances and prices are showing an advance. Egg receipts are just a little short of the demand and prices are firmer.

Plenty of Fish.

Steelhead salmon from the Lower Columbia are in larger supplies and the receipts of stocks from the Sound are not so heavy. Other fish are unchanged.

Today's quotations, as revised, are as follows:

HONOR WITH EXCITEMENT

At a recent fraternity dinner John Kendrick Bangs told this story as one of his political experiences:

"At the time I was running for mayor of Yonkers I saw a laborer digging in a trench, and I thought I would try to capture his vote. I went up to him and said:

"Hello, Pat.'

"He looked at me without recognizing me and said: 'Good mornin,' sor.'

"I said it was a fine day and asked him if he had made up his mind how he would vote at the election.

"'Oi don't know, sor; but wan thing is sure, Oi'll not vote for that dahm fule Bangs.'

"'Why not?'

"'Well,' said he, 'he's a swell and a 'roostercrat and a dood.'

"I explained to him as best I could that Mr. Bangs was none of these things, and, even if he was it was because he couldn't help it. I invited him to come and have a drink with me; he accepted, and after having taken two or three drinks we became very friendly. While he was in a seemingly affable mood I confessed that I was Bangs.

"I had in my pocket a cigar, and as it was the last of a box that Robert Louis Stevenson had sent me from Samoa, I prized it highly. But much as I prized it I thought it well spent if I could clinch Pat's vote with it.

"I asked Pat if he would smoke and he said he would. He took the cigar, bit off the end, put it in his mouth and lit it. Then suddenly he grasped the cigar and threw it violently to the ground.

"In astonishment I asked him: 'Isn't it a good cigar?'

"'Yes, sor,' he said, 'the seegar is good enough, but in me excitement in meetin' you Oi forgot Oi nivir smoke.'"

CORN CONDITION HAS LOW LEVEL

Prospects Are Lighter Than for Many Years—July Showing Breaks Record for About Two Decades.

Provisions Are Off and It Now Seems that the Market Has No Bottom—Packers to Adopt a New System.

(Special Permission of Bolton, de Ruyter & Co.)

CHICAGO, July 13.—The Record-Herald says: One can go back to the 80's in search of a July corn condition as low as that announced Friday last without finding one. In 1901 there was a July condition of 81.3c and in 1897 of 82.9. But the corn experience this year has been peculiar, cold weather at planting, and it is not certain what the plant will do in the way of revival. In 1889 there was an experience like the one this year, and that year considerable improvement from July to harvest.

Provisions Are Off.

Provisions reached a new low level last week for the season and the market seems to be almost beyond any control. Pork last week was off about $1. Lard about ½-cent a pound and ribs off about ½-cent a pound. Lard is off over 1 cent from the high price of June and ribs are off almost as much. There is nothing extraordinary about hog supplies. They have had a break of over 2 cents a pound from the high point. There is a sort of a craze to sell the product, but hogs are paying a profit to pack and from time immemorial it has been the rule to sell provisions short when the hogs show a profit in packing. There is now under way a notable contest in the provision market. The great packers are trying to establish their business on the basis of other manufacturing industries. They are seeking to maintain a manufacturing profit to pack their hogs and distribute them without being compelled to all the time speculate in the market for profits. It remains to be seen whether the effort to readjust the packing business will succeed or fail. The principal difficulty of control lies in the lard, or rather in the situation of all the fats. Meats can easily be kept within bounds, but lard can be made fast and by anybody and a superabundance of beef fats makes the lard situation as difficult as if there was a superabundance of lard.

It is really an effort to get the packing industry out of reach of the speculator. Although there is small amount of wheat moving as yet, it nevertheless makes plain how high the wheat quality is to be this year. There were only three cars of new wheat in here Saturday, but 24 graded No. 2 red and 17 No. 1 hard winter.

"LADY" SWEEPS

For startling innovations, especially in the woman's sphere of activity, Russia runs America very hard. The latest move in this direction is chronicled in the St. Petersburg Press. The daring innovater is the widow of a chimney sweep who died recently, leaving half a dozen olive branches, all of them girls. Necessity, which is the mother of invention, has now inspired this thoughtful woman to take to her husband's calling, and in order to do the thing thoroughly while she is about it she means to form a whole guild of female sweeps, if the police grant the needed permission. By way of assistants, or, as Lamb termed them, "unedged practitioners," she professes to train up girls between the ages of 8 and 12, while the full-blown members of the guild would include girls and women from 14 to 35. The first appearance of these novel sweeps is fixed for August 1.

The reduced homeseekers' rates, effective February 15, apply via the Denver & Rio Grande. Have your friends come through Salt Lake City, over the scenic line of the world.

A HEAVY DECLINE IN CHICAGO WHEAT

Windy City Pit Closes With Quotations 2½ Cents Lower Than Saturday.

(Special Permission of Bolton, de Ruyter & Co.)

CHICAGO, July 13.—Logan & Bryan advise: The wheat market is about 2⅛ cents lower than Saturday. It is to some extent a natural reaction after four days of advancing prices. July wheat is at a discount. It is still a broad and active market. Weakness today comes from indifferent cables and fine weather throughout the West and Northwest. The latter section is having sunshine and low temperatures, which are what is needed. The Northwest has been a good seller in this market today. The Southwest reports good milling demand and the premiums for cash stuff are well maintained. The indications still are that the early movement of the winter crop will be slow, particularly of the soft variety. There is no change in general crop reports. Pacific Coast advices continue to indicate a deficient crop and a light one. Stocks are very light, and are not likely to accumulate very rapidly. Domestic milling demand will quite likely absorb a large percentage of the movement of the new wheat.

ANOTHER STUNNING RECORD

A List of June Piano Sales Without Parallel in This or Any Other Piano Store on the Coast.

Two Hundred and Twenty-nine Instruments—Pianos, Piano Players, Organs and Electric Pianos Sold at Eilers Piano House During June, or in Twenty-six Days.

Comment is scarcely necessary. The supremacy of Eilers Piano House has again been demonstrated. The list of sales given below is the largest ever shown by a single house west of the Rocky Mountains for the month of June. The list was taken from our report of sales, which are on file in our store, and open to inspection by any one who desires to verify our statements. The record is a creditable one, not only in point of numbers, but also for the high grade of instruments which predominate. Our three leaders, the Weber piano of New York, the Chickering piano of Boston, and the more modern but equally worthy and popular Kimball piano of Chicago, besides the Hobart M. Cable piano, Bush & Gerts, Vose, and the numerous other fine makes recorded.

Miss Agnes Haibgewachs, Kimball piano; Mr. F. N. Smith, Lester piano; Miss Lily Stehman, Burdette organ; Messrs. Harris & Reed, Kimball piano; F. P. Baumgartner, pianola; Mrs. G. F. Meacham, pianola; Captain F. H. Sargeant, pianola; A. F. Biles, Weber piano; A. L. McCully, Jacob Doll piano; Mrs. R. B. Belt, Hobart M. Cable piano; Mr. E. A. Riggs, Hobart M.
