Errors by Madeau and Blake Allaw Lohman's Crew to Score—The Browns Find Pitcher Cooper an Easy Mark and Bat Him so Hard in the Seventh that He Retired in Favor of Dever-

(Journal Special Service.)

San Francisco, Sept. 3.—The Portland Browns and Pete Lohman's crew engaged in a mixup yesterday afternoon at Recreation park, and when the smoke of the engagement cleared away. Big Chief Ike Butler could be seen stalking proudly off the battlefield accompanied by his webfoot band, triumphantly waying the scalps of the Lohman crew.

Pete designated Georgiana Cooper, one

of his wrong-sided pitchers, to do the puzzling for Oakland, but Georgiana got discouraged when Willie O'Hara com-menced to must six balls, and other of the missits forgot that they were paid for getting things in the shape of spheroids that were batted in their direction, therefore it seemed to Mr. Cooper that he was being "turned down." Ike Butler, on the other hand, kept his spirit all through the game, although his support was but little better than Cooper's, as Blake and Nadeau endeavored to rival O'Hara in the muffing

Butler should have been credited with a shutout, as all of Oakland's runs were the result of misplays.

Portland started scoring in the second on hits by Francis and Hollingsworth and O'Hara's error allowed Francis to score the first run. Oakland tied it up third, assisted by Blake's muff of Frank's fly, which allowed Cooper to

tally run number one.

A combination of hits and errors allowed the Browns to annex four tallies in the fourth and fifth innings. Portland landed on Cooper in the

seventh for two earned runs. Van Buren singled, Nadeau flew out and both men scored on Anderson's two-sack drive to center. The fielding of Hollingsworth and

Francks was excellent. Van Buren and Nadeau carried off the batting honors for the day, each securing three hits out of five times at bat. McFarlan will pitch for the visitors

One fall out of Pete. We will certainly win a few more. Den McFarlan will pitch today Brick Devereaux delivered the goods for two innings. The red dog was a fine twirler once upon a time. Hollingsworth and Anderson fielded in their usual brilliant style. They are

an excellent pair to draw to. Butler has pitched more games without issuing a base on balls than any other pitcher in the league. Hall of Los Angeles is his nearest rival.

state league to play with the Burling ton club, which has now turned him The Ilion club claims to have received

tions for the release of Eddy Hilley, Utica's third baseman, who has a throwing arm on the Harry Steinfeldt order. Jack Zalusky, who was released by the Spokane club, caught yesterday for the Washington American league team.

Dummy Kihm, since his return to the game at Indianapolis, is playing sensational ball. His fielding is far above the average and he is close to the 300

mark with his batting.
Joe Cantillon, who so successfully selected players and manged the Mil-waukee team this season, will be in charge of the Brewers next year. This was decided upon last week when Cantillon promised President Havenor that he would again take charge of his team

to have played to more people on the home grounds than any club in the history of the game.

DUFFY SMASHING RECORDS.

Arthur F. Duffy, of Georgetown university, the American intercollegiate and world's record holder for the 100yard dash, has added another championship to his list by winning the championship of Scotland and lowering the Scot-tish record from 0:10 to 0:09 4-5. The old record has stood since 1884, though it has been equaled several times. Duffy now holds the championship of England and Scotland and that of the American Intercollegiate Association. He also his own world's record of 0:09 3-5.

Duffy does not resemble any of the

older champions in his style of running. Though he is the best man America ever looked upon as the greatest sprinter America ever saw, for he could sprint any distance from a short 20-yard dash

The present champion, however, has taken the best care of himself, which accounts for his ability to go on year after year breaking the records of foreign countries. He first covered 100 under 19 seconds at the national championships held at Auburndale, Mass., in 1899, where he defeated Wefers and several other cracks. This marked the rise of the little sprinter.

Dr. Miles' Nervine Saved My Life.

There is little joy in living when the dis-ordered nerves prevent sleep and rest; when one wakes from a restless night more tired than the night before; when one is forced to drag through the round of daily duties with-out energy, ambition or interest. This conout energy, ambition or interest. This condition is due to a derangement of the nerves which may be speedily regulated and strengthened by Dr. Miles' Resterative Nervine. This remarkable medicine has a wonderful record of cures. Supplying as it does the exact element needed for the restoration of the nerve force and vitality, its good effects are folt after the first few doses.

good effects are felt after the first few doses.

"I have used your remedies myself and in my family for the past seven years and it is not too much to say that they saved my life. The tired feeling I used to have after giving a few music lessons has left me entirely and instead of lying in bed three or four hours trying to get sleep and then getting up and walking the faor until morning, I can now go to bed and sleep eight, ten and twelve hours without any trouble. When I think of my former nervous, wretched, irritable state I want to tell everyone what Dr. Miles' Nervine has done for me. I can do as much work now in a day as I used to take a week to accomplish. I think Dr. Miles' Nervine is the best remedy for nervousness and general debility, on earth."—L. D. COMPLICATED STORY BY A TRUTHFUL MAN

Technical Yet Equitable Euling at a Race Track Caused No End of Excitement and Annoyance.

New York, Sept. 3 .- "It certainly was

a highly complicated affair," said the Very Truthful Man, "and in all my ex-perience on the turf I never yet was so stumped for a technical ruling that was really equitable. It was at a little one-day race meeting up at Scrogg's Corners, and the feature on the card, aside from the free-for-all pace, and three 2:50 classes, was a match between two runners, one named Gunner, owned by Hi Wilkins, and the other named Fair Play, owned by Clem Davis. Of course, you expect that I'm going to say that Fair Play was a jewel, but I ain't going to take no such advantage. Fair Play was a half-bred that could turn a mile in 1:46, and Gunner was also. an "unknown" on his dam's side, with about the same speed capacity, until \$16,000, at Sheepshead Bay yesterday. the day of the match. Walter Camp Has Been Selected as Com eral Coach for This Season's Gride iron Team-Chadwick to Be

Field Coach.

(Journal Special Service.) New Haven, Conn., Sept. 3,-Charles Rafferty, captain of the Yale football team, has made the announcement that Walter Camp would be the general coach of the team this fall, and that George Brewster Chadwick, last year's captain, would be the coach on the field. This means that Yale will have the same system of coaching this fall as the one that proved so successful last year, when Mr. Camp was the general coach

It took considerable persuasion to get Chadwick to accept the position of field coach. He had made all arrangements go into business, and it was only a week ago that Captain Rafferty prevailed upon him to help out the Blue eleven. Following the example of Columbia Yale will start practice, much earlier

than usual this fall. All the candidates have been ordered report on the field in their football togs on September 14, and severe practice will at once be begun. This change is, of course, due to the changes in the football rules, which make it necessary for the coaches and tacticians to get to

work early on the study of new forma-They have no easy task before them in figuring out the style of play that will yield the best results under the new conditions. MISSES' SHIRTWAIST 4487. To Be Made With or Without-Applique Yoke and Shoulder Straps.

Shirtwaists with yoke fronts are among the latest features of the season and are peculiarly well adapted to young girls. This one includes box plaits and straps over the shoulders, as well as yoke, which is cut in battlements at the lower edge. The model is made of the lower edge. The model is made of white linen, machine stitched and trimmed with pearl buttons, but all waisting materials, cotton, linen, silk and wool, are appropriate. The straps over the shoulders are novel and effective, but both they and the yoke can be omitted if a plainer waist is desired. The waist consists of the fronts, back and yoke. Both fronts and back are laid in full length box plaits stitched at each edge, but the backs are drawn down smoothly while the fronts pouch over the belt. The yoke is arranged over the upper edges of the fronts and beneath the center plait, which is cut in one with the front. The sleeves are among the latest with cuffs that match among the latest with cuffs that match the yoke.
