# SHE IS MAKING HER MARK IN PORTLAND

# DR. FULTON'S Modern Methods of Treating the Afflict ed Wins an Important Clientele.

The best people of the city are among her patrons. Her success has been almost phenomenal in all cases entrusted to her care.

There has come to Portland from Atlantic, a small city of Iowa, a woman whose attainments are so rare as appear wonderful to those who have made her acquaintance. This lady is Dr. N. J. Fulton, and she has won celebrity by the marvelous cures she has affected of persons who have come to her with all manner of afflictions who have, and are, leaving her hands in perfect health. She is what is known as a "Naturopath," or drugless d The meaning of Naturopath is, that her patients are treated according to the rules of Nature, a system education and the growing intelligence of the times is speedily adopting, discarding the obsolete practice of absoling drugs and narcotics that create one disease in an effort made to cure another. The story of Dr. Fulton's s cess in Portland is too long, brief as has been her residence here, to relate it all today, this announcement being m intended as an introduction, but the following testimonials and recommendations, signed by the writers and placed the hands of The Journal, bear ample evidence of Dr. Fulton's standing and popularity in the city from which a The public has the right to know this, to the end that it may know that it is not dealing with an Irrespo ble person of false pretensions.

The Mayor of Atlantic, Is., commends Dr. Fulton thus:

ATLANTIC. Ia., July 11, 1903 .-To Whom it May Concern: This is to certify that I am well acquainted with the bearer, Dr. Fulton, whom I have known for several years. She has been very successful in her work here. She is a lady in every respect, and I can cheerfully recom-mend her to any one needing her services. Respectfully,

J. A. McWADE, Mayor.

Or. I have known Mrs. Fulton personally and as a physician for a
number of years, and it affords me great pleasure in testifying to her worthiness as a lady and as a phy-sician. She has had a large and reputable practice here and in this

neighborhood, and her success has, in the minds of the laity, been phenomenal. She is painstaking and conscientious in all she does, and this, together with her ability, has made her determination to remove from here a public calamity. She is in every way to be trusted implicitly, and in business mattersher word is good as gold. Respectfully. CHARLES F. CHASE, Editor Cass County Democrat.

A gentleman cured of paralysis, of the most severe character, writes an earnest letter of indorsement of Dr. Fulton's treatment. This was an interesting case. The patient was a bookkeeper, occupying a lucrative position. He carried considerable life insurance, and was poisoned by the beneficiary, who hoped to collect the money and use it for her own indulgences. The poison paralysed his limbs and every muscle of his body, even to rendering him so nearly speechless that he

could not articulate above a whisper. He could move the first fingers of both hands, but no other member of his body. The local physicians were employed without success. An Omaha specialist was sent for, but his treatment, also, proved ineffectual. In despair friends of the sufferer then placed him in the hands of Dr. Fulton, and this is his statement of the result:

ATLANTIC, Ia., May 1, 1903.— It is with pleasure that I testify to the benefits received from the treat-ment of Dr. Fulton, Atlantic's cele-brated Naturopath. I have been a sufferer from paralysis, caused by being poisoned. My limbs were en-tirely useless; I could not help myself in the least. I employed the best medical doctors in this city, and had also a medical doctor from Omaha, but they all gave me up as a hopeless case. In my awful condition I employed Dr. Fulton, as my last hope, and I am happy today that I can say that I am a well

man. I have fully recovered use of my limbs and I can work as well as I ever could. JOHN ANDERSO the

Complaint in Divorce Suit Is Missing - Court Will - Investigate. (Journal Special Service.) Astoria, Or., Oct. 2.-A sensation was land from Astoria next Monday," said

sprung in the circuit court yesterday G. C. Fulton, brother of the senator, and when District Attorney Harrison Allen his law partner at Astoria, "and will go East about Wednesday. He will leave sooner than he expected on account of filed a statement alleging that the original complaint in the divorce case of Andrew Hansen vs. Mary Hansen had been tampered with. Hearing of the matter will be had before Judge McBride on Monday, when court will be recon-

Hansen sued his wife for divorce time ago. The original complaint al-leged that she had treated him in a cruel and inhuman manner and that she was a woman of ungovernable temper. Her temper was alleged to have resulted in her commitment to the state insane asy-

lum, where she now is. The case was called up, but the court heard only part of the testimony. Later the original complaint was, according to the affidavit of the district attorney, taken from the office of the county clerk and two typewritten pages were substituted for two pages appearing originally. Insanity is not a ground for action for divorce in this state, and the allegation of insanity had been obliterated during the time the papers were out of the pos-

session of the clerk. It is necessary in suits of this kind to outfy the district attorney of the action, but he was never served with notice that davit of Mr. Allen says in part:

Two Pages Are Stolen.
"Between the time of the filing of the complaint in said suit and the date of said decree (the case having been carried that far that a decree was handed down), without the knowledge of the court or the district attorney or the defendant, said original complaint' was taken from the courthouse, its cover bearing the filemarks of the clerk was removed, and there were inserted within said cover and substituted for said complaint two pages of typewritten paper purporting to be the body of the original complaint in said suit, which substituted pages entirely changed the cause of the suit set out in the original complaint and eliminated therefrom the allegations with reference to the insanity of the defend-

"The said substituted papers were submitted to the court as the complaint in said suit, and the court, believing the same to be, considered them as the com-plaint, and on the evidence offered in support thereof by the plaintiff, Andrew Hansen, a decree was presented to the court in accordance with the prayer contained in the said alleged complaint." The attorney for Hansen is Clarence J. Curtis, an ex-member of the legislature.
