Whenever you want anything and can't get it in other drug stores, try Berni's. He generally has it in stock or can get it for you.

Henry Yaeger, one of the two men run down by a switch engine under the west end of the steel bridge Monday afternoon, died in Good Samaritan hospital last night. His right leg was crushed at the hip and had to be amputated. He was about 23 years of age and lived at 422 Russell street. Henry Spreyer, who was hurt in the same accident, is better.

In his answer to the divorce suit filed by Belle Munson, Manuel Munson declares that he always treated his wife well and that she frequented beer halls with other men and was greatly infatuated with one Louis Reman. Mrs. Munson denies these charges and asserts that Munson gave barely enough of his earnings to pay their household expenses.

Better than a savings bank to invest your spare cash with us. We sell diamonds, watches and jewelry on weekly or monthly payments and give you possession when making first payment. The balance you can pay us weekly or monthly. We don't charge any more than were you to pay cash. It will pay you to see us before buying elsewhere. The Portland Loan Office, 74 Third St.

Today the rate of $48 from Portland to Chicago is replaced by the former fare, $51.50. The cheaper rate went into effect two months ago, when the roads running from St. Paul to Chicago began a war, reducing the fare between the two cities to $8. This cut was met by the Omaha-Chicago lines. It is said that the reduction in the fare between Portland and the Windy City did not tend to increase the eastward passenger traffic from Pacific coast cities.

Travelers coming to Portland from the East, or going East from Portland, can save $2.10 by taking the Charles R. Spencer from The Dalles to Portland, or Portland to The Dalles. The fare is only 50 cents each way; by rail, $2.60. Steamer leaves Portland Tuesdays, Thursdays and Saturdays at 7 a. m.; The Dalles on Mondays, Wednesdays and Fridays at 7 a. m. Best steamboat, best furniture, best meals, fastest time.

The steamer Charles R. Spencer leaves again tomorrow morning from the foot of Oak street at 7 o'clock for all upper Columbia river points. Fare to any landing 50 cents. The fastest steamboat on these rivers. The best equipment, too. Save $2.10 on fares to The Dalles by riding on the Spencer. Dock foot of Oak street, uptown ticket office 128 Third street, telephone Main 2960.

Full Measure House—The biggest stock of wines in the city is within the walls of my store. Family orders receive the special attention their importance deserves. Prompt delivery by the City Messenger service. Remember, we give a little more for the money and the grade is a little higher than elsewhere—that is what the Full Measure House means. You would do well to try us. A. Neuberger, proprietor.

The troubles of "Count" P. A. Pulaski, the "Polish Wonder," who was arrested a week ago for robbing an unsophisticated youth of $40 while claiming to be treating him, have not forsaken him. Pulaski is awaiting the action of the state circuit court to dispose of the case of robbery, while in the police court a charge of operating without a license is still pending. The latter charge has been continued for a week to see what action is taken by the higher authorities.

The special sales at the White Corner, Second, Third and Yamhills streets, this week are attracting great attention. It has developed that all discolorations in that white 10-cent muslin, damaged in transit, and which is being sold at 3¾ cents per yard, is easily removable with a dash of gasoline in the water in which the muslin is boiled. This ought to make that stuff go at a lively pace. Some sort of oil was spilled upon it in the freight car, otherwise the goods are as good as when first made.

Thieves missed a nice haul because George B. Frank was induced to deposit his money in a bank. Mr. Frank came recently from the East to live here. He has done contract work in the construction department of the Buffalo, Omaha, Charleston and St. Louis expositions. Mr. Frank was in the habit of carrying around with him about $300 in order to be able to close business contracts promptly. A business man told him he might be robbed, so he deposited the money. That same night burglars entered his room in Glisan street and stole $10.

It was joy to observe the trim river steamer, Charles R. Spencer, canter away with a deckload of passengers this morning on her usual run to The Dalles. Many persons going beyond The Dalles took advantage of the Spencer's 50-cent rate to save $2.10 on the run up, besides enjoying a delightful ride on the smartest craft on the Willamette or Columbia. The Spencer's next trip up will be on Saturday morning at 7 o'clock from her Oak-street dock. Telephone, Main 2960; uptown ticket office 128 Third street.

The grandeur of a hemisphere was gathered together when the magnificent scenery of the Columbia was builded. Its gorgeous beauties are not duplicated anywhere on this continent. Its fascinating waterfalls, one, Multnomah, 800 feet high; its snow-capped mountains, rivulets and canyons, contribute to make this the most picturesque region of America. On Tuesdays, Thursdays and Saturdays the fine steamer Bailey Gatzert, of the Regulator line, leaves her berth at the foot of Alder street, at 7 a. m., for Vancouver, Cascade Locks, Stevenson, White Salmon, Hood River, Lyle and The Dalles, to any one of which places tickets are sold at the rate of 50 cents for the round trip. Berths may be had on board the steamer if desired, so that passengers may retire in Portland the night before departure and not leave the steamer until its return. Telephone Main 914.

UNITED ARTISANS BOAST OF WEALTH

I. E. Staples, the new Supreme Master Artisan, is visiting the assemblies in and around Portland. He is arousing new enthusiasm in the society by his earnest work. The local organizations are taking on their fall and winter energies and new applications are on the way in large numbers.

Several of the Portland assemblies are having a close contest for the honor of making the largest increase before January 1, 1904. Albina, Montavilla, Sellwood and Sunnyside are bunched in the lead.

This society boasts of its large per capita wealth and endeavors to build in wealth rather than liabilities caused by a rapid increase in membership. Every new member added to a fraternal society means a new liability that must be met some time. The United Artisans plan provides for laying up money to meet these liabilities, from the minute the liability begins.

The "Different Store." | **OLDS, WORTMAN & KING** ...THE HOME OF QUALITY AND RELIABILITY... | 5th and Washington Sts.

A Score of Pat Reasons Why Prudent, Observant People Should Gather at This Reliable Store Tomorrow.

Dress Goods Sing the Bargain Song
(And Swell the Grand Chorus of Approval in the Annex, First Floor.)

Ever notice how at an opera, when a popular air is sung by the star, the gallery takes it up—then the balcony and pit, until the whole auditorium reverberates with the rhythm, with oft-time soft pedal accompaniment. Our Silks have been singing a bargain ditty the past two days. Hundreds of feet have fallen in line to the tune and brought their owners here to depart happy in possession of smart new silks shrewdly bought. Now the dress goods take up the refrain and the hum of busier-than-ever business starts tomorrow. Here's the key:

52-Inch All-Wool Bannockburn Tweed Suitings, this season's leading fabric, in "Scotchy" mixtures, shadings and colorings, embracing Oxfords, browns, olives, light gray and navys; our regular $1.50 values. Friday only, the yard 89c

THEATRES

"OVER NIAGARA FALLS."

Next week's attraction at Cordray's theatre, commencing Sunday night, will be Roland & Clifford's new play, "Over Niagara Falls." Owing to the fact that the company does not arrive here until 5:30 p. m. it will not open with a matinee, but "Down Mobile" will be held over and will play a matinee at Cordray's Sunday. Commencing Sunday night Joseph LeBrandt's play will be put on. Every member of the company is given many opportunities. The scenery is a revelation. There are no defects arising from hasty preparation. Managers Rowland and Clifford sparing neither time nor expense in order to make every scene historically correct.

ARCADE THEATRE OPENS MONDAY

Portland will have a new vaudeville house. It is located at Seventh and Washington streets and will be known as the Arcade. A deal was made last summer whereby S. Morton Cohn was to build the theatre and Edward Shields, the originator of successful vaudeville in Portland, was to manage the place. The result of the combination is that the Arcade is the finest minature theatre in the country. Five performances a day will be given, two in the afternoon and three at night. Six vaudeville acts will be given at each performance.

The same class of performers that made Manager Shields popular at Cordray's last spring and at Shields' park during the summer are booked. The opening show Monday night presents a list of acts entirely new to Portland.

The theatre seats 500 and is equipped with the latest style of opera chairs. This is the first 10-cent play house in Portland.

MARQUAM GRAND THEATRE.

In its criticism of "Alexander the Great," which will open at the Marquam Grand tonight, the Seattle Post-Intelligencer has the following:

Over-emphasis of stage scenery in "Alexander the Great" destroys the interest in the action of the play. The theme of the piece, which might have been expected to furnish both poetry and literature, is illustrated by a series of pictures, and worship of stage moonlight, and rose-garlanded scenes have been substituted in place of honest and sincere regard for acting. The modern triumph of mechanical effects in stage mountings is fully in evidence in the piece, and the magnificent scenery appeals to the esthetic sense and awakens the enthusiasm of the audience.

The character which gives the whole dramatic motive to the play as portrayed by Mr. James is almost a burlesque at times. He struts across the stage without purpose, waves his arms, and brandishes a long knife in true melodramic style. Mr. Warde as Perdiccas puts more meaning into his motions and gestures. He portrays the crafty old villain with a power of suggestion, and is best in the last act, when he leads others to carry out his design against the king, and watches the death agony of his victim.

EMPIRE THEATRE.

Fair vaudeville, with several tiresome holdovers from last week. Prices, 10, 20 and 30 cents.

BAKER THEATRE.

Stock company in "Mrs. Dane's Defense." Fair. Prices, 15 to 50 cents.

DROWNED BY CAPSIZING BOAT.

While returning from the postoffice at Viento Monday afternoon George S. Gilstrap, employed by the United States fish commission at the Little White Salmon station, was drowned in the Columbia river. B. M. Thomas, employed in the Oregon Lumber company's mill, was with him when the boat capsized in midstream. Thomas kept himself above water until a tugboat went to his rescue, Gilstrap's body was not found. A widow and one child survive him. He was 33 years of age.

PLAINTIFF MUST PAY.

Judge Frazer decided the timber land case of E. A. Leeston Smith against S. F. Cook and Mrs. Jessie Burness in favor of the defendants yesterday afternoon. He held that the charge of bad faith had not been proved and that the evidence showed that Smith had been given an opportunity to purchase the land. Smith was ordered to pay Cook and Mrs. Burness $100, the remainder of the sum that he agreed to pay for the land.

TYPHOID BLAMED ON OPEN SEWER

RUMELIN TELLS COUNCILMEN THAT NINE CASES OF THE FEVER IN PORTLAND HOSPITALS ARE DUE TO THE CONDITION OF JOHNSON CREEK SEWER.

City Fathers Vote to Extend the Conduit if the Property Owners Will Bear About $300 of the Expense—Sewage Formerly Emptied Into the River, But Dredgers Have Made a Fill at Sewer Mouth.

In Portland hospitals now there are nine people afflicted with typhoid fever. This, Councilman Rumelin says, is directly attributable to the unsanitary conditions at the outlet of the Johnson creek sewer. He makes this statement on authority of several physicians and repeated it in open council session yesterday.

He made the assertion during consideration of a proposal to appropriate $3,000 to extend the Johnson creek sewer from its present termination to a point 400 feet further out, where it would empty into the river. There was some opposition to the proposal.

The sewer formerly reached the low water mark, but the dredgers at work in the river have dumped dirt along the bank until land now extends about 400 feet beyond the original point. The refuse from the sewer empties onto the land and seeps down into the river through the dirt. A stream has formed which carries away the most of the fetid matter, but its exposure to the air infects the vicinity, says the councilman. The fever patients to whom Mr. Rumelin refers are men who were working in the mills at that point.

The council members finally agreed to appropriate $1,100 toward a wooden sewer extension, if the property owners would make up the remainder of the amount needed. City Engineer Elliott estimates that the wooden sewer will cost $1,400 and this leaves $300 for the citizens to pay.

Dr. Woods Hutchinson of the state board of health said today that there was much more typhoid fever in the city now than was necessary. He did not attempt to explain why, but concluded that such a condition of improper sewage might easily tend to a spread of the disease.

CHIEFLY PERSONAL

Senator and Mrs. C. W. Fulton arrived in this city Wednesday morning and left in the evening for the East. They were accompanied by Mr. and Mrs. P. A. Stokes of Astoria, who will take a two months' trip through the principal Eastern cities. Senator and Mrs. Fulton's son, Fred, is attending Clarke's classical school in Pasadena, Cal., where he has already spent one year. He will remain in the family of Prof. Clarke. Senator and Mrs. Fulton will occupy apartments at Hotel Highlands, where Senator John Mitchell also has rooms.

Jacob Levy came from San Francisco yesterday to attend the Levy-Hirsch wedding at the Portland hotel last evening.

Mrs. T. J. Armstrong returned Wednesday from her trip to Nova Scotia, where she has been visiting friends and relatives during the past four months.

R. M. Hall, advertising agent of the O. R. & N. Railway, left this morning to spend a few days in Spokane.

Mr. and Mrs. J. Baker, former residents of Portland, who have been living in Pendleton for the last four years, will return next week to reside in Portland.
