If a man makes a mistake during a civil service examination, no matter how trivial and even if it is apparently unintentional, there can be no remedy. This is the decision of the commissioners, as evidenced in the case of C. H. Tichenor, who appealed to the commission to remedy two mistakes which he made during a police examination. It was apparent that Mr. Tichendr did not give the answers in all seriousness, but to have changed his papers was held to make all complaints from any of the parties failing valid ones, and in effect would have destroyed the objects of the civil service commission. The board has decided to make this ruling applicable to all future examinations.

Save \$2.10 on every fare to The Dalles or points beyond by riding on the beautiful steamer Charles R. Spencer, and at the same time view the magnifi-cent Columbia river scenery. Fare by the steamboat is 50 cents to any landing, including The Dalles; by rail, \$2.60 to The Dalles. Persons going beyond The Dalles can buy their tickets by steamer to that point, and go thence by rail to their destination. FERRY PROBLEM

COUNCIL COMMITTEE REPORTS IN FIRST USE OF THE NEW OFFICERS LINE WITH ATTORNEY MWART'S DECISION - RECOMMENDS TRAT PURCHASE OF ALBINA PERSY LANDING BE POSTPONED.

The committee on judiciary and elecwhich was referred City Attorney McNary's opinion in regard to the sale of the Albina terminals, yesterday filed a report with City Auditor Devlin, upholding McNary's contention that the proposed sale would not be legal. This will apparently completely reserve the ferry problem and probably condemnation proceedings will be instituted to secure the desired landingacross the river,

The committee had practically decided upon purchasing such property as was desired for \$17,500, and concluded to sell the old landing and use the proceeds to help defray the cost of the new terminal. It is held that to authorize such proceedings a special legislative act would be necessary. The ommittee's report, however, is as follows:

"Your committee on judiciary and elections, to which was referred the an-nexed report of the committee on the Albina ferry of the executive board, with a recommendation to the council the east side landing of the present Albina ferry be sold, and that the money be placed to the credit of the Albina ferry fund to provide for the purchase of another site, having had he same under consideration, respectfully recommend that the further consideration of said matter be indefinitely postponed for the reason as set forth in a report of the city attorney, which is hereto annexed (published Saturday in The Journal), and made a part hereof that the council has no power to sell the present Albina ferry landing or to increase the Albina ferry fund as created by an act of the legislative assembly of 1903, by the sale of any property whatsoever, and further that the powers conferred upon the executive board are limited to the expenditure of the \$50,000 as provided in said act. committee further recom

In the 100 people which will present "Floradora" in this city there are many names with which playgoers are perfectly familiar. At the head of the list is Isadore Rush, playing Lady Holyrood and others already established in local favor are R. E. Graham, Uhilip H. Ryley, Greta Risley, Donald Brine, Harriett Merritt, Joseph Phillips, Lillian Spencer and Thomas A. Klernan. A membership of 70 makes the "Floradora" chorus the largest in the country and then there is that famous sextette with its "pretty maidens," a special or-chestra, two car-loads of scenery and baggage.

"KING DODO" THURSDAY. The appearance of Richard Golden in "King Dodo," under the management of Henry W. Savage, at the Marquam Grand theatre next Thursday, Friday, Saturday afternoon and night, is a matter of more than ordinary interest to theatre-goers. After a most prosperous season in all the large cities Henry W. Savage will give our patrons the opportunity of enjoying an evening that will be profitable to all lovers of catchy music. "King Dodo" will be given with the same splendid stage settings that characterized its production at Daly's theatre, New York City, and the Studa-baker in Chicago, a cast of metropolitan favorites, and a chorus of rare beauty and vocal ability. No comedy-opera has more pleasing numbers than can be sung or whistled on leaving the theatre, and "The Tale of a Bumble Bee," sung by Ding Dodo and Annette is certain to be on the lips of all who hear it. But Piano-Selling Goes on Unabated at Eilers Piano

Things are still a little topsy-turvy at Eliers Piano House, but nevertheless the rush for pianos continues unabated. For the first time in many months the Portland police department can boast of sergeants, those recently appointed having taken their new positions Sunday night.

The sergeants are: L. G. Carpenter, E. A. Slover and Stephen Hogeboom. As at present arranged, they will be on night duty, their hours being so arranged that two sergeants will be at work from 8 p. m. to 4 a. m.

Since the advent of the present administration there have been no sergeants in the local department, this being in marked contrast to the department in the other will be a twenty in the other will be of the country went in the other will be a twenty in the other will be at twenty in the other will be a twenty in the series and plumbers being in the savings in price that are possible while this alteration sale is still in progress will more than compensate for planes continues unabated. THOMAS TO ARRIVE

OPERATION OF DRYDOCK AND SPECIAL MEETING OF PORT OF PORTLAND COMMISSION WILL PROBABLY BE HELD TOMORROW.

Montgomery Dock Question Still Hangs Fire, but Its Settlement Expected to Be Effected When Members of Commission All Get Together-Pilots Declare That Its Removal Will Mean Heavy Loss to Owners and Exporters.

G. B. Thomas, the member of the Port of Portland commission, who was sent East to purchase a power plant for the operation of the drydock, is ex- avenue congregation." pected to arrive home this afternoon. The probabilities are that a special meeting of the commission will be held tomorrow in order to hear his report. He purchased a plant, but seyeral weeks will likely elapse before its arrival. Another matter that is awaiting settlement by the commission is the Montgomery dock question. It came up for consideration during Mr. Thomas' absence, but before disposing of the matlicemen from the station to guard ter it was decided to wait until the board could have full representation Outside of the immediate circle of the members of the board no one knows how catastrophe of July 31, and it was prob- they stand on the question. All are ably due to the headwork of those in non-committal excepting Capt. Spencer command that the police prevented an who is outspoken in favor of the reaccident. Chief Hunt believes there is moval of the dock back to the harbor

> In discussing the subject in an in formal manner this morning the river pilots were unanimous in the opinion that it would entail an unnecessary hardship and expense on the owners of the property by compelling them to move it. They stated that it would also mean a big loss to Kerr. Gifford & Co. the grain exporters, who use it as a warehouse. It is estimated that the northwest corner of the dock extends out over the harbor line to a distance of fully 25 feet. In order to put it back on the line established by the Port of Portland commission it is claimed that the front part of the structure would virtually have to be torn to pieces, and the thousands of bushels of wheat and barley stored there would necessarily have to be moved at once. There is no vacant dock room that could be secured, it is declared, to place the grain in, even temporarily, and the exporters would consequently be heavy

osers. The pilots were opposed to the dock being built there in the first place, they explain, but since it is now there they believe that the most sensible plan to follow would be to allow it to remain until such time as its removal would Repaired not represent such heavy losses. They hold that an arrangement of this na ture could easily be effected.

TWO BROTHERS TO BE TOWED TO BAY CITY

The American ship Two Brothers will go to San Francisco from Astoria in tow of the steam schooner Charles Nelson. Both vessels have full cargoes of lumber, the Two Brothers carrying 750,-000 feet and the Nelson 500,000 feet. The former's sailors, who were shipped from here, will accompany her. J. Pearson, agent of the local branch

of the seamen's union, has returned from the mouth of the river and reports that the trouble on board the Two Brothers has been satisfactorily adjusted. He says that the men did not believe the vessel to be seaworthy, as she acted cranky occasionally, and for this reason they decided not to make the voyage. The skipper then made arrangements to have the ship towed down the coast, and the sailors concluded to remain aboard.

FRESH CHARGES AGAINST ELDERS

WILL BE PRESENTED SAYS REV. W. P. WHITE UNLESS THEY OBEY PRESBYTERY'S REQUEST THAT THEY RESIGN POSITIONS IN THE GRAND AVENUE CHURCH.

Three of the Four Whose Cases Were Under Consideration Asked to Quit Because of Differences With Paster Gibson-Hugh Nesbit Alone Omitted From the Bequest-"We Won't Resign," Says W. E. Spicer.

"We will not resign for we believe urselves in the right."-W. E. Spicer, elder of Grand Avenue United Presbyterian, whose resignation along with that of Ralph Miller's and R. G. Hamilton's, has been requested by the Presbytery.

"It is the will of the Presbytery that the three elders resign and unless they follow out the request a meeting will be called and charges will be preferred against them."-Rev. W. P. White, chairman of committee that recommended that the elders resign.

With only one dissenting vote the motion to adopt the entire report of the committee appointed to investigate the condition of the Grand avenue church, was carried at the Presbytery yesterday afternoon. The regular business of the session was completed at 9:30 o'clock last night.

But now that the Presbytery has willed that Elders Spicer, Miller and Hamilton resign, the trio come out with the statement that they refuse and it is up to the committee to prefer charges, "They can' prefer charges," declared Elder Spicer, "for we haven't done any-thing that would justify such action, and we won't resign for we consider ourselves in the right. It is a piece of spite work and we don't intend to give up. Rev. Mr. White this morning read the following charges, which he said would be preferred against the three elders

if they did not relinquish their offices; "First. We charge the aforesaid elders, namely, W. E. Spicer, R. G. Hamilton and Ralph Miller with unfaithfulness and neglect in performing the duties of their offices as elders in the Grand avenue congregation.

"Second. We charge the aforesaid elders with failure to study the things that make for peace in the work of Grand avenue congregation. '(a.) Trying to create dissatisfaction

with the pastor among the members. "(b.) The action of W. E. Spicer in bringing suit against the pastor. "(c.) R. G. Hamilton and Ralph Mil-

ler's published communication in reference to the pastor, the object of which was to bring into bad repute in the state and in the city of Portland the Grand No action will be taken in regard to Hugh Nesbit.
