EUGENE

COUNTY REFUSES TO PAY FOR A SEWER

(Journal Special Service.) Eugene, Or., Nov. 7.—The county commissioners' court at today session refused to pay to the city the amount assessed against the county for the new sewer recently constructed along the court house and the county parks. The amount of the county's assessment is \$112,28.

The reason given by the court for this action is that the county has no use for the sewer as it does not benefit the county in the least. The court house, the county jail and the county rest cottage were previously connected with another sewer. All these connections are permanent, and the court cannot see that the county will ever have occasion to use the new sewer.

It is said that the city may now sue the county to force the payment of its assessment, but City Attorney Williams, who is busy with other cases in the circuit court, which is now in session here, has not yet had time to devote any attention to the case. Other city officials have expressed themselves as being in favor of suing the county.

To Elect a Lieutenant. Maj. George O. Yoran of the First separate battalion, O. N. G., has issued an order for the election of a first lieutenant for company C of this city. The election will be held on Monday night, November 9. This election is to fill the vacancy caused by the resignation of Lieut. J. A. Currie, who has moved to Coos county. Lieut. Currie was one of the best officers in the Oregon National Guard, and is missed by many of the local military circles. Capt. Fred C. Hammond of company A of this city has been detailed as inspector of the election.

Seats for New Theatre. The seats for Eugene's new theatre will arrive in a few days and the opening, which has been postponed from the 15th on account of the non-arrival of the seats, will be announced shortly. The seats are now in Portland and they will be shipped on up the line perhaps today or Sunday.

Escaped From Asylum. A young man named Wilcutt recently escaped from the insane asylum at Salem and was found at Lake Creek, his home, the other day by Sheriff Plisk. C. H. Parks, an officer at the asylum, arrived here today and started for Lake Creek, a distance of 50 miles west of Eugene, to secure the man and return him to the asylum.

A Furious Storm. A furious storm has raged here for the past 24 hours. The wind has blown a gale and the rain has fallen incessantly, causing the river to rise rapidly and the whole country is now almost a huge lake. No particular damage has been done by the wind, but if the rain keeps up the overflow from the river and tributary streams may cause considerable inconvenience if not damage.

Five Divorces. In the circuit court today Judge Hamilton granted five divorces as follows: Anna Hodson against James B. Hodson, Mrs. H. E. Johnson against Chauncey B. Johnson, A. M. Everything had been arranged for their pleasure, the parlors being prettily decorated in autumn leaves and flowers, while here and there a saucy

IMPORTANT FREIGHT RATE CASE. St. Paul, Minn., Nov. 7.—Grain shippers and others in the Northwest are sweating their considerable interest in a decision in the case of the Cannon Falls Elevator company against the Great Western and Milwaukee roads, which came up for hearing here today before the interstate commerce commission. It is alleged in the complaint that the present grain rates from Cannon Falls to market points are unequal. While the rate on grain, it is alleged, is but 15 cents from Cannon Falls to Chicago, and 7 cents from Cannon Falls to Minneapolis, the through rate from Minneapolis to Chicago, a longer haul, are but 7 1/2 cents. The complaint cites rye as an example and alleges that because of the rate to Chicago it is unable to get a foothold in the Louisville market, which takes an immense quantity of rye annually, and would be glad to have Southern Minnesota grain if it could be put down there on an even basis with that which takes the through rate.

Dr. N. J. FULTON, Naturopath. reader will take his or her case to this physician, the result will be so astounding where there were tears and sorrow before the call. Her knowledge and skill in curing disease without the use of nauseous, as well as dangerous drugs, was acquired after years of careful study and training under the most distinguished naturopathic educators, and her success has been so phenomenal as to almost pass the realm of credibility. Here in Portland she took one young woman upon whom the penalty of a surgical operation had been pronounced, which would have forever robbed her of her womanhood, restored her to perfect health without a taste of medicine or the touch of knife. Another was taken home from a hospital to die. The lady is in perfect health today after treatment of but three weeks. Similar instances of seemingly miraculous cures in Portland are plentiful, and by permission the patients may be seen and conversed with by all afflicted and interested ones. Before coming to Portland, in a smaller field, her success was equally wonderful, some of her patients testifying as follows to her skill:

ATLANTIC, Iowa.—I was stricken with rheumatism; suffered greatly; tried many physicians; they gave me remedies that afforded no relief and created stomach trouble; I went to Dr. Fulton for treatment, and still no relief. Finally I was advised to see Dr. Fulton, was treated by her four weeks and now am well. IDA MARTIN. Miss Martin is now one of the leading musicians and teachers of St. Louis.

ATLANTIC, Iowa.—Dr. Fulton treated me six weeks for catarrh of head, throat and stomach, and deafness caused by these afflictions, and in that time I was completely cured. And this after I had tried many drug physicians, one of whom said I could not be cured. I am as well as I ever was, and at my time in my life. MRS. M. E. GOTHARD.

LEWIS, Iowa.—After ten years of growth and four surgical operations I was entirely cured of poly-pus by Dr. Fulton with eleven treatments. I had been butchered by one physician until he said he was afraid to cut me again, fearing he would kill me. Now I am as well as I ever was, and that without a drop of medicine or the use of surgery. I rejoice in my cure. I thank Dr. Fulton. I have no language capable of expressing my gratitude to her. W. G. KENNERSLEY.

DR. N. J. FULTON, Naturopath Physician. Office hours from 9 to 12 and 1 to 5 daily. No drugs and no knife are ever used.

WORTH A KING'S RANSOM. Saved From The Maelstrom of Catarrh. How Peruna Saves Lives. The doctors fairly gave me up, and I despaired of ever getting well again. I noticed your advertisement and the splendid testimonials given by people who had been cured by Peruna, and determined to try a bottle. I felt but little better, but used a second and a third bottle and kept on improving slowly. It took six bottles to cure me, but they were worth a king's ransom to me. I talk Peruna to all my friends and am a true believer in its worth. Mrs. Col. E. J. Gresham.

MRS. COL. E. J. GRESHAM, Treasurer Daughters of the Confederacy, and President Herndon Village Improvement Society, writes the following letter from Herndon, Fairfax county, Va.: Herndon, Va. Gentlemen—I cannot speak too highly of the value of Peruna. I believe that I owe my life to its wonderful merits. I suffered with catarrh of the head and lungs in its worst form, until

THIRD TRIAL PROVES AN OLD ADAGE. There is nothing like perseverance, believes Deputy District Attorney Adams who has thrice prosecuted Harry Davis for assault and battery. At the third trial yesterday Davis was found guilty, although the first two juries failed to agree. The jury yesterday took 10 minutes to convict the young man. The contending parties live at Terry postoffice. A month ago John Bliss had his right arm broken by a bottle thrown by Davis in the latter's store. Bliss said the assault was unprovoked. That Davis testified that he thought Bliss intended to use a knife on him. Justice Reid will impose sentence Monday.

MEET IN NEW HALL. Until permanent headquarters are secured the Federated Trades Council will meet in the hall at 264 Alder street. The regular meeting of the council was held there last night, but it is the intention to secure a larger hall just as soon as possible. Nothing but routine business was transacted last night. The committee at work on the yearly agreement plan made the usual "progress" report.

Her Impression. From Washington Star. "Does your daughter play Mozart?" inquired the young man with gold glasses. "I think she does," answered Mrs. Cumrox affably. "But I think she prefers bridge-whist."

They'll All Move There. From Philadelphia Press. "He's booming a new suburban town now, called 'Jonesburg.'" "Yes, but he figures that every Jones in the city will want to be known as 'Mr. Jones, of Jonesburg.'" "The fellow who's always 'de trop' means not to be ugly, oh no! But he simply can't sense that the world might dispense with him for a minute or so." —New Orleans Times-Democrat.

MERCHANTS CLAIM THEY WERE SWINDLED

(Journal Special Service.) Vancouver, Wash., Nov. 7.—The case of the Vancouver Merchants against J. H. Snyder and wife, tried before Justice of the Peace Sparks, has been appealed to the Superior court. Mr. Snyder and family came to this city about a year ago from Toledo, Wash., and went to work in the sawmills of this place. They ran bills at the different stores in town, amounting to \$200 or more, promising that they would settle the same on payday, which they failed to do. In September they undertook to move away from the city and state to Portland, Or., without settling or attempting to settle with their creditors. Thereupon the Vancouver merchants who had accounts against them attached their household effects, when Mrs. Ellen C. Stobbe, the mother of Mrs. Snyder, who owned what is believed by the merchants to be a fraudulent bill of sale, laid claim to the property and the suit to determine the ownership of the property was brought before Justice of the Peace W. W. Sparks, wherein the matter was decided against the merchants. The case is now appealed to the superior court, where it is now awaiting trial by that tribunal.

New Passenger Boat. Captain Hosford, who is connected with the Washpug and Lacamas Transportation company, will launch his gasolene propelled boat on Monday. The vessel will be run by gasoline, and is about 70 feet long, with a 13-foot beam. She will have a capacity to accommodate 100 passengers, and will make two regular trips each day between the city and Vancouver and Vancouver and Portland. Arrangements have been made with the Portland Street Railway company for the sale of through tickets, which will carry passengers from all points between Vancouver and Vancouver and Portland and return. It will be a first-class passenger vessel and is expected to make 18 knots an hour.

It is said that the congested condition of the freight business with the steamers of this coast is due to the necessity, and will be a great accommodation to the people along the route. Injured in a Sawmill. Winslow Taylor, a young man 21 years of age, while working at Roper's sawmill at Pioneer, this county, yesterday morning, was injured by a piece of heavy belting about nine inches square striking and striking him between the thighs, causing a painful and serious injury. The physician who was called from Vancouver to attend him found his condition so serious that an immediate operation was necessary, and brought him to the city for that purpose. The operation being successfully performed, the young man is in a fair way to recover, but will probably be confined to his bed for many weeks.

COUNTY CLERK GIVES OUT A STATEMENT

(Journal Special Service.) Oregon City, Nov. 7.—The discovery that a warrant indebtedness of \$114,000 existed in Clackamas county instead of \$102,000, has been the theme of much comment here since the discovery. When John J. Cooke made his last race for the office of the fiscal clerk in the county that the indebtedness of the county would reach near \$150,000 instead of \$100,000, as was then believed, such a discrepancy being a factor in the campaign. He was hoisted at by the opposition, however, who declared that he knew nothing about it. It now develops that he was better informed than the whole crowd who were seeking to force their way into office. In connection with his semi-annual report the county clerk has issued the following letter to the public:

An Explanation. In presenting this summary of actual and true conditions, financially of the county, I desire to set before the public what appears to me to be the reasons why such a discrepancy exists in the statement herewith submitted, and those that have previously been issued from this office, for, while during the six months ending September 30, 1903, the expenditures have been much less than for any preceding six months, the warrant indebtedness has increased some \$18,000 with the interest due on same, the true net indebtedness is much greater than was set out in previous reports. This has arisen from some clerical errors heretofore made, where credit was given for warrants canceled, which were already accounted for, but is due more especially from the methods pursued for years in this office of taking account of balances of warrants outstanding, as returned and set out in the report of the county officers as a correct basis from which to work in place of making an actual and complete compilation of the warrants outstanding and amounts due on same, which before considering this report has been done by a considerable number of both the office of the county treasurer and county clerk, thereby arriving at a true and correct sum of the net indebtedness of the county.

The habit or practice of submitting the amount of warrants canceled, without segregating and setting out the amount of interest paid, has led to giving credit to warrants redeemed to the full amount and therefore been the cause of understating the amount of outstanding warrants.

In the future, or during my continuance in this office, this misleading practice will be cut out and methods more easily understood adopted. Respectfully submitted, F. A. SLEIGHT, County Clerk.

Special Session of Council. There was a special session of the city council last night to take up minor matters. At the session a resolution was introduced by Dr. Powell and unanimously adopted, asking the governor to call a special session of the legislature. The resolution reads as follows: Whereas, the supreme court of the state of Oregon has rendered a decision holding the tax law, known as the Phelps law, makes no provision for a tax levy prior to September 1, 1903; Whereas, the indebtedness of Oregon City would be greatly increased by the failure to make the tax levy at the usual time;

Whereas, it is necessary that the state legislature of the state of Oregon should be convened in extra session to remedy the defect in said law; Resolved, that the council of Oregon City hereby petition the governor to convene the legislature in extra session, that the said law may be amended so that the total valuation of all taxable property in Clackamas county in the year 1903 is \$9,407,877. Last year the total valuation was \$4,526,502. There are 11,841 acres of land in the county and 523,173 acres of tillable land. There are 104 miles of telegraph and telephone lines, 20 miles of street railway bed, and this does not include the new road up the Clackamas; 12,157 cattle, 13,569 sheep and 2,993 hogs.

Old Folks' Concert at the Congregational church last night was attended by a large number of both young and old and a thoroughly good time was enjoyed by all present. The rendition of the different selections was all that could be desired, both from a literary and sociable standpoint the concert may be said to have been a success. The receipts were in excess of the amount anticipated.

Coin and the Coin. Some weeks ago James Coyne disappeared from the Damascus neighborhood in a mysterious manner. A full-time worked for a farmer at Damascus and when he did the disappearing act about \$20 in coin, which was in the farmer's trunk, disappeared with Coyne. The disappearance of coin and Coyne led the farmer to believe that there was some connection between the two, and he has since been on the lookout for both his coin and Coyne. Last week Coyne was located in Roseburg, and this week Constable Moore located Roseburg and the farmer to believe that there was some connection between the two, and he has since been on the lookout for both his coin and Coyne. Last week Coyne was located in Roseburg, and this week Constable Moore located Roseburg and the farmer to believe that there was some connection between the two, and he has since been on the lookout for both his coin and Coyne. Both in Jail. Grace Shelton and William Johnson were locked up in the county jail last evening on a complaint sworn to by James Shelton, the woman's husband, charging them with adultery. Mrs. Shelton was a waitress in George Bros' restaurant while Johnson was cook. The two have been living as man and wife. The husband came to Oregon City from Goldendale, Wash., where he lives, Tuesday, and learned the state of affairs. It is understood this morning that Mrs. Shelton and Johnson claim to be married, but from a true complaint will be changed to one of bigamy.

Oregon City Notes. In the circuit court yesterday Judge McBride granted a divorce to Johanna Carberry from W. A. Carberry. During the week marriage licenses have been issued to the following parties: Maria Vaettl, Max Kilgic; Elsiea Routh, Emil Stokes; Pearl Nida, John Blecher; Dora Thiessen, Philip T. Oatfield.

FLOODS CARRY AWAY EXPENSIVE DAM

(Journal Special Service.) Salem, Nov. 7.—News reached this city yesterday that the dam across Silver creek, a few miles above Silverton, had given way the preceding night. The dam was but just completed at a cost of \$10,000, and had been accepted from the contractors but a few hours before it broke. The Union Light & Power company of Silverton and Woodburn is the owner of the dam, and built it for the purpose of securing 400 horse power to generate electricity for the Citizens' Light & Traction company of Salem, the contract for which sale was entered into last summer.

The dam across Silver creek was considered to be strong enough to stand all the pressure that would ever try its foundations, but when the water piled up 30 feet high, pressing against the dam, the latter gave way. The poles for the electric line to convey the current to Salem have been erected, but this disaster will not embarrass the Salem Light company, as the electricity used here is generated by steam power, and the local plant is in excellent condition, and supplied with ample fuel for the coming eight months or more.

Terrific Winds and Rains. The high wind and rain of the past few days was the most disagreeable weather had here in a year. The rain came in torrents, and the river at times fell in torrents, and the river and creeks are rising rapidly. The wind blew down telephone and telegraph poles in various parts of the city and surrounding country and one or two light poles in the city were blown down. In South Salem a line of telephone poles, nearly a half mile in length, was blown down, and yesterday afternoon the telephone connection with the Chemawa Indian school, five miles from the city, was interrupted. Several poles on the line were down, but a force of men went at once sent out, and by last night communication between this city and Chemawa was restored.

The state land board has approved 40 applications for loans on account of the irreducible school fund, aggregating \$50,000, and the applicants will receive their money as soon as the papers are perfected. Only two applications were rejected, amounting to \$2,000. These 42 applications were of a number received during the absence from the state of Governor Chamberlain. There are 100 applications for loans from the state land board, owing to the fact that the interest rate is low, and the state is not a hard creditor when the security is satisfactory.

ROSEBURG SURPRISED OFFICERS BY A CONFESSION

(Journal Special Service.) Roseburg, Nov. 7.—Sheriff W. A. Storey of Multnomah county arrived here last evening and left on the northbound overland for Portland with James Coyne, a 15-year-old boy, who robbed James Feathers of Damascus, and was arrested weeks ago while working for him. Coyne's apprehension is due entirely to himself. While looking for two escapes from the reform school, Tuesday, City Marshal Jarvis picked up the boy in a hobo camp near here, and took him to the sheriff's office to question the boy concerning the reform school truants, in whose company he had been. Marshal Jarvis began joshing the boy about "the money he stole," etc., whereupon the boy, thinking himself detected, ran to the complete surprise of the officer confessed to the crime stated. Sheriff Storey was communicated with at Portland and he left the following day for Roseburg to take the boy back.

Bio Still at Large. Bert Bice, the fugitive horthief, who was caught by the sheriff a few days ago, is still uncaptured. Yesterday the officers came upon him near West Fork, but Bice made a successful dash for the brush and got away. Several shins frod at him went wild.

VETERANS' SNAPE AT SEILON. Washington, D. C., Nov. 7.—Gov. Pennypacker of Pennsylvania, accompanied by a delegation of distinguished veterans of that state, will leave Washington this evening for Shiloh to attend the dedication of the monument to the Seventy-seventh Pennsylvania regiment. The dedication is set for next Monday, and will be accompanied with considerable ceremony.
