PROPOSALS FOR BRIDGE WORK.

SEALED proposals will be received at the office of the auditor of the city of Portland, Gregon, until November 25, 1908, at 3 o'elgek p. m. for the rebuilding of the bridge across the Willamette river in the city of Portland, In accordance with the profile plan and general specifications for the same prepared by the city engineer and adopted by the executive board of the city of Portland, Oregon, and now on file in the office of the auditor, and which can be seen during office hours. Bids must be strictly in accordance with printed blanks which will be furnished on application at the office of the auditor of the city of Portland.

The right to reject any and all bids is hereby reserved.

By order of the executive board.

THOS. C. DEVLIN,
Auditor of the City of Portland.

Portland, Oregon, October 26, 1908.

PROPOSED IMPROVEMENT OF EAST ALDER STREET. Notice is hereby given that at the meeting

of the council of the city of Portland, Oregon held on the 4th day of November, 1903, the follewing resolution was adopted:

Resolved, That the council of the city of Portland, Oregon, deems it expedient and proposes to improve East Alder street from the east line of Union avenue to 80 feet west of the west line of East Tenth street in the fel-

east line of Union avenue to or the west line of East Tenth street in the fellowing manner, to-wit:

First—By removing all loose earth, mud and debris of every kind fuil width, with full intersections, from the surface of all that portion of the street between the east line of Uniou avenue and the west line of Grand avenue and between the east line of tirand avenue and the west line of East Sixth street, and he tweet the east, line of East Sixth street and the west end of bridge at East Seventh street, and between a line 38 feet east of the east line of East Eighth street and a line 26 feet west of the west line of East Ninth street, on the north side of East Alder street, and a line 46 feet west of the west line of East Ninth street, on the south haif of East Alder street.

Second—By redressing all that portion of the street full width, with full intersections, Iring between the east line of Union arenue and the west line of Grand avenue, and between the east line of Grand avenue and the west line of East Sixth street, and the east line of East Sixth street, and between a line 38 feet east of the west line of East Sixth street and the west line of East Ninth street, and between a line 38 feet east of the west line of East Ninth street, on the north side of East Alder street, and between a line lying 38 feet east of the east line of East Kinth street, and between a line lying 38 feet east of the east line of East Alder street, and hetween a line lying 38 feet east of the east line of East Kinth street, on the south half of East Alder street, with gravel or macadam.

Third—By redecking and repairing the bridge from East Seventh street, to a line 38 feet east of the east line of East Eighth street, and from a line 26 feet and 46 feet west of the west line of East Ninth street, respectively, on the north and south half of East Alder street. to 80 feet west of the west line of East Tenth street.

Fourth—By constructing artificial stone side-

walks in accordance with the city engineer's plans, specifications and estimates. Said improvement to be made in accordance with the charter and ordinances of the city of Portland and the plans, specifications and

west line of East Tenth street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed
as provided by the city charter upon the property specially behefited thereby, and which B
bereby declared to be all the lots, parts of lots
and parcels of land lying between the east
line of Union avenue and a line 80 feet west
of and parallel with the west line of East
Tenth street, and between the north line of
East Alder street and a line 100 feet north of
and parallel therewith, and between the south
line of East Alder street and a line 100 feet
south of and parallel therewith.

The engineer's estimate of the probable cost
for the lapprovement of said East Alder street
is \$8,757.

The above improvement is to be classed as a
repair improvement, and shall be maintained by

repair improvement, and shall be maintained by the city for a period of three years, provided that the owners of a majority of the property specially benefited by said improvement or any perion thereof shall not petition for a new or different improvement before the expiration of such period.

The plans, specifications and estimates of the The plans, specifications and estimates of the city engineer for the improvement of said East Aider street are hereby adopted.

Ecsolved, That the suditor of the city of Portland be and he is hereby directed to givencilee of the proposed improvement of said street as provided by the city charter.

Remonstrance against the above improvement may be filed in writing with the undersigned within 20 dars from the date of the first publication of this notice.

By order of the council.

THOS. C. DEVLIN.

Auditor of the City of Portland.

November 7, 1903.

PROPOSED IMPROVEMENT OF PARK AVE-

NUE, Notice is hereby given that at the meeting of the council of the city of Portland. Oregon, held on the 4th day of November, 1903, the following resolution was adopted:

Resolved. That the council of the city of Fortland. Oregon. deems it expedient to imprive Park avenue from the east line of Fortland to the west line of Ford street in the following manner, to-wit:

First—By grading the street full width to proper subgrade. fellowing manner, to-wit:

First—By grading the street full, width to proper subgrade.

Second—By constructing atone-block headers, double row in accordance with the city engineer's plans, specifications and estimates.

Third—By paving the roadway full width with Warren's bituilthic pavement.

Fourth—The space occupied by the Portland Railway company shall be improved by placing a row of toothing blocks of each side of the rails and by paving the remaining portions with Warren's bituilthic pavement.
