COACH DISMISSED

(Journal Special Service.) New York, Nov. 12.—Robert P. Wilson, head coach of the New York University football team, has been formally dismissed as coach by joint action of the faculty committee on athletics and a committee from the students' executive board governing athletics. Mr. Lynch, the assistant coach and a former player on the Brown university eleven has also severed his connection with the team. The action was taken after an investigation into the scholastic standing of Louis Cohn, one of the 'varsity players. He was supposed to be a regular student in the law schoel, but it was found that while he had paid the matriculation fee he had not paid half of his tuition in advance, as required and had not attended recitations. Cohn played in the game against Wesleyan and for this season the New York university football manager has sent an apology to the Wesleyan authorites for unknowingly having played

LAJOIE MAY BE

Napoleon Lajole, the great second baseman of the Cleveland American league team, will be shifted from his position the coming year, according to a statement given out by President Ban Johnson. The switch of the renowned "Larry" will be made for the purpose of giving Terry Turner, the youngster signed from the Columbus team this fall, a chance to show what he can do on the second to where he is more

"I think it will be a mistake to change Lajole over to short," said Jimmy Collins, who was a party to the conversation. "He plays second with-out a peer, but I doubt whether he would fill the place so well at short." The Blues are out for the champion-

ship of the American league next season and Manager Armour is going to leave nothing undone to strengthen his combination. If he finds that the change in the infield is not the best he will then put Lajoie back to second and use Tur-ner at short. Gochnauer will likely be kept on the list until Turner shows that he delivered the goods. Gochnauer is said to have been the cause of the bad showing of the team this year, for he was charged with 93 errors and was unable to bat—a decided reversal of
