OFFICER DRIVES CABMEN FROM DEPOT

"Say, you—drive on there! Never mind what time it is. Get away from the curb!" "Say, Bill, that bull can't make you go; it's only 20 minutes to trap time." "If you don't want to get run in you had better move." "Ah, come on, fellows! That big stiff has her drop." This conversation, with variations and numerous additional epithets, occurred yesterday morning at the union depot when the officer on the railroad beat warned off about 30 cabmen and hotel-runners.

"We have to show we are on deck," said the officer, "or those fellows will get the idea into their heads that they own the depot, and travelers will have no peace from their rudeness. There is an unwritten law among the officers that cabmen shall not get here until 20 minutes before the arrival of trains, but some of them come down at 7 in the morning and hang on until 9 o'clock if they are not warned off."

(Journal Special Service.) Oregon City, Or., Nov. 21.—The jury in the suit of Hartigan against the Southern Pacific railway for \$1,000 for injuries received while in the company's employ, brought in a verdict for \$1,000.

"Strength and vigor come of good food, duly digested. Force, a ready-to-serve wheat and barley food, adds no burden, but sustains, nourishes, invigorates."

STEAMER TELEPHONE MAY RUN TO ASTORIA

More rumors are being put in circulation concerning the new steamer Telephone, which is lying in a snug retreat on the east side of the river. All debts against her have been canceled and speculation is again rife as to where she is going to be placed in commission. "I will tell you all about her," volunteered a dock agent this morning, "if you will agree not to use my name. She is going on the Portland-Astoria run. I know this is true," he said, "because the fellow who is going to be her purser told me so."
