# PRICE OF SUGAR TEN CENTS LOWER

AMOUNT ON ACCOUNT OF A GEN-ERAL WEARENING IN THE MAR-RETS OF THE EAST-URANGES

Turkeys Drop Several Cents with Market Glutted with Beceipts of Dressed Stocks-Cranberries Advance \$1 a Barrel on Account of Shortness of Receipts-Car of Frozen Berries Arrive This Morning-Poultry Very Weak.

Front Street, Nov. 25 .- The principal events in the local markets today were: Sugar declined 10 cents. Turkeys dropped several cents. Cranberries advanced with scarcity.

Potatoes go higher. Onion demand caused advance. Hops weaken again. Changes in beans.

A weakening market in the East for several weeks has caused a decline of 19 cents a hundred in the former quotations on all grades of sugar, beet and cane. The present ruling prices are, sack basis: Cube, \$5.80; powdered, \$5.75; dry granulated, \$5.65; beet granulated, \$5.45; extra C, \$5.15; golden C, \$5.05. The usual advances for less than sacks. The regular discount prevails.

All Sugar Is Down.

Nothing Doing in Salt. The salt market remains unchanged as far as quotations are concerned, but both sides are studying the opposition's strong and weak points.

Turkeys Are Lower.

the commission men to whom it was consigned. This caused a scarcity in supplies and the price went up to \$11. Grapes are very few and what stocks are now in the market are bringing

higher figures.

Apples find a ready sale, but of the entire receipts the poorer grades find the most welcome call. This is on account of the much cheaper price. Some tomatoes are in from California and are quoted at \$1.25 a box. Celery is in large receipt with the price at 60 cents, Poultry Very Weak.

Poultry prices are very weak on account of the large receipts of turkeys during the last few days. Old hens are now quoted at 10 1/2 and 11 cents. Receipts of poultry other than turkeys are not over liberal, but the demand is not active. Good Mog Demand.

There is a good demand for all grades of hogs, but the smaller sizes find most ready sale. Beef demand is not active, but prices are unchanged. Small veal continues to find a sale equal to the demand at current prices. Mutton

The top price for potatoes in the country is now at 75 cents, but this figure is only given for the very fancy cisco is still large. Local potato prices are unchanged.

The hop market is weaker again, with very few sales of any grade reported. The top of the market is now at 20 cents, but it takes extra fancy hops to bring this figure. Opinions on the Market.

Turner & Co .- Turkey market weaker

and lower. Some stocks will go into cold storage. Toft, Hine & Co .- Receipts of dressed poultry have been simply immense during the past few days, but all stocks are being disposed of at satisfactory prices. Meats are in heavy receipts, but all arrivals have been cleaned up at quotations. Hog receipts are light with de-

mand good. Mutton is a slow sale.
Page & Son—The top price for turkeys today is 20 cents. Live birds are
quoted at 18 and 19 cents. Davenport-Thompson company - Tur-

keys not so firm; bottom has dropped out of market. Onlons firmer at \$1.25 and we are now paying \$1.15. Rapp & Sehlbrede-We find potatoes and onions looking up. Better quality

apples are leoking up in price, with \$1.25 the highest figure. Good demand for 40-cent apples. Malarkey & Co.-Fish quiet on account of demand for poultry; silverside salmon almost out of market; big demand

for oysters and another advance is likely W. S. Swank-Seventy cents is the top price for potatoes.

L. Jaggar-Potatoes in good shape; paying 70 cents in country. Pearson-Page & Co.-Car frozen cran-

The turkey market is simply glutted with receipts and the price has dropped several cents all around. Dressed turkeys are in largest receipt and today the very best stocks are quoted at 18 and 20 cents a pound. Live birds are not so plentiful, however, and this market did not weaken so much. Live bird quotations are: Old, 15@17c; young, 19c. A large per cent of the birds now in the market will be put in cold storage for Christmas and New Year's use. It is now thought that most of the birds in the Southern Oregon country have been cleaned up by the heavy drain made upon it by the Portland. Seattle and San Francisco markets and that turkey prices will rule higher during the Christmas season.

Logan & Bryan, New York: When one looks at the attractive prices of many of the properties, their large earnings, the fact that financial conditions are not bad, and that with the large quantity of cotton bills maturing in the near future gold is likely to be imported from: Europe freely, the view is not bearish. On the other hand, when industrials are knocked off from 45 to \$15 a share in a couple of days, confidence cannot be very well assured. The future feature has made very little selling pressure on the standard rulls. If trouble is industrials should have gue its course the market as a whole might easily begin to anticipate the better money conditions that are likely after January 1.

## CHICAGO WHEAT IS A SHADE EASIER

IT WAS VERY DULL AND STEADY THROUGHOUT THE DAY-THERE WAS QUITE A LITTLE EVENING UP OF TRADE ON BOTH SIDES OF full lots. THE MARKET.

Furnished by Overbeck, Starr & Cooke Co.) Chicago, Nov. 25 .- Logan & Bryan ad-

The wheat market today closed steady throughout the day. There was quite a little evening up of trade on both sides of the market over the holidays. There was no evidence of any Armour selling. Primary receipts were a little in excess of last year, but they are on the whole running about the same as a year ago. The clearances for the day were fair and the Northwest reported some export business in flour. Liverpool did not respond to the strength here, Broomhall cabling that the trade there did not credit the bullish news from this side. A direct Argentine cable reported heavy rains but European advices did not mention it. It is still a question of strong domestic demand as against European indifference. A condition of bad weather in Argentine would be an important factor as it would influence foreigners. Without a response from the other side, with the liberal movement in this country, the maintaining of higher prices will likely be a difficult proposition.

Corn Again Easy.

The corn market is again easy. There Lot is some local pressure of a speculative All nature, but on the whole the market is cent very quiet in every way. Receipts are not large but there is a cash business of some proportion. Elevator people with Lot driers are the best purchasers and the Lot driers are the best purchasers and the price has declined sharply during the past few days, otherwise the cash situation is a quiet one, with the demand about equal to the suppry. The move-ment from farmers' hands will be the important factor and will be closely watched. Unless the movement increases we are inclined to think corn should be sold for moderate profit.

Cash Oats Healthy.

The oats market closed about the same. The cash situation is still a heal-thy one, with moderate receipts and a Lot ing nature and of little interest. There has been some selling of oats through commission houses that trade for big people, but it is very much doubted if be sold for \$100 down and 10 monthly the stuff is for Patten. It is just a installments, or 5 per cent discount for steady, dull market.

Provisions Are Easier.

Provision prices were again easier.
Receipts of hogs were about the same as last year and prices at yards were little firmer. There was some selling pressure on products from the large packers but it is of a character which rather indicates that they are more desirous of lower prices than marketing their product. Our own view of the ac tion of market of the week is that packers are very glad to accumulate stuff on a declining market. Cash business is good and the price is low. Outside speculative interest is small. We advise buying a little.

Selling of Corn Products.

New York, Nov. 25.—The selling of corn products was largely by houses with Western connections. Some of the selling was said to be forced, and there were reports of closing out of loans in which this was piedged as collateral. The street was full of reports of uncertainty about dividend payments and of decreased earnings resulting from new competition. Houses associated with the management insisted that the company is in good condition and said that officials said that not only will the Februassociated with the management insisted that the company is in good condition and said that officials said that not only will the Febru-ary dividend be paid, but that the directors will meet in February and declare the regular dividends for next year on both the preferred and common stocks. It was reported on Wall street that well-known men in mercantile circles in Chicago let go of a line of corn products yesterday and caused the break.
