### MANY TOPICS UP IN WOMAN'S CLUB

SCHOLARSHIPS PRESENTED BY THE Y. M. C. A. AND ANOTHER PUR-CHASED-JAPANESE GARDEN SUR-PRISE PREPARED BY THE SOCIAL AND DECORATING COMMITTEE.

Almost without precedent as to suc cess of the program and attendance was the Friday meeting of the Woman's The surprise prepared by the social and decorating committee was a veritable Japanese garden, created of palms and jars of flowering quince, chrysanthemums in the greatest profusion occupying the entire center of the Under the palms were tiny bamboo tables, set with real Japanese teapots, cups and saucers, and Oriental Two strings of Chinese confections. lanterns were strung from one end of the hall to the other, and furnished the light, as the shades were drawn. At the business session, Mrs. Trumbull on behalf of the Young Men's Christian Association, tendered the club a scholarship in their manual training school, which would include the privilege of bath and gymnasium. The offer was accepted with the thanks of the club, who afterward voted to pay for another scholarship of like nature and privileges. This now makes two scholarships the club will have to dispose of in the Young Men's Christian Association and two in the Young Woman's Christian Associa-A vote of sympathy was sent to Mrs. M. A. Dalton on the death of her brother, Byron P. Cardwell.

After a short recess the program was taken up-the topic being "Home Life in the Orient." Miss Newill took up first the question of why the calendar committee had selected the Orient for the year's work, saying that between it and America questions were pending to which we could not long ask "shall we," but "we must interfere." Mrs. P. J. Mann read an able paper on the home life of India, laying particular stress on the survile position held by women of India. She spoke most intelligently of the prevailing castes and of their effect on the home life of the women.

Mrs. W. Wynn Johnson treated of home life in the Philippines, giving many of their primitive customs, and illustrated her talk by a fine display of curios and relics which were later very much admired by the ladies present, as they were given an opportunity to examine During the afternoon Seid Back, Jr., and L. Dean, another native Chinese, sang beautifully exquisite songs. It was a treat of the rarest kind to all present and a rising vote of thanks was extended the entertainers.

Immigration Inspector Barbour is in a few days ago.

The imposter has a long criminal record. He has served time at San Quen tin on four occasions. He was also in McNeil island penitentiary one year. While in California Mr. Barbour knew him quite well. He says he resembles a Spaniard and can talk the Chinese language fluently. He dresses in the height of fashion and makes a good impression on all with whom he comes in contact. He is about 35 years of age.

His plan is to examine Chinese certificates, represent to the holders that there is a flaw in them. For a certain consideration he agrees to correct the deficiency. He also represents himself to be a census taker to the Chinese. Several government officials are now on his trail. and hope to locate him within the next

"Weakness"

Affections of men, commonly described as "weakness," according to our observations, are not such, but depend upon reflex
disturbances and are almost invariably induced or maintained by appreciable damage
to the prostate gland. When occurring in
robust subjects in every other respect these
forms of so-called weakness are very amenside to proper treatment.

Contracted Disorders

From statistics compiled from our practice, covering over 7,500 cases, we find that 90 per cont have recovered in seven days or loss. Each hour en route was one round of pleasure—with none but our own party in the special Pullman-with company, first-class meals and a smooth road, there was nothing to do but enjoy the hospitality of the Southern Pacific and be happy. At Ogden wewere given the right hand of good fellowship by the Denver & Rio Grande railway, and met by H. M. Cushing, J. C. Moore and W. J. As the train winds through God's great gallery of moving pictures, you look with awe and inspiration, striving to see above the towering castles. Well, it will take a bigger fellow than I am to pen a picture—at any rate the Denver & Rio Grande is good enough for me. When we reached Salt Lake, Irving A. Benton, William D. McKellar and E. W. prairies. The trolley ride through the city was one long to be remembered. Magnificent homes, massive business blocks, wide and clean streets, costly public buildings and the Mormon templeswell, it is useless for me to try to describe them. There are grand church buildings of every denomination.

Mistaken as to Mormonism.

Do you know before I visited Salt Lake I thought any religion but Mormonism had but little show there. Why, every citizen has as much freedom as in any city in the Union. People are too often prejudiced against a proposition or person merely because of ignor-ance of the conditions. A special recital was given at the Tabernacle, and the great organ with its national reputation pealed forth in sweet and harmonious tones by the skillful hands of Professor McClelland, whose interpretation of melody, harmony and sweet ness of sounds, touched the heart of us Not until the recital was over and we were invited to inspect this remarkable instrument did some of us realize the beautiful solos, duetes, trios, quartettes and choruses was only a piece of mechanism. **EVERY MAN** WE TREAT

WE CURE

DR. W. NORTON DAVIS

When we have accepted your case for treatment you may look forward to a complete and permanent cure, and with the very first treatment the curing will begin This is pretty definite talk upon what is commonly regarded as an uncertain and speculative matter. But we are in position to speak definitely and positively. With us the cure of men's diseases is not uncertain or speculative at all. us the cure of men's diseases is not uncertain or speculative at all.
We have treated so many cases that we know just what we can do and what we cannot do, and we never promise or attempt too much. We accept no case in which we have doubt as to our ability to cure, and results are always and what we cannot do, and we never promise or attempt too much. We accept no case in which we have doubt as to our ability to cure, and results are always equal to the claims we make.

WE ARE ALWAYS WILL-ING TO WAIT FOR OUR FEE UNTIL A CURE IS EFFECTED.

"WEAKNESS"

Our success in curing those derangements commonly termed
"weaknesses" has done more to
extend our reputation as specialists in men's diseases than any
one other thing. We were first
to discover the fact that "weakness" is merely a symptom resulting from a chronically infiamed prostate gland, and that to
remove this infiammation is the
only method of permanently restoring lost vigor. To this day
our treatment, mainly by local storing lost vigor. To this day our treatment, mainly by local methods, is the only successful one in use. In years we have not failed to effect a complete cure, which is a statement that cannot truthfully apply to any other treatment being employed in these cases. Of course, there is an occasional case that has passed into the incurable stage, and these we do not treat at all. Our long experience enables us to recognize them and to select only such cases as we can cure permanently.

as we can cure permanently. CONTRACTED DISORDERS

In no other ailment peculiar to men is a prompt and thorough cure so essential. Contracted disorders tend to work backward until the most vital nerve centers become involved in the inflammation. Then follows a chronic stage that stubbornly resists all ordinary treatment. Safety demands that every vestige of infection be eradicated at the earliest possible moment. Our treatment of the contract of est possible moment. Our treat-ment is thorough. The remedies employed have a more positive action than has ever before been attained, and so perfect is our method of application that even chronic cases yield completely.

STRICTURE

Our cure is original and distinctive. We do no cutting or dilating. We can safely say that we are the only physicians employing our methods of overcoming this disorder, and the fact that we have never in any instance failed to effect a cure speaks well for itself. Our treatment is used at home, and during sleep dissolves and permanently removes every obstruction from the urinary passage, subdues all speaks well for itself. Our treatment is used at home, and during sleep dissolves and permanently removes every obstruction from the urinary passage, subdues all inflammation, relieves all irritation or congestion that may exist in the kidneys or bladder, reduces enlargement in the prostate gland and restores health and tone to all organs affected by the disease.

VARICOCELE

We guarantee to cure varicocele
by a method that involves neither
cutting nor the use of flery caustic. No other physician employs
a like method, and so thorough
is our work that there need not
be the slightest fear of a relapse
into the old condition. Those who
have been long afflicted with varicocele will never realize the incocele will never realize the jury it has wrought until they feel the vim, energy and buoyancy of spirit that a complete cure will bring.

SPECIFIC BLOOD POISON

Some physicians dose the system with mineral poisons scarcely less dangerous than the disease itself. The best they hope to do by this treatment is to keep the disease from manifesting itself upon the surface of the body. Under our treatment the entire system is cleansed, the virus is destroyed and every symptom vanishes to appear no more. This we accomplish with harmless blood-cleansing remedies in from 30 to 90 days.

PILES

Quick Cures. Certain Cures. We cure the worst cases of piles We cure the worst cases of piles permanently without the use of ointments, without pain, cutting or detention from business, in from two to three treatments. Our treatment is entirely new and peculiar to ourselves. Remember, no matter who has failed before in your case, we will cure you with mild methods, and without danger, or else make no charge whatever for our services.

Should you live at a distance, we can treat you successfully at home.
