DR. W. NORTON DAVIS

Our Cure for

"Weakness"

We were first to discover - the fact that "weakness" is merely a symptom resulting from a chronically inflamed prostate gland, and that to remove this inflammation is the only method of restoring lost vigor. To this day our sys-tem of combined local treatment is the only successful one in use. In years we have not failed to effect a complete cure, which is a statement that cannot truthfully apply to any other treatment being employed in these cases. Of course, there is an occasional case that has passed into the incurable stage, but these we do not treat at all. Our long experience enables us to recognize them and to select only such cases as we can cure permanently.

Contracted Disorders

We cure contracted disorders thoroughly and in less time than is commonly required to even cure partially. Do not endanger your health and power by relying upon patent nostrums or other uncertain measures.

Syphilis

We cure permanently this most hideous of all blood diseases. We employ harmless, blood-cleansing remedies that positively drive the very last taint of virus from the system, and every symptom van-ishes to expess no more ishes to appear no more.

Stricture

Our treatment for this disease is entirely independent of surgery. A complete cure is accomplished without cutting or dilating. All growths and obstructions in the urinary passages are dissolved, the membranes cleansed and all irritation or congestion removed.

Reflex Ailments

Often the condition appearing to be the chief disorder is only a re-flex ailment resulting from some other disease. Weakness somefiex ailment resulting from some other disease. Weakness sometimes comes from varicocele or stricture; skin and bone disease result from blood poison taint, and physical and mental decline follow long-standing functional disorder. Our long experience in treating men enables us to determine the exact conditions that exist, and to treat accordingly, thus removing every damaging cause and its effects.

PILES

Certain Cures. We care the worst cases of piles is permanently without the use of continents, without pain, cutting or detention from business, in from two to three treatments. Our treatment is entirely new and peculiar to ourselves. Remember, no matter who has failed before in your case, we will cure you with mild methods, and without danger, or else make no charge whatever for our services.

Should you live at a distance, we can treat you successfully at the services in the services. we can treat you successfully at
