Last spring Gillott married Miss Bessie Collings, a daughter of A. Collings of this city. It is said that owing to his thirst for intoxicating drinks Gillott has not been the ideal husband that a dewhile their family relations have not been very pleasant.

The last trouble was the result of an alleged sale of certain property owned by the Gillotts in Skamania county. A few days ago Mr. Gillott informed his wife he perfected a sale and would be compelled to go to Portland to make out the deed. After getting to Portland and whiling away much time, he informed his wife it would be necessary to go to Salem. Mrs. Gillott then came home. believing there was some ulterior motive in her husband's actions. In the course of the day Gillott also returned and found his wife at her parent's home, and was advised that she declined to have any further relations with him. He made several threats, it is alleged, and went so far as to lay violent hands on his

The threats were not directed at his wife alone, but to her father and his family. Mr. Collings thereupon procured a warrant from Justice Sparks for the arrest of Mr. Gillott which was im-mediately executed by Sheriff Biesecker, and after a few hours in prison was glad to let the matter rest, and promised do better in order to save further

## **GOLD DISCOVERED**

Albany, Or., Dec. 19.-It has been runored for several months that a very rich mine had been discovered in the eastern part of Linn county, but little heed was given the report. Last even-ing The Journal correspondent received authentic information concerning the alleged mine, and if even one-half is true Linn county will have an active mining boom within a few months. The ledge was discovered by George B. Whitomb of Whitcomb, about two years ago but the fact was kept a secret until very recently. It is about 60 miles almost due east of this city and about 10 miles to save the gold, but made a failure. Whiteomb and his friends have six claims located along the ledge, and be-lieve they have one of the best pros-pects in the West. The ledge is very rich in copper, but also carries gold and silver. ### DISGUISED CATARRH

A Stealthy, Insidious, Weakening Enemy to Women-Many Thousand Women Suffer Needlessly From This Cause.

MRS. EVA BARTHO.

There ltitude of women, especially nousewives, and all other women obliged to be on their feet constantly, who are wretched beyond description, simply because their strength and vitality is sapped away by catarrhal discharges from the pelvic organs. These women get up in the morning tired, drag themselves through their daily duties tired, only to go to bed at night as tired as before.

Mrs. Eva Bartho, 133 East 12th Street, N. Y. City, N. Y., writes:—"I suffered for three years with what is generally known as leucorrhes, in connection with uteration of the womb. The doctors advocated an operation which I dreaded very much, and strongly objected to go under it. Reading of the value of Peruna, I thought it best to give this well-known semedy a trial, so I bought three bottles of it at once. Now I am a changed woman. Peruna cured me; it took nine bottles, but I felt so much improved I kept taking it, as I dreaded an operation so much. I am to-day in perfect health, and have not felt so well-for fifteen years."—Mrs. Eva Bartho.

MISS LOUISE MAHON.

Miss Louise Mahon, 3 Glen Baille Street. Toronto, Ont. Can., Secretary of the King's Daughters and Secretary of Lady Maccabees, writes:—"If all women knew of the benefits to be derived from taking Peruna we would have many happier and more healthful women. My health has never been too robust, and I am easily fatigued and can not stand much. About a year ago I was so run down that I had to take to my bed, and became weaker and weaker. A friend advised me to try Peruna, and I have great reason to be grateful, for in two weeks I was out of bed and in a month I was perfectly well, and I now find that my health is much more robust than formerly, so that I take Peruna once or twice a month and keep well,"—Louise Mahon

Peruna is such a perfect specific for each case that when patients have once used it they can never be induced to quit it until they are permantly cured. It begins to relieve the disagreeable symptoms at once. The backache ceases, the trembling knees are strengthened, the appetite restored, the digestion made perfect, the dull headache is stopped and the weakening drains are gradually cured. These results certainly follow a course of treatment with Peruna.

Peruna.

Barbara Alberty, corner Seventh and Walnut streets, Appleton, Wis., writes as follows in regard to Peruna:

"For years I have suffered with backache and severe pains in the side. I doctored so much that I became discouraged. A school friend told me how very much Peruna had benefited her and I sent out for a bottle, which did more to relieve me than all the other

Mrs. Anna Martin, 47 Hoyt St., Brookiyn, N. Y., writes:—"Peruna did so much for me that I feel it my duty to recommend it to others who may be similarly afflicted. About a year ago my health was completely broken down, had backache, dinziness and irregularities, and life seemed dark indeed. We had used Peruna in our home as a tonic and for colds and catarrh, and I decided to try it for my trouble. In less than three months I became regular, my pains had entirely disappeared, and I am now perfectly well."—Mrs. Anna Martin.

Mrs. Wm. Hetrick, Kennard, Washington county, Neb., writes:
"I am fifty-six years old and have not felt well since the Change of Life began ten years age. I was in misery somewhere most of the time. My back was very weak, and my flesh so tender It hurt me to lesn against the back of a chair. I had pain under my shoulder-blades, in the small of my back and hips. I sometimes wished myself out of this world. Had hot and cold spells, dizziness and trembling of the limbs, and was losing flesh all the time. After following your directions and taking Peruna I now feel like a different per-son."—Mrs. Wm. Hetrick.
