

# GOVERNOR RIDES HE WOODMEN'S GOAT AFTER BEING KIDNAPED

GEORGE WASHINGTON CAMP, WOODMEN OF THE WORLD, WHICH INITIATED GOVERNOR CHAMBERLAIN LAST NIGHT.

Governor Chamberlain rode the Woodmen's goat last night, but members of Webfoot camp which he joined put in an anxious hour hunting the city for him. The governor was kidnapped by Multnomah camp and held captive for an hour. At the end of the time the plot was explained to him and he took him over to Webfoot for initiation. Simultaneously Webfoot camp caught him on the telephone and told him to hurry.

J. W. Thompson of Multnomah camp and Charles A. Elliott and A. B. Ferrara of Webfoot camp were at the bottom of it. Thompson was the committee on kidnapping. He missed the governor at his home but caught him as he stepped off the Irvington car.

"We're going over on the East Side first governor," explained Mr. Thompson, with that bland, suavely that distinguishes him. "There has been a little change in program," he hurried on, in response to a look of surprise that crossed the governor's face. "We're going to have a little meeting over on the East Side before the initiation."

Never dreaming that he was being kidnapped, the governor went along with the conspirator, and spent a pleasant hour with Multnomah camp.

Meantime in Webfoot camp, those in charge of arrangements were growing anxious. Eight o'clock came, the hour set for the beginning of the initiation. No governor. There was some anxious telephoning. Yes, the governor had left the house. A little before 9 o'clock. He was going down town. That was the substance of the telephone's information. Horrible suspicions of accidents, of battle, murder, and sudden death crossed the minds of the waiting Webfoot. Then a horrible rumor was circulated that Multnomah camp had carried off the governor and was initiating him while Webfoot's banquet was getting on. There was a rush for the telephone. The governor answered and promised to be over at once. Twenty minutes later in marched the governor in the hands of J. W. Thompson, D. J. Beesley and H. H. Newhall, who delivered him up for initiation.

The ceremony of initiation was carried

out last night at the lodgerooms, Tenth and Washington streets, before fully 300 local Woodmen. At the conclusion of the exercises in the lodge the governor, officers of the camp and members sat down to an informal spread in the banquet hall.

Other candidates who took the obligations of the order last night are: Earl V. Morrow, L. N. Bateman, T. J. Meloy, C. H. Spencer, R. L. Max Meyer, G. I. Smith and F. G. Wilson of Prosperity camp.

Gov. Chamberlain, at the conclusion of the initiation, addressed his neighbors and spoke in glowing terms of the work the order of the Woodmen had accomplished. He expressed his gratification at being a member, and anticipated future development in the lodge.

The governor was introduced to the Woodmen by William Reid, consul-commander of Webfoot camp. Other officers of the camp present last night were: C. A. Elliott, advisory lieutenant; M. C. Woodward, banker; A. L. Barber, clerk; Joseph Howell, escort; F. A. Day, watchman; W. Peterson, sentry, and H. L. Day, captain of George Washington

degree team.

The lodgeroom was beautifully decorated with flags, bunting and evergreens. The station of the consul-commander was a mass of ferns and frs, and the emblems of the order were in evidence on every side. The banquet hall was draped with flags and bunting.

H. Fortman of Seattle camp, No. 69 sang. Short speeches were made by Consul-Commander C. C. Bradley of Prosperity camp, Consul-Commander J. J. Jennings of Prospect camp, Past Consul-Commander P. C. Cunningham of Albina camp, Adviser-Lieutenant D. J. Beesley of Multnomah camp, Banker H. H. Newhall of Multnomah camp, Past Consul J. W. Thompson of Multnomah camp, Frank Richter, the blind musician, played a piano solo. These drill teams were present in uniform: Prospect camp, Portland camp, Prosperity camp, Albina camp, besides Washington camp under Capt. H. L. Day, which conducted the floor work of the initiation. Consul-Commander William Reid and the other officers of Webfoot camp performed their part of the work without a hitch.

## COMMODORE GERRY ARRIVES IN CITY

Commodore Elbridge T. Gerry of Providence, R. I., founder of the Gerry humane societies, is opposed to the bringing of the organizations under a national federation and gives as his reasons that the funds and endowments of the smaller bodies would be diverted to the main organization and that politics would soon interfere with the workings of the societies. Different laws in different states, he declares, make a national federation impracticable, and to use his words: "As far as animals are concerned, they have laws in force now ample to protect them. I do not know of any one person in the United States who could have knowledge sufficient to take the head of this concern. I know that I haven't, with all my 30 years' experience."

When Colonel Watterston's name was mentioned Mr. Gerry laughed. "I think my friend Watterston," he said, "writes his editorials after looking through two instruments. One is a telescope and the other a kaleidoscope. The view through the latter is apt to be very beautiful and taken to be real until he looks at the other end of the instrument."

Of Secretary Long's arraignment of the smart set Mr. Gerry said he had not read, but added:

"Long has never been to Newport. Those who haven't been talk all about it."

## COMMODORE GERRY ARRIVES IN CITY

When you go hunting for Christmas presents, go where you know you will find them. It makes shopping easy. If you are interested in diamonds, gold and silver novelties in jewelry, the place to go is where these things are offered for inspection. The place in Portland is Feldenhimer Bros., corner Third and Washington. Nowhere in the Pacific Northwest will you find such a large, varied assortment of goods in jewelry line as here. This house carries a larger stock of finest goods (medium as well) than any house in the Pacific Northwest. Any one who can't select a present at Feldenhimer's stock is hard to please. Every novelty is here, no matter what your wants or peculiarities—you'll find something here to suit you. If you can't find it here, you'll find it nowhere else. There is one thing a great many people have in mind—that is that because Feldenhimer's is the largest jewelry store in the Pacific Northwest, carries the largest stock, the finest assortment, that they are high-priced. Such is not the case. There is no place which is so reasonable in price or which carries a better assortment of medium-grade goods. The high-grade at reasonable prices are there too.

The Feldenhimer store is in holiday attire just now and is one glittering mass of new and pretty things not to be seen or had elsewhere in this city.

## DETECTED IN HIS GIGANTIC FRAUDS

(Journal Special Service.)

San Francisco, Dec. 18.—Great surprise was occasioned here today by the dispatch from Washington, D. C., that John A. Benson, the wealthy real estate operator of this city, had been arrested by secret service men of the land office for alleged gigantic frauds perpetrated in a dozen Western states during the last few years.

It had been determined that Benson had been under surveillance for many months. The charge on which he was arrested was one of bribery. Officer Burns of the secret service, who made the arrest, swore to an affidavit that Benson had paid Woodford D. Harlan \$500 for the purpose of extracting from the latter information of the investigation of his operations at that time being made by Anson S. Taylor, United States commissioner. Harlan is an ex-chief of the special service in the division of the general land office.

So soon as arrested Benson gave bail and had a hearing postponed until December 29.

## TWO MORE CORPSES FOUND IN THE RUINS

DISCOVERED IN SAME LOCATION THAT THE TWO BODIES WERE DISCOVERED ON THURSDAY MORNING—LABORERS AT WORK PROVIDING FOR DESTITUTE.

Laborers were put to work this morning searching the ruins of the Bacon building, on Second street in the hope of finding the bodies of Chinamen still missing.

At 3 p. m. another body was found, burned to a crisp.

The ruins left by Wednesday night's disastrous and fatal conflagration are in a dangerous condition, and likely to collapse any time.

The Chinese merchants have guaranteed to pay the expense of searching the debris. Accordingly a gang of six laborers were set to work this morning. Up to noon nothing of consequence had been found. Knives, Chinese dishes, pieces of opium pipes, fan tan checks and other curiosities from the Orient were all that was unearthed. The work will be continued Monday.

In Chinatown it is known that three celestials are still missing. One of these is said to have been consumed by the flames and it is believed that the others also lost their lives in the same manner. The trio returned to Portland the day before the fire and took rooms in the Bacon building. They have not since been seen.

The bodies of the four known victims still lie at the morgue. Funeral arrangements have not yet been made.

The insurance adjusters are preparing their report, and it is likely that by Monday contractors will be employed to haul away the debris so that rebuilding may be begun shortly. Of the property burned less than \$3,000 was not covered by insurance.

The fire fell with a heavy hand upon many of the laboring Chinese who lost their all in the flames. To help those who are needy and worthy an association of Second-street merchants, of which Lee Me Gin, 61 Second street, is the president, has offered to furnish blankets. Each Chinese family for not permitting them to rush back into the burning buildings for their effects, but the officers say this would have been certain death for them. Mayor Williams stated yesterday that the charges against the firemen are serious, but he hesitates to believe they would resort to robbery.

Another body was found in the ruins at 2:15 o'clock this afternoon. In the same location that the bodies of Ah Kue and Ah Lung were found on Thursday morning.

## UNITED ARTISANS KEEP BIRTHDAY

The Portland lodge of United Artisans celebrated last night its ninth anniversary. The order, fraternal and benevolent, was organized nine years ago in Portland where it has ever since kept its head offices and chief officers. The lodge is now in the hands of a silver service was presented to Past Supreme Master Artisan F. B. McKenna by local members. The presentation speech was by Judge Stapleton. I. E. Staples, supreme master artisan, presided at the meeting and followed by J. W. Morrow delivered the chief address of the evening and musical numbers were given by Miss Carrie Johnson and Mrs. Hamilton.

Though the order of Artisans is but nine years old, it has lodges in California, Oregon, Montana, Washington, Idaho and one was recently organized in the District of Columbia at Washington City. The officers of the supreme assembly are: I. E. Staples, supreme master artisan; C. B. Bellinger, supreme master artisan; F. S. Akin, supreme inspector; W. L. McKenna, secretary; P. L. Willis, supreme treasurer; G. W. Bates, supreme conductor; A. L. Miller, master of ceremonies; H. L. Frazer, junior conductor; Rev. G. W. Granum, supreme warden.

## UNITED ARTISANS KEEP BIRTHDAY

Before Taking the "Spokane Flyer" for Eastern Washington Postcard, persons desiring to take the Spokane Flyer for Spokane, Coeur d'Alene and other Eastern Washington points can now dine at home (train leaves at 7:45 p. m.) before leaving. The "Portland-Chicago Special" now leaves at 8:50 a. m.

B. B. RICH HOLIDAY CIGARS.

Cigars make a proper present. Right prices at any B. B. Rich cigar store.

## URIC ACID GRAVEL

IS CAUSED BY THE KIDNEYS BEING UNABLE TO CARRY THE POISONOUS WASTE MATTER OUT OF THE BLOOD.

The urine of persons suffering from uric acid or gravel is generally scanty, and after it has stood a while, a reddish sediment like brick dust forms in it. In advanced stages the uric acid sometimes appears as fine sand, or large crystals.

Those who pass gravel in any considerable quantity are usually troubled with inflammation of the kidneys, bladder and urinary organs, sour stomach, indigestion, heartburn, gout and rheumatism.

## CURED BY WARNER'S SAFE CURE

"I have used Safe Cure for chills caused by uric acid poison in my system, and I have been perfectly cured. It has done for me what I have never known any other medicine to do. It cures people in the South who suffer much from malaria which always affects the kidneys. If all the doctors would prescribe Safe Cure instead of quinine for cases of malaria there would be less bad after effects, as quinine does not remove the disease germs from the system like Safe Cure. I take Safe Pills when I notice a headache, and Mrs. M. E. DEAN, Treas. Lotus Club, Chattanooga, Tenn.

## THIS TEST WILL TELL

Put some urine in a glass or bottle. After it has stood 24 hours, if it is cloudy or contains red particles, it is a sign that your kidneys are diseased and unable to do their work. If not attended to at once, Bright's Disease, diabetes, rheumatism, gout, uric acid, inflammation of the bladder, gall-stones or urinary troubles will develop and prove fatal in a short time.

Safe Cure is the only absolutely safe and certain cure for all these forms of kidney, liver and bladder diseases. It is purely vegetable, free from harmful drugs found in many so-called kidney cures, contains no sediment and is pleasant to take.

For sale at all drug stores, or direct, 50c and \$1.00 a bottle.

## ANALYSIS FREE

If, after making this test, you have any doubt as to the development of the disease in your system, send a sample of your urine to the Medical Department, Warner's Safe Cure Co., Rochester, N. Y., and our doctors will analyze it and send you a report with advice and medical booklet, free.

## REFUSE SUBSTITUTES AND IMITATIONS

They are worthless and very often exceedingly dangerous. Ask for Warner's Safe Pills. WARNER'S SAFE PILLS move the bowels gently and aid a speedy cure.

## DECLARES WAR ON SLOT MACHINES

After four days of controversy and following District Attorney Manning's refusal to act, Assistant City Attorney Fitzgerald issued complaints and warrants in the municipal court this afternoon against the saloonkeepers accused of keeping money slot machines, whose names were published in The Journal the day that Chief of Police Hunt asked for warrants against them.

The ordinance which the defendants are accused of violating, is No. 4,673, entitled: "An ordinance to prevent and suppress gaming and gambling houses and all places where any game in which chance predominates is played for anything of value."

The warrants may be served tonight or Monday. That there will be a bitter fight goes without saying, as the owners of the machines declare that they have as much right to operate as have other games. It is stated that they already made an offer to the city officials to pay a certain sum into the city treasury monthly, but this was refused.

## With Twenty-Six Mechanics.

The well-known electrical and gas contractors, M. J. Walsh & Co., can attend to your work promptly. See them at the showrooms, 345 Washington street, or phone and have their representative call on you.

## "FRAME FACTS."

We show the greatest variety of ovals, circles, square and odd-shaped opening frames, in gilt, bronze, dark oak, modern finishes, to fit every size of photograph and picture. Sanborn, Vail & Co., 170 First street.

## B. B. RICH CIGARETTE-HOLDERS.

Amber and meerschaum in profusion, 50 cents to \$3. Any B. B. Rich cigar store.

Auto smokers' set makes an elegant present. Any B. B. Rich cigar store.

## MEN'S DISEASES

## DR. W. NORTON DAVIS

## Accurate Treatment in Every Case

We wish to make one point distinct and emphatic, the remedial measures restoring our patients are prescribed and compounded to meet the exact requirements in each individual case. Every patient of ours can rest assured that the treatment he receives is not the "ready-made" kind. If you want such treatment, go to a drug store and buy a patent nostrum. We make a study of every case we treat, note all conditions in the beginning, note all developments as the case progresses, and so alter our remedies as to accomplish just what our knowledge and trained perception tells us must be accomplished. After diagnosing your case we will know just what you need. We have treated thousands of cases identical with your own, and many more of a similar nature.

## Contracted Diseases

To but partially cure a contracted disease is almost as dangerous as to allow it to go untreated. Unless every particle of infection and inflammation is removed the probability exists that the disease will gradually work its way into the general system. Still greater is the danger of the prostate gland becoming chronically inflamed, which always brings on partial or complete loss of power. Perhaps 25 per cent of the cases of so-called "weakness" are a direct result of some improperly treated contracted disease. We have treated thousands of cases of contracted disorders with our system, and have effected a thorough and safe cure in each instance. There have been no relapses or undesirable developments whatever, and our patients have been cured in less time than other less thorough forms of treatment require in producing even doubtful results.

## Varicocele

We guarantee to cure varicocele by a method that involves no cutting, no ligature or caustic. No physician employs this method of treatment, but thoroughly in our work that there need not be the slightest fear of a relapse into the old condition. Those who have been long afflicted with varicocele will never realize the injury it has caused until they see the vim, energy and buoyancy of spirits that a complete cure will bring.

## "Weakness"

"Weakness" is not a nervous disorder, demanding a tonic system of treatment, but is merely a symptom of chronic inflammation or congestion in the prostate gland. The congestion exists as a result of early indiscretion, or some improperly treated contracted disorder, and requires mainly carefully directed treatment. By our own original methods the prostate gland is quickly restored to its original condition, and the patient is completely returned to strength and vigor. Our cures are permanent because the condition responsible for the weakness is entirely removed, and we are convinced that by no other treatment is a radical cure of this ailment possible.

## Stricture

Our treatment for stricture removes the necessity for surgical operations, even in severe cases of long standing. We do no cutting of the stricture. No other physician employs our methods of overcoming this disorder, so the service we offer you is a new hope because others have failed. We will cure you and the cure will be prompt and a painless one. Our treatment dissolves the stricture, and permanently removes every obstruction from the urethra, removes all inflammation, removes all irritation or congestion that may exist in the prostate gland, and restores enlargement of the prostate gland and restores health and tone to all organs affected by the disease.

## PILES

Quick Cures. Certain Cures. We cure the worst cases of piles permanently. The treatment is entirely new and is entirely painless. No cutting or detention from business, in from two to three treatments. Our treatment is entirely new and is entirely painless. No cutting or detention from business, in from two to three treatments. Our treatment is entirely new and is entirely painless. No cutting or detention from business, in from two to three treatments.

WE ARE ALWAYS WILLING TO WAIT FOR OUR FREE UNLIM. CURE IS EFFECTED.

consultation and advice free at our office, or by mail. Our book explaining male anatomy free.
