# DITCHBURN MAKES **FULL STATEMEN**

EXPLAINS BUSINESS RELATIONS WITH PORBUSCH PRIOR TO COM-MENCHMENT OF DISBARMENT PROCEEDINGS-CLAIMS NOTHING WAS IEREGULAR IN DEALINGS.

For the first time since the charges were filed against him with the grievance committee of the Oregon Bar association, John Ditchburn, the wellknown attorney, consented to make a full statement today as to his reas with John M. A. Forbusch, his former client and accuser. Mr. Ditchburn is now preparing his answer to the charges of Forbusch. He said:

Some time in June, 1898, John M. A. e in company with Columbus McDonald claim that Paul Deady had against him and employed me as an attorney.

negotiated a loan of \$160 through C. W. Pallett, leaving with him as collateral security the certificate of deposit, together with his note. December 20. 1898, Forbusch sent me \$10 instructing me to pay it to C. W. Pallett for a renewal of the loan for one month, which

"December 27, 1898, a dividend of 4 per cent, amounting to \$187.41, was paid the bank, and was collected by C. W. Pallett, with which the note was taken up and the balance turned over to Forbusch. This borrowed money was used in a business transaction with A. Petros, for whom Forbusch was then working, at Vancouver, Wash.

Wanted a Purchaser.

'During the interval between December, 1898, and June 12, 1899, Forbusch 1991, which amounted to \$59.50. instructed me, if possible, to find him a purchaser for the certificate of deposit. uncertain condition of the bank's affairs. Pallett and settled up the notes, receiv-June 12, 1899, Forbusch endorsed over to ing \$9. This I gave Mr. McDonald. This me the said certificate of deposit, and gave me his power of attorney to re-ceive, transfer and assign his interest er's office with Mr. McDonald and signed

have to be paid, and asking him whether "That I called at the dis he wished me to negotiate the loan in thought he could get the money at a ters and receipts and explained what I

it to me, asking me to get the money in the manner above menti-

Borrowed for Minety Days. "July 5, 1899, I borrowed through C. Pallett from B. C. Matthews, Jr. \$120 for 90 days, giving my personal note for the amount, together with the certificate of deposit as collateral se-curity. I paid Mr. Pallett \$15 for making the loan. On the following morning, July 6, I went to Vancouver, Wash. and paid the money received from Mr. Pallett to Forbusch. At that time A. Petros had agreed to pay Forbusch \$50 or \$60 out of which he had agreed to pay me \$30, but Petros failed to raise came to Portland, and the next morning July 8, instructed me to borrow a further \$50 for him, which I did, giving my personal note for the amount and receiving \$42.75, repayable at the same time as the first note. Of the latter amount I gave Forbusch \$15, retaining

the balance of \$27.75 in payment of my services and expenses. Dividend Was Not Paid.

"At this time we had been led to be Heve through statements of Receiver Richard Nixon, personally, and through Forbusch, or John M. A. Fabri, Jr., as he the press, that a dividend of not less senerally styled himself, called upon than 5 per cent would be paid not later than the beginning of September, 1899, of Vancouver. Wash., in regard to a but this did not materialize. The notes to B. C. Matthews, Jr., became due for legal services, and regarding his October 6, 1899, at which time Ferbusch deposit in the defunct Portland Sav- was in Austria, and A. Petros had not jugs bank and his business relations paid to me the \$5 installments each with A. Petros, of Vancouver, Wash... month as agreed. I then made arrangements with Mr. Pallett for renewal of "August 3, 1898, he received a divi- the loan for another 90 days, and Jan- throughout the state all think they found dend of \$234.36, and shortly thereafter uary 6, 1900; I gave him my note for \$25.50 in payment of the three months' earned brokerage, and thereafter con-tinued to pay the brokerage until October 4, 1900, when a 2 per cent dividend was declared, amounting to \$93.70. This sum Mr. Pallett drew from the bank, leaving a balance of \$78.30 due on the loan. At this time I could not keep up any more brokerage payments, receiving no money from A. Petros.

Took It Off His Hands. "At this juncture I made efforts to dispose of the equity in the collateral certificate, but could not do so. I then persuaded Columbus McDonald (who has since died), and who was a friend of Forbusch, to take the entire matter off my hands, which he did, keeping up the brokerage payments until May 3, this time a dividend of 4 per cent, amounting to \$187.41, was collected by which I was unable to do, owing to the Mr. Pallett, and May 7 I called on Mr. was done at McDonald's request. About with the understanding that I a receipt for the dividend, amounting to should forward it to him in Austria, the \$140.25, that McDonald informed me purchase price or the subsequent divi- he made \$48 and some cents out of the dends which might be declared after transaction and gave me \$20. I wrote deducting \$25 which he then owed me three letters to Forbusch and informed him of all these matters.

I was busy in the circuit court, ployer, having promised to pay him and on the 13th I explained all of the ever, falled to make this payment, and understood them and told him if he did was unable to collect it. June 19, not he should see Judge Munley, to whom 1899. Forbusch wrote requesting me he had written. He said he understood to inquire where he could again bor- it all and next day called at my office row some money on this certificate of and requested me to loan him \$10, promdeposit, naming the sum of \$100; this ising to repay it in a short time. I loaned request was repeated in a letter to him the money, and next day received me June 21. I replied to these letters a letter from Richard Nixon demandsaying that it was impossible for me ing \$208.36 and questioning my word, to procure the loan other than through I answered him and told him that if he

"That I called at the district attorney's office and there met Richard Nixon He replied saying that he and Forbusch. I showed them the letcheaper rate in Vancouver, and I forth-with mailed the certificate of deposit to him there, but June 30, 1899, he returned ceived but one letter from me."

#### WOMEN'S CLUBS

(Continued from Page Seventeen.) arrange their work a year ahead and their meetings are quite as much of the

year's program as that of the general The Grants Pass club holds its gen eral meeting but once a month and each of their four departments, literature, music, art and parliamentary law meet once a month, none of the dates con-flicting. Browning is the subject of this

the money, but agreed to pay me \$5 a year's work for the literary class and month for Forbusch. July 7, Forbusch some very fine programs have been arsome very fine programs have been ar-ranged. The musical department takes up many phases of the subject from the most classical to patriotic ballads and folk songs.

The art department will deal principalwith modern art and artists, while the parliamentary class will study along lines usually laid down by instructors on the subject. The topics for the general club days keep closely in touch with

departmental and committee work.

The club has six standing committees. iz.: Literary, entertainment, beautify, ing, cemetery, Lewis and Clark, legisla-tive and resolutions. We regret there is no club list for it would certainly be gratifying to know how many women it beautifully planned work, and it is a well known fact that what the Grants Pass

women undertake they accomplish, The club motto is: "The chief want in life is somebody who shall make us Club sisters do the best we can." the 'somebody' when they got Mrs. Young, their most capable and accom-

plished president, to take the helm. REBREW TECHNICAL SCHOOLS. In industrial training there is no sect or class who so fully appreciate its advantages as the Jewish women. In our own city we have the finest example of this in the excellent work that was reported in this department a few weeks ago. It is done quietly, unostentatiously, but with enormous results. What the Council of Jewish Women and other Jewish organizations are doing for Portland in the way of making good self-support-

cities are doing to greater or less ex-tent for their town. Taking for example the following report from the Hebrew Technical school for girls of New York, its influence for good, and the uplifting force of such an institution is too far-reaching and too

ing citizens, the Jewish women in other

normous to be calculated. This school, which is located at 267 Henry street, is doing excellent work in training girls on the East Side in commercial courses, sewing and dressmakng and millinery. It has 404 graduates now at work, earning an average of \$8.12 each. Many are receiving much arger salaries. Three graduates of the school are assistant teachers at the Manhattan Trade School for Girls; one is teaching in the public schools, three are employed in their own school, at the University settlement, and three are at the Educational alliance.

So successful has the school proved, and so constant has the demand for admission been, that last full over 400 girls were turned away for lack of room to receive them. The society will begin work in the spring on a large, modern building on Second avenue and Fifteenth street, facing Stuyvesant square. Here 700 girls will be accommodated. building fund is already large, lacking only about \$150,000 of completion. The girls receive a most thorough and practical training, as the exhibition of their come to the school they know nothing balance and fell overboard.

mentary ideas of personal cleanliness. Within a year they are transformed into neat, deft-handed, skilful craftswomen. Although the majority are Jews, the school is non-sectarian, and there are always Italian and Russian girls in the

Mrs. Murry.

Historical society of Wisconsin is lecturing at Madison in that state on Lewis and Clark and was also one of the speakers at the New Orleans celebration. where he presented an important address would take to carry to success such on the effects of the journey of the great explorers to the Pacific. In all his lectures Dr. Thwaites makes a special point of the services of Sacajawea and mentions the effort the Oregon women are making to build a statue to her honor to be unveiled at the 1905 exposition. Everywhere among scholars and historians he is interesting thousands in the romantic story.

#### AFGHAN SUSPECTS TAKEN TO SEATTLE

Terroza Khan and O. Barbusha, the Afghans arrested in Portland Thursday for the Seattle authorities, were taken back to the sound city for trial last night. Deputy Sheriffs J. H. Williams and James Lambert of King county came here for the prisoners and left on last night's train.

The foreigners are accused of the murder of Merele, whose right name was Amir Ali Aden Khel, a native of the Punjab, India. It is claimed that Khan advanced Merele sufficient money to come to this country, but that he refused to pay it back. The three men refused to pay it back. left Seattle together in March, 1902, and Merele was never seen alive again. His body was found in Lake Washington three weeks later with a bullet wound in the back.

The suspects were held responsible by a coroner's jury, but they were finally released for lack of evidence. However, the case has since been followed up by Alfred Hadie, Persian consul in

#### SKULL FRACTURED BY FALL FROM SHIP

By falling from the British ship East African yesterday and striking the log placed between the ship and the dock, Charles Johnson, a sailor, sustained a fractured skull and other injuries which were at first thought to be fatal. Johnson was taken to Good Samaritan hospiwork proved. Considering that they are tal where his condition was reported all children of very poor parents, living, much improved this morning. Johnson many of them, in squalid homes, their was working near the side rail and in progress is remarkable. When they reaching out to catch a rope lost his

THOUGH SIGNED BY THE GOVER NOR IT PAILED TO RECEIVE BUF-PICIENT VOTES IN THE MOUSE AND CONSEQUENTLY IS NO LAW -GOVERNOR'S OPINION.

Governor Chamberlain stated today on the discovery just made at Salem by the committee which is checking and correcting the house journal, that the bill prohibiting the killing of Chinese pheasants until 1906 received too few votes for its passage by the house. The bill was recorded as passed, was en-Reuben Gold Thwaites of the State grossed and the governor signed it. It is now on file in the secretary of state's office, having gone through all the subsequent steps required to make it a law The governor thinks the bill is a dead letter. He said:

> "When a bill goes through the legislature and is brought to me officially by the clerk or secretary of the house or senate, in the regular way, there is no ground for question that it has not passed and nothing to show in the bill. or in connection with it, that it may not have passed. I signed it in the same manner that I sign other bills that pass the legislature. I don't know anything about the pheasant bill being short of the necessary number of votes except what I have read in the newspapers, but if the facts are as published the bill seems not to be a law Our supreme court has decided that where the journal of either branch of the legislature shows that a bill has not passed affirmatively it is not a valid though approved by the governor and filed with the secretary of state. The governor cited the following decisions of the supreme court:

> "Currie vs. Southern Pacific Railway company, 21st Oregon reports, page 566 "Enactment of laws-errors shown by journals—where a bill has been regular ly enrolled, signed by the presiding offi cers of the two houses of the legislative assembly, approved by the governor, and filed by the secretary of state, it will be held a valid law unless the journal of one of the houses affirmatively shows that some condition imposed by the con stitution on the enactment of laws has not been øbserved."

Governor Chamberlain expressed himself as not coinciding with this decision. On this point he said:

"The supreme court of the United States has decided that where a bill has been signed by all the required officers of both houses of congress, by the pre siding officers of both houses and the president, it becomes a valid law This decision prevents the defeat of s measure by manipulation of clerks o other persons and is a just decision."

Journal friends and readers when traveling on trains to and from Port-land should ask news agents for The Journal and insist upon being supplied with this paper, reporting all failures in obtaining it to the office of publication, addressing The Journal, Portland, Or.

#### Your Nerves

Furnish the motive power of the entire body. Dr. Miles' Nervine will keep the nerves strong and healthy or restore their strength if weakened. Sold on guarantee. Write for free book on nervous diseases.

DR. MILES MEDICAL CO., Elkhart, Ind.

# A DEAD LETTER Enlarged Veins

Dr. Davis' original treatment for VARICOCELE cures by restoring to life the diseased and weakened veins, not by destroying them with the knife or other destructive methods. Those who are suffering with Varicocele, Urethal Obstructions, Rupture, etc., do not want to be maimed or mutilated by surgery. Dr. Davis' treatment cures these troubles without surgery.

# **WE ALSO CURE TO STAY CURED**

Nervous devility, private diseases of any nature, stricture, hydrocele, rupture, acquired blood poison, kidney and urinary diseases, etc., and all other complications and associated diseases and weaknesses of men. To these maladies alone we have earnestly devoted the best years of our lives. We make no charge for private counsel, and give to each patient a legal contract to hold for our promises. Is it not worth your while to investigate a cure that has made life anew to multitudes of men?

Correspondence—Many cases can be treated successfully at home. If it is impossible or inconvenient for you to call at our office, write a full and unreserved history of your case, plainly stating your symptoms, and you will receive in plain envelope a scientific and honest opinion of your case, free of

Dr. W. Norton Davis & Co.

Portland, Oregon. 1451/4 Sixth St., Cor. of Alder.

#### MEN

DON'T DELAY ANOTHER MOMENT-TIME IS VALUABLE, CONSULT A PHYSICIAN WHO HAS MADE A CLOSE STUDY OF ALL DISEASES WHICH AF-FLICT THE PRESENT GENERATION AND WHO STANDS TODAY AS A MEDICAL SPECIALIST WITHOUT A PEER ON THE PACIFIC COAST. I WILL FORFEIT \$1,000 FOR ANY CASE THAT I TAKE AND DON'T CURE.

#### Extract from a Newspaper

The following clipping is published for the purpose of showing the public the esteem with which Dr. Kessler is held by the press and public throughout the entire Northwest:
"Dr. Kessler has just returned from an extended tour throughout the United and during his absence the Doctor has visited most of the large hospitals and world-renowned specialists in search of any information that might be of value in the practice of his profession. Dr. Kessler is a physician from choice, nature having intended him for no other calling, and, although he has been in active practice for the past 30 years, 29 years in Portland, he studies harder and more diligently at the present time than most medical students. In addition to the immense fund of knowledge culled by the Doctor from the writings of men of world-wide reputation, Dr. Kessler has made a number of original discoveries that stamp him as one of the foremost medical men of the present century. He possesses the faculty of almost reading a patient's feelings, and is invariably correct in his diagnosis of the most complicated cases. It is remarkable the number of seemingly hopeless invalids that are treated and cured by this scientific physician, who goes to the root of every trouble, discovers the cause and eradicates it. Dr. Kessler is in love with his profession and during a leisure moment, something not often enjoyed by the Doctor, he talked entertainingly and modestly of his many discoveries and the immense strides made in medicine during the past quarter of a century.'

#### All Letters Answered

When you are unable to visit my office in person write at once and I will forward a symptom blank. By this means I will be able to make a correct diagnosis of your case. All letters receive prompt attention and I am the only person allowed to read its contents. No person need ever know that you are receiving treatment at my hands, as my correspondence will be conducted with plain envelopes. Don't hesitate about writing; it may be the means of saving your life. I have cured hundreds of people in all parts of the Northwest that I have never seen, and my practice has been so extensive that wherever I go I am always greeted by friends, some of whom know me only by reputation.

DR. J. HENRI KESSLER

# WOMEN

I HAVE CURED THOUSANDS OF WOMEN WHO HAD ALMOST GIVEN UP HOPE AND RESTORED THEM TO HEALTH AND HAPPINESS. WHAT I HAVE DONE FOR THEM I CAN DO FOR YOU. I FULLY UNDERSTAND YOUR DELICATE AND SENSITIVE ORGANISM, AND IN CURING YOU WILL BRING SUNSHINE TO HOMES NOW ALMOST WRECKED BY YOUR INFIRMITIES.

#### When Other Doctors Fail

Don't become discouraged and imagine that there is no help for you. Your physician may be a well-meaning man, who did all that he could to help you, but he probably lacks the thorough knowledge of your case that constant practice and constant research imparts. It matters not how difficult the case may be, I can cure you if a cure is possible. If your case is incurable I will tell you so, but don't be discouraged; there are very few cases that cannot be cured. When other doctors fail and tell you that there is no longer any hope for you, don't believe it. Come at once and see old Dr. Kessler, who has made thousands of people sound and well who were given up by other physicians. Dr. Kessler has been the leading specialist in Portland for the past 20 years. Other doctors have come and gone, but the old Doctor still remains, healing the sick and doing good to his fellow man. If this reaches your eye and you are suffering from any affliction call or write; the help that you have longed for is at hand. I will tell you exactly what the trouble is, and apply the remedy that will cure you. It is a shame the number of lives that are ruined and the homes rendered desolate through the inability of some so-called doctors to reach the seat of trouble. Thousands of men take up the profession of medilacks the thorough knowledge of your case that constant practice and constant research doctors to reach the seat of trouble. Thousands of men take up the profession of medicine that never were adapted for such a calling, who might have made a success in some other profession. The born physicians are few and far between, and that is the reason

### Home Treatment

It is a boon to thousands of people living at a distance to know that their ailments, no matter what the nature of the disease, can be treated successfully from this office without the patient being compelled to make a tedious and expensive trip to the city. You are also saved the trouble and expense of having prescriptions filled, as I supply all of the medicine without extra expense to the patient. The fee that you pay me for professional services also includes medicine, which is prepared in my own private laboratory. You can write down your symptoms just as easily as you can tell them, and you can feel assured that no mistake will be made by me in locating and curing permanently the disease from which you suffer.

# Stop! Young Man

It is not difficult to tell what is the matter with / you. If you continue your present course, you will eventnally become an inmate of a lunatic asylum. You are ashamed of yourself, You blush when brought into the presence of the opposite sex. You are gradually losing confidence, and your strength is being sapped by unnatural practices. Perhaps you are ashamed to tell a doctor your troubles, but an experienced physician can discover your trouble at a glance. I have saved hundreds of young men who came to me as a last resort, and some of them are now the heads of happy families. You must have treatment from a doctor who has made such cases a special study. I delight in showing boys the proper path to pursue, as it is always sad to see a young man ruining himself. If you come to me I will treat you as if you were my own boy, and make a man of you in a short space of time. Then you won't be afraid to look your fellow-man squarely in the sye, the flush of health will again appear in your face and you will be able to take your proper place in society. ctices. Perhaps you are ashamed

## Weak Men

How many men there are who are broken down at a comparatively young age. You have no confidence in yourself, and it is little wonder, be cause you have abused your sexual strength and are now reaping the harvest. You have almost lost your manhood. Just think for a moment what it means. I trest hundreds of such cases, and have never made a failure. I will restore you to your full vigor or forfeit \$1,000. Most men, when afflicted in this way, become despondent and they worry because they know that they are no longer as men should be. I have seen middle-aged and elderly men cry with delight when they felt assured that my treatment was restoring them once more to a vigorous manhood. Every case of this kind that I cure, and I cure all that I undertake, is the best argument that I can cure you. Remember, consultation is free, and you need not spend one cent unless you are satisfied that I can do everything that I claim.

## Venereal Diseases

This head covers a number of different forms of disease, including syphilis, gonorrhoea, stricture, gleet and others, that it is needless to mention. Thousands of men, and especially young men, are wrecking their lives from having contracted some one, of the numerous venereal diseases. What a pitiable object a human being presents slowly dying by inches, just from lack of proper treatment. If it was only known the number of deaths that are directly due to this loathsome disease, the country would stand appalled. Wih your vitality sapped, your blood poisoned and your body perhaps covered with a mass of sores, you are indeed an object for sympathy. Very few physicians know how to handle such cases so that the patient is restored to his normal condition. My treatment of venereal diseases is always successful, and the patient is not obliged to neglect his business. I treat so many patients for this trouble and have cured so many thousands that it matters not how sorely you are afflicted. I can effect a speedy and lasting cure. No other man in the United States has treated as many cases of this nature as I have. Experience is the best of all teachers.

#### Treatment by Mail **Medicine Free** Absolute Privacy Separate Rooms for Men and Women **Positive Guarantee** With Every Case No Lingering

We Care Quickly **Come Today** Delay Is Dangerous

# **Female Diseases**

What a woman suffers only a woman knows. There are so many compli-cations in the numerous fils to which woman is heir that it requires the greatest skill on the part of the physician to secure the desired results. I have made a special study of this branch of my\*profession, with the result that in nearly every case I am able to effect a permanent cure. I have made so many original discoveries along this line that my treatment will be found different from most doctors, having discarded long ago the methods that most of them now practice, having other remedies now practice, having other remedies that cure, positively cure, while they usually only aim to alleviate pain. My success in such cases is the crowning triumph of a career devoted to the healing of the sick. I cure all of my cases without the use of the knife. It is a shame the manner in which some women are mutilated by surgeons. At this office you will always secure kind, considerate treatment, and, best of all, you will be made a healthy woman, the grandest work of the Creator.

#### Dr. Kessler Has been in active practice for more

than 30 years—20 years in Portland. Or. He is full of the milk of human kindness, and is never so happy as when he is doing good to his fellowkindness, and is never so happy as when he is doing good to his fellowmen. It is not considered ethical for a physician to advertise, and on this point the doctor differed with a number of his profession, believing that a physician has the same right to tell the people what he can do, provided he tells the truth, as any other professional or business man. This view, taken by the doctor a number of years ago, has sown good seed, and today some of the best men in all professions make announcements to the public. If Dr. Kessier had made claims that he was unable to fulfill, the advertising would have acted as a boomerang, and the doctor would have been compelled to seek other fields. Dr. Kessier has more than fulfilled every promise made to the public, and today enjoys a practice unequaled by any physician on the Pacific Coast. To thinking people this will be sufficient guarantee that the doctor keeps faith with the public, and that today he stands without a peer in healing the sick and doing good to humanity.

#### **Every Trouble** That is curable I will cure. There are so many diseases that it is impossible

to enumerate one-hundredth part of them. No matter what your trouble, come and see me. I will tell you exactly what is the matter, and that will be a comfort to know. I find people every day who imagine that they are suffering from a certain disease when is something entirely different. When you place your case in my hands there will be no uncertainty, and you will notice improvement as the treatment progresses. Varicose veins, cancer, ulcers, fever sores, ruptures, varo-cocsle, nervous debility, piles, syphilis cocele, nervous debility, piles, syphilis and all diseases to which man is helr will be scientifically and permanently cured if you trust me with your case. I would rather get, your case before it has made any inroads in your constitution, as it will take a shorter time to cure it. Don't go somewhere else and waste a lot of money experimenting, when eventually you will be compelled to give me your case if you wish to cure. Remember, I can help you, so don't despair; while there is life there is hope.
