

BURGLAR RETURNS STOLEN PRESENTS

WATCH AND SEALSKIN COAT TAKEN FROM MISS L. WINTERS MYSTERIOUSLY RETURNED WHEN DETECTIVES STRIKE A HOT TRAIL—ANOTHER ROBBERY.

Evidently becoming frightened, the burglar who robbed the home of Miss L. Winters, 28 North Seventh street, early yesterday morning, returned the booty yesterday afternoon.

The plunder, a valuable sealskin watch and a handsome watch, Christmas presents to the owner, was taken during the early hours yesterday. About 2:30 in the afternoon the jacket and watch were found in the house.

During the day Detectives Day, Hartman and Weiner discovered a clue which they were following with all energy. The thief, learning of this, they believe, became frightened and determined to get out of trouble, if possible.

This is the second time this week Miss Winters has been visited by thieves. The first occasion was Wednesday morning, when two intruders held revolvers to her head and commanded her to keep quiet.

After they had departed the woman called Special Officer Franklin, against whom she has preferred charges of conduct unbecoming an officer.

Entering through a rear window at the home of R. L. Edmonson, 260 Hassalo street, last night, burglars secured a small sum of money and a little jewelry. The family was away from home between the hours of 6:45 and 10 p. m., and upon their return they found everything in their house topsy turvy.

A trunk in a bedroom was broken open and from it the thieves took \$10 in gold, \$4 in silver, a stick pin set with rubies, and a set of earrings set with rhinestones. A trunk belonging to H. I. Linberg, a roamer, was also forced and from it the burglars took five small gold nuggets, a watch chain with a small opal in the center, and a pair of cuff buttons.

Acting Detectives Vaughn and Hogeboom were detailed on the case.

GROWING RAPIDLY.

The New Year starts out prosperous for the Portland Packing Co.'s store. The stores is the beginning of the New Year, a gain of two new stores during the past year. The very satisfactory business is due to the fact that each market of the Portland Packing Co.'s markets carries the best and sells at the lowest market quotations, quite often cheaper than elsewhere. It will pay the readers of The Journal to watch the ads of the growing and popular concern.

E. W. BINGHAM DIES FROM PNEUMONIA

WAS A PROMINENT LAWYER, WITH A LONG CAREER OF USEFULNESS—WORKED FOR THE PURIFICATION OF ELECTIONS AND WAS DEVOTED TO HIS PROFESSION.

Edward W. Bingham died of typhoid pneumonia at the Good Samaritan hospital yesterday forenoon. The deceased was a prominent attorney, who for many years was one of the leading spirits in the Oregon Bar association. He succeeded in having passed laws for the purifying of elections. He was a sportsman and a member of the Fish and Game association and had a hand in preparing or forwarding most of the game legislation in the state.

Mr. Bingham was born in 1852 and leaves a wife, mother and brother. The widow is a daughter of General I. I. Stevens, who made a record as a soldier and was killed during the civil war.

His brother, a physician of Walla Walla, was at his death bed. Attorney Edward Mendenhall, in speaking of the life and work of the deceased, said: "Mr. Bingham was all through life an industrious and persistent worker. When he took up a case he put all his energy into it, regardless of financial considerations and fought it to the last ditch. He had broad views, and one of his efforts was to purify politics and was responsible for a number of laws relative to primaries and elections, which placed restrictions on the corruption at one time general in this connection."

The Bar association will pass resolutions of condolence over the death of a highly respected and honorable member of the legal fraternity.

DR. GUNN'S BLOOD AND NERVE TONIC.

There is not a woman in this land but at some time in her life would have been the better for the use of this Tonic. For diseases peculiar to women a better medicine was never made. It is composed of the ingredients from which the system has been deprived by disease, overwork or dissipation. It enters at once into the circulation, building up the tissues that have wasted, and making pure, rich blood in the most direct way. For weak, nervous and unsteady people, pimply, pale or fleshless people, it will make strong, steady nerves and give the complexion that wholesome look that indicates health. We have hundreds of letters that people have written us, saying they had gained in good, solid flesh, at the rate of 1 to 3 lbs. per week while using Dr. Gunn's Blood and Nerve Tonic. It should be taken after meals, one or two tablets each time. Druggists sell it for 75 cents per box, or 3 boxes for \$2, or sent postpaid on receipt of price. We are glad to make reply to letters of inquiry. The advice we give you is plain and easily understood. Address Dr. Bosanko Co., Philadelphia, Pa.

Before and After. From the Detroit Free Press. Mrs. Brown—You used to rave about my beauty. Mr. Brown—Well? Mrs. Brown—Now you rave about my pumpkin pies.

Always Damp. The cable tells us that Venice is flooded. When there were there the streets were quite damp and the street sprinkler was not out, either.

CALLS IT ATTEMPT TO DEFAUD HER

MRS. INEZ E. HARRISON FILES HER ANSWER TO SUIT OF COMPANY, IN WHICH HER HUSBAND IS INTERESTED, TO FORECLOSE ON HIS PROPERTY.

In her answer to the suit of M. C. Harrison & Co. against M. C. Harrison, Inez E. Harrison and Multnomah county, filed this afternoon, Mrs. Inez E. Harrison declares that the suit was filed with the intent of defrauding her of her interest in the property involved. Through her attorneys, Logan & Galloway, she denies that the note for \$1,552, given by herself and M. C. Harrison to the late David Dalglish was ever endorsed over to M. C. Harrison & Co., or that any part of the note is unpaid. The greater part of it, she alleges, was paid before the death of Dalglish in the spring of 1902, and the rest of the amount to his widow, who acted as administratrix of his estate. The note was satisfied and paid before June 16, 1903, she declares.

As to Harrison's position in the firm of M. C. Harrison & Co., she alleges that he owns practically all the stock, and she believes the suit to be simply to deprive her of title to their property.

Mrs. Harrison is now in San Francisco where she has filed a suit for divorce from M. C. Harrison. Her attorneys say that she will fight the foreclosure suit in this county to the end.

RHEUMATISM

Kidney, Stomach and Nervous Troubles are positively cured with Oil of Eden and Sweet Spirits of Eden.

They are not cheap remedies, but, inexpensive cures. \$5 will buy the lot. Sold by all first-class druggists.

Much Relieved and Life Prolonged for 12 Years By Use of "Oil of Eden." My wife had a Fibrous Tumor and was treated at one of the best hospitals I could find. I was finally told she was incurable and could only live a few months at the longest. This was very discouraging and, knowing what Oil of Eden had done for a sore leg of mine, we concluded to try Oil of Eden over the region of the tumor, which we did, and removed through the pores of the skin large quantities of matter and corruption. She improved so fast that she soon began doing her own housework and then did her cooking, washing, ironing and general house work for a year and a quarter, and we kept her alive for many years by the use of Oil of Eden.

Its use will bring joy and happiness to many, if only used, as it is a most wonderful remedy. Don't commence to use the Oil of Eden and quit because you see blisters and matter, but continue as long as these impurities come to the surface, for that is the cause of the disease, and when no more matter and blisters come to the surface the disease is removed. Then Oil of Eden will have no more effect than olive oil.

The SAXE Institute of Dermatology

417 Abington Building
Portland, Oregon

A SAMPLE CASE. Although aged and every muscle of her face once distorted, this woman now appears like this. She permits the use of her name when applied for by interested persons.

After a long siege of illness our MADAME SAXE, principal of this institution, is entirely recovered, and the Institute, closed for the last nine weeks, has been reopened for business. Madame Saxe is renowned for the efficacy of her work throughout all the Western states, and in Portland has treated hundreds of faces whose comeliness were marred by the encroachments of disease, old age, neglect or accident. There are many countenances deformed by smallpox pittings and birthmarks, but the great majority of facial disfigurements are those of wrinkles, most frequently beginning at the corners of the eyes and extending from there like a spider's web in all directions to every part of the face. It is not much trouble to remove these wrinkles. It can be done within a few weeks, and the face left as youthful in appearance as in the early days of human life. It is wonderful the change that can speedily be made in the appearance of the face by the SAXE METHOD OF TREATMENT. It is different from any other method, and its secrets are not known to any other Dermatologist on the Pacific coast. Its methods cannot be duplicated, because they will NOT be divulged to any one. Persons in other cities have offered large sums for the Saxe secret, but have not secured it. IT WILL NEVER BE TAUGHT TO OTHERS, although its wonderful properties have astonished the scientific world.

In every instance, here in Portland, entire satisfaction has been given, and this is guaranteed in every case. In polite society it is now the recognized duty of every well-bred person to appear as attractive as possible, and this can never be when the face is drawn out of shape by wrinkles, or other deformities which mar the pleasing appearance that came to the life when born into the world. It is an old and trite saying that "BEAUTY IS POWER." It always has and always will be so. The world will never change in that regard, and besides this power, there is happiness in the knowledge that one's appearance is pleasing to his or her friends. Both sexes are treated at this institute.
