ONE OF THE OLDEST PIONEERS AT REST

(Journal Special Service.) Oregon City, Or., Jan. 2.—The funeral of Henry Sampson, which was held at Neely yesterday, was the most largely attended of any funeral held in the county in recent years. Mr. Sampson was 88 years of age, and was one of the oldest pioneer citizens of Oregon, having come to Clackamas county more than half a century ago. He reared a family of six children, all of whom are well known and highly respected citizens. W. W. H. Sampson of this city, ex-sheriff and at present the leading auctioneer of the county, is his son. Mr. Sampson was a member of the F. & A. M. lodge and his funeral and burial was held under the auspices of that order, and was attended by members from almost every part of the county. The funeral services were held at the Rock Creek Methodist church at 11 o'clock a. m. and the burial took place in the Rock Creek cemetery.

**Cooking Match.** Yesterday afternoon there was an exciting fight between game chickens at Oswego. The parties who had entries were prominent citizens of this city and of Portland. Oregon City chickens won in nearly every instance. About \$300 changed hands.

**Oregon City Items.** The remains of Bert Spooner, who died in San Francisco, arrived here for burial this morning. Mr. Spooner was a former resident of Oregon City, 23 years of age and leaves a wife and two children. He was buried by the A. O. U. W.

The depot saloon was broken into last night and several gallons of whisky stolen. As yet no clue as to who are the thieves has been found. The burial of Mrs. Bizzale A. Cooper, who died at Camus Wednesday, took place at Mountain View cemetery yesterday. The deceased was the mother of Elmer Cooper, ex-county clerk of Clackamas county. The funeral and burial were largely attended.

VERY SATISFACTORY THE APPOINTMENT

(Journal Special Service.) Albany, Or., Jan. 2.—The appointment of Dr. Charles T. Chamberlain as surgeon-general of the Oregon national guard gives general satisfaction among his many friends in Linn county, where he was born. They feel that it is an honor well bestowed.

**Albany Notes.** Albany lodge, No. 459, B. P. O. E., held a New Year's meeting at their hall last evening. It was a pronounced success.

Miss Hoyel Pfeiffer gave a New Year's party at the home of her parents, Mr. and Mrs. Wm. F. Pfeiffer, last evening. A large number of friends of this popular young lady were present and the evening was spent very pleasantly.

The Rebekahs entertained their members and friends at the Odd Fellow's hall last evening. An interesting program was rendered and refreshments were served.

The Baracas and Philathea societies of the Baptist churches held a New Year's reception last evening. The societies are composed of over 70 young people of that church and their social functions are always successful affairs.

EUGENE

FOR UNDUE CRUELTY TO TEAM OF HORSES

Eugene, Or., Jan. 2.—Joe Pickel, the man who was arrested some time ago for cruelty to animals, having driven a Coburg livery team nearly to death, was given a second trial Thursday before Justice Wintermeier and fined \$50 and costs. In a previous trial the jury disagreed. Pickel and a man named Chase hired a double rig and after driving hard all day deserted the team near Coburg, leaving the horses in a pitiable condition. One of them had to be killed because of a broken leg.

**They May Have Helped.** From the Omaha World-Herald. It may be, too, that Kansas City's June floods helped the town to secure the Prohibition national convention.

**STOMACH TROUBLES READILY YIELD TO DRUGLESS TREATMENT**

So do all female complaints. Rheumatism departs when the drugless doctor comes. And so it is with most all diseases. THE DRUGLESS DOCTOR CURES! And there are no druggists bills to pay. This treatment costs about one-tenth that of the old style, and then—IT CURES! That is the important part of the whole proposition.

YOUNG WOMAN IS ACCUSED OF THEFT

(Journal Special Service.) Salem, Or., Jan. 2.—Neva Moreley, a young woman who has served the family of Photographer T. J. Cronise in this city as housekeeper for the past six weeks, was yesterday brought to Salem from Stayton by Constable Lewis and was released on her own recognizance to await a hearing today on the charge of stealing a valuable ring from Mrs. Cronise. The girl's home is at Stayton, and several days ago she went there on a visit and the ring having disappeared, a warrant was sworn out for her arrest. The young woman makes a fine appearance and the charge against her has caused considerable comment here. The ring, alleged to have been stolen by her, is of gold with a setting of rubies and pearls and was valued highly by Mrs. Cronise.

**A Golden Wedding.** Mr. and Mrs. L. A. Byrd of this city yesterday celebrated their golden wedding, and the celebration was made the occasion of a family reunion, and the eight children of the worthy couple, together with the grandchildren and numerous other relatives, were in attendance and spent a happy afternoon with the aged celebrants.

Mr. Byrd is a native of Batesville, Ark., where he was born 81 years ago. In 1846 he came across the plains in the wagon train under the command of Rev. Joseph Cornwall, and located in the Waldo hills, but in 1854 he went to French Prairie, 15 miles north of Salem, where he took up a homestead.

January 1, 1854, he married Miss Martha C. Savage, a daughter of Dr. John Savage, a pioneer physician, and a native of Missouri. To the family eight children were born, all of whom are now grown and living, and they were all in attendance at yesterday's reunion. The children are: Dr. W. H. Byrd, Salem; J. C. Byrd, Spokane; Mrs. William Hager, Fairfield; L. A. Byrd, Jr., Fairfield; Miss Virginia Byrd, Roseburg; Edgar F. Byrd, Spokane; Miss Bertha Byrd and Roy D. Byrd of Salem.

**Tax Ledger Balanced.** For the first time in many years the tax ledger in the state treasury is balanced and shows that all taxes for the last year have been paid in full. Every county in the state has paid its full proportion of the taxes and all claims held by the state, except one, and this one, relates the payment of less than \$150, charged against it on account of the seal bounty fund some years ago. State Treasurer Moore is much pleased with this very satisfactory condition, which reflects credit upon his administration of the state's finances.

**A Great Temptation.** From the Memphis Commercial-Appeal. St. Louis has a local singer named Mrs. Hissom De Moss. Such a name as that must be a great temptation to an audience.

Has the Insurance Company Rejected You on Account of Kidney Disease?

Dr. S. J. Reade, of Buffalo, N. Y., Says More People are Refused Life Insurance on Account of Kidney Troubles Than For All Other Causes Put Together.

Warner's Safe Cure

Secures Life Insurance for Thousands Once Rejected—"I Prescribe it in my Practice and Regard it as a Wonderful Specific in Kidney Diseases." He Adds.

Dr. Reade, a prominent physician of 1471 Seneca street, Buffalo, N. Y., who has been examining applicants for life insurance for years, states that more people are troubled with weak and imperfect kidneys than with any other form of disease, though few suspect the presence of such a trouble. He emphatically adds Safe Cure is the most wonderful specific for kidney diseases known to science. He writes:

"For many years past I have prescribed Warner's Safe Cure in my own life so firmly in it. But my knowledge of its curative properties is not based alone upon my private practice. In the course of my work I have had occasion to examine thousands of people for life insurance. More were rejected on account of kidney troubles than for all other causes put together. Almost every other man has kidney trouble. Yet few suspected the presence of the disease when they came for examination. Many of those rejected returned later on cured and ready for re-examination and were accepted. I never failed to inquire as to the treatment used and almost without exception I was told that it was Safe Cure."

"From my own practice from observation of the cases of a very large number of life insurance applicants, and from conversation with fellow physicians who prescribe Safe Cure, I can recommend it as a wonderful specific."

Kidney troubles creep into the system unawares. Before you know it they are deep seated. Do not neglect yourself if you have any of the following symptoms: Pains in the small of the back, painful passing of urine, cloudy urine, a reddish, brick-dust sediment in the urine after it stands 24 hours, pains in the back of the head and neck, rheumatic pains and swellings in any part of the body, eczema, drowsiness, loss of appetite; or, if a woman, bearing-down sensation, painful periods, fainting and other so-called female troubles. These all tell you your kidneys have been diseased for several months, for outward symptoms seldom show themselves until the poison has penetrated the different organs and the danger point has been reached.

SAFE CURE CURES KIDNEY TROUBLES

It is purely vegetable, contains no narcotic or harmful drugs, and is a most valuable and effective tonic. It awakens the torpid liver, soothes inflammation and irritation, repairs the tissues, stimulates and heals the enfeebled organs and builds up a strong, healthy body. Safe Cure is the certain and unfailing remedy. It not only removes the first symptoms but cures advanced cases of Bright's Disease, Diabetes, Rheumatism, Gout, Gall Stones, inflammation of the Bladder, Liver and Urinary Organs. It is prescribed by doctors, and used in hospitals. You can buy it at any drug store or direct; 50 cents and \$1.00 a bottle.

If you have any doubt as to the development of the disease in your system, send a sample of your urine to the Medical Department, Warner Safe Cure Co., Rochester, N. Y., and our doctors will analyze it and send you a report, with advice and a medical booklet, free.

**BEWARE OF SUBSTITUTES AND IMITATIONS.** They are worthless and often exceedingly dangerous. Ask for Warner's Safe Cure; it will cure you. WARNER'S SAFE PILLS move the bowels gently and aid in a speedy cure.

FEW ALIENS CAME TO OREGON IN '03

OF MORE THAN 75,000 PERSONS WHO CAME TO OREGON LAST YEAR ONLY 2,000 ARE FOREIGNERS—FIGURES SEEM TO PREFER THE WEBFOOT STATE.

Though Oregon received during the last year probably between 75,000 and 100,000 visitors, many of them settlers, the O. R. & N. alone bringing in 40,000, very few of these were aliens. According to the report of the bureau of immigration Oregon received only 1,246 immigrants during the year, while Washington received 6,967 and California 22,748. In the case of California its foreign immigration represented probably a fifth of its entire settlement, for Oregon the alien additions did not constitute more than one fiftieth of the total arrivals and colonists.

In speaking of these figures Advertising Agent Hall of the O. R. & N. stated that they only showed what had long been known to the railroad men, that the greater part of Oregon's settlement was by Eastern men who had money and desired better openings than the East afforded. By the time even aliens get to the state they are pretty well Americanized and in no case do the new comers represent the low and criminal class that constitute a large part of the immigrants during the year, while Washington and California was greatly augmented. The increase for 1903 in foreign immigration for Oregon was 23 per cent. in Washington it was 31 per cent and in California it was 25 per cent.

The following shows the percentage of foreigners immigrated to Oregon: German, 10 per cent; Chinese, 11 per cent; Japanese, 26 per cent; Italian, 3 per cent; Finnish, 9, and Scandinavian, 17 per cent. This table is somewhat peculiar as it shows no English, Irish or French immigration, all of which constitutes a considerable part of the newcomers in adjoining states. The Finnish immigration is large for Oregon, the state receiving 9 per cent of its total immigration from this nationality, while California had none, Washington but three per cent and Nevada and Idaho, the remaining boundary states, none.

Of Oregon's foreign immigrants, 19 per cent had no occupation, 39 per cent were laborers, seven were servants, 19 per cent farm laborers, 10 per cent skilled laborers, 16 per cent farmers, eight per cent merchants, and one and a half per cent professional men.

These Testimonials From Portland People

Are printed as much for the benefit of the reader as for Dr. Fulton's advertisement. They tell the story of persons who have been cured by the drugless doctor without the use of any kind of medicine whatever, thus not creating drug bills for patients to pay, and without the employment of the surgeon's knife, that destructive instrument that robs humanity of those members of the body which God created for their use. It is well known that most drugs are poisonous, and that should a perfectly healthy person become addicted to the drug habit, which many do, the constitution of that person is speedily impaired and he becomes an invalid before he knows it. It is only because drugs are a mystery that medicines are employed at all in the healing of people. The drugless system does not taint the blood with poisons. It keeps it pure—and cures the patient.

**A GRATEFUL MOTHER.** PORTLAND, Or., Nov. 18.—My son had been having large boils on his leg and finally the limb became so drawn up that he was compelled to walk on his toes. I was induced by friends who had been treated to place him in Dr. Fulton's care. I saw her treat him one time only, and so miraculous was the result that he walked from her office on the day of his foot. She directed us in the care of the boy's leg, and under this influence it improved so rapidly that within a week he was well and able to work. Although the cords of his leg were greatly contracted and the limb perfectly useless, he is now as well as at any time in his life. MRS. BUSCH.

**ASTHMA AND STOMACH TROUBLES.** PORTLAND, Or., Dec. 2.—Dear Doctor: I had been sick 12 years with asthma, heart and stomach troubles; also had a large tumor in my side. Had been unusually bad all this summer. Was not able to go to your office for treatment at first; was sick in bed for four weeks before beginning treatment at your parlors. During this time my nursing myself under your direction.

**UNABLE TO EXPRESS HER GRATITUDE.** PORTLAND, Or., Dec. 7, 1903.—To Fellow Sufferers: I am only too anxious to add my testimonial to the list of those who have been cured by gradually growing worse. After consulting and treating with several of the leading physicians of this city, I was told that without an operation I could get no relief. I finally yielded and made all arrangements to go to the hospital. But the day before I was to have gone I was advised by two friends—both of whom had been cured by Dr. Fulton's counsel here. I did, and am very thankful to be able to sincerely say that after taking SIX treatments I am well. DELLA WITNEY, 270 Porter Street, City.

**STOMACH TROUBLE CURED IN FIVE WEEKS.** PORTLAND, Or., Dec. 7, 1903.—To Whom It May Concern: I suffered two and one-half years from nervous disease and my stomach was so badly afflicted that I was sick almost all the time. My digestion was so badly impaired that there appeared a half-dead condition of all internal action. I was so weak that all work was a burden to me, and I could scarcely sleep as all I tried several physicians without beneficial results. I then heard of Dr. Fulton, and after taking a few treatments was able to sleep nights, and after five weeks' treatment I find myself cured and my strength gradually returning.
